“A democracy cannot exist as a permanent form of government. It can only exist until a majority of voters discover that they can vote themselves largess out of the public treasury.”

~ *Alexander Tytler*

Socialists living in capitalism

Socialists living in socialism

Fifty-Five Percent Of Those Polled would not support a democratic socialist candidate for president. If poll cited in a media article is correct. Those of “Us, the American People” who might take heart in such poll numbers might think twice. Fifty-five percent rejecting a democratic socialist leaves forty-five percent amenable to a democratic socialist president or undecided. Angry voters are malleable voters.

“A liberal is someone who feels a great debt to his fellow man, which debt he proposes to pay off with your money.”

~ **G. Gordon Liddy**

“We, the American People” would be smart to acknowledge Liberty is hard Enough To Sustain with all but no voters casting ballots for candidates agreeable to trying something other than Liberty. People with little to no way to realize their socio-economic yearnings are fair game for public office candidates who can convince such people government will improve their lot by redistributing property (wealth).

“The United States is a nation of laws, badly written and randomly enforced.

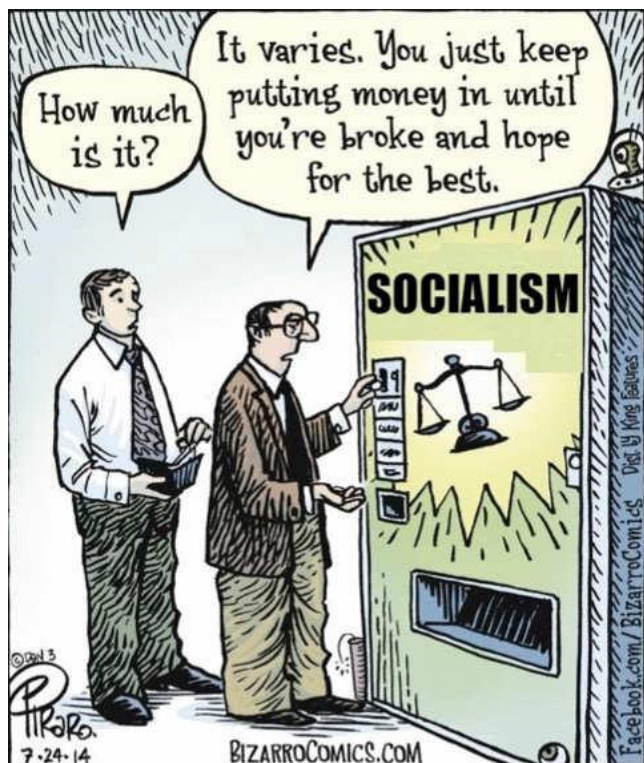

~ *Frank Zappa*

“Our, the American People’s” representative Constitutional republic system works to elevate people’s standard of living by, to some degree, at least, not interfering in free market trade principles. People are able to gain wealth without limit by doing little more than becoming artful in exchanging goods and services for goods and services. Democratic socialism caps property (wealth) ownership.

“Liberty lies in the hearts of men and women. When it dies there, no constitution, no law, no court can save it.”

~ *Learned Hand*

American Colonial Era Scottish Economist Alexander Tytler observed democracies only exist till voters learn they can vote themselves bounty from public coffers. We can figure there will always be legislator-politicians who will promise to have-nots they will give them property (wealth) owned by haves. Easy to vote for those legislator-politicians. Unless we're willing to take a chance on Liberty.

"It is sobering to reflect that one of the best ways to get yourself a reputation as a dangerous citizen these days is to go about repeating the very phrases which our founding fathers used in the struggle for independence."

~ *Charles A. Beard*

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to set limits on interest earned or charged in any financial transaction between private citizens or between private citizens and any financial institution or company not backed by public money. They uphold citizen sovereignty and self-government.

