“Patriots always talk of dying for their country and never of killing for their country”

~ *Bertrand Russell*

“Our, the American People’s” Golden State Governor is calling for a national billionaire’s tax. Gokde4n State Governor has noble reasons for such a tax. Reasons amount to an economic reset, along with narrowing illusive equity gap. Reasons amount to putting property (wealth) owners under confiscatory authority to wrest their property (wealth); such confiscatory power rests with government.

“The secret of happiness is freedom. The secret of freedom is courage.”

~ **Thucydides**

Golden State Governor’s Motivation for national billionaire’s tax is, media coverage accurate, prompted by Big Apple Mayor’s ostensible influence on shaping America’s democrat party, along with reported growing preference for socialism to replace capitalism in America. It would be smart for “Us, the American People” to grasp socialism’s key principle – government intervention over people.

“The man who asks of freedom anything other than itself is born to be a slave.”

~ **Alexis de Tocqueville**

Under Socialism Wealth (Property) Is Controlled by centralized planning. Socialism works on a key principle of government intervention. Coupled with government intervention is property (wealth) redistribution, free will impediment, dictating and domineering government. ‘We, the American People’ can, with little effort, vote socialism to power. No reason why tyrants can not be elected.

“The program of [classical] liberalism, condensed into a single word, would have to read: property.”
 ~ *Ludwig von Mises*

One Way Or Other. Government Must have public compliance if government is to survive. Survival is, all said and done, nonnegotiable. There must be decision-making authority backed by coercive force. Otherwise, laws would be meaningless. Even when laws are institutionalized by consent-driven cooperation, those in dissent must be held in compliance. Otherwise, laws become purely optional.

“This, then, is freedom in the external life of man—that he is independent of the arbitrary power of his fellows.”
 ~ *Ludwig von Mises*

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to set limits on interest earned or charged in any financial transaction between private citizens or between private citizens and any financial institution or company not backed by public money. They uphold citizen sovereignty and self-government.

“The main political problem is how to prevent the police power from becoming tyrannical. This is the meaning of all the struggles for liberty.”

“Our, the American People’s” President, Donald J. Trump, if he has done nothing else, has prompted a contentious debate over presidential authority. It’s been said initiative is authority’s progenitor. Not necessarily so. Not where bureaucracy is alive and well. Bureaucracy is alive and well in America’s federal government halls. Presidential authority is subject to bureaucracy’s knack for inconclusion.

OBAMA'S DIVISION OF POWER

Unbridled Executive Authority has been a concern whenever executive authority has been part of government. America’s federal (U.S./National) Constitution places limits on powers America’s presidents may exercise on their own accord. Fair to say America’s presidents will use their executive authority based on how their personal attitudes, values, and beliefs (PAVB) urge them is Constitutional.

America's Entire Governmental/Jurisprudence System is based on PAVB reduced to selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). America's commonwealth, federal (U.S./National), and state Constitutions empower legislators to make laws they see fit based on their PAVB-driven interpretation. "We, the American People," finally, must arbitrate.

"lib·er·tar·i·an: One who advocates maximizing individual rights and minimizing the role of the state."
~ *American Heritage® Dictionary of the English Language, Fourth Edition*

It Is Up To "Us, the American People," ultimately, to keep executive authority (government authority at large) from becoming autocratic. Absent our restraint, we can rest assured government officials will use their positional authority to do as they believe necessary to abide by their oaths of office. Surely, if we, as a sovereign citizenry, do not limit government SADLT&E power, it will have no limits.

"The Senate voted 97-0 for an anti-spam bill to stop those annoying things you get on your computer. The senators made it very clear that when you start misleading the American people and start taking their money over false promises, that's our turf, buddy!"

People Expwxtng To Live In Liberty do not allow legislators – or other public officials within These United States of America, to remain in office if they break their word to their constituents. They dismiss and replace them summarily.

“As you may have heard, the U.S. is putting together a constitution for Iraq. Why don’t we just give them ours? Think about it – it was written by very smart people, it’s served us well for over two hundred years, and besides, we’re not using it anymore.”

Many members of the Biden family are moving into the White House. With 16 bedrooms and 30 bathrooms, and free security complementary of American tax dollars, it does seem the perfect compound for their cabal headquarters.

Is Hunter Biden taking refuge in the White House? OR, has the family moved in to help run the Biden-China cartel against America, since the “big guy” is showing increasing signs of mental and physical degeneration? Could this be the reason Susan Rice is now gone?

What was the reasoning behind FOX News parting ways with the network’s highest rated show and host, Tucker Carlson? Recently both Chuck Schumer and AOC were publicly calling for FOX News to fire Tucker Carlson. AOC claimed Tucker promotes violence, Chuck Schumer said the videos were lies. **Are you pondering this?** You should be!

FOX News is only about tantalizing their viewers by merely skimming the top of the truth and never digging into the core of political matters. Tucker Carlson was a corer for truth and now he is gone. FOX news will survive because many Americans are satisfied to simply be tantalized. Perhaps it is true, we can’t handle the truth!

