Trust. Essence Of Good Government. Must be so. “Our, the American People’s” former Health and Human Services Secretary, Kathleen Swnelius, proclaimed trust as good government’s essence. Essence. An Artificial Intelligence (AI) thesaurus lists soul as words not unlike essence. Spirit and kernel are listed too. And lifeblood. If lifeblood, then good government might perish absent it.

“In individuals, insanity is rare; but in groups, parties, nations, and epochs it is the rule.”

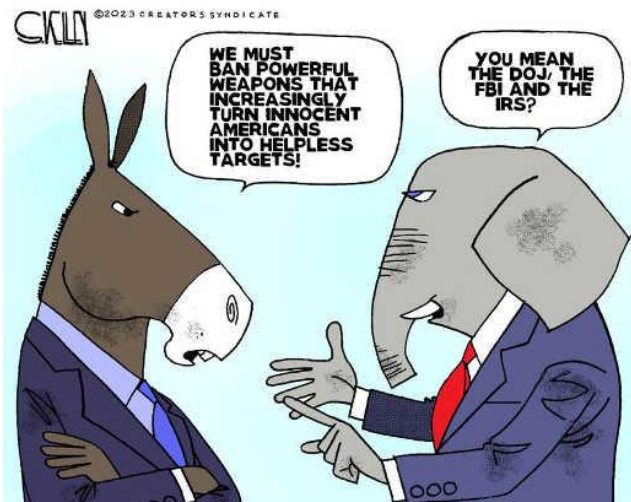

~ ***Friedrich Nietzsche***

“We, the American People” would not be too naïve to learn virtually every legislator, chief government executive, and judge has ideas of god government. And intends to see to it we are supervised by free of good government. Including Her Honor, Kathy Hochul, Empire State’s good government overseer. Gov, Hochul intends to trust Empire State drivers who agree to have monitors in their cars, soes she.

“Illegal aliens have always been a problem in the United States. Ask any Indian.”

~ ***Robert Orben***

Governor Kochuk Proposes To Help those of “Us, the American People” who are at odds with monitors in our cars. Governor Hochulis of a mind those of us not so inclined might be better off if we were not allowed to have driving privileges. We, if we’re denied driving privileges, will surely be able to find other ways to work, to church, to Burger King, to vote for Governor Hochul on Election Day.

“Who controls the past controls the future. Who controls the present controls the past.”

~ *George Orwell*

We Are To Trust Government; we are not to be alarmed, should government not trust us. We are to know, in our heart-of-hearts, government places minor inconveniences in our wayward lives to help us from going further astray. Our representative Constitutional republic government system, however, makes government subordinate to our authority as a sovereign citizenry. We govern ourselves.

“Every nation ridicules other nations — and all are right.”

They uphold self-government and their option to protect their property and financial security as they see fit.

“Our, the American People’s” Catholic Bishops are, at best, lukewarm when it comes to closing ranks with President Donald J. Trump on illegal immigration, migrants, and refugees (IIMR). Catholic Bishopric stance could be seen as promoting carte blanche, no strings attached, no restriction on IIMR folks finding sanctuary in America at, if need be, taxpayer cost and charitable giving no matter cost.

“The best argument against democracy is a five-minute conversation with the average voter.”

~ **Winston Churchill**

“We, the American People” are not stingy where charity is concerned. Artificial Intelligence (AI) puts charitable giving as something around \$700, individually per adult, more than \$2,000 per household. Federal taxpayer dollars for undocumented folks is on order of \$160B. Bishopric stance on AI, skeptic, at best, no surprise America’s Catholic Bishops would press for President Donald J. et al to ante more.

Trust Fund Commies

The face of American communist is increasingly young, college-credentialed, and conspicuously well-bred.