Chaos brought ICE to your city

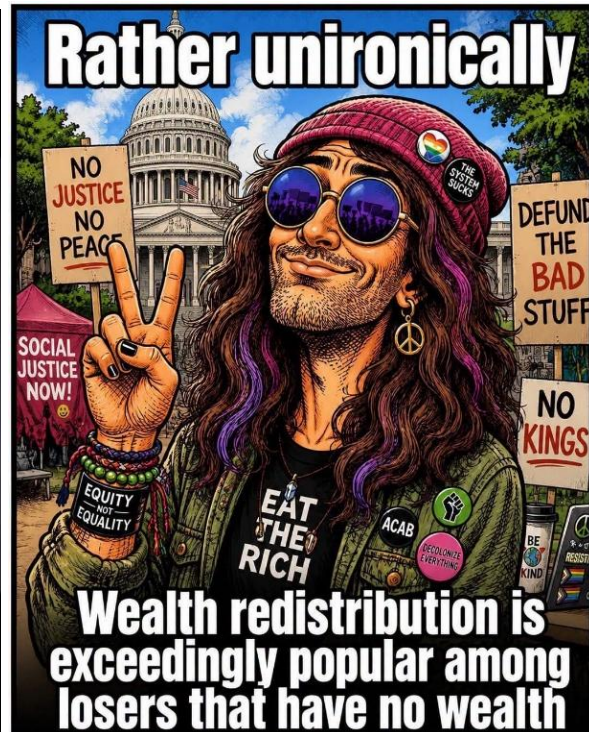

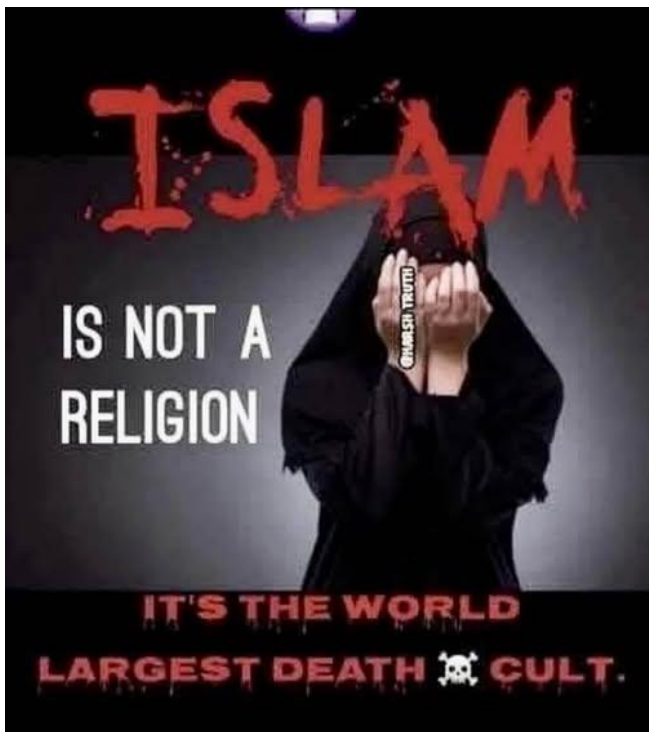

Not Least Of Controversial Topics, ideas, and lawful authority in “Our, the American People’s” socio-economic melting pot is education. Center stage in public education is whether schools or parents shall have say over curricula. State control over learning implies state officials are to have control over values inculcated. When state values and family values clash, students (children) become political fodder.

“Of all tyrannies, a tyranny exercised for the good of its victims may be the most oppressive. It may be better to live under robber barons than under omnipotent moral busybodies.”

~ *C. S. Lewis*

“We, the American People” would be smart to keep foremost in mind, when confronting educational authority, we educate for one reason, one reason only – to control behavior. It should be crystal clear public officials will strive to have education groom students to assimilate behavior most beneficial to state goals and objectives. Whereas family values, applied to vocations, strengthen family bonds.

“Vices are simply the errors which a man makes in his search after his own happiness. Unlike crimes, they imply no malice toward others, and no interference with their persons or property.”

