Those Of "Us, the American People" who use typical newsfeeds might have up to twenty or more stories to peruse. Dialing in, odds are a third will be stories having something to do with how America's legislators, chief government executives, and jurisprudence system members are bickering with each other over who gets to say how property (wealth) is to be confiscated or choice (Liberty) restricted.

"War is just one more big government program."

~ **Joseph Sobran**

“We, the American People” (people everywhere) could do a much better job of standing ground against unnecessary government. Were government limited to nothing more than protecting people from visiting harm on each other, odds are there would be less problems like illegal immigrant/migrant/refugee (IIMR) troubles. Few, if any countries can’t sustain decent living.

"I do not believe in political movements. I believe in personal movement, that movement of the soul when a man who looks at himself is so ashamed that he tries to make some sort of change - within himself, not on the outside."

~ *Joseph Brodsky*

WHAT GIVES PEOPLE FEELINGS OF POWER

When Government Is Allowed to interfere with people’s socio-economic goings-on, things like markets where goods and services are traded for goods and services get distorted by government policy. Tariffs (trade taxes) are a typical example). Like all taxes, tariffs (trade taxes) affect prices by impacting cost-of sales. No government pays tariffs (trade taxes). All - all – taxes are paid by consumers. All.

"If you want government to intervene domestically, you're a liberal. If you want government to intervene overseas, you're a conservative. If you want government to intervene everywhere, you're a moderate. If you don't want government to intervene anywhere, you're an extremist."

~ **Joseph Sobran**

There Is No Country On Earth where citizens can not be, if they are determined, sovereign citizenries. Sovereign citizenries, if they coalesce their power, can stop government from doing virtually anything and everything - absent express citizen consent. Oddly, there has been no country in history (including "Our, the American People's" America) where sovereign citizenries curtailed government excess.

"Ask not what you can do for your country; ask what your government is doing to you."

~ **Joseph Sobran**

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to offer amnesty to illegal aliens until those illegal aliens agree to become and become United States citizens. They use their citizen sovereignty to protect their lives, their property, and their future.

"War has all the characteristics of socialism most conservatives hate: Centralized power, state planning, false rationalism, restricted liberties, foolish optimism about intended results, and blindness to unintended secondary results."

Khamenei calls Trump and says: "Last night I had a dream that all of New York was in ruins, with Iranian flags flying everywhere."

Trump replies: "That's strange, I had a dream that Tehran was thriving, full of high-tech, and covered in billboards."

Khamenei asks: "What did the billboards say?"

Trump answers: "I don't know — they were in Hebrew."

Media Coverage Not Misinformation, disinformation, distraction, or fake news, Congressional legislator Alexandria Ocasio-Cortez (AOC), other democrats are furious "Us, the American People" bombed Iranian nuclear sites. They want President Donald J. Trump impeached. For being nasty to Iran, and blocking funds for National Public Radio. Iranian leaders want Donald J.'s head beheaded.

"A general State education is a mere contrivance for molding people to be exactly like one another ... and as the mold in which it casts them is that which pleases the dominant power in the government, whether this be a monarch, an aristocracy, or a majority of the existing generation; in proportion as it is efficient and successful, it establishes a despotism over the mind, leading by a natural tendency to one over the body."

The Left spreading their message of peace

Mexico only owned California for 27 years. Prior to 1821, there was no Mexico and it was owned by Spain.

Mexico invited the Americans to settle the land, hoping to generate tax revenue from the "useless desert land". But when the Europeans made something awesome out of it, they didn't want to let it go.

So, if you're keeping score, California has been owned by

Spain	52 years
Mexico	27 years
US	177 years

Iranian Nuclear Sites Bombed By "Our, the American People's" high-flying military are reported to have been heavily fortified. Iran claims nuclear facilities bombed into smithereens were sites developing peaceful nuclear energy. Why peaceful nuclear development sites would need fortification is curious. One never knows, though, how infidels might resort to any means to deny Islam energy.

"So the world got compulsion schooling at the end of a state bayonet for the first time in human history; modern forced schooling started in Prussia in 1819 with a clear vision of what centralized schools could deliver:

- Obedient soldiers to the army;
- Obedient workers to the mines;
- Well subordinated civil servants to government;
- Well subordinated clerks to industry."
- Citizens who thought alike about major issues."

~ *John Taylor Gatto*

Retaliation For U.S. Attacks On Iranian nuclear sites might materialize in days, weeks, months, years, decades, centuries to come. Iran (Islam) has been out to eradicate unbelievers a while. Along with a tiny country nearer Iran. Israel. Should Iran be serious about returning fire on America, might not be a bad idea to get around to it. Before Israel decides to put a permanent end to Iran. Israel doesn't putz.

