“The government that we gave limited power to – to protect our rights – has grown into a hideous behemoth that continually increases its power and now enslaves the people, and causes strife throughout the world.”

~ *Tom Parker*

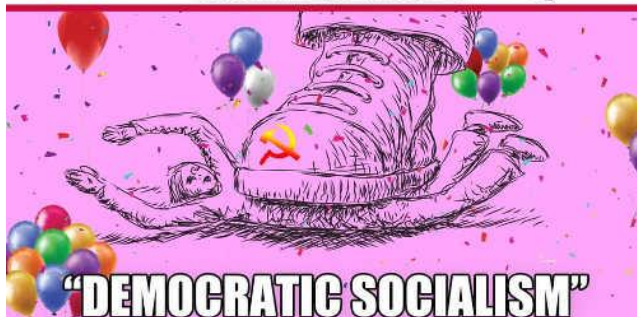

There Is A Curious Question floating about on media prompting “Us, the American People” to consider essence of democratic socialism. It might be atypical for some of us – some of us who find it intriguing to deal with curious questions – to do some digging on how democratic socialism works compared to, say, capitalism, and how each has been successful through time. Each appeals to power.

“Those are my principles. If you don’t like them, I have others.”

~ **Groucho Marx**

COMMUNISM

Theoretically, Structurally, Conceptually, Politically democratic socialism is an economy run by social ownership; capitalism is an economy run by private ownership. Suffice it to say democratic socialism operates by ordered cooperation, capitalism operates by competition. Suffice it to say freedom of choice is more prevalent in capitalism, regulated choice more so in democratic socialism.

“Many say that since all the signers of the Constitution were Christian, this is a Christian country. However, they were all white males as well. Are we a White Male Country?”

~ ***“bostnfound”***

Why “We, the American People,” or any people would choose democratic socialism over capitalism, or vice versa, is fodder for endless debate and deliberation for they who make it their task to understand why group behavior behaves as group behavior behaves. Politically, no unreasonable presumption to say politicians care not if democratic socialism or capitalism as long as they control wealth distribution.

“Nothing gives one person so much advantage over another as to remain always cool and unruffled under all circumstances.”

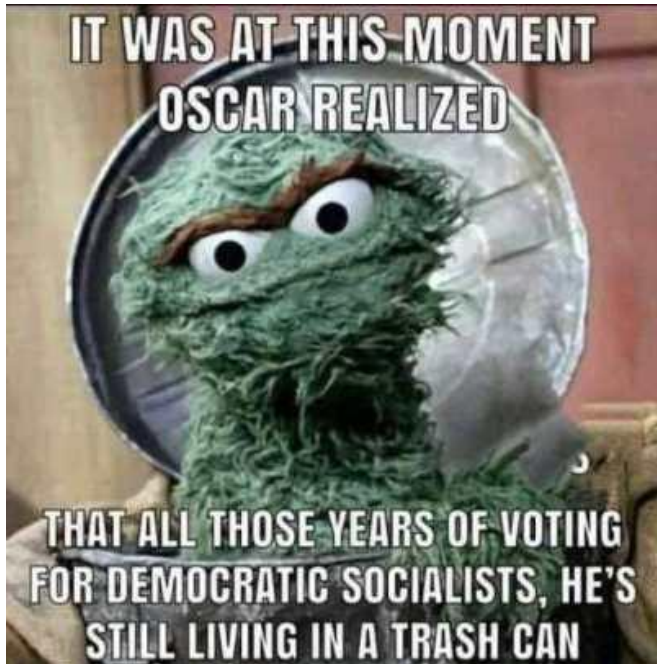

~ ***Thomas Jefferson***

Were It “Our, the American People’s” inclination to do some digging on comparative success, democratic socialism to capitalism, we should not be overly surprised to find capitalism has an upper hand. Capitalism has an upper hand, provided an overall improvement in quality of life is used as a quality-of-life measure over time. Democratic socialism has an edge where competition is spurned.

