There Is A Media Article "We, the American People" would be smart to keep in mind when we think about who is in charge of how we live in These United States of America. Article emphasizes how America's Supreme Court of the United States (SCOTUS) consistently ruled in favor of President Donald J. Trump in cases involving him. More importantly, SCOTUS) underscored presidential power.

There Should Be No Doubt in "Our, the American People's" minds who is in charge of how we live our lives in These United State of America. We are. We, as a sovereign citizenry, not government, are in charge of our lives. Doesn't mean we can go around marauding as we please. Does mean we get to live as we like so long as we do not abuse how our fellow -sovereign – Americans live their lives.

There Should Be No Doubt who, finally, seats SCOTUS Justices Us .It is us. We elect America's Congressional Senate legislators. We elect America's presidents. America's presidents nominate likely SCOTUS Justices. Congressional Senate legislators confirm prospective SCOTUS Justices. SCOTUS Justices are SCOTUS Justices because we elected legislator and president to seat them to arbitrate.

We Would Be Supremely Naïve to think SCOTUS justices will render opinions every American is happy with. We are too diverse. We are too unlike in how we want government to intercede on resolving differences in our interaction with our fellow Americans. We want SCOTUS to rule in our favor. We've stood by for years watching the evolution or the divulgence of the reality of who the Democrat Party really is and always have been. They claim America is systemically racist, we are evil, we are living on stolen land, and we are nothing more than selfish colonial-capitalists. Yet, truth in history "divulges" that it was the democrat party who defended slavery and it is they who created the Ku Klux Klan; the Democrat Party is and always has been the party of "Jim Crow."

What Gall!

America is not evil; the Democrat Party is evil!

The Democrat Party is now the party of Marxism and communism. Those two forms of governance are evil; they rely on dictators, while they push the people of a nation into submission and poverty. There has never been a successful nation which uses the

government forms of communism, socialism or Marxism. The elitists of those nations prosper but the people never do. As the old saying goes...

“The problem with socialism is that you eventually run out of other people’s money.”

British Prime Minister Margaret Thatcher

Upgrade to paid

Jobs disappear, and then the people grow hungry, crime escalates, rule of law is ignored and there rapidly grows a two-teared justice system. Which is what today’s Democrat Party resonates and pontificates.

Free stuff always sounds good. When Marxist-Mayor-radical-Islamist-Mamdani says the “government” will provide housing, grocery stores, transportation, etc., where exactly will the government receive the funding for these “entities?” Well, from the billionaires of course. But if that’s true, why are all the working-middleclass folks paying taxes too? Since Bernie is now a millionaire, we cannot seek money from them (him) we must go after billionaires, like President Trump, Bill Gates, Jeff Bezos, Elon Musk and other folks in that billionaire club.

What we need to understand is that socialism, communism, and Marxism, are governments of greed, envy and thievery. Before any government can give to you, it must take something away from someone else. If this is the governing philosophy you admire... then you are a thief at heart.

As for those who say they hate America and we need to “fundamentally change” America; we should ask them to name a specific grievance. Our Founding Fathers, the authors of the Declaration of Independence, laid out twenty-seven specific grievances against the King. I believe it is only right for these haters to lay out specific (no generalizing allowed) grievances as to how their lives have been destroyed or altered because of President Trump.

How has capitalism hurt their lives?

For those who are obsessed with TDS (Trump Derangements Syndrome)... the Rosie O'Donnells, Jane Fondas, Jimmy Kimbals, James Carvilles, Corey Bookers, Hakeem Jeffries, Pocahontas Liz Warren, Robert Deniros, the tax the rich AOC's, the Bernie Sanders, along with an ambrosia-myriad of other Hollywood *has-beens* , how has your life changed? Be very specific! Name one thing that President Trump has done to make your life worse, changed your lifestyle, or cause you to be unsafe? Since **We the People** elected Donald Trump (three times), and we have to listen to your lies and rhetoric about how horrible America is, we deserve to hear details that are direct grievances. ***You cannot have your revolution based on innuendos and personality differences.***

Night after night on the news we hear all about the hate the **Democrat Party has for ICE** (Immigration and Customs Enforcement). ICE was established in 2003 as a result of the 2001 9/11 attack on America by radical Islamists (possible relatives of NY Mayor Mamdani) Reality check: this was long before President Trump was president. However if you listen to the nightly liars, you'd think President Trump invented ICE. The laws that are being enforced by ICE were established by Congress, not President Trump. If the Democrat Party hates these laws and ICE, why did they make no move to change these laws when they had the majority in Congress? Obama made no such attempt while he was "*presidente.*" He did, however, boast of his intention to fundamentally change America, an insurrection against our Constitutional Republic. At least now he has a museum/library, which seems to be missing the "actions" and accomplishments of his presidency.

