~ **Sidney Hook**

“Our, the American People’s” Artificial Intelligence (AI)/Internet sources correct, New York City taxpayers will subsidize Mayor Zohran Mamdani’s public-owned grocery stores. Big Apple’s first public-owned grocery

store is to open in 2029 with construction funded by Big Apple taxpayers in amount of \$70M. Public-owned grocery store buildings will be available rent-free to operators.

“War is the health of the State.”

~ *Randolph Bourne*

It Remains To Be Seen How Mayor Mamdani’s public-owned grocery stores will fare. Media coverage, by way of example, reports similar public-owned transportation systems, including Big Apple’s MTA, have been money pits. NYC MTA, reportedly, costs \$3,000 per Big Apple household. Costs, though, are a public official’s minor concern when taxpayer property is there to confiscate.

“Foreign aid might be defined as a transfer from poor people in rich countries to rich people in poor countries.”

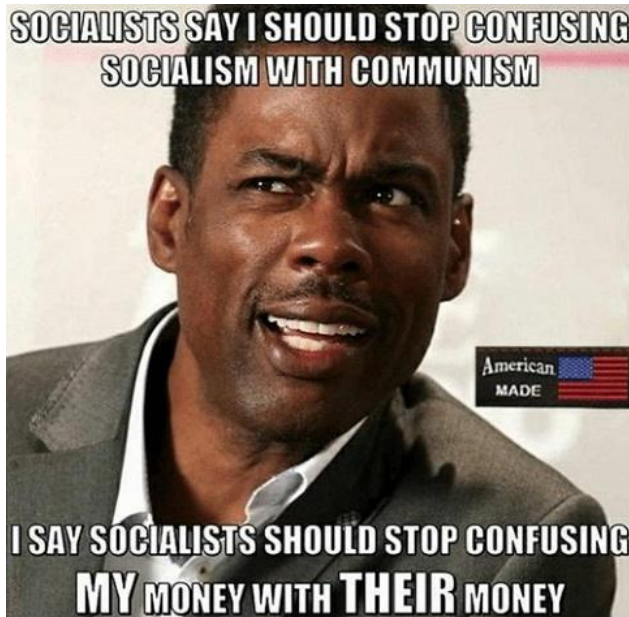

~ *Douglas Casey*

“We, the American People” stand to have our property (wealth) confiscated and our choice (Liberty) restricted as long as we allow government free reign to rule by selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). SADLT&R empowers taxing authorities to tax as their personal attitudes, values, and beliefs (PAVB) urge them. PAVB-driven SADLT&R cuts Liberty.

“If you want government to intervene domestically, you’re a liberal. If you want government to intervene overseas, you’re a conservative. If you want government to intervene everywhere, you’re a moderate. If you don’t want government to intervene anywhere, you’re an extremist.”

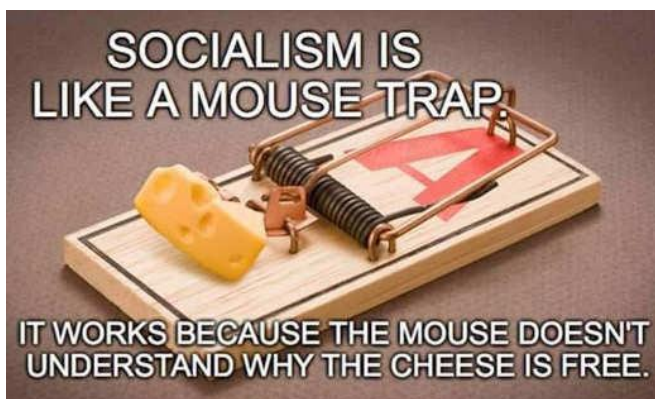

~ *Joseph Sobran*

America, In Theory, Is A Place where people live under government by consent. Government by consent is self-government. Self-government is a pipe dream when PAVB-driven SADLT&R is how public officials maintain order and fund government operations. Self-government will elude “Us, the American People” until we enforce government by our consent, not government by officials’ whim.

“In general, the art of government consists in taking as much money as possible from one party of the citizens to give to the other.”

