Lawyer talking under his breath:
"guilty peoplesaywhat?"

Defendant: what?

Lawyer: no further questions your honor

"We, the American People" would be smart to give some thought to How America; s Supreme Court of the United States (SCOTUS) decides to pass judgment on student-led prayer expression at public school sporting events locks horns with American's federal (U.S./National) Constitution. 1st Amendment. Student-led prayer is unConstitutional, saith SCOTUS. Interpretation, interpretation.

"The early American knew that freedom was nothing more than the absence of external restraint on behavior; the government could not give you freedom, it could only take it away."

~ ***Frank Chodorov***

"Our, the American People's" SCOTUS has found it to be OK for someone to appeal a sentence when such sentence also acknowledged sentenced person to be insane. Our SCOTUS has found it to be

within a marijuana user's right to have a firearm. Student-led prayer, sentence appeal, and gun-toting marijuana users are examples of how SCOTUS Justice thinking and ordinary people thinking differ.

"The American experiment has come and gone. Whatever freedoms the people still might have as their own, are monitored and registered and taxed at virtually every turn."

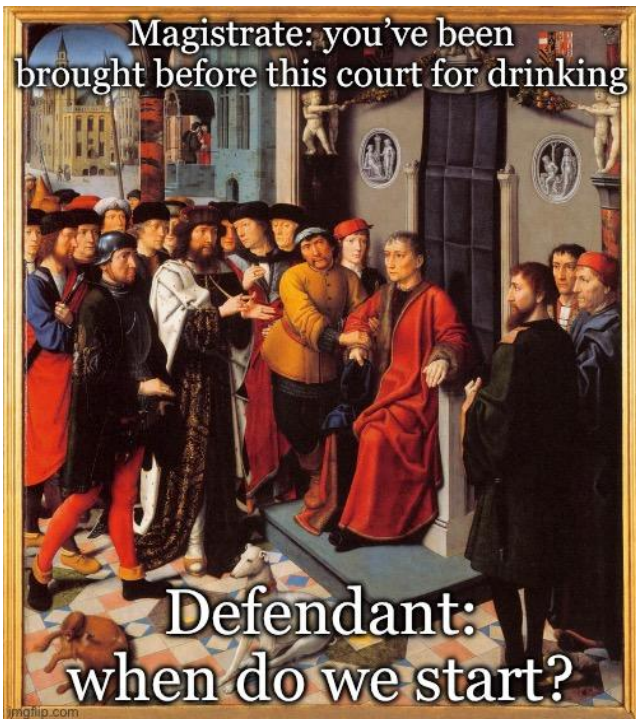

~ *Jeff Baxter*

	Reaching out to settle cases quickly and efficiently
	Litigating the case to death and settling a month before trial

It Might Not BW A Bad Ides for "Us, the American People" who are of a mins America's courts get too involved with, largely, inconsequential controversy to put together sovereign citizenry court review boards with power to dismiss cases with little, if any evidence such cases need to be formally adjudicated. Courts, per se, could summarily dismiss such cases even if appealed to SCOTUS Justices.

"Perhaps the fact that we have seen millions voting themselves into complete dependence on a tyrant has made our generation understand that to choose one's government is not necessarily to secure freedom."

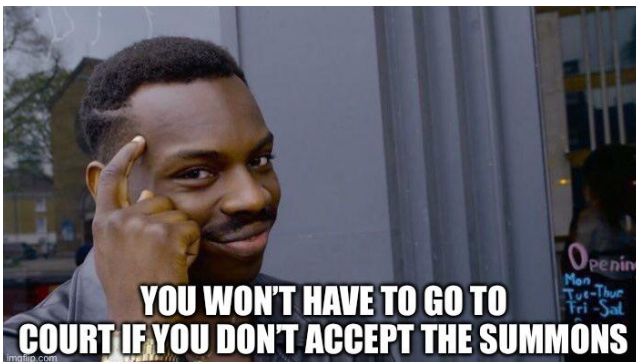

~ *F.A. Hayek*

Court Cases < **After All, Are Subject** to America's sovereign citizenry for their acid tests. Sovereign citizenry disobedience or dismissal, points of law notwithstanding, are practical evidence legislative authority (Constitutional authority) has merit and shall be followed or discarded. Allowing courts to have immutable say invites tyrannous government. If smart, we are, tyranny will come at its peril.

“**Our, the American People’s**” Supreme Court of the United States (SCOTUS), media report, will, with great humility and profound regard for Constitutionality, render its opinion on how America’s federal (U.S./National) Constitution 14th, Amendment is to be comprehended to mean. When SCOTUS so does, our grasp of Constitutionality will be no cognized than is, ever has been, ever will be cognized,

“If you have two religions in your land, the two will cut each other’s throats; but if you have thirty religions, they will dwell in peace.”

