President Donald J. Trump's Economic whiz kids are toying with excluding government spending from GDP calculations. "We, the American People" may never see an end of debate on merits of including or excluding government spending from GDP calculation. There is no smaller economic unit than a solitary person. Someone who produces necessary goods and services for one's self.

"I believe that all government is evil, and that trying to improve it is largely a waste of time."

When There Are Two People acting as economic units, they, conceivably, produce goods and services to trade for each other's goods and services necessary for each other's needs. Enter a third individual -government. Government, typically, produces neither goods nor services. Government, however, needs goods and services for government needs. Government uses money to get goods and services.

"If, after I depart this vale, you ever remember me and have thought to please my ghost, forgive some sinner and wink your eye at some homely girl."

~ ***H.L. Mencken, epitaph***

Money Is A Medium Of Exchange. Something used to acquire something one needs or wants. Money is only as valuable as goods and services someone else is willing to give up for money. Government has no goods and services produced by government, thus, has to use money to get goods and services elsewhere. Government gets money by confiscating money (property/wealth) from people.

"I believe that liberty is the only genuinely valuable thing that men have invented, at least in the field of government, in a thousand years."

~ *H.L. Mencken*

As Government Rets Bigger, Meaning, A Larger part of a population makes government, non-government producers have less of their goods and services available to trade amongst themselves for goods and services they need. When money is used to exchange goods and services for goods and services as government gets larger, government needs (prints) more money for its share. Inflation.

"It is the theory of all modern civilized governments that they protect and foster the liberty of the citizen; it is the practice of all of them to limit its exercise, and sometimes very narrowly."

~ *H.L. Mencken*

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to enter into defined-benefit contracts with collective bargaining units. They preclude government from eroding their assets through property confiscation.

"Government is actually the worst failure of civilized man. There has never been a really good one, and even those that are most tolerable are arbitrary, cruel, grasping and unintelligent."

As I was going through the news this morning there was an article that had a picture of young girls demonstrating for the abortion pill. They were standing in front of a large sign, posing with a pill in their hands boasting, "*We are taking abortion pills!*"

What I saw there was sad. These young women have absolutely no respect for themselves or the life that will be terminated. They hold no value in themselves. Their decisions are all about the now; selfishly not looking forward to the unintended consequences or the health issues that might follow.

America has raised a couple of generations of women and men who have no honor for themselves or others. What will the future bring when there is no value or respect for life?

Americans have thrown away our heritage as a Christians nation. America no longer understands the words:

*“We hold these truths to be self-evident, that **all men are created equal, that they are endowed by their Creator (God) with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness.**”*

Americans have lost pride in our nation. We have no respect for the Founding Documents. If we turn away from or deny our Creator God, we have no morals and there is no truth and there is no love. Without morals there is no longer any:

Respect for the laws

Respect for others

Respect for authority

Respect for life

Respect for Liberty

We have lost respect and rejected personal responsibility. Integrity is out the window, as people and organizations just care about themselves and fear not the “unintended consequences” of their decisions and actions.

Have you ever wondered WHY abortion is an issue? Why is abortion said to be a right? Why does the life that is being disposed of have no value? We know abortion has little to nothing to do with the health of the female. Abortion is for convenience. The pregnancy is the unintended consequence of promiscuous living.

The ME factor takes over and nothing and nobody else matters! The WOKE theology is all about selfishness and perversion of self-gratification, regardless of the consequences.

If you're a heavy smoker you might get lung cancer, if you have sex you might get pregnant. Responsibility begins before the decision to have sex.

Why do they feel the need to sell abortion pills instead of birth control pills? Why is there no responsibility with their sex lives? They tell us abortion is a right, but there is never any mention of their responsibility prior to conception. They ignore the words "life" and "liberty" and totally misconstrue the meaning of "pursuit of happiness!"

It is disgusting to watch the "nasty women" brag of their "RIGHT" to have abortions and their "my body my choice" attitudes. It's very sad that they have absolutely no self-respect and hold no value in their own bodies and their own life.

The WOKE culture holds no respect for women. They can't even define what a woman is, yet they say a man can be one, if he wants. Women are losing their individuality and because of that they see no value in themselves as persons. The LEFT and the WOKE are only concerned about the right to kill the unborn life within the womb of a woman.

When they place no value on life, there's no respect for the law, and crime rises. Those who are stealing, shoplifting, carjacking, committing home robberies and other thefts, those who drink and drive, murder, rape, along with other crimes have no respect for law, life, or self!

Dignity is gone as there is no respect for hard work and no value put on it. People would rather stay home and receive government assistance. Employers are not respected by employees and employees are not respected by employers.

Those in retail have little respect for their customers and customers will take advantage of the retailers.

Mega corporations cater not to their consumers but spend dollars on WOKE causes that hurt their consumers and their bottom line. Why do they do that?

American politicians have no respect for their constituents and their constituents have lost faith in, and respect for, those who are supposed to represent them.

Government has grown large and has become America's queen Antionette, refusing to put America and Americans first. They instead pledge their allegiance to lobbyists with BIG MONEY and agendas. They prefer to do business with foreign entities over America's wellbeing. With your money they have spent this nation into an unsustainable debt. They show no signs of stopping their frivolous spending.

