ANDERSON The Washington Post 1/19/2024

“We, the American People,” if we are unhappy with how America’s Supreme Court of the United States (SCOTUS) does business, need only elect a president we believe will not act kindly when SCOTUS issues findings. America’s courts, by and large, depend on America’s government executive branches to enforce court findings. Sheds new light on how America’s government, practically, works.

“Laws that forbid the carrying of arms, disarm only those who are neither inclined, nor determined to commit crimes. Such laws make things worse for the assaulted and better for the assailants. ”

~ **Thomas Jefferson**

It Would Not Be Imprudent for “Us, the American People” to bear in mind America’s triumvirate governmental checks-and-balance system is no guarantee justice will be served when government gets

involved in people's lives. Even if SCOTUS and other courts in America's lowest-to-highest jurisprudence system pass judgement, there is no guarantee any decision will survive tests of time.

"If you have ever seen a four-year-old trying to lord it over a two-year-old, then you know what the basic problem of human nature is – and why government keeps growing larger and ever more intrusive."

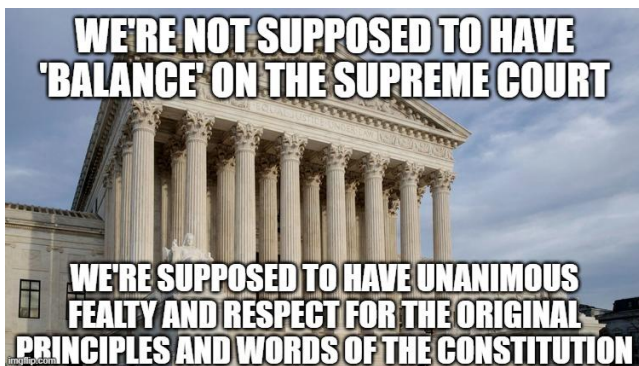

~ **Thomas Sowell**

America's SCOTUS Can Issue an opinion on, say, America's 2nd Amendment. There is no surety commonwealths, states, local government, even police departments will act as SCOTUS intends by virtue of an opinion. Moreover, a future SCOTUS bench can overturn previous SCOTUS decisions. As such, when Congress passes a 'permanent' law, it means nothing if SCOTUS finds adversely.

"Freedom produces results that you want. It maximizes individual choice. Freedom promotes and rewards personal responsibility. Freedom creates prosperity."

~ **Michael Cloud**

"Our, the American People's" government is tenuous from a predictability standpoint. Our strength, as a national force, may well lie in our willingness and determination to keep government from having undue power to enforce legislation not in keeping with ideals we, as a sovereign citizenry, find consistent with our faculty to live in beneficial synergy. No legislator, executive, or judge can so enjoin.

"We suffer most when the White House busts with ideas."

They exercise their citizen sovereignty to protect their life, liberty, and pursuit of happiness - by forceful means if necessary.

Americans are bewildered by the lies, the chaos, confusion and the hypocrisy of the politicians and all those anti-American political biased media networks. As we are misinformed by the politicians, who are supposed to work for us; and as we are subjected to the insane gaslighting by the media networks, who are supposed to protect truth, but instead spread political propaganda; it is difficult to make common sensical decisions. **We the People** are left bewildered and we grow discouraged.

"A well informed citizenry is the best defense against tyranny." Thomas Jefferson

Do you not-see the Nazi irony?

For years, our media and the Democrat-Marxist have been illegitimately and without just cause, calling President Trump a Nazi. Currently, this same group of loud-mouths have a candidate who is a Nazi, wearing a Nazi tattoo, with many

Nazi beliefs and statements in his past behavior. The Democrat-Marxist Party now believes that *“Some Nazis are very fine people,”* leaving Americans bewildered by the barefaced and unashamed hypocrisy.

We are supposed to believe the science, but it is the political-propaganda science of those we call LEFT... Men can be women, women can be men, children should choose their gender, and government should pay for their “pretend” sex changes. I say pretend because you can change your look, but you cannot change your sex; your DNA always remains the same.

