# LIMBO POLITICS

HOW LOW CAN THEY GO?

The one who goes the lowest wins in the old game of limbo, but in politics... well, what do you think?

## **Did the democrats go too low?**

I could be overestimating the average Americans out there who vote democrat (you know, because their grandparents voted democrat), but I believe they have higher standards than their elected representatives and senators. Tuesday evening, the Democrat Party (now known as the **Curmudgeon Party**) hit rock bottom, as they choreographed their display of contempt, not just for President Trump, which there is no secret of their loathing, but their disregard for all Americans. They exhibited no feelings and zero compassion for any of the Americans present that evening.

Ok, so they believe in “illegal immigration,” does that mean they also believe in the murdering of American citizens by immigrants? Maybe they are too shallow to admit their policies are killing Americans. Because they hate President Trump does that mean they should show contempt for a 13-year old young man battling cancer? Do democrats voters never get cancer and never fall prey to violent crimes?

I’ve heard it said, sometimes you have to be in the gutter, “rock bottom,” before you look up and reanalyze your situation. However, I don’t think that’s happening to the Curmudgeon Party. They relish in their hate and always seem to double down on their bad, ridiculous and foolish behavior. I’m not sure who makes the decisions for the democrats.... Uhm, I mean curmudgeons, but they certainly aren’t out to boost their popularity or make them seem patriotic for America or sympathetic to Americans or even make themselves seem wise.

We’re no longer in the political game of things where both parties have the same goal BUT different paths to that goal. Of course that goal should be keeping America safe, free and prosperous. It could be the two parties never did have the same goals for our nation; which is extremely sad to conclude.

I will say, however, that their behavior this last Tuesday evening, was no different than their behavior January 2018 OR January 2020. It was only five years ago when Pelosi stood as the “*Ripper of the House.*” She arrogantly and disrespectfully tore the President’s State Of The Union speech in half; one section at a time. Ok, she hates President Trump, but that was also a reflection on her hate for the office of President, all Americans, as well as her disdain for Rule of Law and the Constitution of the United States of America. She should have been severely reprimanded, kicked out of the chamber and heavily fined! ... but nothing happened.

Remember their booing? Remember their wearing white? Remember how they loathed Rush Limbaugh being honored with the Medal of Freedom? There were other Americans there who had overcome great triumphs, including children,

but the defiant democrats did nothing and Nancy ripped all their names in two. Even back then, the Curmudgeons were only moved by their own anger and defiance. If their party doesn't have complete control of all branches of government, they will rebel and cause chaos and violence. Remember the dreadful deadly summer of love in 2020!

Many believe the "anti-Trump" crowd of curmudgeons suffer from a mental illness, which many call Trump derangement syndrome (DTS), but I believe it's way more serious than that.

**They hate this country.** They've made that quite clear with their rhetoric and with their lies. However, they do love their scheming ways of governing when they (not just the curmudgeon party) created a 4<sup>th</sup> branch of government called bureaucracy. This fourth branch is used, in large, to enrich politicians, NGOs, department heads, grant recipients, and other groups, for which **We the People** have no knowledge. Yet, we are the ones paying the bill!

The Curmudgeon Party is full of female Debbie-downers and their males are a bunch of "Walter" characters... just like Jeff Dunham's puppet; happiness displayed by anyone... *"ticks them off."* (I know they don't believe in males and females, except when talking about abortion)

With all the hating and threatening speeches, the Curmudgeons are declaring a civil war against our Constitutional Republic; a few of them have actually used such language. Their supporters are going on TikTok and Instagram threatening to buy a gun and kill MAGA supporters.

Limbo can also mean things are on pause; that is not the case with the democrat-curmudgeon party. Even though they have zero leadership, there are numerous single curmudgeons vying for attention and status; the more they try, the more foolish they appear. They are all haphazardly running around doing crazy off-the-wall antics. The Curmudgeon Party are like chickens running around with their heads cut off. **Speaking of chickens**, someone needs to

inform the curmudgeon-democrat party that YES, the chicken came first and when you slaughter 100 million chickens, you collapse the egg market.

While the democrat-curmudgeon party is in chaos, do not be fooled, they are extremely dangerous. The younger curmudgeon females dance-fighting is hilarious, but the fact that they are serious about “fighting” is something we should take very seriously. They are currently calling for violence against our President and against supporters of his administration. The only way to put an end to the democrat-curmudgeon party... is to stop electing them, and begin recalling all who are currently in office. This will need to be done on the state level.

Liberty is always in the hands of the people and if the democrat-curmudgeon party is allowed to continue, we will never again feel peace or have safety in our homeland.

There may be no greater enemy to happiness than ignorance, no greater ally in seeking happiness, than awareness. AI is acutely aware.
