"This is the fundamental unfairness that central banks--and the Fed--have to grapple with. The trouble is that it is hard to counteract a perception of unfairness because central banking IS unfair."

~ *Daily Bell*

"Our, the American People's" media report early signs of a looming federal government shutdown when Congress returns from recess. References on federal government shutdowns indicate shutdowns have become more prevalent in Congressional jockeying for who gets to control property (wealth) confiscated from Americans by way of taxation. Federal government shutdowns could be avoided.

"Exposed by the Internet, the mystique of central banking no longer holds sway"

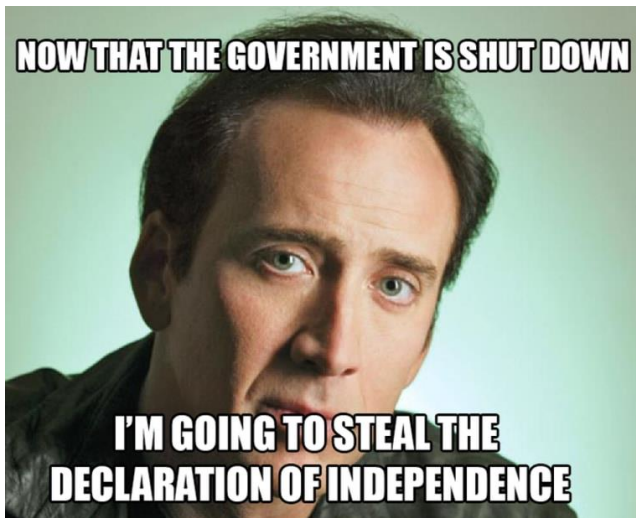

~ *Daily Bell*

References Accurate, Some 31% of state level government services are backed by federal funding. Government services funding, all said and done, comes from, fundamentally, two sources. Taxes and loans. Loans are necessary when tax revenue falls short of budget commitments. “We, the American People” could, were we serious about fiscal efficiency, disallow any deficit spending (loans).

[RE federal budget battles] "Until Democrats agree to rein in entitlement spending, and Republicans back off the blank checks to the military industrial complex, it all amounts to political gamesmanship."

~ **Ron Paul**

Ordinary People Are Not Able, as a rule, to obtain loans if lenders are not reasonable sure borrowers can meet repayment amortization. Governments, in contrast to ordinary people, can get money to meet loan amortization by raising taxes. We, as a sovereign citizenry, could prohibit government from incurring deficit spending. It might take storming government offices, if officials didn't cooperate.

"What was once seen as the freest, bravest nation in the world is fast succumbing to a toxic cocktail of prison-state policies at home and military strongmen attitudes abroad."

~ **Joel Bowman**

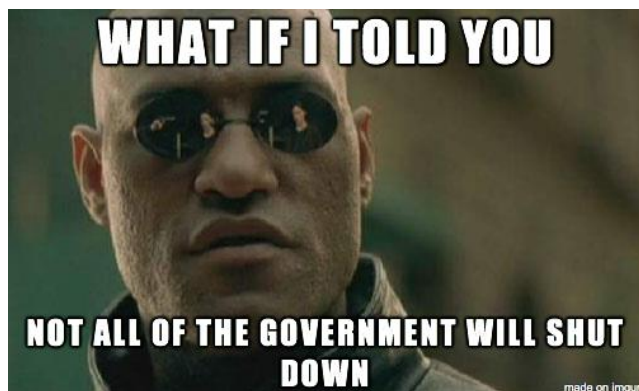

**So the U.S. Federal Government
shutdown today?**

I never knew they were working.

It Is More Than Possible for “Us, the American People” to stop prospects of government shutdowns by, among other measures, curtailing all government superfluous spending. Endangered species studies, despite their intrinsic value, are not critical to public welfare. We could, were we committed, prohibit any spending seen to increase inflation. It is us who, ultimately, fund all government spending.

"Every major challenge humanity is now facing traces its roots back to overreaching government. "

~ **David Galland**

"...Ten million people, without a monarchy, without a court, without an aristocracy, without trade-guilds, without unnecessary or unpopular taxes, without a state police, a constabulary, or any disorder, have acquired the highest degree of freedom, security, prosperity, and happiness, which human civilization could have imagined...In France, on the contrary, there are no longer any municipal or administrative elections nor any other popular elections, no freedom of the press, no jury...nor any representation of the heart of the people."