If Kevin McCarthy gave the J6 tapes to Tucker Carlson, who now has legal possession of them, FOX News or Tucker Carlson? Do they not rightfully belong to **We the People?** There is only one reason government officials do not want

Americans to see what those tapes reveal. While we are told it is for national security, it is truly for the security or protection of those “on the inside” committing treason against America. Truth is their enemy!

Joe Biden was not able to announce his candidacy for his second presidential term before a LIVE audience. Are we to believe he is able to have LIVE intelligent meetings with foreign dignitaries?

Biden’s campaign promise to democrats is to lead a hate campaign against MAGA Americans. If you arrest the voters of your opponent, you can probably win an election.

Biden and his family have received millions of dollars from China, Russia, and Ukraine.

Chuck Schumer was speaker for a fundraiser for known Chinese Spies in NY.

Mayor Eric Adams helped with the fundraiser for the Chinese Spies in NY.

Eric Swalwell slept with a known Chinese Spy.

Diane Feinstein employed a Chinese spy.

Someone has been approving of China buying American farmland close to America’s military bases.

China openly sends a spy balloon across this nation and Biden literally looks the other way, only shooting it down after Americans complained and China confiscated American information vital to our national security.

Biden welcomes and meets with the heads of Tik-Tok to the White House numerous times.

Has America been sold out to China by the Democrat (CC) Party?

Politics is no longer noble; it is a dirty business. Greedy in nature and seemingly just as violent as Bonnie and Clyde, Baby Face Nelson, Pretty Boy Floyd, and other gangsters in days gone by.

Our government is now aiding and abetting human trafficking and the so-called free United States of America is now “the hub” and number one nation in human trafficking. It is my suspicion this evil has always been the reason Congress and several administrations refused to act on illegal immigration in this nation. The Congress under President Donald Trump refused to fund the building of the wall to curtail the illegal influx of immigrants. It is so bad today that America will need an army of Harriet Tubmans to save all these victims, women and children.

Our children are being used and abused for the pleasures and profits of evil men. Our leaders now try to tell us that good is evil and evil is good.

We constantly receive snippets of news informing the American people of corruption, yet after all the committee hearings and the special counsels, no one is ever held accountable for the treason that is brought against **We the People and America. Lady justice has been reduced to a court jester.**

If they want to censor and remove free speech...

If they want to confiscate your guns...

If they want to lockup those with whom they disagree...

We must conclude that America is no longer free!

When watching “The Virginian” one day, I heard the wise cowboy say, **“When you see a wrong, you fight to right it, if you don’t, you become a part of it.”**

It’s important that we question and examine everything our politicians are doing; every piece of legislation, every crisis they present, and every scandal and corruption that’s presented to us. It’s important that we not allow

ourselves to become a part of the wrong (the evil) that is being done in America today.

This is *our* nation America; the elected officials are our employees. We have been on vacation too long and the employees have placed themselves in positions of what would seem to be imperial power.

We were never in this together... but they *all* were!

“When once a Republic is corrupted, there is no possibility of remedying any of the growing evils but by removing the corruption and restoring its lost principles; **every other correction is either useless or a new evil.**” — Thomas Jefferson

When you see a wrong, you fight to right it, if you don't, you become a part of it. The wrong is now an existential threat to every American and to our national security. The corruption is deeply embedded, and it will take a lot of *True Grit* from **We the People** to remove it and restore Americas Lost Principles... To **Bring America Home.©**

In **Daniel 21:2 KJV** God's Word says, *“And he changeth the times and the seasons: he removeth kings, and setteth up kings: he giveth wisdom unto the wise, and knowledge to them that know understanding.”* The International Standard Version states it this way...*“It is God who alters the times and seasons, and he removes kings and promotes kings. He gives wisdom to the wise and knowledge to the discerning.”*

God will hold America accountable, that I know for sure! ...but He is a God who keeps His promises; will His children return to Him?

“If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.”

2 Chronicles 7:14 KJV

*As we ponder the evil events of today, I pray to You, Abba Father for Your gift of discernment. I pray that You, Oh God, will heal our land. Please protect Your children and those who are fighting to **Bring America Home** to You. Amen*

“One Of “Our, the American People’s” larger media outlets has an article in circulation claiming socialism has already won over America’s classrooms. I might catch some heat for this, but I think kids who are born in America to illegal aliens are just as illegal as their parents are!

“We, the American People” would be smart - very smart, to bear in mind one thing when ‘education’ is in political focus. Education - no matter how public officials, special interest advocates, community organizers, or street vendors selling hot dogs argue about education’s importance - has a solitary purpose. Education’s purpose is to control behavior. No other purpose has education. Not one.

Government Oversight Hooks Are Deeply Set in education. Reasons for government involvement amount to, in theory, to assure all students, no matter their social status have equal opportunity to have a high-quality education preparing them to be productive, self-reliant citizens. If, in fact, it is true socialist candidates are winning elections because socialism is taught in school, it is to control votes.