~ *Voltaire*

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to subsidize private enterprise with public money. They uphold free markets. Let Freedom Ring – Abolish Direct Taxation

Media Outlets And Artificial Intelligence (AI) to be believed, Norway's move to 'tax the rich' resulted in a net tax revenue loss of some \$448M. One media article reported millionaires jumping Norway ship did not break Norway's bank. Sundry other articles reported Norway millionaire exodus was a lesson Europe could learn about taxing comparatively rich people. No universal consensus reported.

"The ultimate result of shielding men from the effects of folly is to fill the world with fools."

~ *Herbert Spencer*

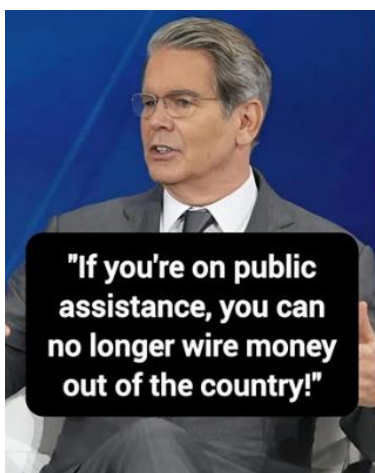

There Is A Long List Of AI/Internet Deliberation on property ownership. Property (wealth) ownership is a never-ending struggle, personally, organizationally, and governmentally. "We, the American People" (people with a desire for self-determination anywhere and everywhere) would be smart to recognize, appreciate, and act on property ownership. Property ownership is key to independence.

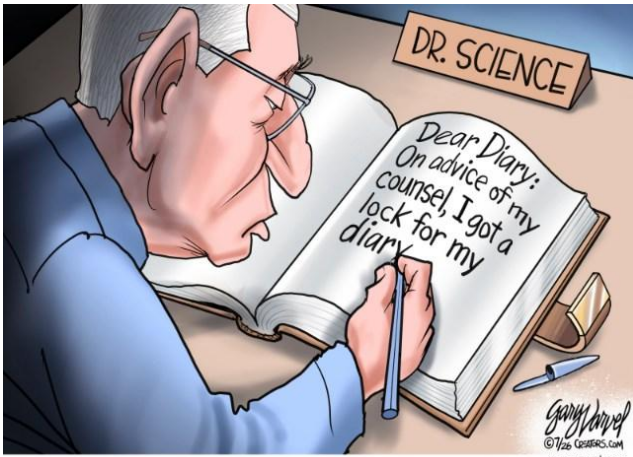

"More laws, less justice."

~ *Marcus Tullius Cicero*

Ohio Senator Bernie Moreno introduced the Stopping Transfers of Public Funds Abroad Act, which would fine individuals \$100,000 if they wire money out of the country while on public assistance like SNAP, TANF, or SSI. Similarly, Representative Randy Feenstra introduced the No American Benefits Abroad Act in the House.

