"Our, the American People's" appellate courts have given our President Donald J' Trump's Administration leeway to proceed with his agenda in ten instances, pending further litigation. According to media coverage, ten rulings in question mean, in essence, President Donald J. can proceed until he can't. Odd way to run a railroad. Trains can leave stations, my not arrive at destinations.

"I often wonder whether we do not rest our hopes too much upon constitutions, upon law and upon courts."

~ *Learned Hand*

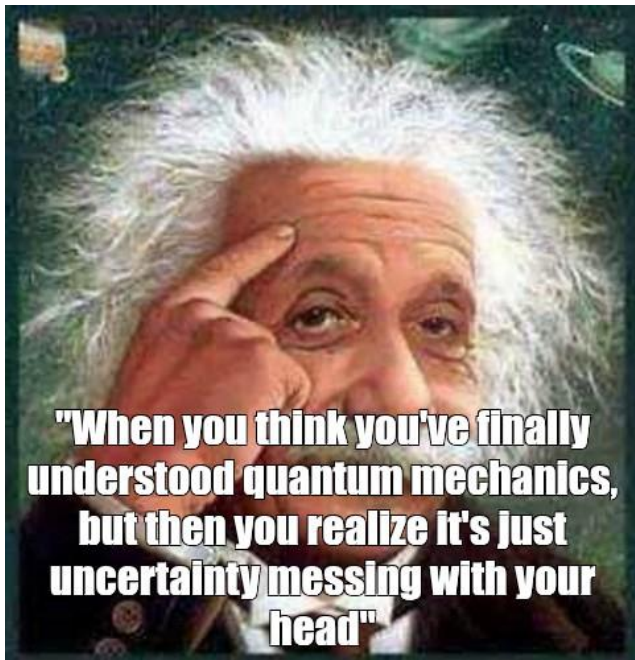

Uncertainty

Face it kid, Not even Mr. Owl knows how many licks it takes.

"We, the American People" would be dullards to think government would let us start something, only to tell us to, not only stop in our tracks, but turn around, undo whatever we'd done. No responsible military commanders would act to keep their unit safe if they were required to ask permission before returning fire. General Patton, told not to advance on Palermo, is said to ask if he should give it back.

"It is not the responsibility of the government or the legal system to protect a citizen from himself."

~ ***Justice Casey Percell***

There Is No Point Having Laws not clear for "Us, the American People" to act on. No different for public officials. Moreover, when courts can overturn courts, legislative clarity is nonexistent. It would be justifiable for us, a sovereign citizenry, to force legislators to rescind any law not decipherable by an American eighth-grader picked at random. Fixing schools for those who could not is another matter.

"People fear witches, and burn women."

~ ***Justice Louis Brandeis***

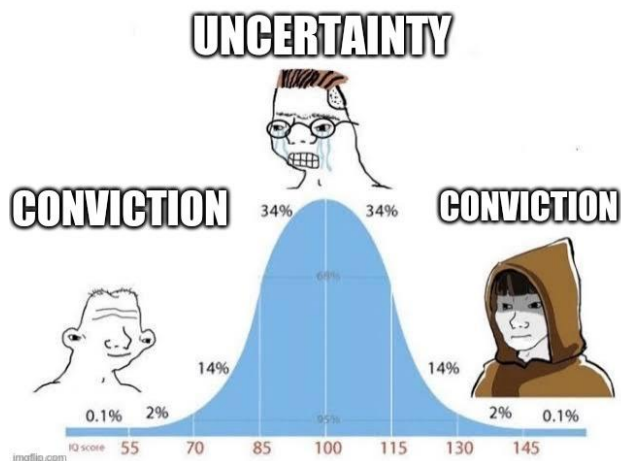

When you ask Werner Heisenberg for the position of an electron and he says $\Delta x \cdot \Delta p_x \geq \frac{h}{4\pi}$

It Is No Wonder America's Socio-economic is a cauldron overflowing from social-economic-financial-political unrest. As bad, we seem not disposed to do much of anything other than to grope, incessantly, for those proverbial right people for legislative-executive-judicial public office. Right people do not exist. Only sovereign citizenries prepared and committed to restraining despotism.

"The Declaration [of Independence], after all, catalogued the assaults on our freedoms committed by Britain's King George III. What has been built up over the last two and a quarter centuries is a structure that dwarfs George III's regime."

