DEAR VEGANS, IF YOU ARE TRYING TO SAVE THE ANIMALS STOP EATING THEIR FOOD

“Our, the American People’s” Supreme Court of the United States (SCOTUS) has a knack for fostering festering controversy. SCOTYUS June 30th, 2026 decision on birthright citizenship was split 5:4. One majority-voting Justice could have tipped decision to stop children of illegal parents from gaining birthright citizenship. One Justice decides for some 340 million Americans. Profound judicial power.

SCOTUS Justice Clarence Thomas is one record chastising SCOTUS birthright majority-voting Justices for engaging in judicial activism. Constitutionality interpretation notwithstanding, Justice Thomas is on an uphill climb if he's to prove Majority0voting Justices were in error. As valid an argument would be birthright citizenship writers, in their day, did not anticipate illegal parental factor.

SCOTUS Justice Neil Gorsuch Is On Record letting "Us, the American People" know he wants SCOTUS to reconsider cases Justice Gorsuch has concluded were decided in error. There are no standards for Justice Gorsuch to use as incontrovertible arguments. Namely, because neither our courts nor our legislators have incontrovertible standards to apply when making laws or adjudicating laws.

“We, the American People” have due cause to find SCOTUS decisions are not sacrosanct. SCOTUS decisions are unenforceable, for example, if America’s government executive branches do not act to make SCOTUS decisions how, as Americans, we shall live. Congress can render SCOTUS decisions impotent by revising pertinent law. We can, en masse, treat SCOTUS decisions as all but weightless.

SCOTUS Justices, By Their Deciding numerical vote ratios, can cast doubt on SCOTUS decision veracity. Questionable SCOTUS decision legitimacy gains credibility if Justices attack each other when one Justice accuses another Justice of judicial ineptness or, say, inferior intellectual ability to consider evidence in light of legal precedent. “Our, the American People’s” SCOTUS trust wanes.

No Easy Task, It Is, For "Us, the American People" to keep government on Liberty's straight and narrow pathway. We would be patently too trusting to accept motives of those in lawful office to be immune from personal attitudes, values, and beliefs (PAVB). Nor, can we trust Constitutionality will insulate us from government officials' PAVB. Our refuge is our proactive sovereign citizenry authority.

President Trump, enduring much anger and misdirected scrutiny, has been busily working to dust off the cobwebs, figuratively speaking, from America's special monuments in DC. I personally applaud him for this and the awesome idea of The Great American State Fair. As to its success, you must be your own judge. Those who suffer from TDS or promote Marxism over American Freedom, resent all things America! They have vandalized and graffitied monuments, statues, buildings, and yes, the reflecting pool. They prefer swampy, poisonous algae and fecal filled tributaries to a clean and beautiful America. But then, that's what their third-world Marxism brings. The land and nation lays desolate and unremarkable, because there is no incentive to work, or to clean, and there is no accountability from anyone regarding anything.

The symbols of our nation's monuments fill us with pride. These monuments are only symbols. Our Founding Fathers and those pioneers before us braved great obstacles to

secure our Liberty today. American soldiers have answered the call to preserve Liberty here at home and for others abroad. Lately we are taught that we should be ashamed of our past, and it seems that we take what freedoms we have for granted. Our Founding Fathers believed this nation was blessed by God and served an evangelical purpose. I got to thinking one day, what would Lady Liberty have to say, so I script the following poem.

If I Were Lady Liberty

July 2021

If I were Lady Liberty,

I'd shine God's Light upon this land,

So that all the children in this world

Would know and understand...

Freedom isn't Liberty,

And Liberty isn't Free.

Truth is Light, and Light is God,

Who lives for all to see!

It is the Heavenly Father,

Who has blessed our lives and land.

Our Founding Fathers looked to Him

For guidance and a plan.

Our Sovereign God

Has a Sovereign Plan

For His Sovereign People

Of this Sovereign land.

If I were Lady Liberty

I'd want all to understand,

God's Word must not be forgotten;

His laws must rule this land.

For Love - For Life – For Liberty

For happiness...prosperity

America is said to be

The land of opportunity.

If I were Lady Liberty

I'd want all people to see

Not my arm lifted up so high,

But God's outstretched for Thee.

For I am but a Statue

Standing in the sea,

Merely just a symbol

Of opportunity.

It came by sacrifice and woe

This vision from our men of old.

Their sacrifice brought Liberty

Not this statue in the sea.

If I were Lady Liberty

This truth I'd share with thee,

The Lord and the Spirit are one in the same, you see,

And where His Spirit is, there too lives Liberty!

We have an obligation

In this land so rich and free

To share God's Love and be His beacon

For Truth... For Life... For Liberty.

Now the Lord is the Spirit, and where the Spirit of the Lord is, there is Liberty. 2 Corinthians

Those Of “Us, he American People” who disagree with America’s Supreme Court of the United States (SCOTUS) June 30th, 20326 decision children of illegal parents are entitled to birthright citizenship will have to decide if taking on SCOTUS is smart. Making no contrary decisions is, in effect, going along with SCOTUS decision. All chips in, it is us who are final Constitutionality authorities.

“A patriot must always be ready to defend his country against its government.”

~ **Edward Abbey**

“We, the American People” would be smart, if we expect to have freedom under Liberty prevail in These United States, to recognize, acknowledge – and assert out sovereign citizenry authority if need be – we, indeed, are final arbiters for all government action. Government action in question is all action taken on our behalf and/or all action taken against our will. We are so and do so to avoid tyranny.

“Suppose the Second amendment said “A well-educated electorate being necessary for self-governance in a free state, the right of the people to keep and read books shall not be infringed.” Is there anyone who would suggest that means only registered voters have a right to read?”

~ **Robert Levy**

SCOTUS Decisions Are, Like All court decisions, all government executive orders, all laws, made as personal attitudes, values, and beliefs (PAVB) prompt decision makers to decide. No laws, no court actions, no executive orders are otherwise based; all have their codified origin in PAVB held by those making decisions or taking related actions. Laws and related adjudication thereof are not immutable.

“The government’s War on Poverty has transformed poverty from a short-term misfortune into a career choice.”

~ **Harry Browne**

"Our, the American People's" triumvirate governmental system, while much touted for its intrinsic 'checks-and-balances' nature has no feature not subject to vagaries of time. SCOTUS of today can overturn SCOTUS of yesterday. Laws are laws till rescinded or replaced. A free, sovereign citizenry of today can change those of yesterday, be changed by those of tomorrow, SCOTUS not immune.

"An inevitable consequence of socialism is the division of society into two groups: those who are consuming government "services" and those who are paying for them."

~ **Lee Robinson**

People Deliberate To Live In Liberty do not allow legislators – or other public officials within These United States of America, to impose direct taxes of any kind. They forbid government from confiscating their property.