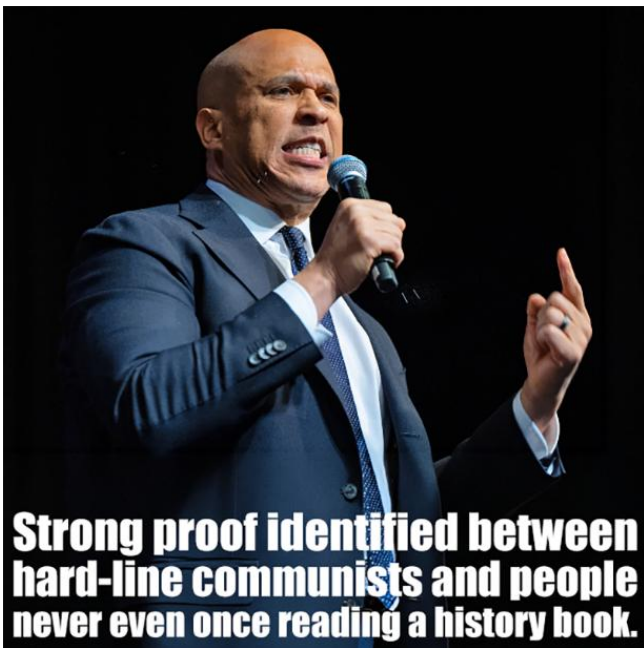

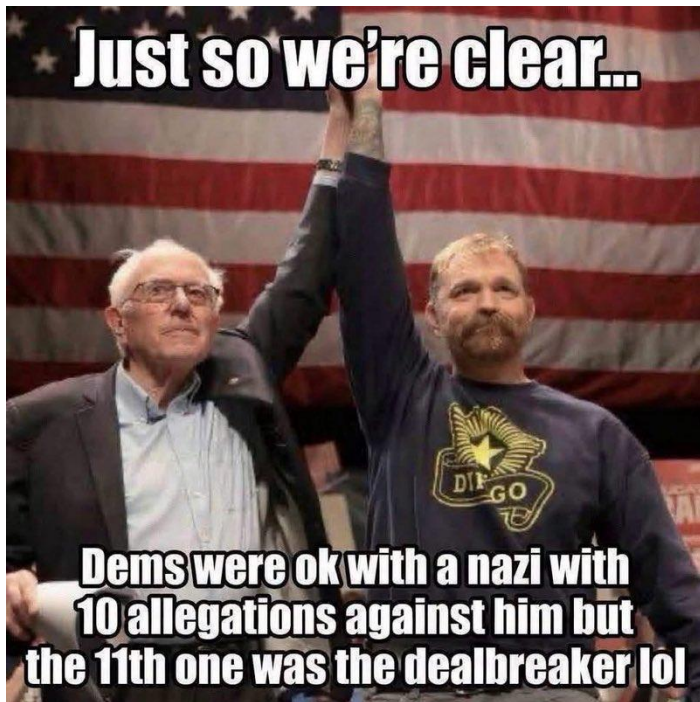

Government Power To Confiscate Property (Wealth) can be viewed as government power to control people's behavior. "Our, the American People's" representative Constitutional republic government system, in theory, affords people unlimited opportunity to gain property (wealth) by limiting government power to confiscate property (wealth) for tasks government must do to assure freedom.

"The strongest reason for the people to retain the right to bear arms is, as a last resort, to protect themselves against tyranny in government."

~ *Thomas Jefferson*

Taxing Comparatively Wealthy People More allows government comparatively more power to own property (wealth) by lawful fiat. It is axiomatic America's government - no matter its characterization as a democracy, republic, or some other title - will strive to have ever greater ownership (control over) property (wealth). Preventing such power to be tyrannical is for "Us, the American People" to assure.

"Liberty is the only thing you cannot have unless you are willing to give it to others."

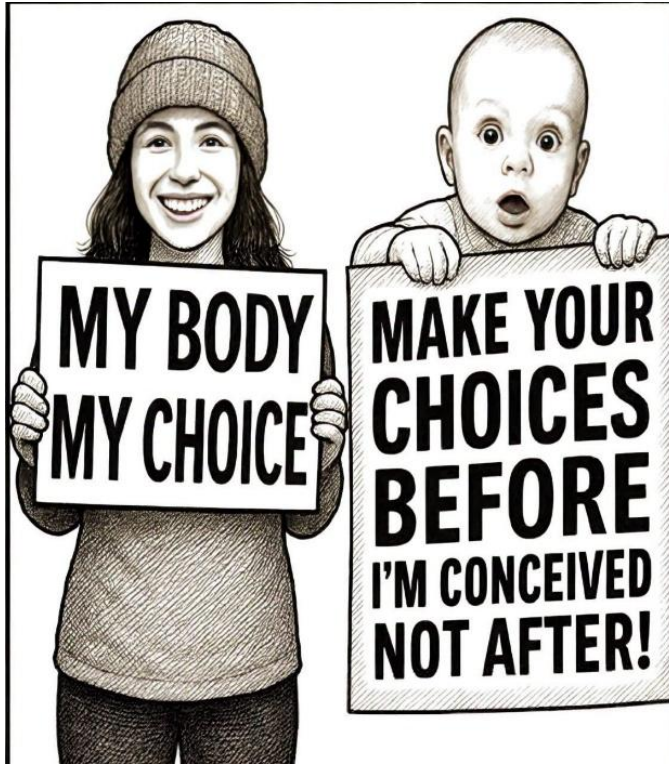

~ *William Allen White*

Remember when Democrats put this Man at the top of HHS and told us all that Richard was now a Woman named Rachel?

