“Whenever the legislators endeavor to take away and destroy the property of the people, or to reduce them to slavery under arbitrary power, they put themselves into a state of war with the people, who are thereupon absolved from any further obedience ...”

~ *John Locke*

“Our, the American People’s” Big Apple Mayor, Zohran Mamdani, media coverage accurate, is out to freeze rental prices on so-called stabilized rentals. How chief government executives figure they can, by decree, alter economic fundamentals is mind boggling. Media coverage accurate, Mayor Mamdani’s rent freeze plan includes caps on rental owner costs. Not could it. Even mayors can’t dictate costs.

“The end of the law is, not to abolish or restrain, but to preserve and enlarge freedom.”

~ *John Locke*

“We, the American People” would be smart to stop governments from getting involved with how people exchange goods and services for goods and services. History, at least history as it has played out during America’s first quarter millennium, has not recorded times when we, a sovereign citizenry, have stopped government in it’s track of confiscating property (wealth) or restricting choice (Liberty).

“Politicians say they’re beefing up our economy. Most don’t know beef from pork.”

~ *Harold Lowman*

For “Us, the American People” exercising our sovereign citizenry has been limited to conducting protests and casting ballots for who, sitting in authority or will sit in authority to confiscate property (wealth) and restrict choice (Liberty). Beyond protest and casting ballot, we have shown little taste for serious action to curtail government’s proclivity to be authoritarian. We, essentially, do as we’re told.

‘Our government has kept us in a perpetual state of fear – kept us in a continuous stampede of patriotic fervor – with the cry of grave national emergency.’

~ **Douglas MacArthur**

Media Reporting On Point, NYC Mayor Mamdani has been warned by several ‘experts’ his mayoral policies toward housing may well lead to a housing crisis, rather than improve housing affordability. People with lawful authority, if they are inclined to be pushy, ignore economic system mortalities and strive to have their ideological ideas made Lush hard enough, we may get our backs up and say, “No!”

"It is not in the nature of politics that the best men should be elected. The best men do not want to govern their fellowmen."

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to infringe upon Americans' Bill-of-Rights protections; nor do they allow culpability for another person's behavior to be ascribed to their freedom to exercise their rights. Media Report “Our, the American People’s” Supreme Cour of the United States (SCOTUS) found for Homeland Security agents in removing protections for Green Card holders returning from outside U.S. while they were charged with law violations. SCOTUS Justices voted 6-3, overturning a lower court ruling protecting such Green Card holders. Case exemplifies justice depends on interpretation.

“To say that a bad government must be established for fear of anarchy is really saying that we should kill ourselves for fear of dying.”

~ **Richard Henry Lee**

Dissenting SCOTUS Justice Ketanji Brown-Jackson decried SCOTUS 6-3 decisions, calling it a massive blank check for government to disrupt millions of residents' lives and cause undue time to clear cases where allegations were unsubstantiated. Given case was 6-3 vote, it shows how SCOTUS decisions are subject to how SCOTUS Justices apply personal attitudes, values, and beliefs (PAVB).

"Government is a disease masquerading as its own cure."

~ *Robert LeFevre*

Tar and Feathering was a highly successful historic process to kindly assist elected officials to eject from the parasite predator class to conservatives.

"We, the American People" would be smart to require our legislators, chief government executives, and judges to make laws with clarity so precise and distinct there can be no misconstrued interpretation. Like STOP signs requiring motorists to come to a complete stop before going further. Not requiring our judges, government chief executives, and legislators to do so means justice by interpretive whim.

"Give peace a chance."

~ *John Lennon*

Law Enforcement Subject To Who Happens to sit on court benches puts “Us, the American People” in unpredictable positions if we are accused of violating law. Since we are a sovereign citizenry, it is our prerogative to decide if, in fact, a given law shall be followed, rescinded, or revised to make it not subject to PAVB-driven formal (governmental organizational) jurisprudence. Rather, public accord.

DON'T!

The Consent Of The Governed Say, DON'T!

10-20-2023

"Government is not reason; it is not eloquence. It is force. And force, like fire, is a dangerous servant and a fearful master." George Washington

Surely by now you realize that the DC Occupiers (every side of every aisle) are not working for us, but are working against us! They are the dangerous servant and have become a fearful master of **We the People**.

The disappointment, disgust and even anger that I have for all these politicians continues to mount! Must **We the People** endure such oppression before **We the People** take a stand to right their wrongs?

"Consent of the Governed" should be our battle cry! No matter your skin color or religion, if you want to live in America as a free person you need to understand one thing, these elected officials are not working for us, they are working against us!

The republicans in the house once again failed to elect a speaker. The result of the first vote, 20 RINOs voted against Jim Jordan. On the second round of votes there were 22 who voted against Jim. Today, on the third vote there were 25 RINOs who refused Jim Jordan as Speaker of the House.

What does that tell us America? Are they working for us? Is this fight amongst the republican party a fight for our wellbeing and Liberty? Or are we witnessing the power struggle within the *deep state* trying to maintain the “normal” order of the House?

If it is so vital to America, if not having a speaker of the house is so detrimental to our national security, WHY do they sleep? I’m ok with some squabbling BUT this battle is a battle for the party, not for the good of America. The RINOs are out for revenge. I say, if McCarthy is such a great leader, why isn’t he able to unite this party? It was divided when he was elected and it has stayed divided. It appears that Representative Steve Scalise has been the force behind the move to prevent Jim Jordan from becoming Speaker. Why? According to The Gateway Pundit, Scalise took money from Sam Bankman-Fried’s Illegal FTX Campaign Finance Operation, as did 13 of the 22 RINO holdouts. <https://www.thegatewaypundit.com/2023/10/exclusive-13-22-rino-holdouts-derailing-jim-jordan/>

These people are not working for the good of **We the People** or the safety of this nation; they are all about keeping their positions and growing wealthy, no matter from where they receive their funds; they have no morals!

