"To blindly trust government is to automatically vest it with excessive power."

~ **James Bovard**

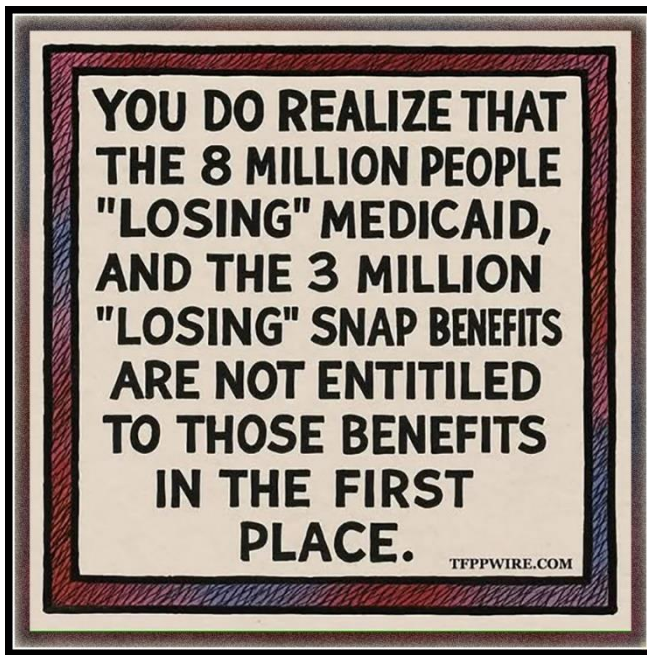

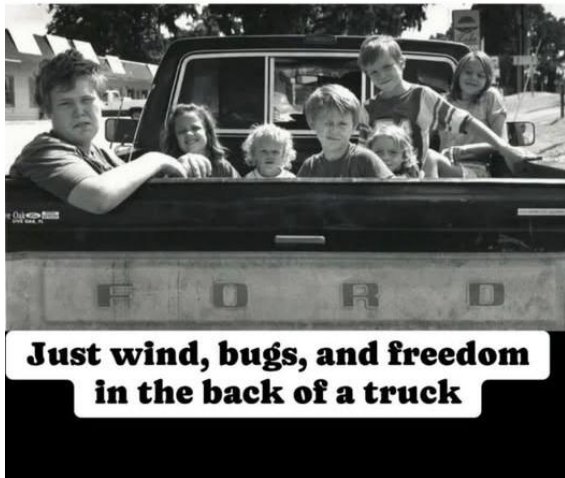

If there Is Any Doubt “Our, the American People’s” legislators, chief government executives, and judges carry out duties of their offices based on their personal attitudes, values, and beliefs, (PAVB), America’s former President Barack Obama haws put such doubt to rest. Given a media article reporting former President Obama’s views of how America’s federal government is straying from democracy.

"The politicians don’t just want your money. They want your soul. They want you to be worn down by taxes until you are dependent and helpless."

