**“Our, the American People’s”** Congressional Senate legislator, Rand Paul, has no qualms about speaking his mind. Could be a trait implanted from his Congressional House of Representatives father, Ron Paul. Both Congressional legislators are M.D.s. Dr. Ron Paul was instrumental in forming America’s Tea Party, nowadays having some 67,000 members and a few Congressional legislators.

**Dr./Legislator Rand Paul Has Been** an outspoken critic of President Donald J. Trump's Big Beautiful Bill (BBB), and has a long-standing investigation record into COVID-19 origins, along with probing into how Dr. Anthony Fauci's work may have contributed to COVID-19 troubles affecting Americans. Senator Rand Paul, media report, has been roundly criticized by President Donald J, for opposing BBB,

"Democracy is the art of running the circus from the monkey cage."

~ **H.L. Mencken**

We have been lied to from high places.

"We, the American People" would be smart to take dispute between President Donald J. Trump and Dr../Senator Rand Paul as indicative of how legislators lock horns over proposed BBB-like legislation. No matter disputes are, finally, settled, ordinary people end up having to adjust their lives based on proposed legislation turned into law. We stand to not know if we're helped or hindered till later. Later.

America's Representative Constitutional Republic government form, practically speaking, takes legislative decision-making out of ordinary Americans' (a sovereign citizenry) hands. Elected government representatives are not, given ipso facto authority to do as they wish, despite public will. Sovereign citizenry power exerted by "Us, the American People" allows us to hold legislators in check.

6-9-2025

I’m back from a 2-week vacation; my first ever! When the news started revealing the latest, I couldn’t help but remember what it was like as a mom, and leaving

the kids alone... there were fights and broken “stuff,” furniture, arms, and such... Deja vu? Or simply a mom of a large family having a bit of PTSD? Whatever the case, I feel I cannot leave again!

It's difficult to believe how absurd and stupid the media in America has grown. Don't they have “college educations?” Did they not have mothers that taught them right from wrong? This is a sad but actual quote from ABC7 Los Angeles Anchor, Marc Brown, regarding the LA riots; *“It could turn very volatile, if you move law enforcement in there the wrong way, turning what is just a bunch of people **having fun watching cars burn**, into a massive confrontation and altercation.”*

### **Oh Those Kids! Rioting and having fun!**

Anchor Marc Brown must be a pyromaniac if he believes it's “fun” to watch other people's cars burn, and if he believes that burning cars is not an act of violence but normal protesting behavior. His logic is twisted indeed, if he believes that you shouldn't send law enforcement to a protest gone riot, to stop the violence from escalating further. Nothing to see here, just burning a few cars and making marshmallow smores; it's how we like to protest!

***Leave us alone to our violent protests, or we'll burn you!*** I don't know that any paid-for protestor/rioter actually said that but that had to be what they were thinking when they threw Molotov Cocktails at LA Police officers.

The democrats are promoting violence because they are violent! They have no love for America or for Americans, and they hold no respect for our U.S. Constitution or our Bill of Rights. They love the criminals of foreign nations, they love them to take American jobs, and they love it when those who cannot speak English attack Americans. Democrats cheer the illegals when they injure and maim police with their violent behavior. Democrats silently praise human trafficking with their support of illegal alien human traffickers. Democrats promote the absurd LEFT agenda to create chaos for the specific political purpose; it is their goal to institute the deconstruction of America's governance

and culture. The democrats love to blame President Trump for their violence, after all, he drove them to it when he set the goal to **“Make America Great Again!”**

It seems very strange to me that it is necessary to break down and explain the First Amendment to democrats, their paid-for media and their paid-for rioters, but it seems that we must.

There is no place in the First Amendment defending rioting and violence, in fact, it is the opposite. The language of the First Amendment is the opposite of all that the democrats defend and promote.

