“The State did not own men so entirely, even when it could send them to the stake, as it sometimes does now where it can send them to the elementary school.”

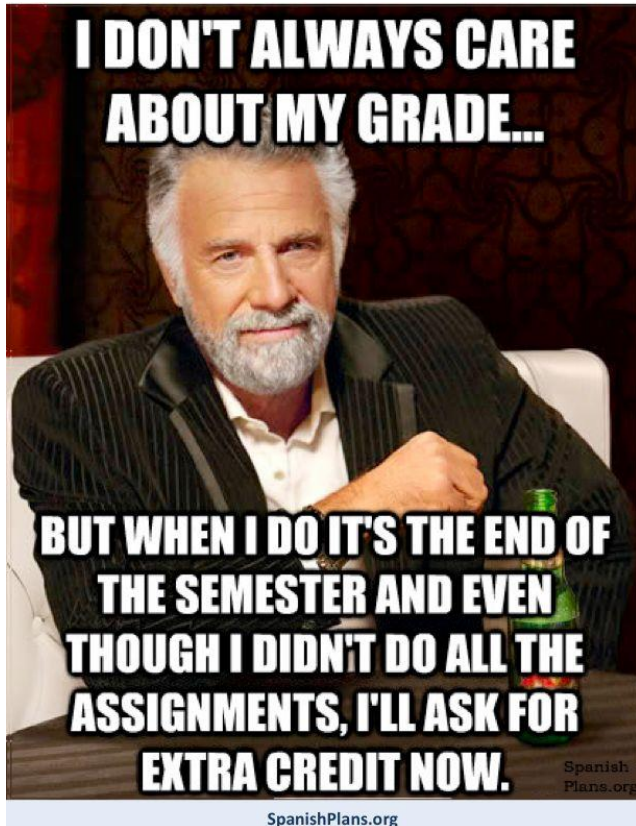

~ *G.K. Chesterton*

“*We, the American People*” are in dire need of a federal (U.s./National) Constitution amendment to protect America’s education system before America ceases to exist as we know it. So, say they suffering cardiac anxiety, now America’s Supreme Court of the United States (SCOTUS), by a 5-4 decision, has declared President Donald J. Trump empowered to dismantle federal Education Department (DepEd).

“Much education today is monumentally ineffective. All too often we are giving young people cut flowers when we should be teaching them to grow their own plants.”

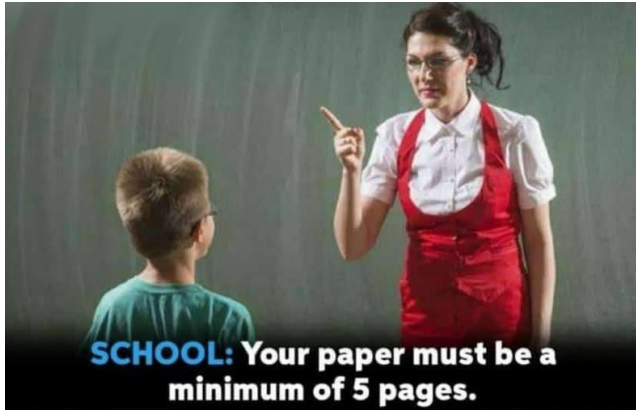

~ [John W. Gardner](#)

[Media Coverage Of America's](#) federal DepEd include an article wherein a writer characterizes America's federal DepEd as showing up when states fail poor children. It might come as a surprise to some of "Us, the American People" America's federal DepEd was in business to attend to America's poor children. Moreover, implication being states will not attend to America's disadvantaged children.

“No man who worships education has got the best out of education... Without a gentle contempt for education no man's education is complete.”

~ [Gilbert K. Chesterton](#)

SCHOOL: Your paper must be a minimum of 5 pages.

REAL WORLD: Explain it to me in seven seconds or I'm out of here.

It Would Be Smart For Us To Bear In Mind “Our, the American People’s” ‘education’ system has a solitary purpose akin to ‘education’ wherever it takes place. Education’s purpose is to control behavior. Doubtless, they who are in consternation over federal DepEd dismantling would argue education is much more than controlling behavior, might even argue education prevents behavior control. Let them.

“No one has yet realized the wealth of sympathy, the kindness and generosity hidden in the soul of a child. The effort of every true education should be to unlock that treasure.”

~ *Emma Goldman*

Another Argument Against Dismantling DepEd might be DepEd funding to outlying educational centers. DepEd funding comes from taking funds from commonwealths, states, counties, people. No DepEd, no pass-through cost of taking money to parcel it out as DepEd officials think good and proper. Education funding and control belong to parents, then people, then courtesy volunteer contributors.

"Real education must ultimately be limited to men who insist on knowing, the rest is mere sheep-herding."

