Most common legal conversation

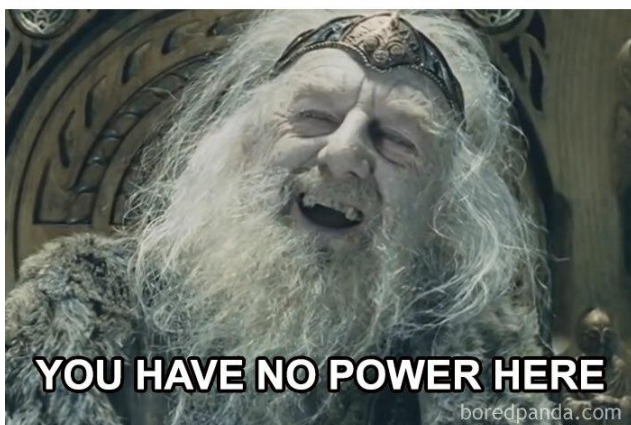

“Our, the American People’s” media words is our Congressional GOP legislators are intent on legislation to deal with America’s Supreme Court of the United States (SCOTUS) June 29th, 2026 Birthright Citizenship decision and bring citizenship right more consistent with bona fide entitlement, rather than mere fact of being born on U.S. soil. No end to Constitutionality versus legislation fight.

“Public schools are government-established, politician- and bureaucrat-controlled, fully politicized, taxpayer-supported, authoritarian socialist institutions. In fact, the public-school system is one of the purest examples of socialism existing in America.”

~ ***Thomas L. Johnson***

Judge: And now I will read you the law that you must follow.

The Jury:

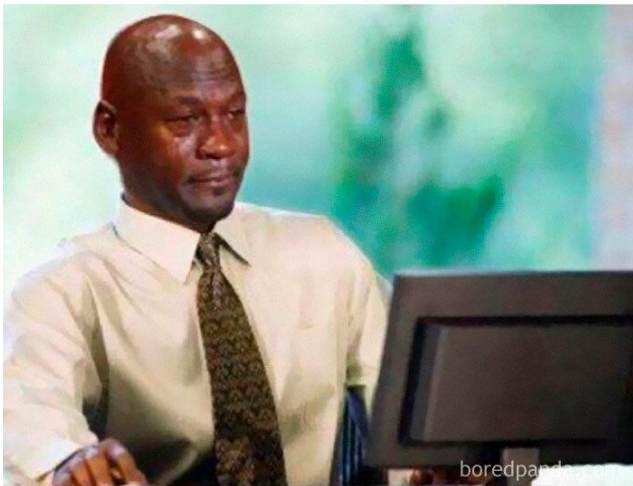

“We, the American People” are absolute fools to think our legislative-jurisprudence system is composed of anything other than personal attitudes, values, and beliefs (PAVB) made law or court decision. Legislator and judge will, without exception, make and adjudicate laws based on legislator and magistrate-held PAVB. There are no laws or court opinions steeped in immutable standards.

“[T]he government of the United States is a definite government, confined to specified objects. It is not like the state governments, whose powers are more general.”

~ ***James Madison***

Law articles on Google telling you
to consult a lawyer to learn more
but you are the lawyer:

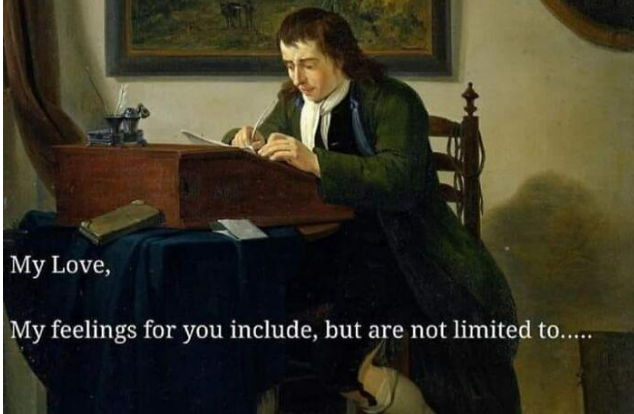

It Is Not Unreasonable To Characterize Law and Constitutional amendments as efforts to control people's behavior into perpetuity. Such has been a political aspiration held by “Us, the American People, as political party members and people looking to have our PAVB made lawfully compulsory since America breathed Her first breath. Civilization-wise, since people felt a need to control people.

"I think we have more machinery of government than is necessary, too many parasites living on the labor of the industrious."

~ ***Thomas Jefferson***

How lawyers write love letters

Efforts To Make Permanent Laws and permanent court opinions are likely to go on indefinitely. We can be all but certain they will go on as long as America's relations produce legislatures and courts with competing ideologies adherents intend shall be behavioral standards for everyone. PAVB tyranny, in all its clever disguises, has been after such power forever - and will be. While choice steadily repels.