~ *Lysander Spooner*

We detest your constitution, laws, Christianity, American people and ICE. We like free phones, housing, welfare payments, food stamps, free medical and unemployment payments.

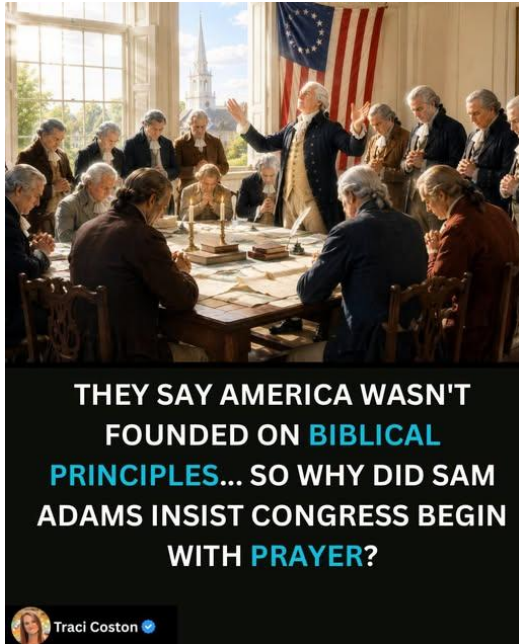

Millionaire Senator Selflessly Leaves Vacation Home, Charters Private Jet to Protest the Rich

Media Outlets Are Running An Article – one of many covering education – advising “Us, the American People” so-called ‘radical’ teacher training programs undercutting parental authority. Parents who are concerned about losing their authority can ensure their authority is not under cut by showing up at schools and sitting in on classes. Turning parents away would not be a smart move.

“In order to get power and retain it, it is necessary to love power; but love of power is not connected with goodness but with qualities that are the opposite of goodness, such as pride, cunning, and cruelty.”