~ **James Dale Davidson**

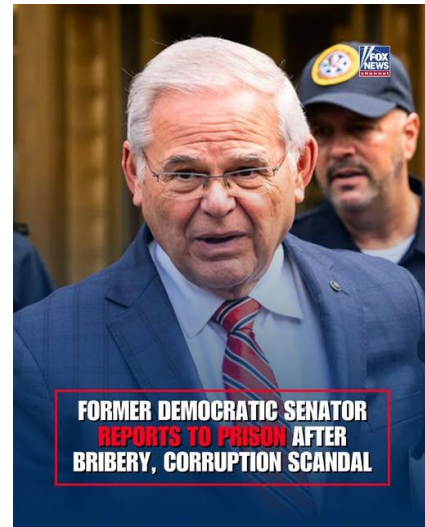

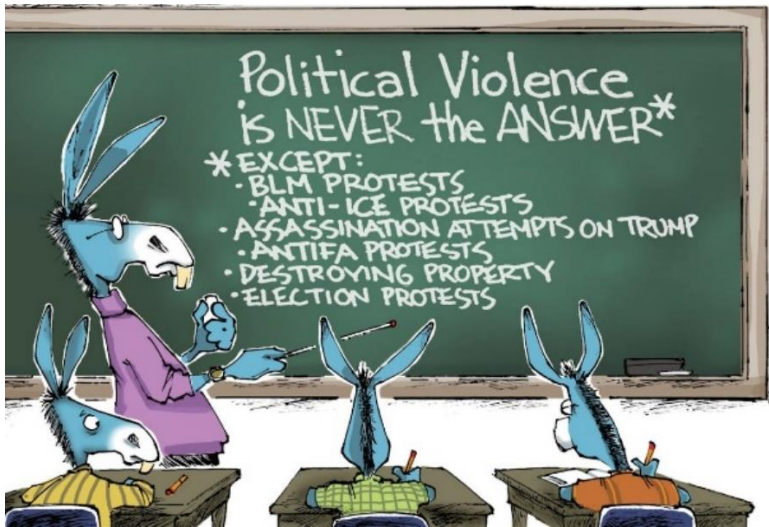

No AC, no seatbelt,
no problem.

Media Article In Question is more specific. Article reports former President Barack Obama has it America's federal government is straying from liberal democracy. Coverage of Mr. Obama's views include: those in charge have a weak commitment to his - and previous generations', grasp a liberal democracy is supposed to work; federal bureaucracy and judiciary not upholding their oaths of office.

"The usual road to slavery is that first they take away your guns, then they take away your property, then last of all they tell you to shut up and say you are enjoying it."

~ **James Donald**

Media Tell “Us, the American People” former President Barack Obama is careful not to refer to President Donald J. Trump n by name during his speeches, making a case for plausible deniability. Article includes a Democratic strategist view there is a nostalgia for Obama era Democrat Party politics, in face of those policies withering over a decade or more. We have politic climate we create.

"The disposition of all power is to abuses, nor does it at all mend the matter that its possessors are a majority."

~ *James Fenimore Cooper*

We don't need the Marines or the National Guard.

We need about two dozen wealthy white women from Martha's Vineyard.