"The operations of the federal government will be most extensive and important in times of war and danger; those of the State governments, in times of peace and security."

~ ***James Madison***

Me, after three years of law school,
spotting incredibly obvious legal
errors in movie scripts:

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to permit federal authorities or courts to define or limit their 10th Amendment powers beyond specific Constitutional constraint. They protect their lives and property against “State” intrusion.

Dear Bernie Sanders,

I want to commend you on your selfless ambition to destroy the oligarchy. I was also curious as to when you plan to retire, since you will no longer be employed as a spokesperson for the democrat-socialist-oligarchy once it is abolished.

I was shocked when you announced this! I wondered if you were going to switch to the Republican Party soon, because the democrats are embracing oligarchy,

as they continue to ignore primary election choices made by their constituents, which we both know is a blatant violation of our Constitution.

What was the final blow for you? Was it when your socialist democrats endorsed the Nazi, Graham Platner? Is it now, that your oligarchy-party is ready to give Platner the boot and replace him with a non-primaried candidate? Was it when your man Mamdani decided to enrich himself and his staff, while crushing all the good people working hard to make a living in New York City? Be honest now Bernie, was it because you actually fell in love with capitalism, after capitalism made you a millionaire from the sales of your anti-capitalist books? Did you come to the realization that your democrat-socialist party wants a one-party rule and that is the very essence of an oligarchy, which I know you said you wanted to end. Was it all the fraud that your party has committed using the bureaucracy by taking the American people's tax dollars and using them for foreign aid? Or was it their taking of the tax dollars, to prop up their favorite NGOs or non-profits, which in turn then donate back to the democrat-socialist party? Or, did you finally realize, regardless of your love and support for Mamdani the Oligarch and your democrat-socialist party, that Mamdani will turn on you because you are a man born a Jew and Mamdani's people have sworn genocide against your kind.

It is well known that the elected members of the democrat-socialist party, just like an oligarchy, always stick together and always vote the same, regardless of the scandal, crime, unconstitutionality, or any sort of trans-absurdity. Did they all finally go too far?

The real truth, Bernie, is that you believe in and worship the oligarchy and there's no way you'd ever disband or abandon it, because all the oligarchy-ness belongs to you. You would like to convince all those sheeple who listen to you that President Trump's administration is oligarchical, but that's not gonna fly. Power is what matters to your egotistical-oligarchy-democrat-Communist-Marxist-socialist-party.

Spoiler alert Bernie: Americans see the unconstitutionality of your democrat-oligarchy. We watched your party force the election of brain-dead Joe Biden, and then try to reelect him, then give him the boot, and then replace him with a non-primaried candidate. For four years we watched the unelected democrat-oligarchy of the Biden administration run this country into the ground, as they pushed policies to destroy our Constitutional Republic and opened our borders to enemies from all over the world. We've seen how your self-acclaimed-elite-democrat oligarchy attacked President Trump, using lawfare. We watched your cold-hearted reactions as Angel Families begged for answers and safety. We have seen the results of the democrat-oligarchy-blue-states, as they break the laws of the land and continue to allow more Americans to be raped, murdered, and plundered.

We the People know that you, Bernie Sanders, are a leader in the oligarchy that is working to destroy America. We are not going to continue to honor a democrat party that hates America. As far as I'm concerned, the democrat-oligarchy-loving-party is dead to America!

So...

Dear Bernie Sanders,

"Long Live the Constitutional Republic: Liberty Forever!"

~ *Eric Englund*

The two-party system leads to permanent despotism! I told you that 200 years ago! Think, America, think!

“We, the American People,” if we take a hard look at Big Apple Mayor Zohran Mamdani’s agenda and governance style, will find little difference between His Honor and anyone who seeks lawful compulsory power over other people. Media articles reporting on Mayor Mamdani’s intent for Big Apple citizens’ future amounts to property (wealth) confiscation and choice (Liberty) restriction.

“We cannot restore traditional American freedom unless we limit the government’s power to tax.”