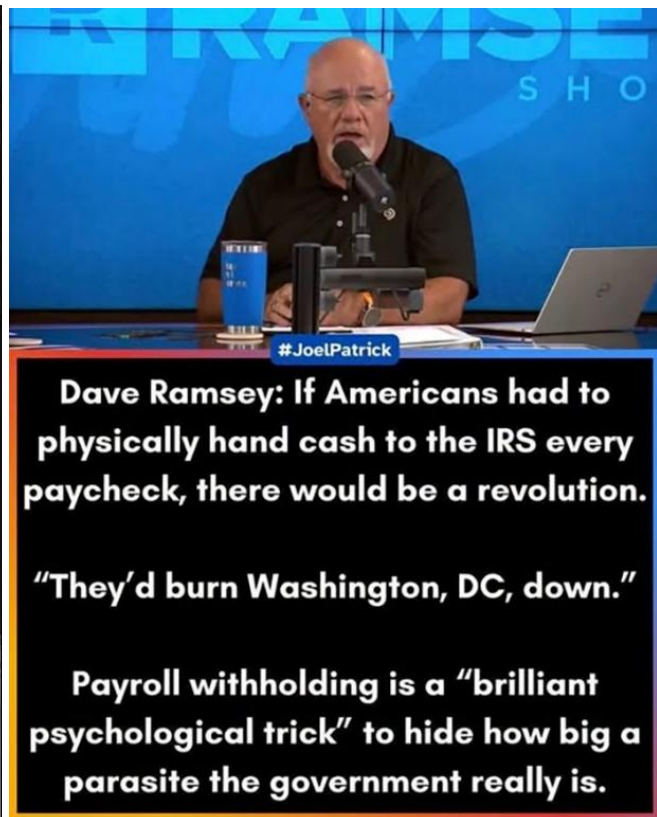

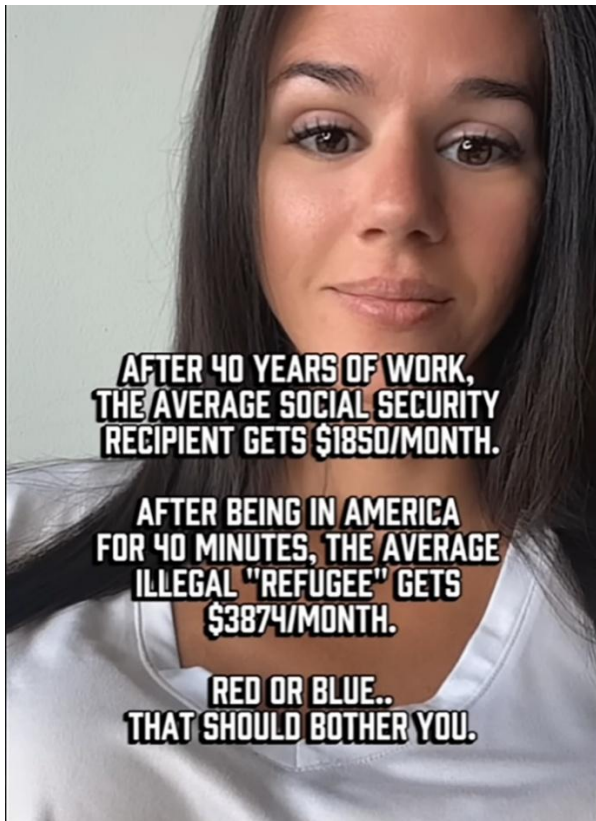

~ *Leo Tolstoy*

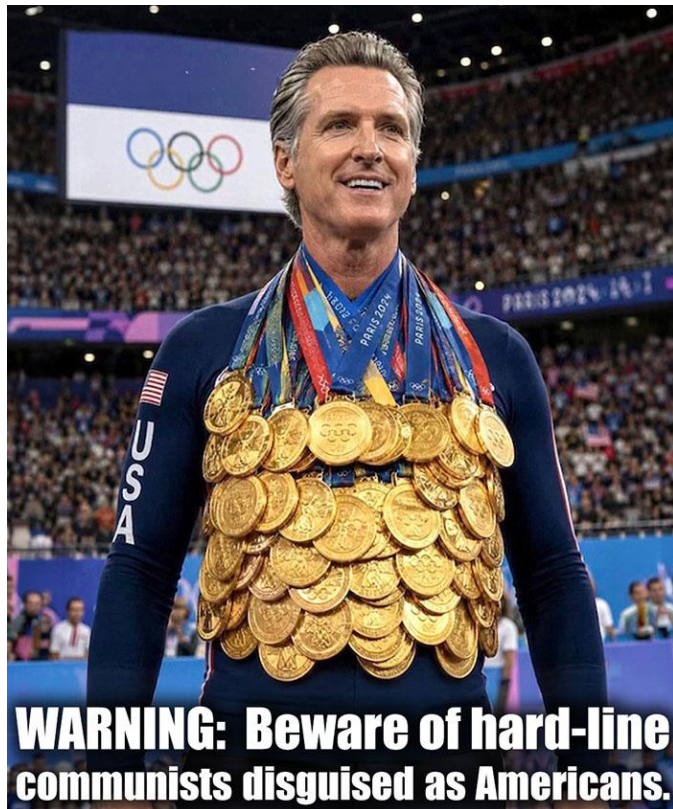

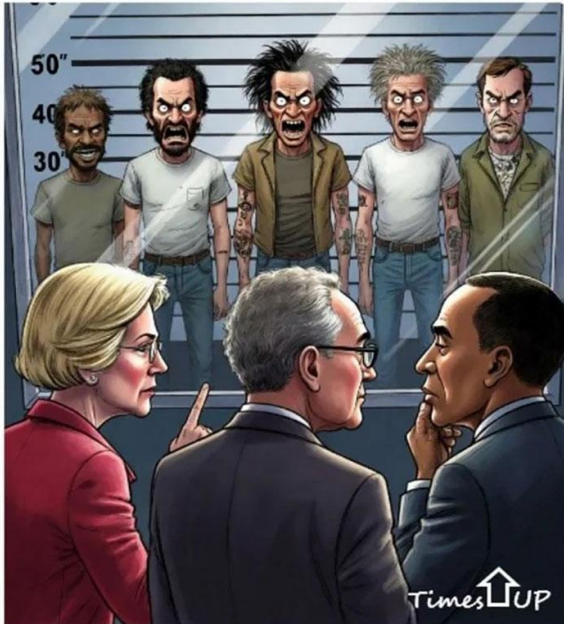

Allowing Government To Define And Stress values through captive attention in school classrooms, arguably, relegates parents to breeding stock for future individuals groomed to further state ideology. We, as a sovereign citizenry, if we believe America ought be a land of choice, might take a hard look to assure our education system is turning out people skilled in bettering our lot, not parroting slogans.

They Say You Can't Go Home Again...

With God all things are possible, and with Him, We the People can, and MUST, Bring America Home©

BETH ANN

APR 3

4-3-2023

They say you can't go home, that the past times you held so fondly in your memories are irrecoverable; the past is the past and cannot be relived!

They say this is the 'new normal' and we must accept it! What is normal now, the riots, foreign collusions, and confused people not knowing who or what they are? Is normal a war against the English language? Are pronouns now weapons of mass destruction? Is the 'new normal' a mother hating her unborn baby enough to kill it and sell it for its body parts and organs? Is normal a man being a woman and a woman saying she's a man? What is normal about feminizing men and demeaning womanhood? What is normal about the persistent persecution of one person in order to stop the rising up of truth and Liberty? Are political prisoners and persecutions the 'new normal' in America? Are lies now normal, while truth is considered radical?

There is absolutely nothing normal about any of that; all of those '*new normals*' amount to one thing, **PURE EVIL!**

They say, "**No one is above the law.**" BUT their words are LIES as their actions show a completely different scenario. There is no rule of law with the LEFT, only an oligarchy dictatorship. One party is now the law ruling over Americans and that is NOT a Constitutional Republic. It is the democracy, for which they scream, and democracy is

MOB Rule! The Democrat-LEFT-WOKE- Party is a mob of bullies seeking only one thing – POWER!