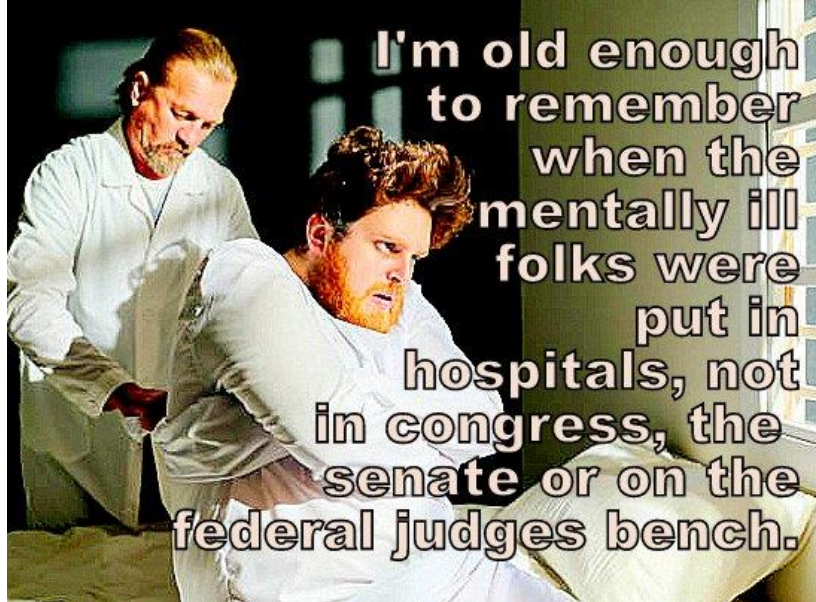

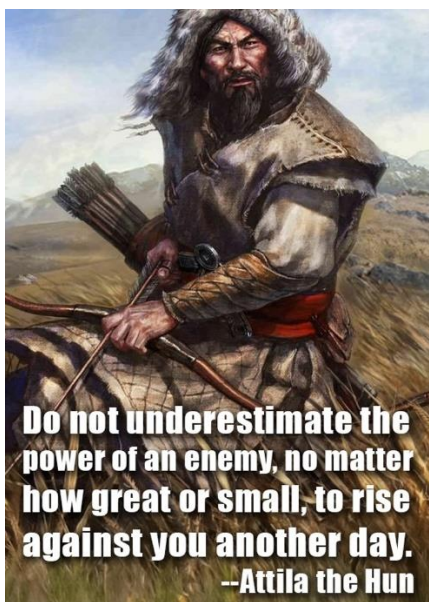

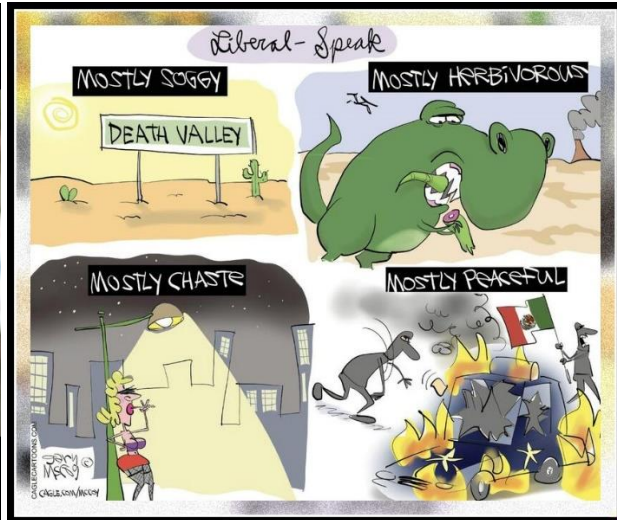

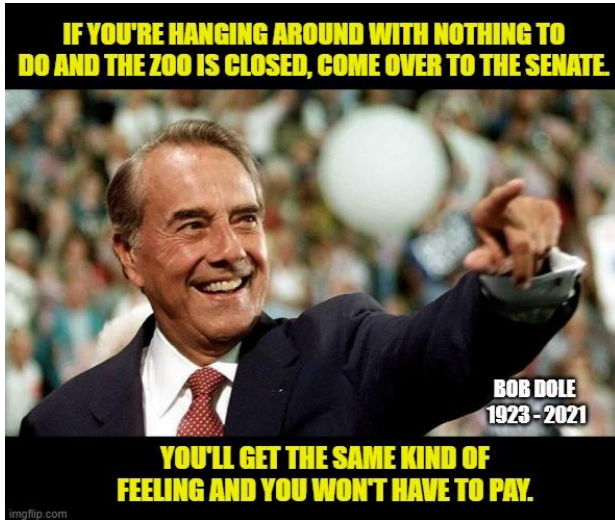

Nobody clears out illegal immigrants like they do.

Obama's Sobering View Of Our Political State, be it accurate or not, is out doing. We, as a sovereign citizenry, can't lay blame for our political state at government's feet. We would be supremely naïve to thing our legislators. Chief government executives, and magistrates are going to carry out their duties of office as we believe they are Constitutionally obliged by osmosis. They will act on their PAVB.

"Since the general civilization of mankind, I believe there are more instances of the abridgment of freedoms of the people by gradual and silent encroachment of those in power than by violent and sudden usurpations."

~ **James Madison**

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to offer amnesty to illegal aliens. They protect against intrusion on their homes and homeland.

"Democracies have ever been spectacles of turbulence and contention; have ever been found incompatible with personal security or the rights of property; and have in general been as short in their lives as they have been violent in their death."

