“The war for freedom will never really be won because the price of our freedom is constant vigilance over ourselves and over our Government.”

~ *Eleanor Roosevelt*

New York City Mayor Zohran Mamdani has reached a do-or-die point in his quest to change New York City socio-economic system. According to media coverage, there's a big difference between a legislator-politician making promises and a government delivering on a legislators-politician's campaign promises. In Big Apple's mayor's case it's a matter of whether his numbers match his word.

"Blessed are the young, for they shall inherit the national debt."

~ *Herbert Hoover*

“We, the American People” would be smart to recognize Big Apple Mayor Mamdani’s problem is no different than any legislator-politician’s where other people deliver on a legislator-politician’s promise. Question is whether there are enough winners benefitting to override losses Mayor Mamdani’s agenda lays on losers - people who will have to pay bills for Mayor Mamdani’s exploits. Voters are whimsical.

“Give me liberty or give me death!”

~ *Patrick Henry*

One Way Or Other, No Matter how Big Apple Mayor Mamdani promises he’ll have Big Apple’s wealthier folks pay for his utopian promises, it will be “Us, the American People” who are Big Apple’s largest voting block who’ll pay for Mamdani’s promises. Moreover, no matter how Mayor Mamdani uses taxes to fund his ideological schemes, it is consumers who end up footing every tax bill. Every.

“First they came for the Jews, but I did nothing because I’m not a Jew. Then they came for the socialists, but I did nothing because I’m not a socialist. Then they came for the Catholics, but I did nothing because I’m not a Catholic. Finally, they came for me, but by then there was no one left to help me.”

~ *Pastor Father Niemoller*

In ‘Our, the American People’s’ socio-economic system (in virtually) every socio-economic system) it is consumers who create wealth. Ultimately, profit gained from wealth creation subsidizes growth. Mayor Mamdani, regardless his predilection for exerting his positional authority, will have his grand plans accepted or rejected by New York City taxpayers, of whom wealthiest are reported leaving.

“Government at its best is a necessary evil, and at its worst, an intolerant one.”

~ *Thomas Paine*

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to permit public (government-“State”) schools to delve into their children’s attitudes, values, or beliefs. They protect their children’s privacy and teach them to be thinking individuals.

“We, the American People” who are fed up with how America’s government works, have more than enough power to alter how America’s government works. Media outlets are running articles on how government responds when selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R) are seen by ordinary people as unnecessarily oppressive or unnecessary in any case.

“Those who expect to reap the benefits of freedom, must, like men, undergo the fatigue of supporting it.”

Congo under European rule:

Congo under African rule:

It Would Be No Exaggeration for “Us, the American People” to see America’s government as operating by force to restrict choice, thus, control behavior by force of law. Force of law allows government, by applying varying concoctions of SADLT&R, confiscate property (wealth) and restrict choice (Liberty). Laws empower government to do as government sees fit to sustain societal order.

"Our, the American People's" capacity, as a sovereign citizenry, to hold a tight rein on government force is limited only by extent of our willingness to use force to keep government from exerting lawful force we do not see as serving our better interests. Media reports, for example, a northwestern state is rescinding a wealth tax prompting wealth holders to take up stakes and relocate for less oppressive tax.

"The state in which the rulers are the most reluctant to govern is always the best and most quietly governed; and the state in which they are the most eager, the worst."

Lobbyists, Some 13,000 Registered lobbyists, hawk America's federal government halls with a singular purpose in mind. They are out to have federal government officials tailor SADLT&R in favor of people who employ lobbyists. Entirely backward. If we had our wits about us, we would force

government to lobby us for our approval before a single bill becomes law or SADLT&R is foisted on our lives.

The Consent Of The Governed Say, DON'T!

"Government is not reason; it is not eloquence. It is force. And force, like fire, is a dangerous servant and a fearful master." George Washington

Surely by now you realize that the DC Occupiers (every side of every aisle) are not working for us, but are working against us! They are the dangerous servant and have become a fearful master of **We the People**.

The disappointment, disgust and even anger that I have for all these politicians continues to mount! Must **We the People** endure such oppression before **We the People** take a stand to right their wrongs?

“Consent of the Governed” should be our battle cry! No matter your skin color or religion, if you want to live in America as a free person you need to understand one thing, these elected officials are not working for us, they are working against us!

The republicans in the house once again failed to elect a speaker. The result of the first vote, 20 RINOs voted against Jim Jordan. On the second round of votes there were 22 who voted against Jim. Today, on the third vote there were 25 RINOs who refused Jim Jordan as Speaker of the House.

What does that tell us America? Are they working for us? Is this fight amongst the republican party a fight for our wellbeing and Liberty? Or are we witnessing the power struggle within the *deep state* trying to maintain the “normal” order of the House?

If it is so vital to America, if not having a speaker of the house is so detrimental to our national security, WHY do they sleep? I’m ok with some squabbling BUT this battle is a battle for the party, not for the good of America. The RINOs are out for revenge. I say, if McCarthy is such a great leader, why isn’t he able to unite this party? It was divided when he was elected and it has stayed divided. It appears that Representative Steve Scalise has been the force behind the move to prevent Jim Jordan from becoming Speaker. Why? According to The Gateway Pundit, Scalise took money from Sam Bankman-Fried’s Illegal FTX Campaign Finance Operation, as did 13 of the 22 RINO holdouts.

<https://www.thegatewaypundit.com/2023/10/exclusive-13-22-rino-holdouts-derailing-jim-jordan/>

These people are not working for the good of **We the People** or the safety of this nation; they are all about keeping their positions and growing wealthy, no matter from where they receive their funds; they have no morals!