After thousands of phone calls from constituents, supporting Jim Jordan as Speaker, as well as a personal endorsement from President Donald J. Trump, the house still refused to elect Jim Jordan. Who are they working for?

Can you name anything, any one thing the “government” has actually done to fix any of our problems? The immigration crisis didn’t just happen, it’s been going on for years, through both republican and democrat regimes. Regarding the immigration problem, which is now a crisis that has put our National Security at high risk, congress keeps saying, “We need immigration reform!” Well, whose responsibility is that? Theirs! The laws that are in place, which the current installed president is ignoring, were put in place by congress.

What about inflation? Inflation isn’t a virus that attacked the land of America, it is a hidden tax which was intentionally created by government policies!

Instead of fixing problems, government creates them, and they keep them in place, for they serve their purpose. They campaign to fix them, but that is never their true intention.

The tough word of the “day” is **DON'T!**

To the war which is not just looming but is in real time quickly stirring up to be World War III, installed President Biden’s message to Iran and other nations surrounding Israel is a single word, **DON'T!**

Consent of the Governed, let us make this word our own warning to D.C.

D = DC

O = Occupiers

N = No

T = TYRANNY

So, to raising taxes and sending more money to Ukraine; the Consent of the Governed say **DON'T!**

To open borders and welfare to illegals; The Consent of the Governed say **DON'T!**

To passing another omnibus bill, the Consent of the Governed say **DON'T!**

To riots and protests in favor of death to Israel and Christians, the Consent of the Governed say **DON'T!**

To Government controlled healthcare; The Consent of the Governed say **DON'T!**

To Palestinian (Gaza) refugees; The Consent of the Governed say **DON'T!**

To defunding police; The Consent of the Governed say **DON'T!**

To mail-in ballots; The Consent of the Governed say **DON'T!**

To electronic-internet-connected voting machines; The Consent of the Governed say **DON'T!**

To government funded abortions; The Consent of the Governed say **DON'T!**

To government funded sex change surgeries; The Consent of the Governed say **DON'T!**

To equity and diversity policies; The Consent of the Governed say **DON'T!**

To higher taxes; The Consent of the Governed say **DON'T!**

To pornography in our schools; The Consent of the Governed say **DON'T!**

To more American dollars to Ukraine and to Gaza; The Consent of the Governed say **DON'T!**

Remember: ***“Government is not reason; it is not eloquence. It is force. And force, like fire, is a dangerous servant and a fearful master.”***

Government is not self-funded.

Government produces nothing, but extracts from **We the People**.

Government did not fight for your Liberty!

Government gives you nothing without first taking it away from another!

Government is not freedom!

Government is not Life!

Government did not fight for you.

Government did not bleed for you.

Our government was established as a Constitutional Republic. Government has only 4 major responsibilities:

- 1) To protect citizens from foreign invasion.
- 2) To protect citizens from crime and maintain peace at home through law and order.
- 3) To provide justice in the courts.
- 4) To keep the people free (Liberty).

To all things outside of their given responsibilities; The Consent of the Governed say,
DON'T... DON'T TREAD ON ME!

The DC Occupiers are supposed to work for us. Their behavior is the opposite of their duty and job description, according to our Constitution. Government is here for these purposes; to secure safety and peace in our nation and to make sure our economy stays strong and viable to the American Dream.

To share the message of **DON'T** to your congressional representatives, call: 202-224-3121.

It is up to us; The Consent of the Governed to.... **"Bring America Home.©"**

Fair Enough To Say there is far from universal belief Artificial Intelligence (AI) is unbiased. AI, queried on its proclivity for bias, will offer up how bias might occur in AI-produced reference material. On balance, AI bias can be summed up in a digital principle around for a long time, and a reliable fundamental principle applicable when dealing with information. Garbage In, Garbage Out (GIGO).

“Taxes are not levied for the benefit of the taxed.”

~ **Robert A. Heinlein**

One Of “Our, the American People’s” media outlets circulated an article comparing AI models as to their political bias. Article in question found AI models tested responded to political questions were inconsistent with claims those AI model producers made attesting to neutrality. It would be unreasonable to expect all AI models to respond to identical queries if their algorithms are not identical.

“Tyranny is defined as that which is legal for the government but illegal for the citizenry.”

~ **Thomas Jefferson**

Pope Leo XIV Has Taken AI To Task for AI’s potential to corrupt people’s ability to discern fact from fiction, truth from untruth. “We, the American People” would be supremely naïve to expect Pope or President (cleric or legislator) to be unbiased in their respective avocations. Their business is to persuade people to abide by their urgings, to behave as they call for people to behave. Do as I say.

“The most esteemed journalists are precisely the most servile. For it is by making themselves useful to the powerful that they gain access to the “best” sources.”

~ **Walter Karp**

Media saying AI will
take over the world

My Neural Network

AI will take over soon

It Would Be Smart For “Us, the American People” to have a clear grasp of bias as bias applies to AI. Consult any reputable lexicon for bias definitions, one will see varied meanings. In AI’s case, bias might be usefully defined as information misrepresentation. Would not be surprising to find AI bias occurs when politicians are part of how AI is trained. Comparative AI queries ought reveal GIGO.

“Every time that we try to lift a problem from our own shoulders, and shift that problem to the hands of the government, to the same extent we are sacrificing the liberties of our people.”

People Deliberate To Live In Liberty do not allow legislators – or other public officials within These United States of America, to overrule Commonwealth/State (10th Amendment) Sovereignty. They uphold their heritage of self-government and reject illegitimate federal intrusion.