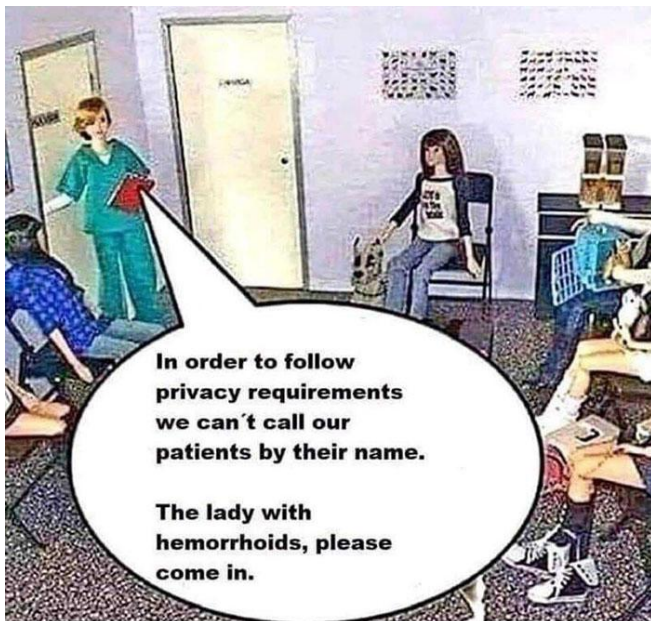

It Would BE Smart For “Us, the American People” to be wary when presidents or Popes (legislators or clerics) try goading us to shrink our wallets so either or both of them can have more in theirs – to help all downtrodden people, naturally. Legislators and clerics operate from positional authority applied as coercive intimidation. Legislators use force of law. Clerics use divine weight. Intimidation.

THE KAREN BASS \$300 MILLION DOLLAR SQUALOR

When Popes And Presidents Speak, speak officially, they, implicitly, call for citizen and congregant to take notice and act accordingly. Not acting so carries potential for legal ramifications when presidents prompt. Not acting so carries, in case of papal prompt, prospects of never-ending torment because divinely inspired papal warnings were taken to heart. Ordinary people lead to fear bucking authority.

From small towns to the cities, across our fields of golden grain, throughout our American suburbs, and from sea to shining sea, celebrations are being planned for America's 250th birthday! Most Americans are looking forward to July 4th and have already started their red-white-and blue décor inside and outside their homes. Businesses are "capitalizing" on our patriotic cravings (of course, that's the American way) but the democrat party and their sad-angry-anti-America media are the Debbie-downers at America's birthday party.

While we seem to be a divided nation these days, I want to be encouraging about our great nation, America!

Do not listen to those “Debbie-downers,” for they have been led astray by false history, leading them to believe America is evil, and giving them some false hope of utopia through communism and Marxism. These forms of government have never proven good for the people of those nations; there is no Freedom, Independence or Liberty. America, on the other hand, is a nation “*of the people, by the people and for the people,*” **Consent of the governed;** Life, Liberty and the pursuit of Happiness, Property and Prosperity... The American Dream! Be assured, that Dream is not dead!

Like Norman Rockwell art, I see this nation in a simple, neighborly setting. A time of *root beer barrel candy*, white picket fences, families gathering and imperfect people. In his art, we can see the imperfections of people, yet we see the fullness and the heart of a particular moment captured. Rockwell’s paintings aren’t of Hollywood stars and finely suited politicians; his paintings are of you America.

From sea to shining sea; America encompasses coastal lands, mountain ranges, prairies, rolling hills, plains, deserts and lush farmlands. We even have islands in the sea... begging for tourism and living a life of sunshine and ease.

America is unique and beautiful! Rich with natural resources and rich with American exceptionalism and an awesome diversity.

Like any nation we’ve had our moments in time, which were not our proudest. Unlike other nations, America has always grown beyond her dark times and found the shining light leading her back home to Liberty and true equality. Of course, we still have individuals who will never play nice and will never appreciate the real beauty of America.

Strong, determined and hardworking people with special skills and talents—that’s America – and I’m mighty proud of her!

From time to time, **and today – this year - is the perfect time**, we should take a moment and give thanks for our nation; our young nation and remember from whence we came. We should take a look into history and be aware, lest we fall into that same cycle of human selfishness, which will surely bring us to the brink of collapse.

The world looks to us as the example of freedom! They see us as stubborn and independent, perhaps proud and arrogant, but they also see us as a very generous people.

The divisions we experience are because we've forgotten our rich heritage, sacrifices and gift of freedom. Our Founding Fathers, our own fathers, mothers and grandfathers and grandmothers fought to be free – but it isn't passed along in our blood, we must pass it along in the minds and hearts of our children; always reminding them of our rich and unique history.

Unlike the Norman Rockwell art, sometimes our lives are more complicated; usually brought on by our own decisions, or perhaps by tragedies of which are not necessarily any fault of our own. There is strength in the American spirit, which is able to rise above and meet those difficult challenges square on! **(they make you, or they break you)**

Whether you live where the sidewalk ends, by a white picket fence, beside the sandy beach, in the thick of The Everglades, on a mountain top, or in one of our large concrete jungles, our America is all of these things, and more, each should be held precious and protected.