There's An Elected Congressional House of Representatives legislator down Texas way who's very much displeased with "Our, the American People's" Supreme Court of the United States (SCOTUS) neither having ethical standards, nor having good sense to follow lower court ethical standards. All because SCCOTUS is a Donald J. Trump groupie. Said representative demands SCOITUS measure up.

The Bottom Line with Islam: It is **ANTI-FREEDOM**.
 For Islam to BE "a Religion a Peace," it must grant the Freedoms:

- ~ To Criticize Mohammed, Islam's doctrines, and Shari'ah, without reprisal
- ~ To Create Images and Cartoons of Mohammed, either critical or favorable, without reprisal
- ~ To Leave Islam without fear of death or any other reprisal
- ~ To Live in Islamic countries as non-Muslims and be First-Class Citizens, not Dhimmis
- ~ To Live anywhere without Fear of Attack and Violent Jihad by Islamists
- ~ To Live under a representative democracy with full civil rights, instead of Shari'ah law

But Islam does not grant these freedoms. It enslaves its MUSLIM citizens and grows its religion by JIHAD, INDOCTRINATION, and DEATH to Apostates, not love.

If Islamists DISPUTE this, then PROVE IT. GRANT these freedoms.

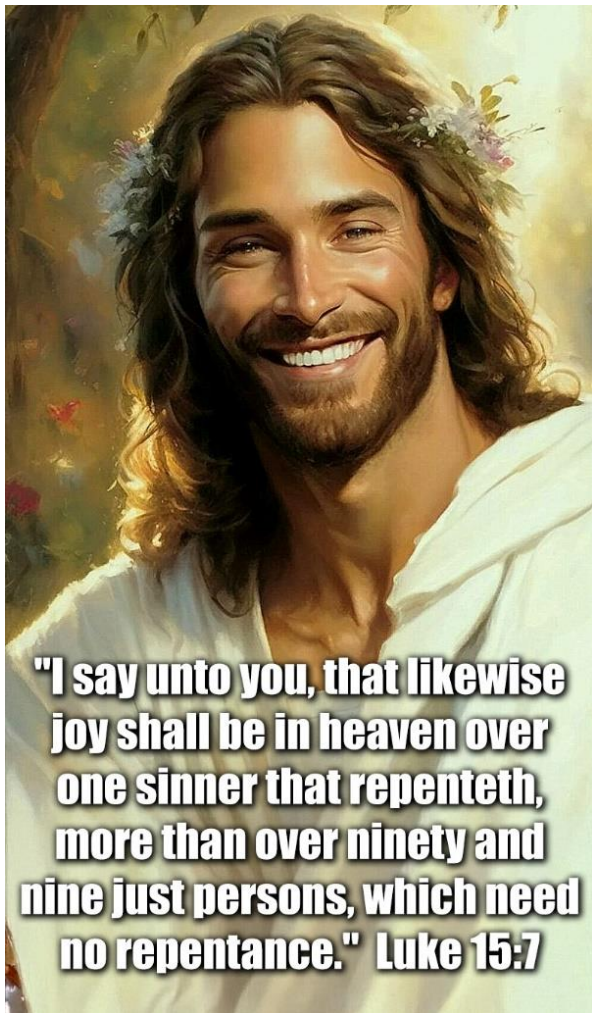

Peter Falkenberg Brown

House Legislator At Hand is, similarly on record as declaring intent – sincere intent to do nothing more than dedicating heart, mind, and taxpayer money to fixing problems. “We, the American People” would be more than smart to keep firmly in mind legislators fix problems by using law to restrict choice. Along with deciding problems to be fixed are problems likely to attract disgruntled voters.

"If liberty has any meaning it means freedom to improve."

Do the opposite of what the government recommends.

Avoid eggs: Eat 3 to 20 daily

Limit red meat: Eat steak daily

Avoid butter: Eat butter

Limit salt: Salt your food

Avoid the sun: Enjoy the sun

"J.D. you are sleeping too much. I expect a 20 hour day from you and no holidays--shape up."

