"The worst evils which mankind has ever had to endure were inflicted by bad governments. The state can be and has often been in the course of history the main source of mischief and disaster."

~ *Ludwig von Mises*

**Let's Call It A Coincidence.** "Our, the American People's" Supreme Court of the United States SCOTUS Justices are vociferously critical when they stand (vote) in dissence on SCOTUS cases. Has to be coincidence, otherwise, our SCOTUS dissenting Justices who criticize SCOTUS majority decisions would be akin to little more than unhappy schoolyard children who don't get their way.

"Economic history is a long record of government policies that failed because they were designed with a bold disregard for the laws of economics."

~ ***Ludwig von Mises***

**Media Report A Veteran SCOTUS Justice** is out of sorts because SCOTUS would not stand against a district judge who would not allow DNA testing to clear an accused person of murder whose execution had been twice-delayed. Case at hand exemplifies how it is “We, the American People” have a jurisprudence system where court outcomes are not assured due contravening court-to-court opinions.

"The program of [classical] liberalism, condensed into a single word, would have to read: property."

**Justice Can Hardly Be Served When Courts** fail, in appellate review, to, at least, reach commanding majority opinions. Split decisions, where one magistrate vote can turn a case outcome, are indicative of questionable

evidence, or, points of law interpreted differently enough to confirm or create reasonable doubt. It would be smart for “Us, the American People” to establish public court reviews.

"This, then, is freedom in the external life of man-that he is independent of the arbitrary power of his fellows."

~ *Ludwig von Mises*

*There Is Nothing T Stop Us*, as a sovereign citizenry, to establish bodies of America citizens who scrutinize court decisions where voting magistrates - or, juries – are split close enough to have another look at case particulars by people having no vested interest, and who were not either officially involved in court proceedings, or selected to serve as jury members by plaintiff and prosecuting attorneys.

"The state is essentially an apparatus of compulsion and coercion. The characteristic feature of its activities is to compel people through the application or the threat of force to behave otherwise than they would like to behave."

~ *Ludwig von Mises*

When you and your comrades  
casually make terrible  
decisions together:

**People Intending To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to infringe upon Americans’ 1<sup>st</sup> Amendment rights or other Bill-of-Rights protections; nor do they allow blame for another person’s behavior to be ascribed to their freedom to exercise their rights. They retain their heritage of self-government.

"Those who call themselves 'liberals' today are asking for policies which are precisely the opposite of those policies which the liberals of the nineteenth century advocated in their liberal programs. "

"We, the American People" have no shortage of America's legislators focused on shortcomings of America's legislators. There isn't one part of our lives, here in America, that isn't controlled or regulated by government. Nearly 2.2 million federal 'government' employees are writing and dictating regulations and mandates. They (these departments) determine what is illegal and what is not! The American people are then forced to apply for and pay for a permit or a license to do that particular thing which they have determined to be unlawful. **I believe that is the very definition of extortion!** You must succumb to government inspections and fear the fines that might befall you for the failure to capitulate to even one of their rules. ***This is harassment and fear mongering.***

"They" seized our agriculture.

"They" seized our Bill of Rights.

"They" seized our businesses.

"They" seized our cities.

"They" seized our communication.

"They" seized our communities.

“They” seized our Constitution.

“They” seized our counties.

“They” seized our education.

“They” seized our energy.

“They” seized our faith.

“They” seized our Freedom.

“They” seized our Happiness.

“They” seized our Prosperity.

“They” seized our healthcare.

“They” seized our homes.

“They” seized our infrastructure.

“They” seized our land.

“They” seized our law enforcement.

“They” seized our Liberty.

“They” seized our Life.

“They” seized our manufacturing.

“They” seized our markets.

“They” seized our media.

“They” seized our money.

“They” seized our parks.

“They” seized our pharmaceutical.

“They” seized our recreation.

“They” seized our representation.

“They” seized our Republic.

“They” seized our states.

“They” seized our towns.

“They” seized our transportation.

“They” seized our unity.

“They” seized our vote.