Upgrade to paid

Let's talk Grievances

Has President Trump refused to assent to laws? No, you're mad because he's enforcing the laws of our land, and trying to remove the millions of "bad guys" you allowed to flow into our nation illegally.

Has President Trump forbidden your governors to pass laws, upon his approval? No, he has allowed your democrat governors to continue their unconstitutional behavior...he has, however, threatened to remove federal funding because of their lawbreaking ways, which is only fair to the rights of all Americans who pay their fair share.

Has President Trump refused to pass other laws for the accommodation of large districts of people unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only? No, he has encouraged the redistricting of states for the purpose of equal and lawful representation for all. However, you have fought against him on such matters, as you have a selfish want for a single political party rule; *favorable to tyrants only*.

Has President Trump called together legislative bodies at places unusual, and also uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures? No, he has not done any of this, however the party of hate seems to leave town when it's convenient for them or there is an inconvenient vote at hand; at which our conclusion would be fatiguing of **We the People**, as it is our business and our Liberty for which they (Congress) should have been working. It is the democrats in Congress who obstruct every move of the People's President, without just reason!

Upgrade to paid

Has President Trump dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people? No, he has not. In fact, it is the representatives in the houses of the people who have infringed upon the rights of **We the People**; be they Local, State or DC.

Has President Trump refused for along time, after such Dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of annihilation, have returned to the People at large for their exercise; the State remaining, in the meantime, exposed to all the Dangers of invasion from without, and convulsions within? No, he has not! In the days leading up to our revolution, the king and his parliament denied the Assembly of New York their representation and eventually dissolved the Assembly of Massachusetts, leaving the citizens of those states without representation. President Trump has encouraged free and fair elections, however the democrats prefer to open American elections to outsiders; such as illegal aliens, regardless of their origin or allegiance, leaving the United States of America vulnerable to dangers of invasions from without and convulsions within. It is the Democrat Party who is gaslighting and leading

those who are misinformed and uneducated, thus allowing foreign interests against Americans! This is now a battle of birthright citizenship in order to protect our land, our people and our laws!

Those are, of course, the first six grievances our Founding Fathers listed in the Declaration of Independence. We were a young and growing nation and the king believed he owned our land and our wealth; he was taxing our Founding Fathers to fund his wars.

Upgrade to paid

Let's continue to look at a few more of those original grievances.

Has President Trump made Judges dependent on his Will alone for the tenure of their offices, and the amount and payment of their salaries? No, he has not! However, Democrat Senator crying Chuck Schumer, admitted to placing federal judges in places for the purpose of obstruction of the executive branch; President Trump. We also saw this same Senator threaten Supreme Court Justices for not capitulating to the "will" of the Democrat-Marxist Party alone.

Has President Trump erected a multitude of New Offices, and sent hither swarms of Officers to harass our people and eat out their substance? No, he most assuredly is not guilty of this, in fact he has cut back and downsized the bureaucracy. However, through the years Americans have been swamped with a swamping amount of alphabet departments and bureaucrats who have assumed the responsibilities of Congress. They tax us via their demands of permits, licenses, rules, regulations, and mandates, and then they fine Americans for not capitulating. These bureaucrats are not elected by "**We the People,**" therefore they have no Constitutional authority to tax us; it is taxation without representation. When **We the People** elected President Trump, with the promise he would drain the swamp and remove wasteful spending of our tax dollars, the Democrats began to scream and immediately called out "their" chosen federal judges to *sic 'em*, and block President Trump and DOGE from dismantling USAID.

Upgrade to paid

Has President Trump imposed taxes on us without our consent? No, he did not, but the swampy bureaucrats most certainly have... the Marxist-democrat-party is on board with

taxing the American people for the benefits of their own political party. “Tax the Rich” is their slogan, but rest assured they are not a party of Robin Hoods.

Has President Trump combined with others to subject us to jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation? Acts of pretended Legislation! President Trump is not guilty of such, but both political parties and their bureaucrats have certainly stacked up laws, federal statutes, and other nefarious rules, regulations, taxes and the like, as “pretend legislation.” You see, anything dictated to **We the People** must be in accordance with, not an infringement against, our unalienable rights.