### **First Amendment for Dummies!**

***“Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.”***

With respect to the language addressing religion, Congress shall not encroach on our religious faith, and government is not allowed to be a directive in our churches. The First Amendment does not imply that the church stay out of government affairs. Congress decided to micromanage religion along with our places of worship through the backdoor of tax-exempt status papers. With this “permission slip” from Congress and the Internal Revenue Service, your pastor better not bring up politics or cross whatever line they’ve decided to draw as a religious freedom boundary.

**The free exercise thereof** means you can pray at ballgames, school events, clubs and you can pray or preach on the street corners and in front of abortion clinics. You cannot bomb the clinics or burn them. Nor should you burn, or bomb pregnancy help centers, however, the democrats are ok with that; after

all, they are only helping mothers birth babies who they believe should have been aborted.

**The free exercise thereof** does not give you permission to block entrances to buildings, roads or highways. Your protest should not instill violence or inhibit the ability of others to go about their lives. Blocking highways and roads can endanger others and is not a part of a peaceful, public protest.

**Freedom of the press and of speech** is not the right to lie or to slander others. You have the right to disagree with government and to voice that disagreement in an honest and dignified manner. You have the right to protest (peacefully)... chanting, singing, marching, holding signs that support your position, host townhalls or other meetings. You can write letters, distribute petitions and gather support for your cause. The First Amendment does not give you the freedom to threaten lives, to injure others, to destroy property or to burn and pillage the community; those actions are not defined as peaceful assemblies!

Governor Gavin Newsom and Mayor Karen Bass are claiming that President Trump had no right to “takeover” the state’s National Guard and order them to LA. They are also claiming that the act of deploying the National Guard escalated the situation. Mad Maxine Waters made the same claim, however the Chief of Police there in LA stated that was highly unlikely, since very few of the troops are even there yet. However, Gavin, you should understand this one thing; when you allow your protesting rioters to attack Federal Officers and agents, it is you that turned the situation into a “federal case!” (OMGosh, how did I miss that the mayor is a “Karen”?)

Governor Newsom is now suing President Trump for protecting his state! Mayor Karen Bass might be issuing another personal investigation, as to how she missed the riots. Newsom has also dared Tom Homan, President Trump’s Border Czar, to come and arrest him. I suggest, Mr. Governor, that you join the front line of the protestors and throw a few peaceful Molotov Cocktails, if you’re serious. However, we all know that you and Mayor Karen are cowards.

By the way, Maxine, you might want to check the Constitution and look at the job description of the President... Hint: *The Executive Branch of the U.S. government, as established by Article II of the Constitution, is led by the President, who is responsible for **enforcing laws** and acting as head of state and Commander-in-Chief.* Maxine, the laws President Trump is enforcing are the laws you and others in Congress approved. Enforcing the laws that Congress passed, does not a dictator make!

So, just who are these rioting protestors actually protecting from the mean old ICE officers? Well, you might be surprised that while the protestors claim ICE kidnapped these folks, they did not...They arrested known criminals, not, Home Depot's Employees of the month! (By the way, if you're an American business who is knowingly hiring illegal aliens... shame on you!)

Let us see just who these sainted non-citizens are, that ICE is "kidnapping" and deporting.

According to ICE, and as reported in "**The Center Square**," among those arrested were violent men, who were all in the country illegally:

**Vietnamese national Cuong Chanh Phan**, convicted of second-degree murder; **Filipino Rolando Veneracion-Enriquez**, whose criminal history includes burglary in Ontario, Calif.; sexual penetration with a foreign object with force and assault with intent to commit rape in Pomona, Calif.; **Mexican national Lionel Sanchez-Laguna**, with a criminal history in Orange Calif. of discharging a firearm at an inhabited dwelling and vehicle; battery on spouse or cohabitant; willful cruelty to a child; driving under the influence; assault with a semi-automatic firearm; and personal use of a firearm; **Mexican national Armando Ordaz** whose criminal history includes sexual battery and petty theft in Los Angeles and receiving known stolen property in Norwalk, Calif.; **Francisco Sanchez-Arguelloa** whose arrests include grand theft larceny charges and possession of a prohibited weapon; **Ecuadoran Jose Gregorio Medranda Ortiz**, whose criminal history includes conspiracy to possess with intent to distribute five kilograms or more of cocaine while on board a vessel in

