Smart Parents Make It Patently Clear to their children people - most people, can't have things in life they (children who learn value of responsibility) can't afford. Not so smart sovereign citizens do not make it clear to irresponsible legislators they (legislators) may not saddle "Our, the American People's" children with irrational debt. Not so smart sovereign citizenries let legislators amass national debt.

President Donald J. Trump's Famous and infamous Big Beautiful Bill (BBB) is getting some curious media coverage. As it happens, more than a few Congressional legislators who voted in BBB's favor, are reported

calling on other Congressional legislators to vote BBB down. "We, the American People" would not be irrational to surmise BBB backers-turned-opponents are politically motivated.

It Would Be Smart for "Us, the American People" to take a jaundiced view of politicians-legislators who behave in inconsistent ways when it comes to deliberating fiscal matters. It's bad enough we allow America's legislators to persist running up national debt with deficit spending. We might – might - be able to better cope with mounting debt were legislators predictable in their stand on proposed bills.

Dealing With Government Decision-making officials who are part of America's legislatures, judiciaries, and executive branches is unpredictable because, in part, such officials do their jobs as urged by their personal attitudes, values, and beliefs (PAVB). America's government is supposed to protect ordinary peoples PAVB, not impose government-driven PAVB on ordinary people.

"Our, the American People's" Congressional Budget Office (CBO) Have an organization in our federal government put together to let Congress know how a proposed budget (like President Donald J. Trump's Big Beautiful Bill (BBB) will affect our pocketbooks. References on our CBO have it CBO is bipartisan and offers nonpartisan assessments of proposed BBB-like legislation impacts our lives.

"All political theories assume, of course, that most individuals are very ignorant."

~ *Friedrich von Hayek*

CBO Analysis Of President Donald J. Trump's BBB tells "Us, the American People" President Donald J.'s BBB will increase national debt/deficit by trillions. Over ten years. Purportedly, CBO BBB analysis is from budgetary data provided CBO analysts by BBB writers, namely, President Donald J's number crunchers. President Donald J's number crunchers disagree with CBO number crunchers.

"I am certain that nothing has done so much to destroy the juridical safeguards of individual freedom as the striving after this mirage of social justice."

~ *Friedrich von Hayek*

"We, the American People" would be smart to require President Donald J. Trump's number crunchers and CBO number crunchers to lay their algorithmic assessments side by side so we can see how it is CBO number crunchers and White House number crunchers would come up with different results when using identical data to calculate differing results. Could be money crunchers use different times tables.

"What a free society offers to the individual is much more than what he would be able to do if only he were free."

~ *Friedrich von Hayek*

White House Explanation For Differing budgetary analysis results comes from CBO number crunchers not considering White House financial projections in data provided. Along with CBO not being non-partisan after all, because CBO members have not contributed to GOP legislative candidates for years on end. We ought dump number crunchers who can't reach like results with like data.

"It is because every individual knows little and, in particular, because we rarely know which of us knows best best that we trust the independent and competitive efforts of many to induce the emergence of what we shall want when we see it."

The Secret of America’s Greatness

...if America ever ceases to be good, America will cease to be great!

French writer Alexis de Tocqueville, after visiting America in 1831, said: *“I sought for the greatness of the United States in her commodious harbors, her ample rivers, her fertile fields, and boundless forests—and it was not there. I sought for it in her rich mines, her vast world commerce, her public school system, and in her institutions of higher learning— and it was not there. I looked for it in her democratic Congress and her matchless Constitution—and it was not there. Not until I went into the churches of America and heard her pulpits flame with righteousness did I understand the secret of her genius and power. America is great because America is good, and if America ever ceases to be good, America will cease to be great!”*

I’m all in for **Making America Great Again**, but what do you think Alexis de Tocqueville would find in America’s churches today, should he visit? I was taught as a very young girl that the church is the people; are the people of America attending church as they once did? America too, is **We the People**.

Several years ago Joe Biden made this statement, “We’re fighting for the very soul of America.” Joe wasn’t talking about restoring our churches or standing on those words from our Declaration of Independence, *“We hold these truths to be self-evident, **that all men are created equal, that they are endowed by their Creator** with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.”* In fact, when Joe tried to quote that, he could not say creator... he said, *“**you know, the thing...**”* Really? The thing Joe?

That being said, I believe you should realize that we are in a war in America; I believe that is absolutely true! We are in a war to save the very foundation and soul of America, to restore the foundation, which is the acknowledgement of Creator God and His laws and blessings.

~ The battle lies within the souls of each American ~

Satan hates what America once stood for; what many of us still believe America should stand for; God, Life, Liberty and Happiness. The Democrat party also hates what America once stood for, and they are the political party that refuses any greatness America once had, and they refute any move to restore those lost principles that once made America great. They've said it out loud, "*We're not going to make America great again. It was never that great,*" New York Governor Andrew Cuomo.

The Democrat Party stands for deception, destruction and absolute despotism. The Democrat party denies the Creator God, they abhor Life, and they despise Liberty. They will protect the life of a murderer, rapist, kidnapper or human trafficker, while fighting to murder the innocent life growing in the womb.