*Allow me to take pause here and point out that this nation, The United States of America, was not designed to be governed by Lawsuits and Executive Orders. This chaos is nothing more than obstruction of true governance. This does not mean there should never be disputes, but lately the conquest for power of one political party over another has repeatedly placed America in a Constitutional Crisis. As a Constitutional Republic, we are to be governed by the laws in the Constitution, which is a contract between **We the People** and the elected officials, who are in office to “serve” us. Politics was never to be a career, the elected were to do the business of the nation and then go home and take care of their actual jobs or businesses ...not get rich off the backs of their constituents and take advantage of their inside knowledge of things. For the most part, **We the People** were to be governed locally. While the Constitution is the law of the land, the Federal government is only there as a stabilizer, so-to-speak. Recently I’ve listened to accusations from democrats that President Trump and his family are enriching themselves, yet we have all seen congressional members get richer and richer while their constituents struggle to make ends meet. Bernie says, “Pay their fair share.” Perhaps he should practice what he preaches!*

Upgrade to paid

Has President Trump transported large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty and perfidy scarcely paralleled in the most barbarous ages? Has President Trump excited domestic insurrections amongst us? It was not President Trump who opened

our nation's borders and allowed mercenaries, violent gangs, thieves, foreign spies and sleeper cells of terrorists to practice their barbaric cruelties of human trafficking, sex trafficking torture, rape and murder. *I must point out at this time that human trafficking of all kinds is slavery, of which the Democrat Party is once again supportive.* It is not President Trump who is encouraging chaos, riots and lawbreaking to exhaust American citizens. Proof is out that January 6, 2021 was never an insurrection by MAGA supporters, but an insurrection of an election that was highly controversial. Instead of transparency, Nancy Pelosi and others (including VP Mike Pence) chose to deny, ignore, and coverup the results from those states, who election ballots were obviously questionable.

It is not President Trump who is calling for a change in America's governance; it is the Marxist-democrat-communist-party. The real insurrectionists are the democrats. As long as they continue to all vote together ***against everything President Trump***, there is no democrat "wing" of socialists-Marxists; the entire party is anti-Constitutional Republic. Our Constitution cannot coexist with Marxism.

Upgrade to paid

So, once again we should demand specific grievances from those who hate President Trump, and those who claim America is evil.

So far, all I've listened to and watched are lawbreakers trying to block ICE agents from doing their job, rioters blocking highways, and rioters invading churches. Others say that murderers should never be imprisoned, but President Trump should be. The latest is the "algae is beautiful" protests. Did you know some algae is poisonous? *Certain algae, specifically **cyanobacteria** or **blue-green algae**, is highly poisonous to waterfowl and can be fatal if the birds ingest the water or preen the toxic scum from their feathers.* Perhaps that's what's killing the ducks in the reflection pool. Perhaps those who hate Trump, and love algae, put a starter of poison algae in the reflection pool along with their message of 8647. Perhaps their hate is so deep they are willing to sacrifice a few ducks hither and yonder and blame those deaths on President Trump as well.

We see their hate!

We hear their spite and their venomous language!

We listen to their accusations... but there are never any credible grievances against President Trump or our Constitutional Republic.

What is wrong with the democrat-Marxist-party that they hate America? Besides not knowing Jesus, they are greedy-thieving-Marxists, who have one goal in mind. To achieve their goal, they must cause chaos, violence, condemn our Constitution, manipulate our election process, alter our history, pervert Christianity, dissolve the American Family, and ultimately – **Destroy America!**

It's amazing and encouraging that so many World Cup visitors fell in love with America!

Americans were kind they said! (probably didn't meet any democrats)

In America you have refills!

*What is this marvelous tasting dip they just served? **Ranch Dressing!***

Yes, America is a marvelous, glorious, wonderful place to live. We are very blessed to be Americans!

As we who love this nation gear up to celebrate the 250th Anniversary of the signing of our Declaration of Independence, we should make sure we too understand those grievances our Founding Fathers listed.

Bring America Home©

“The power to declare war, including the power of judging the causes of war, is fully and exclusively vested in the legislature ... the executive has no right, in any case, to decide the question, whether there is or is not cause for declaring war.”