When Adam and Eve sinned they hid from God because they suddenly recognized their nakedness. WHY? Maybe for the first time, they looked at themselves instead of God. Selfishness and envy was the original sin because they wanted to be like God! They lost respect for God and themselves, quickly blaming each other and that sneaky serpent (satan) for their actions. An animal was sacrificed, by God, to cover their nakedness...to cover their sin.

Respect begins with love, love of God and others. Americans are a very generous people, but we are quickly becoming very unloving and selfish. America, where is your love?

"Do to others whatever you would like them to do to you. This is the essence of all that is taught in the law and the prophets." Matthew 7:12 (KJV)

"Be devoted to one another in love. Honor one another above yourselves. Never be lacking in zeal, but keep your spiritual fervor, serving the Lord. Be joyful in hope, patient in affliction, faithful in prayer." Romans 12:10-12 (KJV)

“I Tell Ya, I Get No Respect!”

I did not intend this to be a negative article, I simply wanted to point out that we lack respect, dignity, and pride in our nation these days. I personally believe it is because we have failed to follow God. I was hurting for the young girls in the photo I spoke about earlier. They are protesting loudly FOR something which is actually meant to demean their value as humans, as females.

We must restore pride in America! We must remember that God did create all of us equally. We must respect and value our lives and the lives of others. As the old saying goes, “God don’t make no junk.”

We most certainly can change this attitude by practicing respect and loving our fellow Americans, and...

"It is impossible to imagine the universe run by a wise, just and omnipotent God, but it is quite easy to imagine it run by a board of gods. If such a board actually exists it operates precisely like the board of a corporation that is losing money."

~ *H.L. Mencken*

It Would Not Be A Bad Idea for "Us, the American People" to fire elected legislators who switch political parties while in office. And not elect them again. It would be a bad idea to make such action a matter of law. People run for legislative office to make laws. Safe to say they intend to make their personal attitude, values, and beliefs (PAVB) lawfully compulsory. PAVB-driven laws are biased.

"Government, like any other organism, refuses to acquiesce in its own extinction. This refusal, of course, involves the resistance to any effort to diminish its powers and prerogatives."

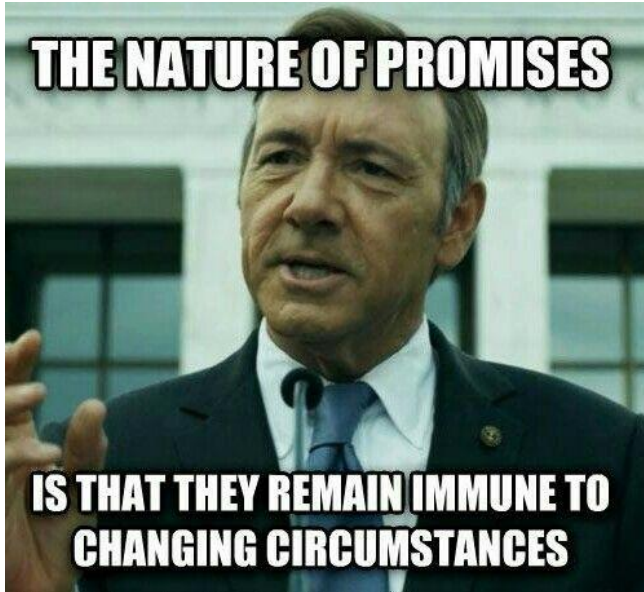

~ *H.L. Mencken*

A Counter Point To Rejecting PAVB-driven laws would be to say it's fine having PAVB-driven laws aimed at serving and preserving justice. Trouble is, justice is a matter of perspective. History is full of examples where people visited death on other people for no reason other than their Faith-driven PAVB. Even churches break up because their congregants are unable to reconcile differing PAVB.

"There has been no organized effort to keep government down since Jefferson's day. "

~ *H.L. Mencken*

Law's Very Essence Is Rooted In efforts to have some people's PAVB cause other people's PAVB to be set aside. No law can control people's thoughts. Laws are, however, designed to control behavior. "We, the American People" \would be justified in firing legislators who promise they will vote for policies backing constituent PAVB, then opt to vote otherwise. Trust is built by keeping promises.

"The main thing that every political campaign in the United States demonstrates is that the politicians of all parties, despite their superficial enmities, are really members of one great brotherhood"

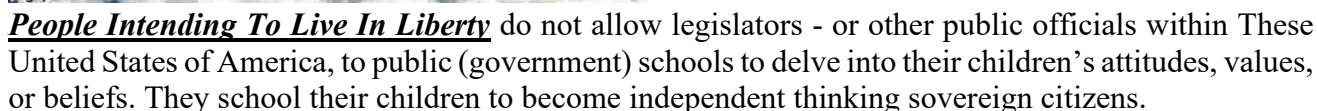

~ *H.L. Mencken*

In Theory, "Our, the American People's" representative Constitutional republic governmental form prevents excessive concentrated lawful power. Congressional legislators, by definition, work to make laws applicable to all Americans, as opposed to America's federal (U.S./National) Constitution 10th Amendment reserving lawful power to commonwealths/states. Laws apply to all in jurisdiction. All.

"No professional politician is ever actually in favor of public economy."