One Of House Of Representatives Texas Legislator's pet peeves is President Donald J. Trump's deportation initiative. Illegal border crossings, by-and-large, are deeply down. Some references claim rates lowest in decades. Regardless where diverse segments of "Us, the American People" stand on border control and illegal immigrants/migrants/refugees (IIMR), people without means are dependent.

"Liberty has never come from government. Liberty has always come from the subjects of it. The history of liberty is a history of resistance. The history of liberty is a history of limitations of governmental power, not the increase of it."

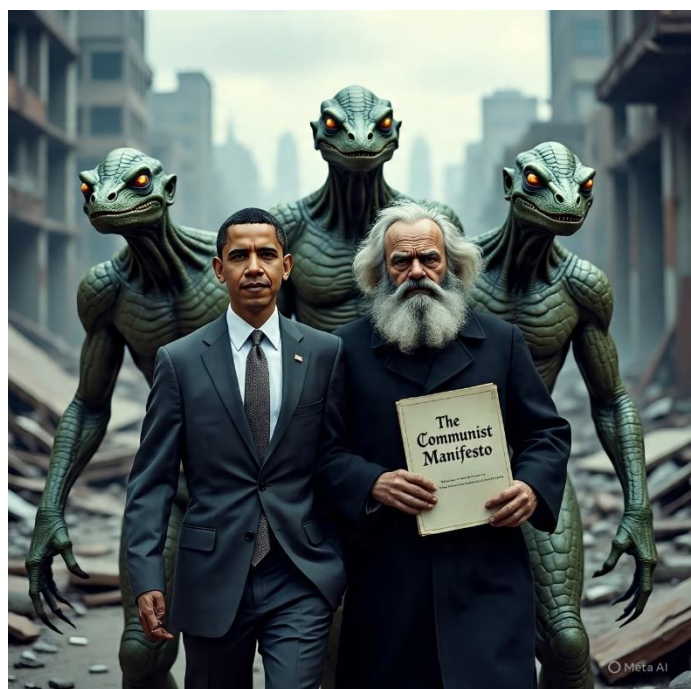

~ **Woodrow T. Wilson**

All Chips In, No Matter Legislator/Politician fanciful rhetoric decrying legislator/politician, or mouthing fealty to America's commonwealth, federal (U.S./National), and state Constitution precepts and protections, legislators-politicians aim to have their personal attitudes, values, and beliefs (PAVB) be lawfully compulsory. We can not expect them to to let our PAVB stand in their PAVB way.

"The shallow consider liberty a release from all law, from every constraint. The wise man sees in it, on the contrary, the potent Law of Laws."

~ **Walt Whitman**

Fifty States United! One Nation Under God! Those words speak to all of us, don't they?

I don't live in New York City; I have relatives by marriage that live there; I do not know their political druthers.

I am, however, on a mission - Missourians for New York City! I've been listening to the "political experts", and I reject their Debbie-downer-defeatist attitudes. Many say the two "democrat" candidates Andrew Cuomo and current Mayor Eric Adams (now claiming Independent political status) should consolidate their support; one drop out of the race and lend his support to the other. Yeah, I don't see either of them making such a sacrifice; they don't love NYC that much... Republicans, as the GOP, have given up on their candidate, saying he doesn't stand a chance in democrat New York City, so they're ok with Cuomo or Adams. The trouble with that is all democrats are communists.

What the political experts and the GOP simply don't understand is that Americans love to support an underdog... and Americans love Heroes! Curtis Sliwa is the Hero that New York City needs. They should all be out there in New York City beating the drums for this Hero!

Andrew Cuomo allowed elderly New Yorkers to die during COVID, as he sent the sick back to their nursing homes. His communistic policies left the elderly nursing patients to die alone, without the loving presence of their families. Governor Andrew Cuomo hated President Trump so much, he refused to use the **USNS Comfort**, a Navy hospital ship, sent to assist New York with the need for additional hospital beds. Andrew Cuomo allowed protests against the Samaritans' Purse hospital set up in the New York City area. Governor Cuomo stated, *"We're not going to make America great again, it was never that great."* Cuomo didn't want to make America great, and he will not have a goal to make New York City great, or safe or prosperous. So, how is this communist better than Commie millionaire Mamdani?