America is most definitely in a war, a war for the very soul of our nation. There are many battlefronts: the ballot box, in our state capitals, our city councils, and perhaps most importantly on our knees.

Did you know that today is National Transgender Day of visibility? What does that tell you about the health of America? I'm not sure who it is that makes up these days, hopefully Hallmark isn't selling special cards for this "special day" in our nation. Such tolerance, acceptance and acknowledgment is proof that this nation is spiritually anemic.

Because we are spiritually weakened, we are mentally unwell and openly accepting abnormal as normal. We are physically weakened because of gluttony and addictions. Because we focus not on what is righteous, our minds are distracted and naïve. Mankind was created to worship; therefore we seek to worship some-THING! The earth, ourselves, our favorite sports team, our home, our cars, even our families... We seek pleasure and satisfaction in things that

have absolutely no power and give short-time limited pleasure that soon leaves us empty.

I am no saint, for sure and for certain, but I felt God tugging at me to start each of my radio programs with prayer, and I have done so since Sept 26, 2018. It was then He directed me to pray for President Trump's protection. Let it be known that I did argue with my Heavenly Father about this idea, but he won out! I have not felt the call to stand down either. In fact, lately, I have realized the need to openly pray for the lost who are in high places in our government, which is something I should have always been doing in daily prayer time. Like most, I get lost in my "shopping list" of prayers.

As Americans, we have had life quite easy in comparison with most. However, we are spoiled and ignorant of our spiritual responsibilities, we are also ignorant of our responsibilities as citizens of this nation. We fail to study and obey the Scriptures, and we also fail to study and understand our own Constitution. If we do not prepare and equip ourselves with these tools and knowledge, we will be at a great disadvantage in the battles before us.

Yes, we are in a civil war here in America. The shooting has begun, the attacks are on many fronts; fires, bombings, attempted assassinations, the calling for more assassinations, and lawfare, as unelected judges puffed up to believe they can usurp the authority of the President of the United States. Judges, who took an oath to uphold and protect the Constitution of the United States of America, have now broken their oath and are participating in acts of treason.

CSC Talk Radio is not a Christian radio program; at this time, I get no funding or assistance from any church or Christian organization. I am not a preacher here to give sermons, I'm just a simple Christian woman who happens to own a radio program.

Much like my experience in 2018, this weekend I was again slapped in the head (figure of speech) ... regarding my beautiful country, America! I often think that I'm not accomplishing much because I'm no Sean Hannity or Mark Levin, and I don't write as eloquently as Victor Davis Hanson, I "just" have a small network of radio stations and internet medias that air CSC Talk Radio. However, I have often believed this is my mission, "*For such a time as this,*" and it's more important for me to press on and obey what I feel God is asking and leading me to do at this time.

America was established as a Christian nation. I pray often that we can once again be His beacon throughout the world. **"Go unto the world and preach the gospel..."** *How can we go unto the world, when our own house is in shambles?*

The secret of American Greatness is **We the People!** When we realize that we are, **One Nation, One people**, and when we once again find ourselves willing servants (as a nation) Under God, we will again be a great nation.

America we are in a war:

It is a culture war, a political war, a war against our Founders, a war against our Constitution...it is a war against our families, against life in the womb, it is a war against women. It is a war against private property, your money, a war against education. It is a war to condemn you and to demean and blaspheme our God.

Scripture tells us to be prepared: *“Put on the whole armor of God, that you may be able to stand against the wiles of the devil. For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places.” **Ephesians 6:11-12** ...above all, taking the shield of faith with which you will be able to quench all the fiery darts of the wicked one. **Ephesians 6:16***

Our war is a holy war. While others will not say this, I am not afraid to speak the truth. When there are those screaming for death and violence, you must conclude this is war, it is not peace. The Democrat Party promotes policies that bring about slavery and death! Their principles are not that of righteousness or Constitution. The LEFT – the WOKE, the Democrats promote Totalitarianism and Marxism; they do not believe in the “separation of powers;” they do believe in separation of church and state; meaning no God is allowed. As I stated earlier, they want absolute; in one party rule; despotism!

Yes, we are in a holy war, and just because many Americans on the so-called “RIGHT” will not admit or do not believe we are in a war.... does not make it so.

Well – Satan might have a hold on many, but he has no ownership of us, and he will not win this war. Remember these are just battles, the war has already been won!

We the People serve a sovereign God, we are a Sovereign People and **We the People** will... Bring America Home, back to God!

"We, the American People" are offered more than sufficient media reports, on a daily basis, as to why we have more than ample cause to hold America's government officials in distrust. Provided media coverage is not misinformation, disinformation, distraction, misdirection, or fake news. Reasons amount to one; we can not rely on officials, elected legislators, in particular, to stand by their word.

Two Recent Media Articles Exemplify. One article reports coal miners are up in arms over President Donald J. Trump, for who miners supposedly backed in Election 2024.