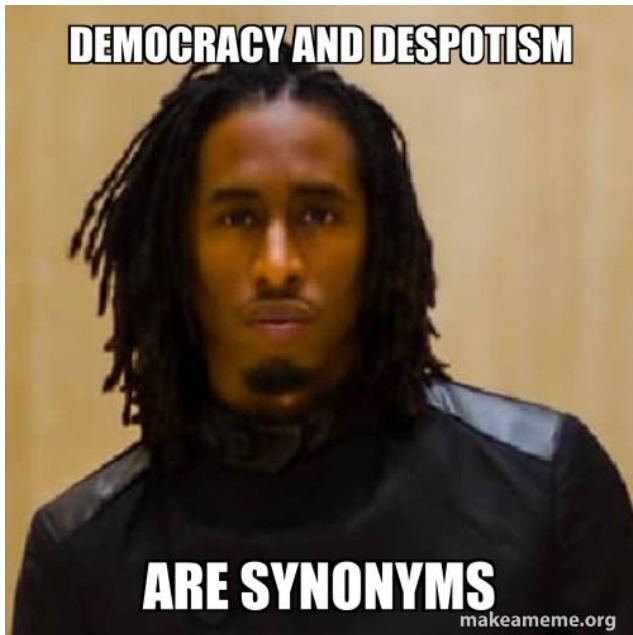

~ **Frank Chodorov**

Mayor Mamdani, Reportedly, Made It Known New York City was America’s first capitol. Hard to know why his pronouncement was newsworthy. Any of “Us, the American People” who attended mediocre schools knows there have been several United States Capitol Cities early on in America’s history. Mayor Mamdani might be as well versed on how excessive government counters freedom.

“Government is force, and politics is the process of deciding who gets to use it on whom. This is not the best way to solve problems.”

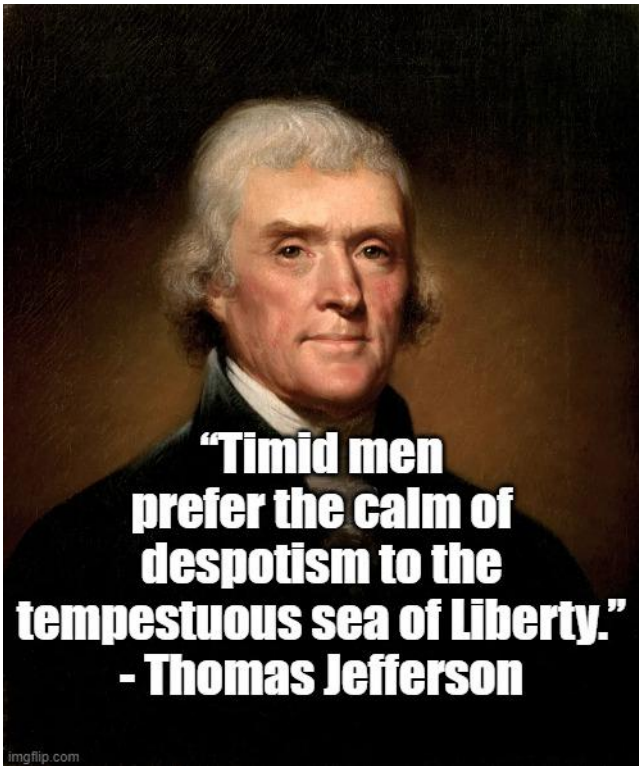

~ *Richard Grant*

“Our, the American People’s” media report Mayor Mamdani would rather govern America than put his leadership to work on a lesser task like being Big Apple’s mayor. People with tyrannical tendencies, historically, have worked to have as much dominion over as many people and as much territory as they could muster. Eventually, they all became fallen prey to their own overestimates of their ability.

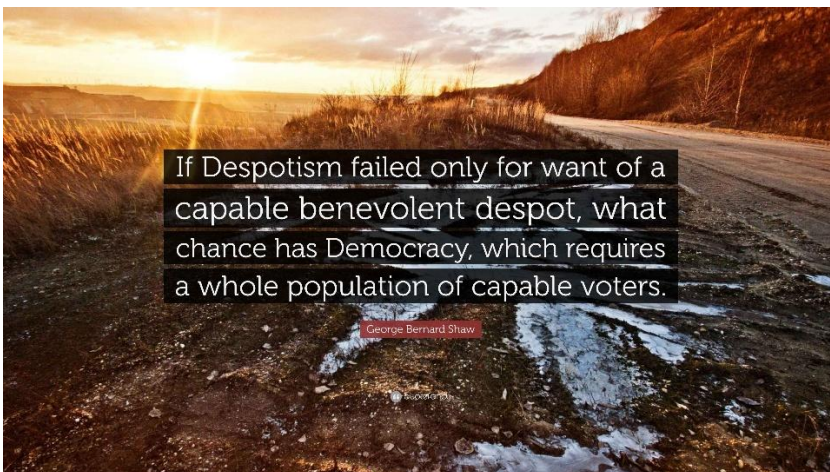

“The good governor should have a broken leg and keep at home.”

~ *Cervantes*

Sooner Or Later, Mayor Zohran Mamdani's grandiose plans for reforming New York City, possibly America's Empire State and America at large, will be held in account by New Yorkers and Americans at large. It is, like as not, to come down to figuring out who gets to pay for Mayor Mamdani's grand plans. For now, Mayor Mamdani expects to have wealthier people pay. Sooner or later, everyone pays.

"A man is none the less a slave because he is allowed to choose a new master once in a term of years."