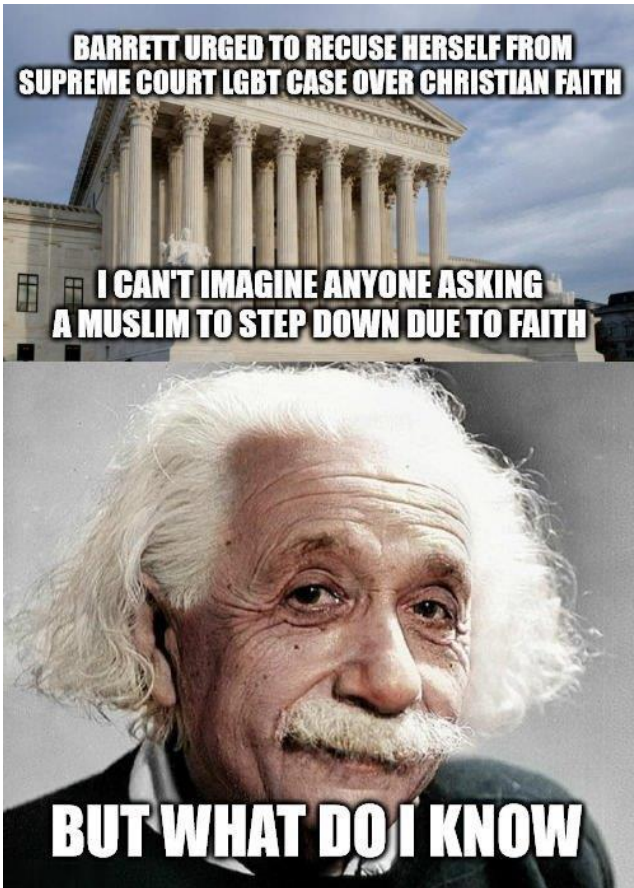

James Madison

“Our, the American People’s” Supreme Court of the United States (SCOTUS) is supposed to – in theory, at least, conduct its affairs with dignity and aplomb. Our confidence in SCOTUS findings can be undermined when SCOTUS Justices act with other than fairness, neutrality, and dignity. Media report a SCOTUS majority opinion author rebuked a dissent-writing SCOTUS Justice lacking brevity.

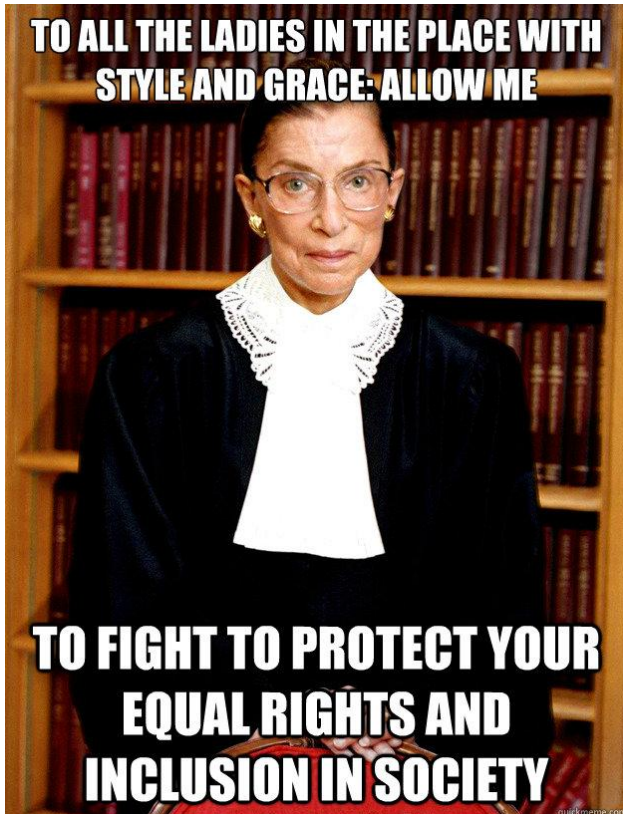

“If Tyranny and Oppression come to this land, it will be in the guise of fighting a foreign enemy.”

~ *James Madison*

Case At Hand Involved Government Authority to turn back asylum-seeking immigrants upon their arrival. Majority opinion was 6-3. Dissent-writing SCOTUS Justice, reportedly, read entire 35-page dissenting opinion from SCOTUS bench, something rare in SCOTUS protocol. Whether “We, the American People” would find such dissenting opinion writer inappropriate would be our prerogative.

“The United States shall guarantee to every State in this Union a Republican Form of Government ...”
~ ***US Constitution, Article 4, Section 4.***

How Journalists Or Other People Reporting on SCOTUS affairs, if such coverage is to be considered factually impartial, would go a long way toward SCOTUS objectivity if they reporting left SCOTUS Justices bench manner uninterpreted. Majority opinion rationale matters, not dissenting frown or smile. Not unreasonable to view reporting individuals as expressing political preference in SCOTUS news.

“The word “Democracy” cannot be found in the American Declaration of Independence, or the Constitution, or in the Pledge of Allegiance to the flag, or the Constitutions of any of the States.”

~ *Unknown*

It Is No More Unlikely SCOTUS Justices Act based on their personal attitudes, values, and beliefs (PAVB) than it is for “Us, the American People” to act on our PAVB. While SCOTUS adjudication protocol might be unanimously supported by SCOTUS justices, there is no way for law, per se, to be PAVB free. Laws are not based on immutable standards; they are rooted in PAVB. News ought not.

“Our whole constitutional heritage rebels at the thought of giving government the power to control men’s minds.”