I understand, as much as anyone can understand, the LEFT's push to overtake this nation for power and greed... However, I do not and cannot understand the American people sitting idle and just taking their abuse! When will it all be enough? Will you wait until your grandchildren have been neutered and enslaved?

If we can't go home again, perhaps we can Bring America Home, I believe there is a difference.

What do we do America? How can **WE THE PEOPLE Bring America Home©** and put an end to the regime that is killing our children, abusing their authority, consuming, weakening, and ruining our nation?

I have some ideas, but you must be willing to make a few sacrifices for the sake of your freedom and independence.

First, we must stop accepting all the political lies! We must stop the MSM by boycotting their advertisers. Let the media outlets know and call or write the companies (their advertisers) and tell them that you will no longer purchase their products. **Do not allow any of your dollars to fund the WOKE and LEFT agenda.** *As our economy is driven to the brink of collapse by installed President Joey Biden, we're all going to have to "tighten our belts" so let's make sure the few dollars we spend actually support America!* This might mean giving up some of your favorite products or candies! Is Liberty worth a small sacrifice?

Be aware of your purchases and stop buying anything made in China! Try to buy only made in America products. If you're dealing with an American company, who has their products made in China, let them know you will no longer purchase their product until it is Made in the USA. **Consumers matter to these companies because their profits matter!**

Second, never vote for another democrat. NOT ONE!

The Democrat Party hates America and have done everything they can to keep people enslaved to government and to compromise this nation's security.

They push the ideals of the "new normal" and they push for the removing of God and His believers (Christianity and Judaism) from this nation. There is no place for God and His righteousness in their "new normal" of evil.