Then he made it a top priority to transition Children. Then he won Women of the Year in 2022 despite being a Man with severe mental illness.

What crazy times we have all been through and what crazy stuff these Democrat lunatics have shoved down our throats.

People Expecting To Live In Liberty do not allow legislators – or other public officials within These United States of America, to permit federal authorities or courts to define or limit their 10th Amendment powers beyond specific Constitutional constraint. They protect their lives and property against “State” intrusion.

From Mr. Science to Mr. Silence

How dare he plead the Fifth Amendment!

BETH ANN

7-30-2026

It was a contentious beginning as one of Fauci’s lawyers refused to obey the “house rules;” such are lawyers. When he insisted to speak on Fauci’s behalf, he was removed from the house chambers. My personal opinion? It was a setup by Fauci and his attorneys. Maybe the Senate Homeland Security and Governmental Affairs Committee, which may also be identified as the “anti-Fauci” committee, should have suggested **6-foot distancing...**

“On the advice of counsel, I respectfully decline to answer based upon my rights under the Fifth Amendment to the Constitution,” so claimed Fauci one hundred eleven times; which in my book, equals an admission of guilt.

I would like to take a moment to point out that there was absolutely no respect in Fauci’s performance that day in Congress. Fauci pled the Fifth one hundred eleven times, he wasn’t even capable of telling the truth regarding what day it was, the color of his tie or the rug under his feet.

Mr. Chatterbox Science was all puffed up when he suggested Americans be forced to take the jab (COVID vaccination), wear masks everywhere (heck, wear two), shut schools down, close small businesses but allowed mega corporations like Walmart and Cosco to remain open, grocery stores had traffic arrows in their aisles and X's marking 6-foot distancing at the checkout lanes. Churches were closed while liquor stores, gay clubs and brothels were open for business. The Covid Censorship *error* of America was the greatest infringement upon Free Speech that this country has ever experienced, at least in my lifetime. Anyone who dared to question Fauci or Dr. Deborah Birx were ostracized, cancelled or fired. Other prestigious doctors and real scientists were threatened with the loss of their licenses and loss of their jobs if they dared speak in opposition of Fauci's and Birx's lock-America-down-plan... or plot. We were all suspicious when the plan quarantined the well with the sick in American homes but then allowed prisoners to go free so they wouldn't be locked up: none of it made sense.

Americans had to cancel their Thanksgiving and Christmas gatherings, yet, according to Frankenstein Fauci's diary he and his wife went to dinner in the home of Jake Tapper. Hair salons were forbidden for Americans, but elite Nancy Pelosi was allowed a private visit, and then Chicago Mayor Lori Lightfoot informed the public that getting her hair fixed was important because she was in front of the cameras a lot. "Isn't she special!"

Mom and dad, or grandma or grandpa had to die alone, because Fauci and his LEFT-death-loving-democrats wouldn't allow Americans to "congregate."

Democrats praised Fauci and shamed republicans... But then we are learning more and more about how the Democrats are anti-Constitution. They promote communism (call it socialism) and they are saying out loud how they want to destroy the Constitution, do away with laws and prisons, allow open borders, and they intend to make rape a misdemeanor crime instead of a felony. (They really do hate women!) Dems want to abolish all private property rights; they want government to own and control everything...your families, your communities, your bank accounts, your jobs and your faith. Covid proved to be a communist practice run for the democrat run cities and states. Unfortunately, Americans were willing to go along... at first. When "15 days to flatten the curve" went on for months and months, Americans grew impatient and suspicious.

Upgrade to paid

I realize that the “hearing” in Congress was more about theater and less about justice or accountability, however, Dr. Frankenstein Fauci proved himself to be a liar, a thief and a fraud. In my mind, the deceit that Fauci, Dr. Birx and their team of Fake News media served up to the American people, was criminal. American businesses were closed, education for our children was stifled, millions of people died and millions of Americans have been left with life changing vaccine injuries.