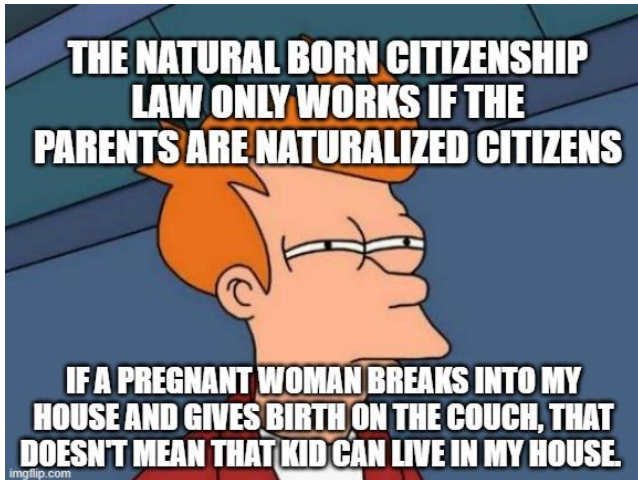

~ *Voltaire*

At Hand For SCOTUS To Pronounce is how America’s 14th Amendment shall be applied to who among “Us, the American People,” or people who take their first breath on U.S. soil, are to be recognized as United States of American citizens. Media coverage characterizes SCOTUS opinion on America’s 14th as who, by definition, shall be an American citizen by birth. Birth, alone, inadequate.

“Writing to Washington won’t help; he’s dead!”

~ *Anonymous*

"We, the American People," if we expect SCOTUS assertion on America's 14th, to be deliberated in *Trump v Babara*, will decide citizenship for posterity, we have no grasp for Constitutionality interpretation or how laws bear on Constitutionality construal. Constitutionality and law are subject to personal attitudes, values, and beliefs (PAVB) held by legislator, chief government executive and judge.

"A Bill of Rights that means what the majority wants it to mean is worthless."

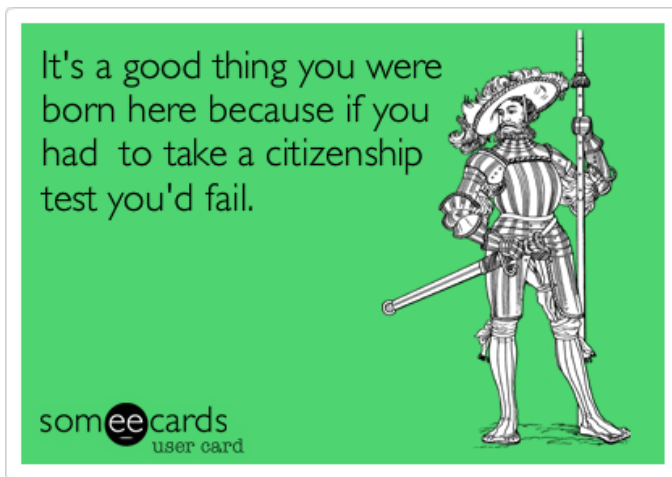

~ *Atonin Scalia*

America's Commonwealth Federal (U.S./National), and state Constitutions are rooted in PAVB. There are no incontrovertible standards for interpreting Constitutional precepts and protections. Not, are there immutable standards for making or adjudicating laws. America's Constitutions allow our legislators to apply Constitutionality as they interpret and see fit. Birth citizenship matter not unlike.

“Orwell is starting to look like an optimist!”

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to enter into contracts with collective bargaining units. They forbid government from confiscating their property.

I wanted so badly to be with all of you on Saturday when the news came down that our presidential candidate Donald J. Trump had been shot. I wasn't at home when this happened, but I was thinking of all of you (my radio audience and readers) and my family.

As the news started to unfold, it became obvious that God was present. While there was great loss that day, there could have been many more deaths and injuries including the main target, President Donald John Trump. I also noticed that the crowd did not panic and stampede, which would have caused more injuries and possibly deaths. God's spirit was there, of that, I am sure.

A hero was lost as Corey Comperatore threw his body over his family to protect them. The left call all Trump or MAGA supporters deplorable, but Corey is a hero, which is rare and beautifully admirable. We pray for his family and friends as they grieve, and then find a way forward in life. We pray for the speedy recovery of those injured, and we pray for the emotions of all who witnessed the horrific and evil event that day.

There have been many who have said to me that it's too late, America has gone too far down the road of socialism and cannot be saved. I said with God all things are possible. Last week, I remembered reading in Genesis 18 when Abraham asked God to spare Sodom, if there were only a few "good men" left there. After reading that, I prayed to God that we, America, would have just a

few, or just one good man, please let him, or them rise up for You, and spare (save) America.