The current mayor of New York City is that very well dressed, fence-riding Mayor Eric Adams. Going along with Governor Kathy Hochul, Mayor Adams has allowed New York City to be a "sanctuary city." Not only is he breaking federal immigration laws, but he's also

placing New York City Americans in a dangerous position for violent crimes. The subway is no longer safe; citizens are brutally attacked and beaten for no reason. While sleeping in the subway, a woman was burned alive, women have been raped in broad daylight, and other New Yorkers have even been thrown on the tracks to die... senseless violent crimes that are tolerated instead of prosecuted. I've heard no action to combat this growing problem of violent crime in New York City from the current Mayor Adams. Mayor Adams goes along with the Governor's unconstitutional, communistic policies, so how would he be a better choice than Marxist millionaire Mamdani?

What does Uganda born-Marxist millionaire privileged Mamdani have to offer New York? As mayor of New York City, he wants to defund the police and use social workers to combat violent crime. He promises to implement policies from the Communist Manifesto; tax the rich out of New York City and starve the rest of them with shelf-empty government run grocery stores. I had to laugh at a man on the street (in NYC) when asked about taxing the rich. He was asked what happens when the rich all leave NYC? His reply, showed so much ignorance and arrogance, "*Well things will be less expensive.*" Sorry, Mr. but things won't be less expensive, *things* will be GONE! I realize when they have the "man on the street" interviews they don't air them all on TV, but this man was the only man, who thought communist rhetoric made sense. Most Americans know communism has never been successful for the people of any nation. So why do any Americans vote for a democrat?

Upgrade to paid

New York City residents deserve protection; they deserve a hero. They need and deserve a mayor who loves them and will guard over them. That man is Curtis Sliwa.

As a citizen of a flyover state, I am worried about New York City. All democrats are communists these days; they fight against all the "federal laws and statutes," and they refuse to protect the citizens of their states or cities. Those democrat D.C. Occupiers are busy calling the rest of us Nazis, fighting President Trump's efforts to bring commonsense and Constitutionality back to our governance, and pushing policies to erode our Bill of Rights. Democrats take an oath to uphold the Constitution of the United States of America and then they work to shred and deny the original intent of our Founding documents. **We the People** deserve better than communist democrats!

Missouri is a long way from New York City, but I'll do everything I can from the middle of this great nation to help Curtis Sliwa become the next mayor of New York City. New York City will not grow better, freer or safer by trading one communist mayor for another.

Meet Curtis Sliwa

Curtis Sliwa is a renowned community leader, activist, broadcaster and founder of the Guardian Angels. In 1979, at just 24 years old, Sliwa founded the Guardian Angels in response to New York City's rising crime and fears of public safety. Sliwa's vision and leadership turned the Guardian Angels into an international movement. Under his leadership, chapters expanded across the United States and internationally doing various works of service including crime prevention, youth mentoring, EMS assistance, self-defense training for victims of abuse, homeless outreach, etc. Sliwa was also 2021 Republican nominee for Mayor.

The trouble with democrats is they are all communists! They hate the Constitution, they work to shred your rights, and they lead by implementing policies that rob from the poor and give to their democrat rich privileged friends.

This Missourian sees Curtis Sliwa as the only answer to **Make New York City Great Again...** It looks to me that he's the only candidate campaigning to do just that.

Show me a Gotham New York City and I'll show you a fallen nation!

I encourage all Americans to unite behind Curtis Sliwa for Mayor of New York City... because what happens in New York City will not stay in New York City. We in the flyover states prefer Life, Liberty, and the pursuit of Happiness. Rural Americans believe in private property rights!

Fifty States United! One Nation Under God! Those words speak to all of us, don't they? The state of New York and all the rest of us forty-nine states need to help save New York City. Support Curtis Sliwa for Mayor of New York City, he will **Make New York Great Again...**

It Wouldn't Be Much Of A Stretch for "Us, the American People" to rename commonwealth, federal, and state legislatures *Foundations for Special Interest*. Media tell us two of President Donald J. Trump's 'own' Congressional Senate legislators are holding up presidential nominees because they see President Donald J. Trump's tax and spend law as undercutting projects germane to their constituents.

"Place before the eyes of men and position of POWER, that shall at the same time be a place of PROFIT, and they will remove heaven and earth to RETAIN it."