They obviously do not care about your safety OR about this nation being a "a shining city on the hill." The elected rule you through legislated promises; extortion of your vote. DO NOT fall for these shysters who promise to "take care of you."

Third, we must take responsibility to educate ourselves and our children. If you can't homeschool, you must still be active in your children's nurturing. Teach them Godly principles, values, integrity, respect, and love for others. Purchase books on American history and read them together as a family.

Fourth, We the People must get involved, from local politics, school boards, state-wide races, your county sheriff, to federal elections. Find out about the candidates. Maybe you should be a candidate. Use several different news outlets. Know your enemies as well as your allies.

"Nobody made a greater mistake than he who did nothing because he could do only a little." Edmund Burke

Do you care, America? Are you content for your children to live in a dark and confused nation, filled with perversions of God's creation, chaos, violence, and slavery?

Do you believe God has no place in politics? If you are a believer, you cannot separate God from any part of your life, if you do, there is **NO LIGHT!**

We as believers are to be that light! If we are living in a dark and sinister nation, which was once a Godly nation, what happened? God did not move.

“The only thing necessary for the triumph of evil is for good men to do nothing.” Attributed to Edmund Burke and others.

“You are the light of the world. A city set on a hill cannot be hidden. Nor do people light a lamp and put it under a basket, but on a stand, and it gives light to all in the house. In the same way, let your light shine before others, so that they may see your good works and give glory to your Father who is in heaven.” Matthew 5:14-16

Below is the First Amendment of the Bill of Rights. Did you ever wonder why freedom of religion and speech was a high priority with our Founding Fathers? If we were not a Christian nation, this would not have been at the top of the list!

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

I believe America was once that city on the hill because of the faith of our Founding Fathers. Established as a Christian nation, our values and morals were much higher than they are today. Our most valued documents refer to us as God’s creation and those documents state that He created us all equally.

Excerpt from the Declaration of Independence:

*We hold these truths to be self-evident, **that all men are created equal, that they are endowed by their Creator with certain unalienable Rights**, that among these are Life, Liberty and the pursuit of Happiness.-- That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed...*

*“For we must consider that we shall be as a city upon a hill. The eyes of all people are upon us. So that if we shall deal falsely with our God in this work we have undertaken, and so cause Him to withdraw His present help from us, we shall be made a story and a by-word through the world.” **President Ronald Reagan***

America has gone from that shining city on the hill to a flickering light gasping for oxygen to continue to burn. Its light is oh so dim and the world is lost without that shining light.

They say you can never go home, BUT our God is calling us home! He is telling us to stop hiding the light and let it shine brightly to ALL people! Do not be afraid!

We are in the holy week of Christianity. The one scripture nearly every Christian of every denomination has memorized is, **“For God so loved the world that He gave His only begotten Son that whosoever believeth in Him shall not perish but have everlasting life! For God did not send his Son into the world to condemn the world, but to save the world through him.”** John 3:16-17

· ***let your light shine before others, so that they may see your good works and give glory to your Father who is in heaven.”***

When Paul and Silas prayed and sang praises to God, the locks on their cells flew off and the doors were opened. Because of the light they shined, the jailer did not take his own life (as death was the punishment if a jailer lost a prisoner) but he and his entire household were saved; additional lights to shine and glorify the Father. (read Acts 16:16-34)

I sometimes wonder if I share my faith too boldly on air and in my writings. I have noticed more and more others mentioning that Americans need God, and we should turn back to Him. I do not think this is a coincidence that many of God’s children are claiming Him now.

Now is not the time for American Christians to remain silent or to hide their faith.

Our fears are the chains that bind us, and our silence enslaves us, and slavery is darkness. God is LIGHT and Truth, and it is through Him we received Liberty!

While the word *darkness* is open to interpretation, since it's defined as a lack of light, there's also a figurative darkness, which can represent **wickedness, sadness, and ignorance.**

This 'new normal' is not America! This is not HOME! **They say you can never go home...** The light on that hill is flickering, will you NOW remove the cover and let your light shine?!