ECONOMICS

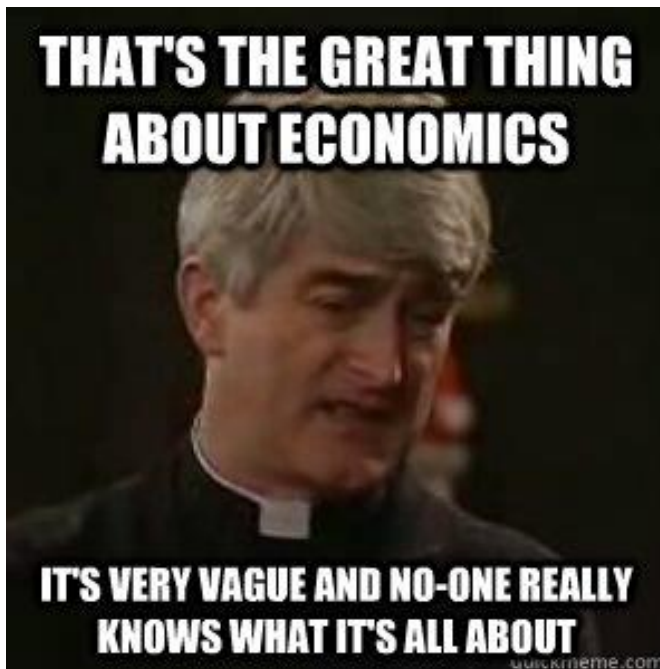

The Science of explaining why the predictions of yesterday didn't come true today.

De-Motivational.com

Rhetorical Questions Are Not questions expecting no answer. Rhetorical questions are posed to make a point. When rhetorical questions are posed in political venues, “We, the American People,” though we can’t prove it, can make a safe bet such questions are intended to influence thinking. To either, discredit or credit a person or position. Presidential press secretaries field more than a few.

"The greatest threat to our freedom and well-being lies with our own government!"

~ ***Jacob Hornberger***

“Our, the American People’s” Presidential Press Secretary for President Donald J. Trump, Karoline Leavitt, according to media, responded, when asked if President Donald J. supported peaceful demonstrations, answered

affirmatively, then noted 't was a stupid question. Press Secretary Leavitt is quick on here feet, might have responded by thanking questioner for a rhetorical question. Poise.

"Every time we establish a new crime, we're creating a new mechanism for the government to check up on you."

~ **James A. Bruton III**

On A More Consequential Note, media report tariff (trade tax) contention of weakened global economy and price hikes is countered by inflation's lowest mark in four years. There is a media article claiming President Donald J. Trump's tariffs (trade taxes) will weaken global economy. Given such is so, America must be far more powerful than those of 'Us, the American People" dare to believe.

"The first step in saving our liberty is to realize how much we have already lost, how we lost it, and how we will continue to lose it unless fundamental political changes occur."

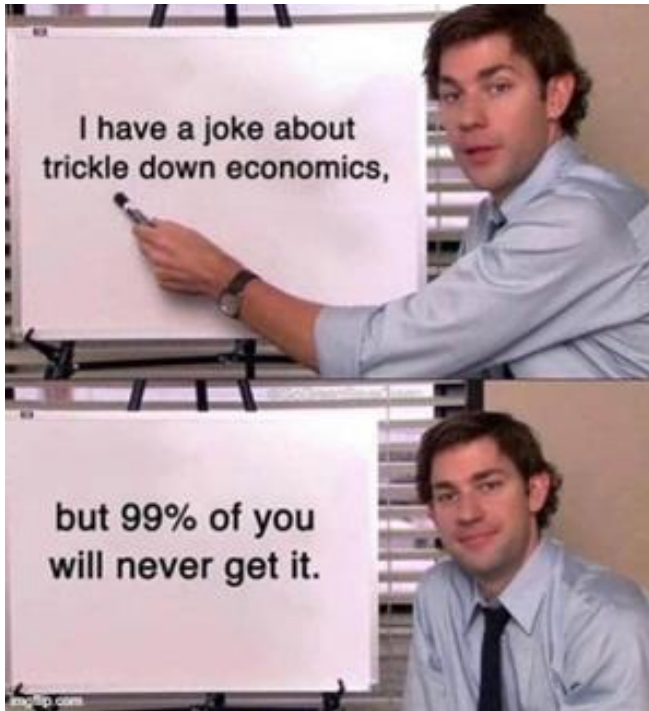

~ **James Bovard**

A Weakened Economy, Arguably, is characterized by declining sales. Lots of reasons for declining sales, not least rising prices. They predicting a weakening global economy because of increasing prices must have some foresight not reflected in American inflation rates of late. Not hard to pin financial flux and related trade numbers on America. No reason, though, why other economies can't flourish.