Tampa, Florida; **Mexican national Victor Mendoza-Aguilar** whose criminal history in Pasadena includes a conviction for possessing unlawful paraphernalia; possessing controlled substances; assault with a deadly weapon, not firearm; obstructing a public officer; **Mexican national Delfino Aguilar-Martinez**, whose criminal history includes assault with a deadly weapon with great bodily injury in Los Angeles; **Peruvian national Jose Cristobal Hernandez-Buitron**, convicted of robbery; **Honduran national Jordan Mauricio Meza-Esquibel**, whose criminal history includes arrests for distribution of heroin and cocaine and domestic violence; **Mexican national Jesus Alan Hernandez-Morales**, whose criminal history includes conspiracy to transport an illegal alien in Las Cruces, New Mexico. (aka a human trafficker)

***Sounds like a new group of democrat prodigies!***

If the Governor of California had actually been doing his job and obeying the federal laws, all these criminals would already be behind bars and all ICE would have had to do was pick them up and empty out a bit of California's prison space.

**I left town for a couple of weeks and what happens?** An illegal alien living in the unsafe state of Colorado, decides to torch Jewish Americans; his intention to burn them alive. Riots, defined as mostly peaceful, by the LEFT, break out in LA.; Trump and Elon have a fight over the "Big Beautiful Bill," and Karine Jean Pierre defects from her party and claims she's now an Independent. After lying to Americans for years, she writes a book, **"Independent: A Look Inside a Broken White House, Outside the Party Lines."** (Due out in October) ... and then...Terry Moran (aka ABC's moron) gets suspended for insulting Stephen Miller and the President of the United States... proving the absolute non-partisanship (satirically speaking) of ABC and their so-called-journalists.

**I can never leave these children alone again!**

**With Utmost Dignified Poise And Aplomb**, Congressional House legislator, Mark Green, announced he is leaving Congress after Congress votes on President Donald J. Trump's Big Beautiful Bill (BBB). How "We, the American People" shall be able to muddle on without benefit of Legislator Green's visionary guidance, is all but unknown. However we muddle along, we shall muddle along. Muddle.

"To sum up: 1. The cosmos is a gigantic fly-wheel making 10,000 revolutions a minute. 2. Man is a sick fly taking a dizzy ride on it. 3. Religion is the theory that the wheel was designed and set spinning to give him the ride."

**TODAY'S SECRET WORD IS**

*There Should Be No Reason* for "Us, the American People" to blink when any government official drops out of government, or a new government official takes reins of a government office. Every government official who takes an oath to uphold America's Constitutional principles and protections, if they, in fact, uphold those principles, would not make one iota difference in how America operates.

~ *H.L. Mencken*

*Trouble Is, "Our, the American People's"* commonwealth, federal (U.S./National), and state Constitutions are open to interpretation. America's legislator, judge, and chief government executive hesitate not to interpret those Constitutions as their personal attitudes, values, and beliefs (PAVB) urge. Their goal is to have their PAVB lawfully compulsory, common people's PAVB reduced to obedience.

"The fact is that the average man's love of liberty is nine-tenths imaginary, exactly like his love of sense, justice and truth."

~ *H.L. Mencken*

President Donald J. Trump's now, already, near fabled BBB, would have, were said BBB framed in Constitutional objectivity, fly through Congressional consideration with nary a newsworthy moment. Instead, President Donald J.'s BBB is so bitterly contested by all - who relish or fear how it will impact their lives, Congressional legislators are desperate to have PAVB votes from prejudicial cronies.