Think about this: The democrat-Marxists and the globalist elite believe we need population control throughout the world. **Same sex marriages bring no children into the world.** Perhaps the true plan of radical Islamists, who we know hate gays, and the democrat-Marxist enemies of America and their free gender affirming care is **the sterilization of America!**

The bias, the hypocrisy and the unsubstantiated accusations, which are constantly forced on us, leave the American people worn out and searching for truth.

On the other side of the political spectrum, the people long for honest representation who will fight for their rights... but we seem to have Republicans in Congress who are like summer soldiers and sunshine patriots, they speak all patriotic during election seasons, but once their congressional jobs are secured, they fade away into the political sunset; Constitutional promises forgotten.

“The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country; but he that stands by it now, deserves the love and thanks of man and woman.” Thomas Paine

Americans have been betrayed by our elected officials. They took an oath to uphold, protect and preserve our Constitution, and then, knowingly infringing

upon our inalienable rights, they legislate to tweak or amend it. Instead of law-makers they are law-breakers.

Grievance #13 of the Declaration of Independence: *“He (the king) has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation.”*

I underlined the word pretended because legislation and laws that conflict with our constitution are illegitimate.

Congress created and established numerous departments of bureaucracy, and in turn, these unelected bureaucrats began setting forth rules, mandates, and regulations; demanding permits and licenses for this or for that. Hiding under an umbrella of social services, promises of safety, government grants, and subsidies, etc., Americans are now subjected to taxation without representation.

Grievance #10 from the Declaration of Independence: *“He (the king) has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance.”*

Congress continues to heap a large unsustainable debt on the backs of Americans, leaving us slaves to their form of democracy, while betraying their constitutional obligation to guard the “purse” of **We the People** and ignoring our Constitutional Republic.

For as long as I can remember, illegal immigration has been a contentious topic. Politicians on both sides of the aisle have fought for illegal immigration and not for **We the People**.

Did **We the People** consent to an invasion of illegal aliens? By the millions? **We the People** elected President Trump in 2016 with the promise of a border wall to control the inflow of illegal aliens. However, the Senate Majority Leader at that

time, Paul Ryan, hated President Trump and refused to fund the wall. It was also well known, during President Trump's first term, that **We the People** wanted Congress to defund Obamacare. However, the late Senator John McCain hated President Trump, and with the tie-breaking vote in his hand, this one unamerican Senator, full of hate, voted to continue the funding of Obamacare. Once again, Americans were betrayed by those who are supposed to protect our rights and our Constitution. For those of you reading this who might believe John McCain hated Trump because he "insulted" his service, I believe John was a sold-out globalist and the Senate never intended to defund Obamacare. Before Donald Trump was on the political scene, McCain led a fight against the Tea Party Patriots in Arizona.

Too many times, the elected ignore the wants of their constituents; **Consent of the Governed is denied!**

Upgrade to paid

America is beheaded! Beginning with our Declared Independence 250 years ago, our Founding Fathers wanted a nation free from dictatorship, and free from a royal aristocracy (no ruling class; all are equal). They wanted a land, a nation where **The People** were the government, the actual governing heads of a free and sovereign nation. ***"Governments are instituted among Men, deriving their just powers from the consent of the governed..."***

According to **The Declaration of Independence**, our Founding Fathers rejected the idea that any king, person or persons had the authority to control others.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness." Our rights are not privileges granted to us by some majority legislators in Congress, who might feel generous one day and not the next.

Creator God is the true head of your Life and your Liberty. When God is allowed to lead a people and their nation, His people will have the right to pursue their own Happiness. God's righteousness must guide Americans. We

were established as a Christian nation, and we must return to the God of our Founding Fathers.

The lie of “separation of church and state” touted by many politicians (especially democrat-Marxists) has been an ongoing attempt to remove God as the head of our nation; “One Nation Under God!” This is denied by the LEFT!

“If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.” 2 Chronicles 7:14 KJV

The beauty of our Constitutional Republic is that our governance is *Of the People, By the People, and For the People*. **Consent of the Governed!**

Upgrade to paid

The insurrection and decapitation of America is the continual democrat-Marxist denial of God, their consistent distortion and perversion of our Constitution, along with their blatant weaponization of our judicial branch. Their arrogant greed for power causes them to deny God, refuse to honor **We the People** and deny the **Consent of the Governed**.