"Freedom is not something that anybody can be given. Freedom is something people take, and people are as free as they want to be."

~ **James Baldwin**

People Prepared To Live In Liberty do not allow legislators - or other public officials within These United States of America, to public (government) schools to delve into their children's attitudes, values, or beliefs. They school their children to become independent thinking sovereign citizens.

"It doesn't matter what untruths the people are fed because they will not long remember. But in politics, forgotten falsehoods almost guarantee new treachery."

Everybody loves a parade! Saturday's D.C. celebration of the 250th Birthday of America's Army was absolutely spectacular.

Before our nation's independence the Colonial Army was fighting for freedom. As the Democrat Party encouraged their **"No King"** protests, they demeaned and complained about the celebration of America's Army. The irony and the stupidity of the LEFT is that had it not been for America's Army, we'd still be under the rule of a tyrannical king. The Army delivered us from King George III.

Everybody loves a parade! The celebration on Saturday displayed years of history regarding the Army; from Revolutionary days, to today. They included the Buffalo Soldiers, the Cavalry, and all the many uniform changes were showcased by those marching. Flyovers, paratroopers, tanks and artillery were drawn before us as 6,000 soldiers marched in the parade before America. Children were amazed. I saw many youngsters climbing on a tank and talking to Army soldiers. It was so encouraging to see the freedom of those youngsters! The President of the United States swore in new troops of Army soldiers; wow, not every soldier gets to take their oath in the presence of their Commander in Chief. Of course, now those new soldiers are heading off to their rigorous, tough basic training. ***Good Luck Soldiers and May God Bless You All!***

Everybody loves a parade! Secretary Pete Hegseth, V.P. J.D. Vance and President Trump all spoke to the Army troops present on Saturday. Each one commending their own personal praise and gratitude to the Army soldiers, as well as vowing their own commitment to them. President Trump spoke of how the Army existed before America was a nation. He said it was an honor to serve them as their Commander in Chief.

On a silly personal note: My son, who served in the Army, jested about Marine J.D. Vance being out of place! ...because that's what our military branches do... jest but then give each other cover!

Everybody loves a parade! It was an exciting few hours as the Army was on display for all to see. America was proud and felt safer seeing our own strength on display and our enemies felt less safe and secure; deterring any thoughts of attack on America! Like every holiday parade such a show is quite costly, however our Army deserved to be noticed, thanked and praised. America needed reminded that our young men and women serving in the Army, as well as other military branches, deserve the very best that we as a nation can give them. They deserve our respect, our praise and our gratitude.

Everybody loves a parade! Well, everybody except democrats, they prefer burning-protests with hurling rocks and Molotov cocktails at police officers and other law enforcement agencies. The democrats prefer demonstrations, cursing, blocking Americans from their daily travels. They prefer to display their hatred toward America by hanging our President in effigy and shouting curse words. They prefer to teach young children to hate and to curse as they encourage them to beat the pinata created to look like President Trump with a stick!

The Army has a motto: This We'll Defend

Everybody loves a parade! Except Hillary Clinton. Hillary along with many others on the LEFT, including their obedient media hated the parade and called it a great failure. They preferred their **"No King"** protests, as they continue their call for violence. They

claimed the parade was an egotistical move for President Trump, and that it was too costly. (When did they care about money?) They claimed the parade was something a “king” would do to flaunt his power; thus **their “No King”** protests around the nation this week. Democrats prefer protesting and displaying their hate over celebrating and showing their gratitude for freedom.

It was only one day after the horrific murders and shootings of Minnesota politicians when a democrat politician from North Carolina (Rep Julie von Haefen) thought it was a good idea to retweet a photo encouraging the beheading of President Trump. This is how they “tone down” the rhetoric? They have no intentions of toning down their hate, their lies, and their violent behavior.

Upgrade to paid

The Army says, “This We’ll Defend!”

Hillary did not defend those in Benghazi; she let them die and gave it no further consideration, “What difference does it make?” She screamed when questioned about her incompetence.

Biden and his administration did not defend the death of 13 Marines in Afghanistan; they wouldn’t even acknowledge their names.