"We, the American People," Iran angry or not, stand little chance Iranian weaponry will fall on Potomac waters or Indianapolis speedway. Can't dismiss Iranian operatives trying to do some damage on America's planes, trains, and buses, or schools. People willing to die while trying to kill others are hard to anticipate, much less catch before they act. America can, if need be, turn Iran to dust and debris.

But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism...

Despite the efforts of America’s media and the politicians, truth in this nation is finally being revealed.

“...And you shall know the truth, and the truth shall make you free.”

John 8:32. KJV

Fox News host Tucker Carlson is now unveiling thousands of hours of security tapes from the January 6, 2021 rioting. Let's name this "A Day at The People's House."

The revelation of truth from all this footage thus far: There was no armed insurrection and they have been lying to us for over 2 years!

There's only one reason for a government to lie to its citizens!

There's only one reason for a government to disarm its citizens!

There's only one reason for a government to silence its citizens!

ABSOLUTE DESPOTISM!

We have suspected all along that the J6ers are being treated unjustly. Now we know without a doubt that they are being held as political prisoners. The purpose of this is to intimidate any other such citizens from peaceably protesting and standing for Constitutionality and election integrity.

LET MY PEOPLE GO! Trump stated today that these prisoners should be released immediately, and I concur! Where are all those fancy-dancy-Constitutional lawyers now? Why aren't they surrounding the D.C. prison and demanding the release of these citizens? The American people should also demand the J6 committee be arrested immediately for their lying crimes to the American People.

Tucker Carlson said outrightly that "They lied to us!"

They've been lying to us from day one - for over two years! They've been lying to us on just about every issue that plagues this nation!

Allow me to use the installed president Biden's words...

Lying dog-face-pony soldiers.... The J6 committee and the FBI!

Lying dog-face-pony soldiers ... The WHO, CDC, and the FDA.

Lying dog-face-pony soldiers ... The Climate Change Worshipers.

Lying dog-face-pony soldiers ... The bought and paid for media.

Lying dog-face-pony soldiers ... Federal Reserve Board Chairman Ben Bernanke and Treasury Secretary Janet Yellen.

Lying dog-face-pony soldiers ... The entire current White House administration.

Lying dog-face-pony soldiers ... The Democrat Party and their RINO Republican lackeys.

Lying dog-face-pony soldiers!! Their creed contains all the Ds of their **“precious”** democracy...

Deceive – Distract - Dismantle –Demand – Destroy America!

Their goal? Absolute Despotism

They must break the American spirit and bring the government to a **complete communist state of Marxism**. We are very close to that now! As President Trump said on Saturday, “We are no longer a free America.” Sad to say, but we haven’t been free for a long time; but we IS GOOD at pretending!

America is full of “useful idiots” and the rest of us have been like the ostrich with his/her head in the sand! We have remained silent while the Marxist teachers unions stopped educating our children and started indoctrinating them with their sinister perverted ways. We remained silent as the government began destroying our families, our churches, our communities, our currency, our economy, our jobs, and our national security. They’ve destroyed our parks and our cities.

They are still coming after rural America as they continue to regulate, mandate, and implement their Climate change lies and seizing land.

They've destroyed our population by inviting an invasion of foreign agents into our land and by encouraging our own citizens to murder their unborn children!

They've been chopping up unity in this nation as they created a culture war which previously did not exist. They absolutely deny truth in American history; to destroy our history is to wipe America away!! My old boss used to say, "The race to the bottom." America must become like a third world country (hellhole) before they can continue with their globalism. Globalism is nothing more than world-wide-Communism.

We now have a nation overrun by useful idiots, as Marxist Saul Alinsky discussed in his book, "Rules for Radicals." In his book he listed eight steps for turning a nation into a complete socialistic state:

#1. Control healthcare and you control the people.

#2. Increase the poverty level, as poor people are easier to control.

#3. Increase the debt to an unsustainable level.

#4. Gun Control: Remove the ability to defend themselves from the
government and establish a police state.

#5. Welfare: Take control of every aspect of their lives (food, housing and
income).

#6. Education: Take control of what people read and listen to. Take control of
what children learn in school. (no parent's rights)

#7. Religion: Remove the belief in THE God from the government and the
schools. (Thus, the lie of separation of church and state)

#8. Class Warfare: Divide the people into the wealthy and the poor. This will cause more discontent and it will be easier to take (tax) the wealthy with the support of the poor.