A Constitutional Republic is a governance in which the people define and decide their governing.

Liberty is always in the hands of the People, but first it must be a longing and a lust within their hearts.

“There is a certain enthusiasm in liberty, that makes human nature rise above itself, in acts of bravery and heroism.” Alexander Hamilton

“Our, the American People’s” House of Representatives legislators Alexandria Ocasio-Cortez claims someone worth a billion dollars could not have earned a billion dollars. Rep. Whether she earns it is a matter of debate.

“In most instances, all an argument proves is that two people are present.”

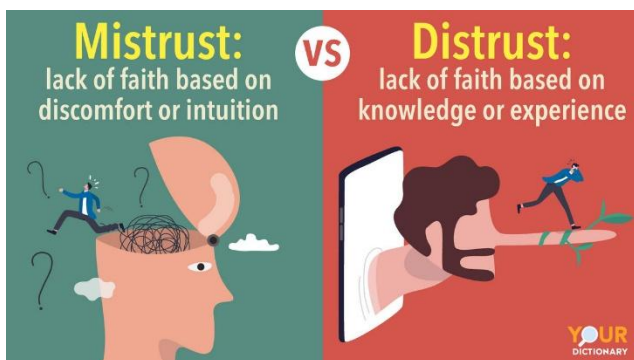

~ *Tony Petito*

“We, the American People” would be smart to require Rep. AOC to bring charges against any billionaire she claims has not legitimately earned however much wealth (property) such billionaire would be worth. Members of America’s legislatorsaaaaaa0 have lawful power to confiscate property (wealth) as they, legislators deem necessary. America’s IRS acts as a collection agent for legislators.

“[Statists] believe that government should make decisions for individuals. Since individuals usually prefer to make their own decisions, coercion and compulsion become necessary correctives.”

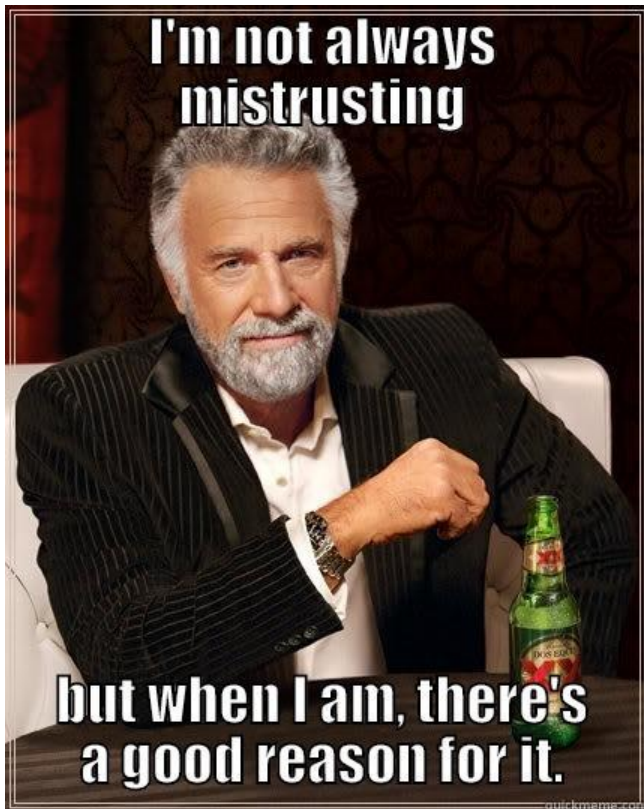

~ *Theodore Forstmann*

While Not Naming Names, Representative Ocasio-Cortez makes an at large prima facie accusation all billionaires have, in essence, come by their worth by other than legitimate means. If so, such property (wealth) ought be returned to rightful owners or used to benefit ordinary people through public services Representative Ocasio-Cortez would find appropriate, provided Congressional approval is secured.

It Would Not Be An Over Simplification to say America's legislators of Representative Ocasio-Cortez ilk are of a mind they should be able to exact wealth (property) from billionaires – or anyone else – because they, legislators, want it.