“They” seized our water.

“They” seized our way of life.

**“They” seized the American dream.**

That is a long yet incomplete list of all “they” have taken from **We The People**.

*Constitutionally speaking*, the mandates, the rules, the regulations established by these alphabet bureaucratic departments, are not laws! They have no constitutional authority over **We the People**. Yet we bend to them as if we are “their” subjects. We did not elect any of these and their authority over us is only by our own submission, yet they seem to be “*in-for-life*” and cannot be fired.

So not to sound like a complete rebel, I do understand there should be some rules and laws when caring for this nation, it's people, and our communities. There are obvious ones, which I think is a shame we have to write certain things down, like NO LITTERING. "Pick up the litter" and don't be a slob! I'm not opposed to speed limits and traffic laws; those only make commonsense. I am opposed to the federal government dictating to the state which limits and laws they should establish. I do not think like a libertarian, who seem to believe there should be no laws or restrictions regarding drugs and abortion...etc...

How many government departments does it take to "run" this nation?

There are 15 executive departments: Departments of Agriculture, Commerce, Defense, Education, Energy, Health and Human Services, Homeland Security, Housing and Urban Development, Interior, Labor, State, Transportation, Treasury, and Veterans Affairs, and the Attorney General.

Additionally, the Cabinet includes the White House Chief of Staff, the US Ambassador to the United Nations, the Director of National Intelligence, and the US Trade Representative, as well as the heads of the Environmental Protection Agency, Office of Management and Budget, Council of Economic Advisers, Office of Science and Technology Policy, and Small Business Administration.

Government this BIG cannot be that of a free people. With this many departments (and more) the **"consent of the governed"** has been lost.

The president can continue to create departments and appoint secretaries for each to meet his agenda. Each new department isn't about safety, they are about control!! Controlling YOU! Controlling **We the People!**

This has grown completely out of hand and our Founding Fathers would not approve!

When I read this line, which our Founding Fathers included in the Declaration of Independence... **"He (the king) has erected a multitude of New Offices, and sent**

***hither swarms of Officers to harrass our people, and eat out their substance”... I***

thought, OMGosh, that’s exactly what is going on here in America today!

Socialism! Our government, as it is currently being run, is socialistic in nature. Government creates social programs in order to control and appease the people. The citizen becomes enslaved and addicted to government assistance.

As a Constitutional Republic **We the People** are the ones who should be in control. The larger the government grows itself, the more “they” control us and the less freedom we as citizens enjoy.

Our Constitutional Republic, our Freedom, and our Liberty has been seized by this oligarchy democracy. The insurrection (the seizing) of our Republic happened long ago.

When Donald Trump (an outsider) thought he could run the government better and more efficiently and decided to run for president, the socialistic-oligarchy-democracy of the united states became threatened. Like a wild animal, they began to fight back the only way they knew how. DIRTY and Vicious!

Political opponents are not satisfied to legally fight it out at the ballot box, they must control the ballot box; the counting, redistrict the precinct areas and change the rules.

In an earlier article about Tyranny, I described it this way:

**Tyranny is a vicious enemy**, limitless with its tactics to subdue a people and conquer their land. Tyranny is cunning and deceitful, never hiding its face just its intentions. Disguised as a do-gooder, Tyranny preys on our emotions and uses our own system of governance against us. Tyranny changes the rules, amends the contract, ignores the rule of law, spreads falsehoods, and sows discord among the people.

Tyranny sees sovereignty as an evil creature.

Tyranny is godless, seeking only to be a god.

Tyranny produces nothing but destruction, pain, and death.

**Tyranny is a plague upon our land!**

**America Has Been Seized!**

Liberty is always in the hands of the people, but first it must be a longing and lust within their hearts. If people are content as slaves, their children will be condemned to that same slavery. The only way to break free will be by the blood of those who refuse to be slaves!

Our nation has been seized by an evil regime of elected and unelected people. There is absolutely no honest dispute in this.