Saturday, when watching the assassination attempt over and over again, I realized that God was there, and knew God was answering my prayers (our prayers) and showing mercy on America again.

America, God has not left us!

We Must Be Faithful, Be Strong, Be Courageous...

Yet We Must All Be Cautious.

We must not go forth in anger and hate, but in Love. Remember, meek does not mean weak! To love does not mean to compromise God's Word or His Laws. We must pray for those who claim to be our enemies... but we don't have to VOTE for them!

It is obvious that on Saturday God spared our President Trump from the evil intended to him. When I heard his ear was pierced by the bullet, I thought of this scripture, and a song I heard and sang many years ago, **Pierce My Ear.**

The scripture is from: **Exodus 21:1-6** - *"Now these are the rules that you shall set before them. ²When you buy a Hebrew slave,^[a] he shall serve six years, and in the seventh he shall go out free, for nothing. ³If he comes in single, he shall go out single; if he comes in married, then his wife shall go out with him. ⁴If his master gives him a wife and she bears him sons or daughters, the wife and her children shall be her master's, and he shall go out alone. ⁵But if the slave plainly says, '**I love my master**, my wife, and my children; I will not go out free,' ⁶then his master shall bring him to God, and he shall bring him to the door or the doorpost. And his master shall bore his ear through with an awl, and he shall be his slave forever."*

Pierce My Ear

by Steven Croft

Pierce my ear, oh, Lord, my God
Take me to Your door this day
I will serve no other God

Lord, I'm here to stay
For you have paid the price for me
With Your blood You ransomed me

I will serve You eternally
A free man I'll never be
Pierce my ear, oh, Lord, my God

Take me to Your door this day
I will serve no other God
Lord, I'm here to stay, to stay

For you have paid the price for me
With Your blood You ransomed me
I will serve You eternally

A free man I'll never be
A free man I'll never be
Did God pierce Donald John Trump's ear and mark him as His? I believe He did.

As I was finishing this article the announcement came; J.D. Vance from Ohio will be President Trump's VP.

Pierce My Ear oh Lord my God; I belong to thee; may America also be yours forever!

“Every coercive monopoly was created by government intervention into the economy: by special privileges, such as franchises or subsidies, which closed the entry of competitors into a given field, by legislative action.”

~ *Ayn Rand*

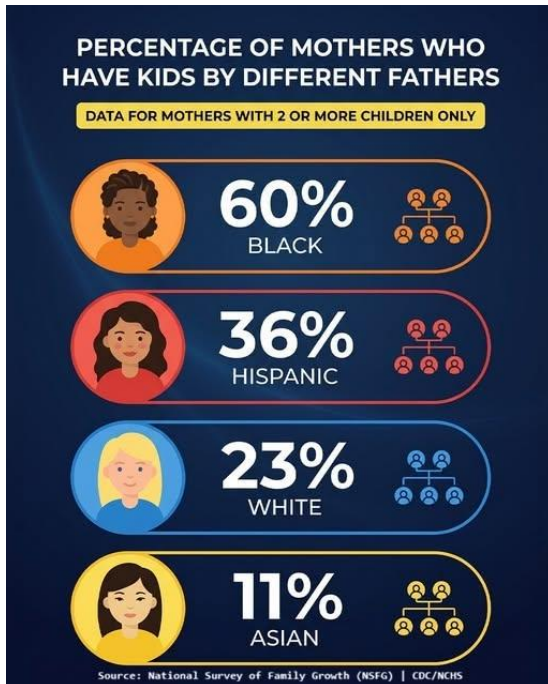

“*We, the American People*,” regardless how we might take sides on taxing proverbial rich can take long odds government officials will, by hook or crook, control how wealth (property (confiscated from wealthier people is redistributed. Whether such confiscated wealth (property) is used to attend p[ublic concern for wealth inequity is of lesser concern for public officials than their lawful power to control.

“Defend America against the government.”

~ *Anonymous*

For “Our, the American People’s” government to set tax rates comparatively higher for wealthier people is, arguably, government engaging in slavery by taking wealth (property) someone else has worked to acquire. Not much difference between taking property (wealth) than taking people’s time and effort. It is folly to consider law to be legitimate because it is law. Result is forced incumbrance.

“A libertarian is a person who believes that no one has the right, under any circumstances, to initiate force against another human being, or to advocate or delegate its initiation. Those who act consistently with this principle are libertarians, whether they realize it or not. Those who fail to act consistently with it are not libertarians, regardless of what they may claim.”

-Ayatollah Khomeini
(founding leader of the Islamic regime in Iran).