Good For Goose, Good For Gander. Meaning, if something applies to one person, it should apply to others as well. A similar corollary would be concept no one is above law. "We, the American People" could, with a little creative thinking, figure America's legislators-politicians are not always for or against a socio-economic idea as much as they are for or against who advances a socio-economic idea.

"Among the natural rights of the colonists are these: first, a right to life; secondly, to liberty; thirdly to property; together with the right to support and defend them in the best manner they can."

Media Report To “Us, the American People” a Congressional Senate legislator is facing prospect of prosecution for fraudulent financial action backed by documentation, whereas, same legislator accused President Donald J. Epstein is dead and that's a good thing, but we cannot let this story and criminal behavior go. Justice needs to be served for all the victims of Epstein Island and Epstein's plane rides! Epstein was selling (human sex trafficking), but who were those buyers? Young girls' lives were forever changed! There is no true justice until the buyers are behind bars. I

can believe there wasn't a physical list, but that doesn't mean that there isn't evidence as to who the pervert buyers were. The positions or titles of these buyers shouldn't curtail the investigation or the transparency of the Epstein saga. I don't care how "important" or famous these buyers are, and it certainly doesn't matter to God! **Justice is a clean sweep of the perverts...** expose them and let's make sure they cannot do this again ... Real justice will deter there being another "Epstein-type" criminal for the rich and famous, profiting off young girls or boys!

Why would Americans question the statement that there is no Epstein list?

Conspiracy theories are an epidemic in America (maybe throughout the world... but I don't get out that much). Have we ever wondered why? Why don't Americans just believe all that is told to us by our media and by our government officials?

Americans are hungry for truth and justice!

This weekend the news was full of conversations regarding what we know and don't know, one year after the attempted assassination of President (then candidate) Trump. Many unanswered questions remain.

President Trump says he's satisfied with what we know, yet there remain many unanswered questions. However, the wife and family of murdered Corey Comperatore are not satisfied and want answers as to how this could have happened. Trump luckily only lost a piece of his ear, but the Comperatore family lost a large piece of their lives! They deserve answers and they deserve justice! The fact the supposedly lone gunman is dead is not enough to bring closure for the Comperatore family; their pain and suffering will linger for the rest of their lives. It is the duty of our DOJ, FBI and Secret Service to get as many facts regarding the shooter as possible; they owe Americans answers!

After one year, we are told that six Secret Service agents are now on suspended leave. Their negligence caused death, injuries and chaos but they are not to be fired! *"We're not going to fire our way out of this,"* were the words of U.S. Secret Service Deputy Director Matt Quinn. I wonder why he believes suspensions and not firings are enough? What ever

happened to **“YOU’RE FIRED!”** The Apprentice attitude for a job not well done seems to be nonexistent in government; not even when a life is lost!

Conspiracies will continue floating around until complete transparency is allowed and justice is satisfied! In my opinion, suspensions for a man murdered – a president almost assassinated and two other people wounded (lives forever changed) ... is not justice! True, firing the incompetent will not change what happened that day in Butler, Pennsylvania, but the Comperatore family, the others wounded, and America, all deserve to know the truth. We need to see the files on the shooter and his family and life; a complete investigation needs to be conducted and revealed. Americans should not be forced to endure another cover-up like we have with the assassinations of President John F. Kennedy and his brother, Robert F. Kennedy. I understand completely that President Trump would like to move on from that July 13th day in Butler, PA, but let’s ride this out all the way to the end until truth and justice are served!

Transparency is not complete until all is revealed and all those who were involved in the crimes, or those assisting in the covering up of the crimes are held responsible. Responsible justice includes fines and jail time in many cases.

The armed insurrection that never was!

One of the first things President Trump did when he became our #47 President, was issue pardons for those wrongly accused and unjustly treated after January 6, 2021.

However American justice doesn’t end with pardons; it is just the beginning.

All the judges who ignored and cancelled the rights of Americans, and refused to look at evidence need to be disbarred and fined; perhaps jail time is warranted as well. The J6 committee that refused to look at all the evidence of that infamous day, but only choreographed a theater kangaroo court to point all accusations (including many known lies) at President Trump, should themselves be investigated. We know they lied, and to “move on” is not American justice. These members of Congress, and the Judges who went after American citizens to satisfy their own personal disdain for President Trump, should lose their pensions, pay large fines, and spend time in those same prison cells in which the

J6ers were forced to reside. Since the release of the capitol security videos we know a lot more of what actually took place January 6, 2021. However, even with these truths, there has been nobody on that committee held accountable. American citizens from J6 who were thrown in prison and abused, deserve just compensation for lives that were ruined; including the families of those who committed suicide over the anguish that was forced on them. The J6ers who were in that disgusting jail in DC were physically and mentally abused, they were denied medical treatment; not one democrat complained about their terrible accommodations. However, the democrats are now crying out for illegal aliens in Alligator Alcatraz. I guess we can sum up that democrats hate American citizens.