**But we are not helpless, unless we choose to be.**

To ignore evil is to give your stamp of approval over it. We have allowed the unrighteous to lead and to destroy. Do our families mean so little to us that we are content to sacrifice our safety and condemn them to slavery?

The Christians of this nation must rise up!! We must stand for God's righteousness – or we stand for nothing!

Our nation has become a land we do not recognize. There is no peace, there is no law and order, no rule of law, there is no unity, no free speech, no safety or security in our homes, and it appears, systemically, there is no longer any value placed on Life and Liberty.

Israel had to make the decision to press forward into the promised land. They were afraid – there were giants there; it was a land filled with great evil.

**Joshua 5: 13-15**

*Now when Joshua was near Jericho, he looked up and saw a man standing in front of him with a drawn sword in His hand. Joshua approached Him and asked, "Are You for*

us or for our enemies?" ***Neither," He replied. "I have now come as Commander of the LORD's army." Then Joshua fell facedown in reverence and asked Him, "What does my Lord have to say to His servant?"*** The Commander of the LORD's army replied, "Take off your sandals, for the place where you are standing is holy."

Joshua said, <sup>15</sup> *But if serving the Lord seems undesirable to you, then choose for yourselves this day whom you will serve, whether the gods your ancestors served beyond the Euphrates, or the gods of the Amorites, in whose land you are living. But as for me and my household, we will serve the Lord.*" Joshua 24:15 NIV

Since the time the pilgrims set foot on this land, America has been blessed by God! I believe we have been living in a land flowing with milk and honey. He cannot bless how we are now, killing the unborn and selling our own children and others into prostitution and slavery. Surely there are those CRYING OUT for rescue!! They need us to do the right thing! To restore our nation!

America was once a land of opportunity for all to live and worship free but now we are seen by the world as a fallen nation, with no hope.

**In 1630, while still aboard a ship bound for Massachusetts Bay, John Winthrop delivered his sermon "A Model of Christian Charity."**

***He said, "For we must consider that we shall be as a city upon a hill. The eyes of all people are upon us. So that if we shall deal falsely with our God in this work we have undertaken, and so cause Him to withdraw His present help from us, we shall be made a story and a by-word through the world."***

**Winthrop was the earliest example of the idea of American exceptionalism.**

America must return to that place! A place of Christianity, freedom, dreams, hope and opportunity. America must once again be that beacon to the world! America must return to God!

**Even though America has been seized,** all the world is watching and waiting. Many times I've received phone calls or notes from listeners abroad. They are discouraged

where they live, because of the chaos and corruption here in America; “*We look to America for our hope,*” they have commented.

It’s time to retrieve our nation and restore our Great Republic. Let all the world watch and see as we, with the help of God... **Bring America Home!**©

"We, the American People" are all for lower-cost higher education. Some things go without saying. Or, polling. Still, unsaid things can poll with unexpected results. Why some 24% of those who responded to a related poll did not favor lower cost higher education might produce some less obvious poll results if unapproving 24% were queried on their reasons for opposition to lower education costs.

"Everybody who is incapable of learning has taken to teaching."

Not Unexpectedly, One American Commonwealth is mulling over something called (Commonwealth) Promise, a government program whereby (Commonwealth) taxpayers would ante up to defray higher education costs for families bringing in less than a quarter-million greenbacks, annually. '(Commonwealth) Promise is characterized as a scholarship program. Qualification based on bucks.

“We’ll invest in early childhood education programs so that our kids don’t begin the race of life behind the starting line and offer a \$4,000 tax credit to make college affordable for anyone who wants to go. ~ Barack Obama

(Commonwealth) Promise Sponsoring Legislator wants “Us, the American People” to know commonwealth at hand can’t afford to lose young people. Rather, said commonwealth has to attract young people to go there instead. It would be smart for us to bear in mind ‘education’ has a singular purpose - to control behavior. ***“Our, the American People’s”*** legislators are keenly aware people are more easily controlled when how they are informed (educated) is similarly controlled. It’s not as important to lower higher education cost as it is to have voters believe they who they electe will require high-cost higher education to cost less.