~ *Ben Franklin 1787 (Courtesy an AAH reader.)*

"Our, the American People's" legislators-politicians depend on satisfied voters to stay in office. Otherwise, legislators-politicians would not be in such positions of power to decide how government shall supervise ordinary people. It would be delusional for us to believe our legislators-politicians do not gauge their odds of keeping their law-making jobs by catering to perceived constituent favorability.

"Resolve to serve no more, and you are at once freed. I do not ask that you place hands upon the tyrant to topple him over, but simply that you support him no longer; then you will behold him, like a great Colossus whose pedestal has been pulled away, fall of his own weight and break into pieces."

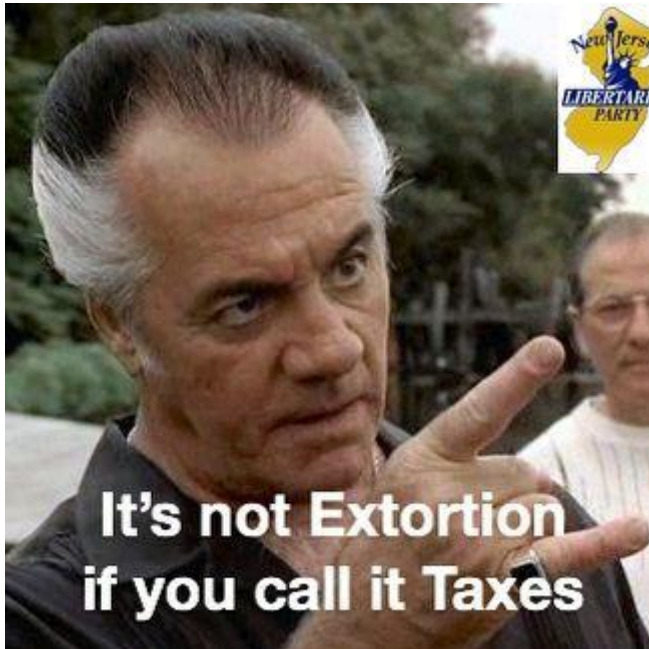

~ *Etienne de la Boetie*

It Is A Simple Matter for sitting legislators to craft legislation making it hard or easy for private sector entrepreneurs to make their goods and services available to a buying public. There is more than enough intense public disagreement on whether, for example, marijuana or other mood-altering drugs should be available for public consumption. Legislators have power to allow or deny access to commodities.

“The ultimate result of shielding men from the effects of folly, is to fill the world with fools.”

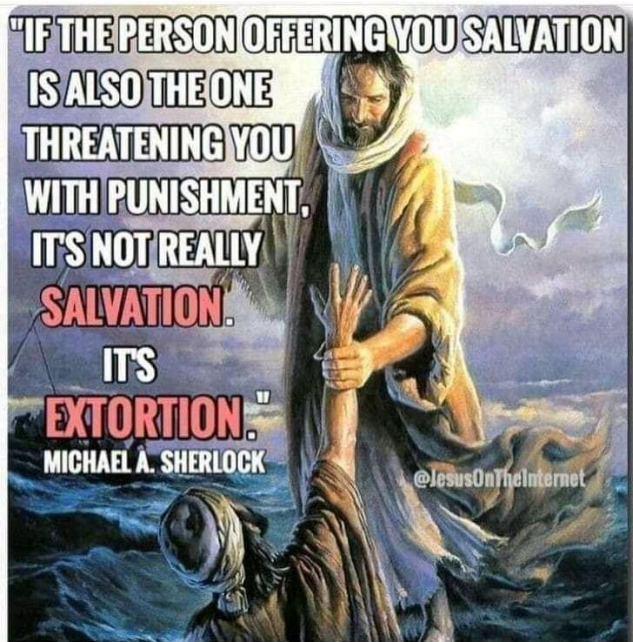

~ *Spencer*

“We, the American People,” if we expect to survive as a sovereign citizenry capable of exerting self-government against parochial government, can not keep tyranny at bay without preventing government officials from officiating as their personal attitudes, values, and beliefs (PAVB) drive them. Moreover, a free society is not free when government can confiscate property (wealth) or restrict choice (Liberty).

“Every government interference in the economy consists of giving an unearned benefit, extorted by force, to some men at the expense of others.”
