“Every decent man is ashamed of the government he lives under.”

~ **H.L. Mencken**

Media Reporting Accurate, “*We*, the American People” learn Democratic Socialists Of America (DSA) is causing consternation among mainstream democrats. Stands to reason, coverage on point, given DSA membership was hardly worth noting until recently when DSA membership is reported at some 120,000 strong and growing. Political power brokers worry at anything intruding on their clout.

“The urge to save humanity is almost always a false front for the urge to rule.”

~ *H.L. Mencken*

Big Apple Mayor Zohran Mamdani has been trying to exert his self-presumed lawful authority to shape New York City’s socio-economic functioning after his own ideas about wealth (property) ownership. He had enough backers to get him voted in as Big Apple Mayor. Fair to say he figured those of “Us, the American People who are Big Apple residents would genuflect to his mayorship authority.

“It is not the business of government to make men virtuous or religious, or to preserve the fool from the consequences of his own folly.”

~ *Henry George*

Media Report Not All Is Going well by Mayor Mamdani’s grand plan to turn Big Apple into a socialist Mecca. A group of Big Apple immigrant business owners are reported planning litigations against Mayo Mamdani’s public-owned grocery stores. Public (government-owned) grocery stores represent taxpayer-subsidized competition against entrepreneurs in “Our, the American People’s” ‘free’ market.

“Where morality is present, laws are unnecessary. Without morality, laws are unenforceable.”

~ *Anonymous*

Government-Subsidized Grocery Stores, like those planned by Big Apple Mayor Zohran Mamdani, are examples of taxpayer-subsidized businesses. Government-subsidized businesses force private business owners to pay taxes used, in part, to make government-subsidized businesses more competitive. Arguably unConstitutional. Quality-wise dubious. Ultimately, patronage decides viability.

Myriad Media Articles Report more than twenty-thousand Big Apple residents sre calling for Big Apple Mayor Zohran Mamdani to be banned from city 9/11 remembrances. Reports indicate petitioners are not happy with His Honor's geopolitical view, including his stated intent to arrest Israeli's President Benjamin Netanyahu for war crimes against Palestinians. Easier said than done.

"We, the American People," including Empire State citizens and those of New York City live in a, in theory, at least, free society. People in free societies can put virtually anyone in office. New York City voters decided to seat Zohran Mamdani in Big Apple's mayoral office. New York City voters can remove him from office. Banning Mayor Mamdani from 9/11 events would be politically myopic.

We Can Expect, History Foretelling, tyrants will always be with “Us, the American People.” No laws have stopped tyrants from using force – force of arbitrary law – to subdue people by aggression. We would be contradictory to American core values, possible hypocritical, to and a U.S. government official from attending events emphasizing America’s call for universal freedom under Liberty.

“Our, the American People’s” government is one, if we are committed to make it so, open to ideas and ideals offering opportunity free of despotic impediments to all. Whether we attain such ideas and ideals is a matter of demonstrating, to all comers, formal government serves best when formal government is self-government. Our demonstrating so will prompt tyrants to ply their trade in less powerful lands.

Earlier this week, White House Press Secretary Karoline Leavitt mentioned that the SAVE AMERICA ACT needs to be passed in the Senate; President Trump is losing his patience.

Senate Majority *Leader* John Thune (that title is laughable) claims he has a very difficult job and suggested that maybe Karoline or President Trump should be making the phone calls to “get the votes.” I’m not certain how hard he’s working, as he’s ignored all suggestions from the Executive Branch; such as, “Kill the filibuster,” and pass the SAVE AMERICA ACT.

There’s a quote from the past that came to mind, and perhaps it’s time **We the People** encouraged the Senate Majority Leader to do his job. Maybe **We the People** should start making those phone calls. With over 80% of Americans (bipartisan Americans) in favor of the SAVE AMERICA ACT, maybe our Senators need a stern reminder of who they work for. 202-224-3121 is the DC switchboard number.

“The marvel of all history is the patience with which men and women submit to burdens unnecessarily laid upon them by their governments.” George Washington.

Our Founding Fathers alluded to patience even in our Declaration of Independence.
...Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes...

With the recent discovery that China has interfered in our elections, and that the FBI and CIA tried to hide the crime from the President and from the people, topped off with the recent confession of NJ Governor Mikie Sherrill, that YES, illegal aliens, and non-citizens, have been voting in our elections... I'd say this situation is now way beyond light and transient... We are not asking to change our government, we're demanding our government and our elections be protected.

The only thing Senate Majority *Leader* John Thune is leading is a stall against the SAVE AMERICA ACT. His sneering at the president is unacceptable, and the American people are growing quite weary of his rhetoric. He is harassing the American People with lame excuses, and he is eating out our substance.

Pass the SAVE AMERICA ACT now, President Trump isn't the only one running out of patience! And perhaps you should note that **We the People** will be here long after President Trump's presidency is over. **Consent of the Governed!**

Media Outlets Are Reporting America's Supreme Court of the United States (SCOTUS) public approval rating at an all-time low. "We, the American People" who are of a mind SCOTUS is, in fact, at an all-time low approval rating might inquire of Artificial Intelligence (AI) just why SCOTUS is not held in high public regard might find AI has some notions. AI notions amount to lack of neutrality.

"The evils of tyranny are rarely seen but by him who resists it."

~ **John Hay**

“Those Of “Us, the American People” who are inclined to take a hard look at AI assessment of SCOTUS all-time low public approval rating – if we are thinking people, would find AI not too far removed from having a grasp on how it is SCOTUS could be held in low public regard. SCOTUS is held in low public regard because SCOTUS operates on personal attitudes, values, and beliefs (PAVB).

Zelenskyy is a HERO for putting Ukraine first...

But Trump is EVIL for putting the United States first?

Liberals are absolute morons

"Our, the American People's" grasp of SCOTUS neutrality, if we have a modicum level of grasp of our legislative-jurisprudence system, have a grasp on two reasons why SCOTUS is held in public scorn nowadays. In spite of America's federal (U.S./National) Constitution founders' better efforts, America's legislative-jurisprudence system has no intrinsic, immutable standards tempering their PAVB bias.

"The natural progress of things is for liberty to yield and government to gain ground."

America's Legislators Are Elected by partisan voters who vote based on their PAVB. America's presidents are elected likewise. America's partisan-inclined presidents nominate SCOTUS Justices by virtue of presidential PAVB. America's Congressional Senate legislators confirm SCOTUS presidential nominees through their (senatorial) partisan PAVB). Our controversial PAVB diversity shuns neutrality.