“Most people ... aren’t just ignorant or stupid: While they disagree among themselves about the details, authoritarians of one sort or another constitute an overwhelming majority.”

~ ***Max Orhai***

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to subsidize private enterprise with public money. They uphold free markets.

“Benevolence comes from within as a reflection of our personal, individual sense of well-being. To force it, externally – through moral intimidation (altruism), social intimidation (duty), or at the point of a gun (legislation) – debilitates our personal sense of well-being and negates the source of benevolence.”

WAKE UP DEMOCRATS!

Media Outlets Are Reporting to “Us, the American People” Birg Apple Mayor Zohran Mamdani is wasting no time getting his project of government takeover of housing underway. Mayor Mamdani operatives are, reportedly, using policies to tighten regulatory screws on landlords to keep landlords from completing code-mandated rental building repairs from happening due landlord unaffordability.

“The greatest danger is from legal drugs.”

~ **Terry McNally**

If a woman gives birth at the Supreme Court, is her baby entitled to automatic status as a justice?

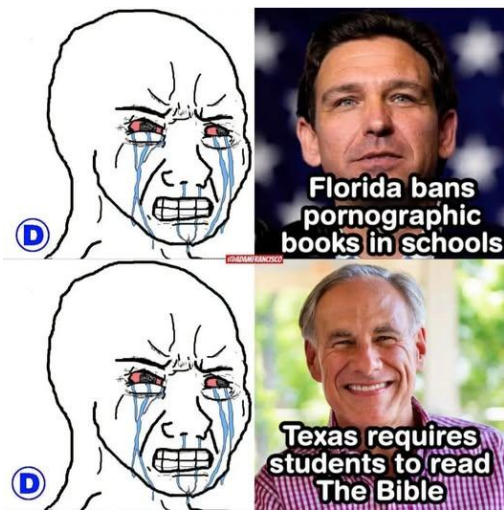

Mamdani Government Housing Takeover is within legal constraints by opting to take control of rental vacancies landlords have not kept in good repair. “We, the American People” would be smart to see Mamdani housing takeover as working like virtually everything else works. There are no free government housing lunches. No free housing lunches. Someone, somewhere, somehow gets to pay.

“Poverty is the greatest cause of terrorism.”

~ *Azmat Hassan*

Terrorist Torn Between Going On Violent Jihad Or Getting Elected As Democratic Senator

When Government Subsidize Housing rental costs, those rental housing stabilization costs are funded through taxes levied on “Us, the aAmerican People.” Doesn’t matter if it’s ‘the rich’ who pay, it’s people who have their property (wealth) confiscated to pay for government-subsidized programs and projects. Those of us among ‘the rich,’ eventually, find ways to avoid taxes, or, leave.

“In almost all matters, the real question should be: why are we letting government handle this?”

~ **Harry Browne**

It Might come As A Surprise to Big Apple Mayor Zohran Mamdani if his government housing takeover does not go as he plans. Mayor Mamdani's housing takeover depends on property (wealth) confiscation to succeed. There may be some opportunists who will try getting ahead by cooperating. Sooner or later, all landlords will face similar financial troubles. Where costs are unfunded, buildings will be empty.

"Equality before the law and material equality are therefore not only different but are in conflict with each other; and we can achieve either the one or the other, but not both at the same time."

Amendment II

**A well regulated Militia, being necessary to the security of a free State,
the right of the people to keep and bear Arms, shall not be infringed.**

The Bill of Rights is exactly as we have always believed! The original Ten were put in place to let those in government positions know that there are boundaries for which they may not cross! Recently Supreme Court Justice Ketanji Brown Jackson made the following absurd statement; *"My biggest concern is that your view has the First Amendment hamstringing the government in significant ways."* It is troubling to think that a Supreme Court Justice has the belief that it is okay, and even the duty of government to usurp the rights of the people, when of course, our Constitutional Republic is exactly the opposite of that principle opinion. **"... The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States.** (excerpt the Declaration of Independence)

The very purpose of the Bill of Rights is to hamstring the government! Now you'd think that a highly educated Supreme Court Justice would know that fact. I believe she does know that fact, but she is a "big government-socialist" who would rather throw out your rights and allow "government" to walk all over **We the People** and limit Liberty, as they "eat out our substance!"