~ *K.E. Grubbs, Jr.*

Voters Eyeing Election 2026 would be wise to identify candidates and ballot issues least likely to impose legislation, taxation, or regulation weakening property ownership. Citizens without property have fewer options to exercise America's principles of citizen sovereignty and self-government.

"Life without liberty is like a body without spirit."

"Humanity's most valuable assets have been the non-conformists. Were it not for the non-conformists, he who refuses to be satisfied to go along with the continuance of things as they are, and insists upon attempting to find new ways of bettering things, the world would have known little progress, indeed."

~ Josiah William Gitt

Judge Learned Hand

"I often wonder whether we do not rest our hopes too much upon constitutions, upon law and upon courts. These are false hopes, believe me, these are false hopes. Liberty lies in the hearts of men and women; when it dies there, no constitution, no law, no court can save it; no constitution, no law, no court can even do much to help it. While it lies there it needs no constitution, no law, no courts to save it." ~ Judge Learned Hand

"Our, the American People's" jurisprudence system has a decorum feature known, popularly as 'contempt of court. People - who delve onto things legal - are well aware it is one thing to use lexicon-based word definitions, versus using legal dictionary definitions. Contempt, for example, by common dictionaries, is defined, in so many words, as a state of mind. In court, contempt is also bad behavior.

These opinions are coming from an average American. I'm not a politician. I do own an independent talk show, CSC Talk Radio, which is a voice crying out from the heartland of America!

We're told by the conservative talking heads that we should not expect any repercussions against those who have been lying in order to steal elections and destroy President Donald Trump. Even though the FBI, the lamestream media, social medias, members of congress and the installed president, Joe Biden, all colluded together against candidate and President Donald J. Trump, none will pay the price for the crimes they committed. There's no way the democrat owned and politicized DOJ will bring charges against any of these criminals and traitors to America.

We're told to face this fact and that **We the People** should move on.

While the media and liars on the left claim the Durham report is a big fat nothing, it is actually confirmation of all the facts we had previously been told regarding Hillary's aggressive involvement, using the fake dossier to discredit and destroy President Donald J. Trump during and after the 2016 election.

The framing of a U.S. President was orchestrated and manipulated by Hillary Clinton, the FBI and the CIA (she paid and cheated and still couldn't win). Together they perpetrated a fraud against then candidate Donald J. Trump. Do not be nonchalant in this, these people committed multiple crimes

against the United States and especially against **We the People!** We know that President Donald J. Trump has been harassed and wrongfully accused relentlessly and it continues today. They impeached him twice for what we now know were absolute lies! We know that these same actors in the FBI and CIA also interfered with the 2022 election.

We are advised that Americans should move on. We're told to elect all republicans and they'll make sure it's *fixed*... the next election.

Before we blame all of this on the democrats, let's remember that the FISA warrants the FBI used against American citizens came out of the republican George W. Bush administration. It was a sitting republican Senator, John McCain who helped distribute the fake dossier. There were two republican Attorney Generals, Jeff Sessions, who recused himself, so that he couldn't investigate... and then we had Bill Barr who could have exposed this and prosecuted the criminals... but he did not. In fact, AG Bill Barr assigned U.S. Attorney John Durham to investigate Russia-gate and according to his own memoirs, *"I made it clear that neither President Obama nor Vice President Biden were in Durham's crosshairs."*

Elect republicans and they'll fix it next election! I don't think it works that way!

It seems to me that the republicans are a lot of hot air and are just as much out to stop President Donald J. Trump from actually representing America and **We the People** as are the Marxist democrats.

Moving on does not bring truth and justice in America. Ignoring fraud is approving fraud. **"If you see a wrong, you fight to right it, if you don't, you become a part of it."** *From the T.V. show The Virginian.*

"The greatness of America lies not in being more enlightened than any other nation, but rather in her ability to repair her faults." Alexis de Tocqueville

Life gives us warning signs and if we ignore the problems they escalate and become expensive crises. If you ignore it when the check engine light is on in your car, it will eventually cost you greatly! A good car owner would immediately make an appointment with his local mechanic, before his engine overheats and dies. A leaky roof ignored can bring great damage to your home. A good homeowner would make sure the leak was repaired before the next storm.