The democrats refuse to defend American citizens from violence and death by Illegal aliens. They will not defend young girls from being raped and murdered, our youth from kidnappings, our youth from mutilation; they will not defend our nation from Mexican cartels and fentanyl; they will not defend a sleeping woman on a New York subway being burned alive by an illegal alien.

Democrats hate a parade! Democrats will never defend to make America great, instead they will sell America off to the highest bidder. Democrats will not defend national security and the safety of Americans. Democrats will continue to defend and harbor illegal aliens.

Everybody loves a parade! Except democrats, the LEFT and their lamestream media; they hate America and prefer violence over peace, cursing over praise, crime over law and order, burning buildings over fireworks in the sky, riots over peaceful protests. Democrats refuse to celebrate or acknowledge the greatness of America; they hate President Trump and all those who voted for him. They will not celebrate the Army's 250 years of defending their right to be JERKS! LIARS! AND "PROTESTORS!"

Everybody loves a parade! I can't wait until next year when America will celebrate 250 years of Freedom and Independence, which was granted to us by great sacrifice on the part of the first American Army!

Get out of the way democrats! Next year in 2026, America will have a parade in every city across every state...

WOO HOO! FREEDOM BABY FREEDOM!

"Liberty is the possibility of doubting, the possibility of making a mistake, the possibility of searching and experimenting, the possibility of saying "No" to any authority -- literary, artistic, philosophic, religious, social and even political."

~ *Ignazio Silone*

"Our, the American People's" Congressional legislators bickering over no-tax-on-TIPS is a classic example why it would be a good self-government step to abolish direct taxation. Direct taxation, regardless proponent argument it's absolutely necessary for government to pay bills, puts all wealth under government ownership. Because all taxation taxes property (wealth), and is paid from income.

"Freedom is independence of the compulsory will of another, and in so far as it tends to exist with the freedom of all according to a universal law, it is the one sole original inborn right belonging to every man in virtue of his humanity."

~ *Immanuel Kant*

**I LIKE MY GOVERNMENT LIKE

**WEAKENED TO THE POINT OF ONLY BEING
ABLE TO PERFORM BASIC FUNCTIONS**

Taxes Not Paid Directly By Income erode people's wealth. Taxes on one's home, for example, must be paid by some way of assessing a home owner's other property (wealth) It is impractical to sell off some bricks in one's house to pay one's property (wealth) tax on one's house. Government, however, does not hesitate to force home owners to sell their homes to pay taxes. So much for housing rights.

"Throughout forty centuries of human experience, price controls at their best have always been a miserable failure. At their worst, they have led to famine and bloodshed - to defeat and to disaster."

THINGS THESE PEOPLE TAUGHT ME

**YOU CAN NOT TRUST ELECTIONS, POLITICIANS,

PROCESSED FOODS AND THE VALUE OF THE AMERICAN DOLLAR.**

"We, the American People" stand to get a tax break. If we happen to be in a job where part of our compensation comes from TIPS. Congressional legislators are squabbling over just how no tax on TIPS will work. We can bet Congressional legislators will do everything they can to exact their pound of tax flesh, should no-tax-on-TIPS come to fruition. Direct taxation is Mother's Milk to government.

"If you want irresponsible politicians to spend less, you must give them less to spend."

~ *Irwin Schiff*

Congressional Legislators Fighting Over No-tax-on-TIPS exemplifies how legislators make laws to satisfy their personal attitudes, values, and beliefs (PAVB). It would be smart for “Us, the American People” to force our legislators to abolish direct taxation as a step to curtail legislators from making their PAVB lawfully compulsory. We, a sovereign citizenry, can rid ourselves of direct taxation.

"If I have seen farther than others, it is because I was standing on the shoulders of giants."

~ *Isaac Newton*

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to offer amnesty to illegal aliens until those illegal aliens agree to become and become United States citizens. They use their citizen sovereignty to protect their lives, their property, and their future.

"I regret to say that we of the FBI are powerless to act in cases of oral-genital intimacy, unless it has in some way obstructed interstate commerce."