Fauci received (begged for) a preemptive pardon from installed President Joe Biden. Biden did not have the right to pardon Frankenstein Fauci. Fauci didn’t have the right to plead the Fifth Amendment; **We the People** paid him and **We the People** deserve answers and **We the People** deserve justice. Fauci and others who were with him need to be punished.

Guilt was all over his face, and his demeanor showed no remorse for his greed, arrogance and crimes. He couldn’t care less about the lives that were taken and the lives that were forever changed. His lies and greed and deceit destroyed millions of Americans and stole the American dream from those who lost their businesses. **How dare he plead the Fifth Amendment!**

Americans deserve the whole truth and we deserve justice. If Fauci took advantage of his power AND if Fauci helped BIG Pharma profit by forced vaccines ... then Fauci needs to be held accountable. Accountable not for mistakes but for the deceit and the lies and his totalitarian policies of handling a pandemic, while ignoring the rights of Americans. He needs to be punished for his deceit about where the virus originated and his knowledge and involvement in the *gain-of-function* research in the Wuhan lab. Fauci, his team and the medias in America who continued to “fall in line” while ignoring other doctors and research regarding Ivermectin, Hydroxychloroquine, Vitamin D and Zinc, and that our elderly and obese Americans were those most at risk, should have to answer for their lies and should suffer consequences. I read recently *“The reason they had to destroy hydroxychloroquine and ivermectin is that under federal law, you cannot issue and Emergency Use Authorization for a vaccine if there is an existing therapeutic drug that has been approved for that indication.”* That causes suspicion of collusion.

Upgrade to paid

After pleading the 5th over one hundred times, Fauci was asked if he knew what it said; but again... he pleaded the 5th!

So, what does it say...exactly?

*No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a Grand Jury, **except in cases** arising in the land or naval forces, or in the Militia, when in actual service in time of War or **public danger**; nor shall any person be subject for the same offence to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation.*

I am certainly not a lawyer, but since Fauci received a preemptive pardon can he really legally plead the 5th? The hearing was not a criminal case or court of law. And in reading the 5th Amendment, was the pandemic a matter of public danger? Just honest questions on my part.

Fauci led this country down a dark path during the pandemic; he had his hand in the Wuhan lab gain-of-function research, he got rich and he boasted of his fame.

“If ye love wealth better than liberty, the tranquility of servitude better than the animating contest of freedom, go home from us in peace. We ask not your counsels or arms. Crouch down and lick the hands which feed you. May your chains set lightly upon you, and may posterity forget that ye were our countrymen.” (Samuel Adams–speech at the Philadelphia State House, August 1, 1776)

We have patriots like Adams yet today, but Fauci is not one of them!

Upgrade to paid

So Fauci, you enjoyed COVID fame as the LEFT slobbered over you, however, your popularity is now quite negative; **We the People** no longer see you as a countryman, we see you as a war criminal.

Americans need to witness accountability for the crimes that were committed against America. We need to demand arrests and open hearings of all those who were involved. Fauci’s team did not all receive pardons. Dr. Birx did not receive a pardon.

Rep. Harriet Hageman, WY, is composing a new bill,” **“First Amendment Accountability Act.”**

Rep. Hageman says, this Act will give Americans the right to sue when federal officials violate one

of their most fundamental civil liberties. Fauci's pardon will not stop Americans from suing him or others for what they did to "Censor Americans" and infringe upon their First Amendment right.

Fauci took delight in controlling Americans and torturing beagles, but on July 29 in Congress, he decided to flatten the curve; yes, Mr. Science turned into Mr. Silence.

"Unless the people, through unified action, arise and take charge of their government, they will find that their government has taken charge of them." Calvin Coolidge

"We, the American People" would be smart to never lose sight of why someone seeks legislative office. Holding legislative office affords a legislative office holder an opportunity to swing legislature votes in favor of a sitting legislator's personal attitudes, values, and beliefs (PAVB). Constitutionality Always Gives Way to law. There are no commonwealth, federal (U.S./National), or state Constitutional guidelines to prevent lawmakers from passing laws contrary to Constitutional precepts and protections. America's lawmakers are free to interpret Constitutional precepts and protections according to their PAVB. Resulting laws are subject to judicial review – also PAVB based.