After thousands of phone calls from constituents, supporting Jim Jordan as Speaker, as well as a personal endorsement from President Donald J. Trump, the house still refused to elect Jim Jordan. Who are they working for?

Can you name anything, any one thing the “government” has actually done to fix any of our problems? The immigration crisis didn’t just happen, it’s been going on for years, through both republican and democrat regimes. Regarding the immigration problem, which is now a crisis that has put our National Security at high risk, congress keeps saying, “We need immigration reform!” Well, whose responsibility is that? Theirs! The laws that are in place, which the current installed president is ignoring, were put in place by congress.

What about inflation? Inflation isn’t a virus that attacked the land of America, it is a hidden tax which was intentionally created by government policies!

Instead of fixing problems, government creates them, and they keep them in place, for they serve their purpose. They campaign to fix them, but that is never their true intention.

The tough word of the “day” is **DON’T!**

To the war which is not just looming but is in real time quickly stirring up to be World War III, installed President Biden’s message to Iran and other nations surrounding Israel is a single word, **DON’T!**

Consent of the Governed, let us make this word our own warning to D.C.

D = DC

O = Occupiers

N = No

T = TYRANNY

So, to raising taxes and sending more money to Ukraine; the Consent of the Governed say **DON'T!**

To open borders and welfare to illegals; The Consent of the Governed say **DON'T!**

To passing another omnibus bill, the Consent of the Governed say **DON'T!**

To riots and protests in favor of death to Israel and Christians, the Consent of the Governed say **DON'T!**

To Government controlled healthcare; The Consent of the Governed say **DON'T!**

To Palestinian (Gaza) refugees; The Consent of the Governed say **DON'T!**

To defunding police; The Consent of the Governed say **DON'T!**

To mail-in ballots; The Consent of the Governed say **DON'T!**

To electronic-internet-connected voting machines; The Consent of the Governed say **DON'T!**

To government funded abortions; The Consent of the Governed say **DON'T!**

To government funded sex change surgeries; The Consent of the Governed say **DON'T!**

To equity and diversity policies; The Consent of the Governed say **DON'T!**

To higher taxes; The Consent of the Governed say **DON'T!**

To pornography in our schools; The Consent of the Governed say **DON'T!**

To more American dollars to Ukraine and to Gaza; The Consent of the Governed say **DON'T!**

Remember: ***“Government is not reason; it is not eloquence. It is force. And force, like fire, is a dangerous servant and a fearful master.”***

Government is not self-funded.

Government produces nothing, but extracts from **We the People**.

Government did not fight for your Liberty!

Government gives you nothing without first taking it away from another!

Government is not freedom!

Government is not Life!

Government did not fight for you.

Government did not bleed for you.

Our government was established as a Constitutional Republic. Government has only 4 major responsibilities:

- 1) To protect citizens from foreign invasion.
- 2) To protect citizens from crime and maintain peace at home through law and order.
- 3) To provide justice in the courts.
- 4) To keep the people free (Liberty).

To all things outside of their given responsibilities; The Consent of the Governed say, **DON'T... DON'T TREAD ON ME!**

The DC Occupiers are supposed to work for us. Their behavior is the opposite of their duty and job description, according to our Constitution. Government is

here for these purposes; to secure safety and peace in our nation and to make sure our economy stays strong and viable to the American Dream.

To share the message of **DON'T** to your congressional representatives, call: 202-224-3121.

It is up to us; The Consent of the Governed to.... **“Bring America Home.©”**

AMERICA WAS FOUNDED ON PRAYER

Election 2026 Is Getting Closer. A major media outlet opinion writer has it Democrats have an edge because they actually have a message resonating with prospective voters. In a word democrats have made their case in a simple term. Affordability. “We, the American People” would be smart to see supposed democrat winning message is no different than legislator-politicians always spout about.

“The desire to rule is the mother of heresies.”

~ *St. John Chrysostom*

If little girls this young have to cover their hair to prevent temptation from men, then your religion doesn't belong in the United States! 🔥

Legislator-Politicians Tell Voters – in every election - they will make life better for everyone if we will either keep them in office or vote them in office. Election results are always alike. Election winners make it their business to confiscate property (wealth) and restrict choice (Liberty) to make life fairer and less expensive. Always, for “Us, the American People,” as voters, by making someone else pay.

“It is not the responsibility of the government or the legal system to protect a citizen from himself. “

~ ***Justice Casey Percell***

Big Apple Mayor Zohran Mamdani is an example of how legislator-politicians make proverbial someone else pay. Mayor Mamdani says he'll cut grocery costs for Big Apple residents in Big Apple-owned grocery stores. Such stores are to be government subsidized. Government subsidized means taxpayer subsidized. “Our, the American People’s” system allows for lawful discriminatory taxation.

“No one can read our Constitution without concluding that the people who wrote it wanted their government severely limited; the words “no” and “not” employed in restraint of government power occur 24 times in the first seven articles of the Constitution and 22 more times in the Bill of Rights.”

~ Edmund A. Opitz

Producers - Of Anything – Incur costs. Such costs, if incurred by business, are passed on to customers in pricing. Selective, arbitrary, and discriminatory legislation, taxation and regulation (SADLT&R) represent how legislator-politicians make someone else pay. Eventually, taxing wealthier people, through SADLT&R, ends up taxing people with less income. Eventually someone else is everyone.

“The government was set to protect man from criminals – and the Constitution was written to protect man from the government.”

People Deliberate To Live In Liberty do not allow legislators - or other public officials within These United States of America, to enter into contracts with collective bargaining units. They uphold citizen sovereignty to prevent government from imposing debt-laden defined benefit contracts.