MOVING ON isn't Justice for America!

Why don't we believe all that we are told by American media and government officials? Maybe because we just get lied to constantly. We are hungry for truth in America....

The Russian Dossier – FAKE

The impeachment over the FAKE Russian Dossier –

The impeachment over the FAKE insurrection -

The letter signed by 51 former CIA operatives claiming Hunter Biden's laptop (from hell) was also Russian misinformation; now known to be an entire lie and an attempt to interfere with the 2020 election. (There's more on that, but I'm running out of paper.)

Yet, none of those involved with perpetrating these lies have suffered or been held accountable in any way. YEAH, Brennan and Comey are under investigation now, but didn't these investigations already happen with the "Special Councils?" John Duram reported that the Dossier was not only FAKE, but that Hillary Clinton paid for it and President Obama knew about it and approved the "frame-up." Neither Hillary nor Obama or any other persons involved have been held accountable. They are just as arrogant today as they ever were.

The congressional republicans should see to it that the impeachments are formally removed, and the liars are held accountable!

The Biden-Harris administration was missing a working and active President, while the unelected used autopen over and over again to dictate their own policies, and that, my fellow Americans was an insurrection. While there is an investigation of sorts being enacted now, I doubt there will be any serious accountability... and there should be... YES there definitely should be!

We have a lot of lawyers, but there is less and less justice in America for the American people!

Epstein is dead, and that's a good thing.

Conspiracies and Gossip are the products of the lies; Truth and Justice prevail with real transparency!

My biggest concern, however, is that **Justice is dead in America**, or being held captive by politicians and their unelected "deep state friends," as they play political games for power.

“Wow government, where did you get all that money for the budget?”

"Our, the American People's" media report Vice-President JD Vance spent midnight oil to break a Congressional Senate tie vote on a President Donald J. Trump \$9B spending cut bill. Part of proposed spending cut would be to drop funding [United States President's Emergency Plan for AIDS Relief](https://www.hiv.gov) (PEPFAR). PEPFAR is to prevent HIV/AIDS. HIV/AIDS, medically, is spread through behavior.

"Free speech is the whole thing, the whole ball game. Free speech is life itself."

~ *Salman Rushdie*

According To <https://www.hiv.gov> › ... › [how-is-hiv-transmitted](#), a person can't 'catch' HIV/AIDS. HIV/AIDS is transmitted by contaminated bodily fluids passed from one person to another. Ways passing HIV/AIDS-contaminated fluids are, ostensibly, well-known. Avoiding HIV/AIDS would, thus, be accomplished by staying clear of how HIV/AIDS is transmitted. PEPFAR could be overkill.

"We, the American People," as taxpayers, ante up every penny government spends for any reason. There are good reasons why we should question why it is we have to subsidize socio-economic undertakings of other countries, bonafide, unavoidable emergencies, like earthquakes or large-scale volcanic eruptions. Medical school graduates practicing anywhere know how to combat HIV/AIDS.

"Violence is the last resource of the incompetent."

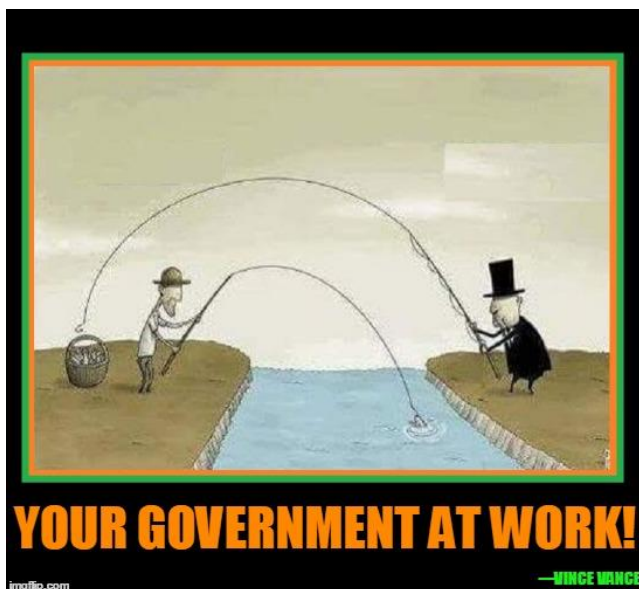

~ *Salvor Hardin*

Tariffs (Trade Taxes) Have Been a topic of heated debate of late. Tariffs (trade taxes) are, all said and done, no different than any tax including PEPFAR. Government levies all taxes, Collection point is inapt. Tariffs (trade taxes) are business costs-of-sales. Consumers pay all costs-of-sales. Any notion businesses pay is fanciful. Other countries want high tariffs for their products, low for U.S. products.