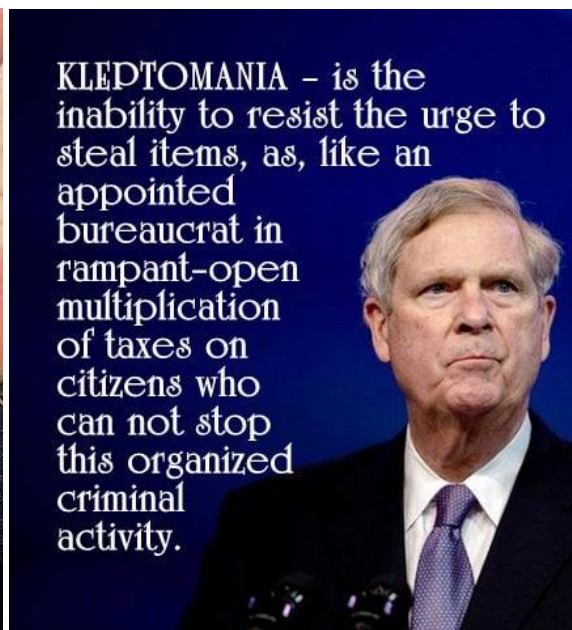

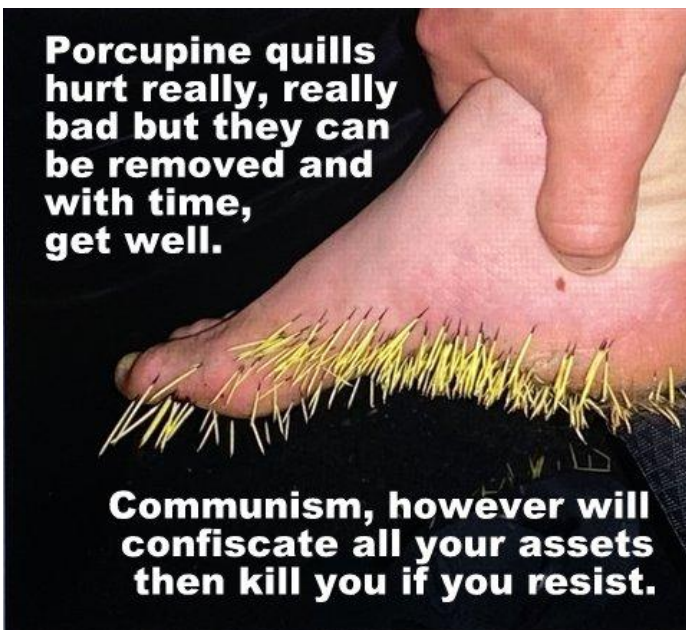

I will never wrap my head around the fact that this is what Western leftists decided to side with.

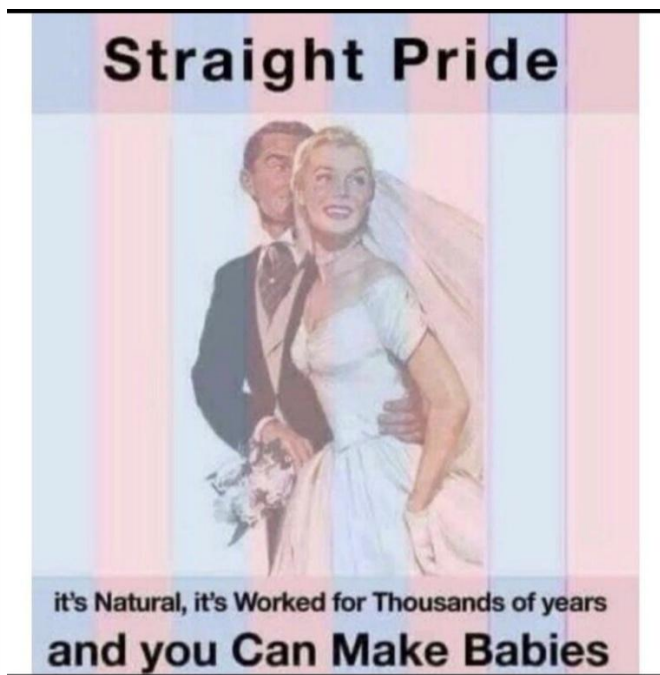

Legislators Who Hope To Remain legislators might give some weighty consideration on going after wealthier people's property (wealth). If, in point of fact, it is possible to buy votes. No stretch to argue legislators do exactly so. Not as though legislators and legislative office candidates promise voters they (legislators) will make sure voters have access to wealthier people's property (2wealth).

When you just got attacked by a bear
but still have to get your smoothie

Those Of “Us, the American People” who are not among our wealthiest fellow Americans may, someday, be among our wealthiest fellow Americans. It would be smart for those of us who learn how to accumulate atypical amounts of property (wealth) to take note government is waiting to tax us just like government is out to tax wealthier people now. Fairness, justice, equity give way to lawful control.