Upgrade to paid

It was April 8, 2021, when President Joe Biden made this statement from the Rose Garden *"...today, we're taking steps to confront not just the gun crisis, but what is actually a public health crisis. Nothing — nothing I'm about to recommend in any way impinges on the Second Amendment. They're phony, arguments suggesting that these are Second Amendment rights at stake from what we're talking about.*

But no amendment — no amendment to the Constitution is absolute. You can't yell crowd — you can't tell [yell] "fire" in a crowded movie theater and call it freedom of speech. From the very beginning, you couldn't own any weapon you wanted to own. From the very beginning that the Second Amendment existed, certain people weren't allowed to have weapons. So the idea is just bizarre to*

suggest that some of the things we're recommending are contrary to the Constitution."

Of course crying fire in a crowded theater is not free speech, however disagreeing with an opinion of a government official or even questioning an election outcome, is free speech; and it is absolute! As long as you are not violent or inflicting pain or injury to others, you have the right to speak freely and candidly.

**Removing The Second Amendment Is Not For Your Safety – It Is For Theirs!
There is only one reason for a government to want to disarm its citizens, and it is called TYRANNY!**

What would our Founding Fathers have said to such a statement claiming that you have no absolute right to speak, or to "bear arms."

Patrick Henry put it this way, "O sir, we should have fine times, indeed, if, to punish tyrants, it were only sufficient to assemble the people! Your arms, wherewith you could defend yourselves, are gone; and you have no longer an aristocratical, no longer a democratical spirit. Did you ever read of any revolution in a nation, brought about by the punishment of those in power, inflicted by those who had no power at all?"

Noah Webster stated it this way, "Before a standing army can rule, the people must be disarmed; as they are in almost every kingdom of Europe. The supreme power in America cannot enforce unjust laws by the sword; because the whole body of the people are armed, and constitute a force superior to any band of regular troops that can be, on any pretence, raised in the United States."

After suffering from a tyrannical king and his governors, our Founding Fathers knew that the way to keep a government "in check" was for the people to have the power to object! Just knowing that the people are armed stifles the tyrants to

some degree. Removing power from **We the People** gives full-speed-ahead to the tyrants and their injustices, who no longer rule via our Constitution.

*"A free people ought not only be armed and disciplined, but they should have **sufficient arms and ammunition** to maintain a status of independence from any who might attempt to abuse them, which would include their own government." George Washington*

That statement doesn't seem to me that our Founding Fathers believed we should be limited in ammo or type of weapon.

Upgrade to paid

Armed mercenaries!

It seems that we have military aged men crossing our borders (or being flown in by Biden's regime) ready to take up arms. While they are beating up and shooting our local police, it was recently determined that these illegal aliens have a "right" to be armed but Americans citizens, not-so-much, according to Joe Biden.

While visiting South Carolina, I stumbled on to this little ditty. I realize this is just a copy of what was seen back in the day of our declaring Independence away from King George III. However, today we are in a tyrannical fix once again. We're not dealing with one king an ocean away but an ocean of little-king-wannabes living among us and, unfortunately, in government positions of power. Oh, and they really-really-want to remove the 2nd Amendment and disarm you.

Here is the piece of paper I found folded up and in my pathway. I'm not suggesting this is what we need today, I am suggesting we should always be prepared.

“Our, the American People’s” average 2026 pay raise is projected to be on order of 3.5%. An average American worker in 2026 will have earned some \$65,440. By way of comparison, Big Apple Mayor Zohran Mamdani will see his pay go up by some 18.2 %, based on a recommendation from a Mayor Mamdani-approved commission. Big Apple’s Mayoral Mamdani pay will be some \$305,800 in 2026.