With God all things are possible, and with Him, We the People can, and MUST, Bring America Home©

When a Christian refused to bake a cake, all Hell breaks lose!!

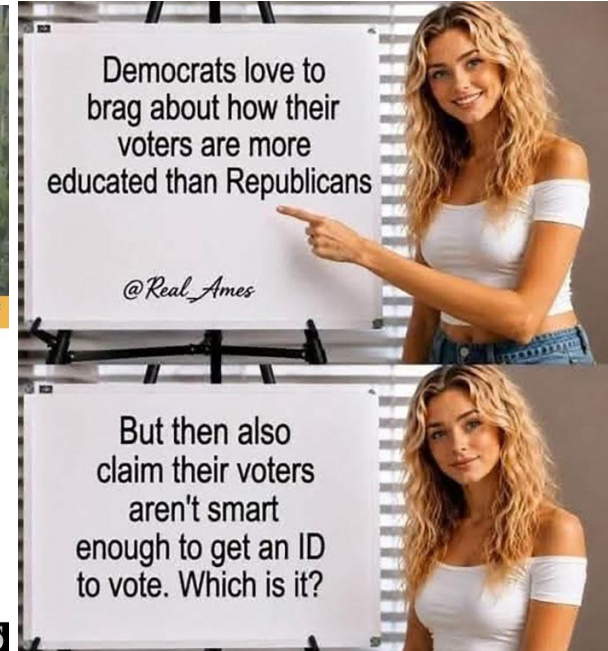

There's A Media Article Floating around pointing out public office seekers campaign by one rhetoric, then rule on a completely different rhetoric. Not much of a surprise. “We, the American People” can rest assured public office candidates, no matter their campaign trail rhetoric, will strive to make their personal attitudes, values, and beliefs (PAVB) lawfully compulsory. Neutral government doesn’t exist.

PAVB-Driven Laws Have Prevailed since law first came to be. As a result, “Our, the American People’s” legislators, government chief executives, and judges are driven by their PAVB when carrying out duties prescribed by their offices. Our much-touted checks-and-balances in commonwealth, federal (U.S./National), and state/local government functions, essentially, to decide whose PAVB are followed.

“Government should be repressive no further than is necessary to secure liberty by protecting the equal rights of each from aggression on the part of others, and the moment governmental prohibitions extend beyond this line they are in danger of defeating the very ends they are intended to serve.”

~ *Henry George*

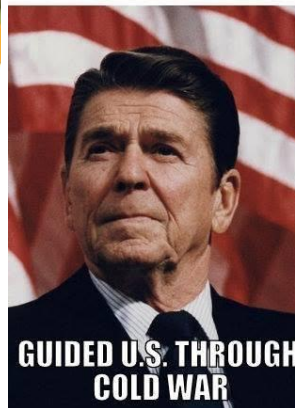

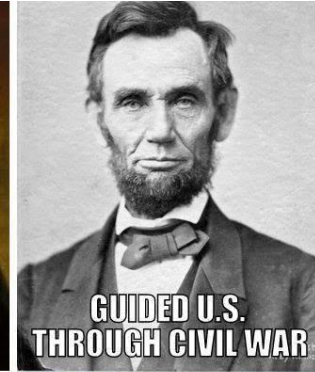

It Would Be Smart For “Us, the American People” to recognize laws amount to PAVB legally enforceable as societal behavior rules. Laws, good, bad, right, wrong, or indifferent, restrict choice. Enforcement mechanisms impose penalties on failure to obey laws. Penalties can vary from simple warnings to loss of freedom or property (wealth), even loss of life in instances of capital crimes.

Our Commonwealth, Federal (U.S./National), and state Constitutions are of little help when one is seeking standardization or uniformity in legislating or adjudicating. Constitutions, essentially, empower legislators to make laws as they see fit. Contested laws can find their way through our appellate court system; they may be returned to legislatures for review and revision ... by PAVB.