America knows now that there was election fraud during the 2016, the 2020 and the 2022 elections!

The FBI spied on Donald Trump, his family and other associates of his campaign. We know they lied about it. We know they accused Donald Trump of doing to Hillary, exactly what Hillary was spending money to do to Donald Trump. We also know that all this fraud and abuse of power went to the tippy-top: President Barrack Hussein Obama.

Attorney General Barr knew this too!!

Those who hate Trump deny this is a problem. Those who cater to the conservative Americans tell us we should move on...

America can't repair her faults by moving on.

The American people should not move on. **We the People** should demand truth and honesty because we deserve justice in America. **We the People** should demand fair and honest elections. No more voting machines! Paper ballots are the safe way of keeping elections honest!

While the politicians continue to divide Americans, it's time we realize **We the People** out number them.

Do not be content or timid and decide, *"Oh well, nothing's going to happen, I'll just move on."* Such an attitude has brought America to this brink.

We have moved on;

each time they decided to spend more money and raise the debt ceiling;

each time they created another alphabet department to regulate our lives;

each time they legislated to restrict our Second Amendment, which says... for a reason, **Shall Not Be Infringed!** That means absolutely no compromises!

We have moved on and we joked about them each time they lied to us.

We have moved on when they locked down this country, ruined the lives and businesses of average Americans.

We moved on each time they misused the phrase 'separation of church and state.'

We moved on each time they called us a democracy, which is mob rule.

We moved on each time we have been hit with additional taxes!

Now they tell us we should *not* move on as they continue the lies of January 6, even though we have seen film footage, recognizing that day was not what they say. Whistleblowers of the FBI have told us they are coming after innocent American citizens!

Their lies are not a laughing matter! Their totalitarian ways are sheer tyranny against **We the People**.

Americans should not move on!! Our actions today must be those that correct the wrongs and remove the tyranny that has been forced upon us.

How do we do this? I admit that I do not have all the answers, but I believe we have to stop being silent and we must start contacting all those who are running our communities and our schools; from school board members to county commissioners, to local mayors, our state governors, senators, and

representatives, and yes, all those in D.C. Political party affiliation does not matter!

We the People must petition all these with our redress of grievances.

“The Marvel of all history is the patience with which men and women submit to burdens unnecessarily laid upon them by their government.” George Washington

We the People cannot continue to move on, the future of this nation depends on our actions today! Moving on is not justice, it is not Liberty, it is not the behavior of a Free people!

It is our right; it is our duty to rescue our Constitutional Republic and Bring America Home©.

"Our, the American People's" media report an American wants President Donald J. Trump to intervene in a case of wrongful firing due religious beliefs. Said American might give some thought to being careful about things one wishes for, in case such things turn up on one's doorstep. Article has it American asking for President Donald J. to help is linking request to President Donald J. DEI policy.

"The prospect of a government that treats all its citizens as criminal suspects is more terrifying than any terrorist. And even more frightening is a citizenry that can accept the surrender of its freedoms as the price of 'freedom'."

~ *Joseph Sobran*

DEI, Spelled Out, For Those who know not, and wish not to know not, stands for Diversity, Equity, and Inclusion. DEI is cast as a systematic way of assuring everyone, everywhere is treated in such ways to feel as though they are valued and duly rewarded for their contribution(s). President Donald J. Trump. Campaigning for president, declared DEI not to his liking, and to rid America of it.

Not All Of "Us, the American People" are in tune with President Donald J. Trump's initiative to turn DEI to dust. Some of us – those of us who see fairness as a means of opportunity – take a dim view of President Doanld J.'s effort to ousts DEI. Some of us would like nothing more than to have DEI work for us in changing people's thinking in ways more satisfying to us. For us, DEI is transformative.

"Since outright slavery has been discredited, 'democracy' is the only remaining rationale for state compulsion that most people will accept."

~ **Joseph Sobran**

"We, the American People" would be smart to be very cautious about allowing President Donald J. Trump, or people from his Administration, to get behind American seeking help in wrongful release case. Case in question revolves around individual's religious beliefs preventing him from using correct pronouns at work. All said and done, not much difference between correct pronouns and titles.

"Democracy has proved only that the best way to gain power over people is to assure the people that they are ruling themselves. Once they believe that, they make wonderfully submissive slaves."