AMERICA – we must remember who we are – and never forget from whence we came...

I don't know who wrote the words I'm about to share with you; they are from a 2020 presidential campaign ad for President Donald Trump. The words inspired

me and I hope they will inspire you. We have a mission in this nation; to protect America and preserve Liberty for the future generations.

AMERICA

"America is a land of heroes

A place where greatness is born

Where destinies are forged and where legends come to life

This is the home of Thomas Edison and Teddy Roosevelt... of many great Generals including George Washington, Pershing, Patton and MacArthur.

This is the home of Abraham Lincoln, Frederick Douglas, Amelia Earhart, Harriett Tubman, the Wright Brothers, Neil Armstrong and so many more.

This is the country where children learn names like Wyatt Earp, Davy Crocket and Annie Oakley.

This is the place where the Pilgrims landed on Plymouth –

Where Texas Patriots made their last stand at the Alamo –

The American Nation was carved out of the vast frontier by the toughest – strongest, the fiercest and most determined men and women ever to walk on the face of the earth.

Our ancestors braved the unknown – tamed the wilderness – settled the wild west – lifted millions from poverty, disease and hunger.

Vanquished Tyranny and fascism

Ushered the world to new heights – science and medicine

Laid down the railroads, dug out the canals – raised up skyscrapers

Our ancestors built the most exceptional Republic ever to exist in all of human history

This is our glorious and magnificent inheritance

We are Americans

We are Pioneers

We are the Pathfinders

We settled the New World

We built the Modern World

And We changed history forever by embracing the eternal truth that everyone's made equal by the Hand of Almighty God!

America is the place where anything can happen

America is the place where anyone can rise

And here – on this land – this soil... On this continent...the most incredible dreams come true

This nation is our canvas

And this country is our masterpiece

We look at tomorrow and see unlimited frontiers just waiting to be explored

Our brightest discoveries are not yet known

Our most thrilling stories are not yet told

Our grandest journeys are not yet made

The American Age

The American Epic

The American Adventure

Has only just begun

Our spirit is still young

The Sun is still Rising

God's Grace is still Shining

.... And fellow Americans

We should always believe that the best is yet to come!"

Once again, we're facing an enemy – it is the true existential threat upon Liberty!
We must face it together.

The enemy is a shyster, selling snake oil cures such as FREE stuff termed public goods. The enemy creates crises to control your lives. The enemy calls himself socialism and is the darkest most sinister liar of all.

We have been blessed with Freedom and Liberty.

We have the blessing and opportunity to reflect on what is important in our lives.

God – Country – Family

LIFE, LIBERTY AND PURSUIT OF HAPPINESS

Times can be tough; there is no doubt about that. But America we must protect our Republic and prune back big government by rejecting their snake oil and embracing personal Independence and Sovereignty.

The Debbie-downer-democrats are now the enemies of our Constitutional Republic; they are quite open about it. If they gain power again; they will completely destroy America! Our children, grandchildren and great-grandchildren will be their slaves.

Our ancestors faced great obstacles and horrific tragedies of death and sacrifice. We have their courageous blood running through our veins –

Be encouraged, however, on this 250th Anniversary of America's Independence. **She is not dead! Do not memorialize her, protect her and “live” her!**

You are an American!

We Are America!

Liberty is always in the hands of the people, **We the People!** So, let your Exceptionalism Shine Bright!

...and Bring America Home©

“We, the American People” who are out to eviscerate Artificial Intelligence (AI), media coverage accurate, are turning AI neurosis into AI mania. It takes all but no digging to find myriad Internet articles warning AI is out to eliminate free speech, therefore, destroy all remnants of freedom. Some counterpoint references have it AI is not totally sinister, rather, can be as helpful as used to be helpful.

“A single death is a tragedy, a million deaths is statistics.”

~ ***Josef Stalin***

Those Of “Us, the American People” who are clinical level fearful AI will take over people’s ability to think for themselves might take a course or two on thinking. Provided those of us who dare to take such courses believe it possible to learn how to think. Doesn’t mean we have to forego those ever-powerful personal attitudes, values, and beliefs (PAVB). Can mean we will see PAVB as PAVB.

Media Report Pope Leo IV, along with at least one AI model builder want strict controls over AI imposed by how Pope Leo and some Ai builders think imperative. One way or pother, make sure AI doesn't replace tenets of Faith. One way or other, subject prospective AI models to rigorous quality assurance testing to avoid errors and bias. Testing standards to be set by Pope Leo and other advocates.