If you agree with any of these 8 points, you are anti-American!

Our politicians, especially the Democrat Party, are following Saul Alinsky's guide to the T. Like useful idiots, we have fallen for the lie of "I'm the government and I'm here to help you." With each social program we "accept" we are changing our nation into a complete socialistic Marxist state.

Biden must be dethroned and Obama must be kicked out of our government. He is past his time! He was a horrible president and he's even worse as the shadow president. He and his Marxist tribe are destroying this nation, Biden is just the face. I'm sure they laugh at that fact several times a day! They don't care who they put in the White House, because the deep-state (permanent) government is secretly running (ruining) this nation. AND YES, the RINO Lackeys are helping them! They are all growing richer, while the American people grow poorer and less free.

It would appear we are at the mercy of the tyrants! Despotism is rampant...

As I was composing this article a news flash distracted me. So here is a bonus to end with:

The slithering serpent Schumer is slashing out at Tucker Carlson, Speaker Kevin McCarthy, and Fox News for allowing the tapes to go public. He's claiming the capital police did not "approve" them, that Tucker is lying, and much more. Schumer is seething with anger. Schumer is allowing his dark side to show again. He is a criminal who threatened Supreme Court Justices and nothing happened! (We have that on tape too) *"I want to tell you, Gorsuch. I want to tell you, Kavanaugh. You have released the whirlwind and you will pay the price,"* Schumer ranted. He continued, *"You won't know what hit you if you go forward with these awful decisions."* What he said did provoke

violence. President Trump did not! What he needs to understand is that The Capitol is “The People’s House.”

Schumer said of Tucker Carlson, *“He has enabled the Big Lie and eroded away at our **precious Democracy**. I condemn Mr. Carlson for defending the enemies of Democracy.”* He went on, *“I strongly condemn Speaker McCarthy’s actions and fiercely oppose his decision.”*

Schumer is a slimy, slithering, serpent of a senator who strongly urges Fox News to order Tucker Carlson to “Cease propagating the Big Lie on his network and to level with his viewers about the truth!” Which is comical since Schumer has no truth within him!

His words are never to be trusted, as they are never about keeping Americans safe. He only cares about his position in his **precious “democracy.”**

The Security Tapes belong to We the People. We should have had public access to them (unredacted and unedited) immediately after January 6, 2021.

The security of the People’s House will not be “breached” by allowing the public to view these tapes. Revealing the truth, however, is exposing the lies that **We the People** have been fed non-stop for over two years.

As citizens, who want to know the truth, we should encourage Fox News and Tucker Carlson to continue with the airing of these tapes and to make them public to all news outlets!

Without Truth, there is no freedom and there is no Liberty!

Liberty is always in the hands of the people! Demand the truth be revealed and pray that we will soon see justice prevail in America again!

Reject the Ds of democracy, restore our Constitutional Republic and...

Every One Of "Us, the American People" should be angered over an ICE arrest made in connection with deportation protests/demonstrations/riots of late in American's Golden State. Could be. Angered is a word meaning someone – or, maybe, an itinerant cat is mad about something. A media reporter, though, wants to decide when people should be angry over ICE. Or, closed border security gates,

A Query Into Journalism Will Let inquiring minds know journalism is a process of collecting and disseminating information. It takes some interpretation to conclude journalism is supposed to influence

people's thinking as to how one should view political events, or, say, as to whether one should like or dislike hot sauce on watermelon. No hairbrained idea journalists have opinions – as to correctness.

"The only part of the conduct of anyone for which he is amenable to society is that which concerns others. In the part which merely concerns himself, his independence is, of right, absolute. Over himself, over his own body and mind, the individual is sovereign."

~ *John Stuart Mill*

Queries On Journalism, Depending on reference referenced, will point our journalism is intended to put out information of public interest. Journalism might even have a task of directing attention. Directing attention is distinguished from prompting conclusion. "We, the American People, if we hope to enjoy freedom under Liberty, would be smart to practice objective thinking. Clarity, even more.

"If all mankind minus one, were of one opinion, and only one person were of the contrary opinion, mankind would be no more justified in silencing that one person, than he, if he had the power, would be justified in silencing mankind."

~ *John Stuart Mill*

"Our, the American People's" media is accused of bias leaning toward left-leaning ideas and left-leaning people who promote left-leaning ideas. No surprise no journalist would admit being less than completely objective. Any contrary notion would have to originate in minds of judgmental people unwilling to face facts. Much like debating a waterglass be half full or be half empty. 'T is both.

They protect their lives and property against government intrusion.
