~ **Patrick Henry**

"We, the American People" have no room to complain about America's wealthiest getting by without paying taxes like lower income taxpayers pay. We put people in office who write America's tax code. We see who's responsible whenever we look at who's looking back from any garden variety mirror. We have more than enough power to oust tax code writers and replace them with tax-the-rich writers.

"The Constitution is a written instrument. As such, its meaning does not alter. That which it meant when it was adopted, it means now."

“Our, the American People’s” tax codes, by-and-large charge higher income earners progressively higher tax rates. Taxpayers with higher rates cough up more tax than people with lower tax rates. Still, there are steady media articles complaining about America’s wealthier people not paying enough taxes. Employers and businesses compensate high value employees and investors accordingly. Accordingly.

“Nobody but a beggar chooses to depend chiefly upon the benevolence of his fellow citizens.”

~ **Adam Smith**

There Is Nothing To Stop any of “Us, the American People” from becoming comparatively high tax rate payers. Money goes where money grows. Some of us, media coverage on point, think we deserve

more property (wealth) than we have merely because we want it and expect government to get it for us. We had better get used to government compensating government first, then others with leftovers.

Expecting Government To Make Us Wealthy is tantamount to surrendering independence, including our financial independence. Government will not be silly enough to start sending checks to people merely because they demand checks. Government will serve those first who serve government first. Someone (Else) Will Pays. Socialist/Democratic Socialists of America (DSA) operate on the illusion government will, somehow, come up with money to make everyone's life better than their lives would be under capitalism. For "Us, the American People" this delusion can be summed up in a single idea – someone (else) will pay. Someone else has always been, will always be, taxpayers. All taxpayers.

"War has all the characteristics of socialism most conservatives hate: Centralized power, state planning, false rationalism, restricted liberties, foolish optimism about intended results, and blindness to unintended secondary results."

Media Outlets Are Running sundry articles on how, ultimately, taxation funds public services – of all kinds – where varieties of socialism are concerned. Examples include Big Apple Mayor Mandani's

plan to open Big Apple public-owned grocery stores to everyone, Norway increasing taxes on wealthier Norwegians, Michigan Senate candidate saying it will cost a little more for universal healthcare.

“There never was a good war or a bad peace.”

~ *Benjamin Franklin*

SHE CALLED ME ISLAMOPHOBE

SO I GAVE HER SOME SHARIA LAW!

“We, the American People” would be smart to require legislative candidates who say universal healthcare will cost a little more to define, in no und=certain terms, how much is a little more. In hard,

cold dollars and cents, not nice sounding words intended to mean no one will miss a little more taxes from their paychecks. Smart people account for pennies. To keep from missing more portfolio dollars.

“Good intentions will always be pleaded for every assumption of authority. It is hardly too strong to say that the Constitution was made to guard the people against the dangers of good intentions.”

~ *Daniel Webster*)

**Me taking my daughter's

“Our, the American People’s” Patient Protection and Affordable Care Act (PPACA) was supposed to make healthcare more affordable for everyone. Whether PPACA did, in fact, lower healthcare costs boils down to how healthcare costs are tallied and accounted. We would, were we smart, compare costs now to costs when PPACA became law, inflation included, to see if we have more optional bucks.

Another Day and Another Coup - It's The Democrat Way

Joe Biden is mentally incapable of winning an election, but his mental incapacity isn't their issue.

The Democrat Party all stick together until they don't.

They were all together singing kumbaya and eating pizza when they had their sit-in against the Second Amendment, right after they took an oath to uphold the Constitution. (June 2016)

They were all in for framing President Trump.

They were all together when they attempted to destroy Justice Brett Kavanaugh.

They were all together when they started calling for violence against all those on President Trump's staff and his supporters.

They were all together when pushing a propaganda-prevaricating letter claiming that Hunter's laptop was Russian collusion.

They were all together shutting down businesses, forcing facemasks on small children, closing schools and mandating unproven Covid 19 vaccines.

They all stand together on the great hoax of climate change, while they all stand together making deals and participate in personal profit gains.

They all stand together depicting President Trump as a danger to “democracy” and call him Hitler.

They all stand together for open borders and endangering American citizens.

They all stood together changing the 2020 election laws in their states in order to steal an election from the American People.

They all stood together hiding Joe Biden in the basement to conceal his mental decline from Americans.

They all stand together to win elections, not to better America. In fact, they have said that out loud, *“We’re not going to make America great again, it never was that great to begin with.”* Governor Andrew Cuomo.

They all stand together on January 6 (with a few republicans assisting) as they created a great diversion, allowed a breach of security, and called it an insurrection.

They all stood together with decrepit old Joe, until they realized no amount of cheating, election interfering or basement hiding was going to get him reelected.

Upgrade to paid

The coup that the democrats orchestrated for years against President Donald J. Trump is now a coup against Joe Biden. Notice, he isn’t resigning the presidency, just the race for 4 More Years! His mental ability or instability is of no concern to the democrats; all they’re concerned about is his electability.

In secret they met, however they made sure those meetings were leaked to the press. They began a new coup against their own. It seems to be a much softer coup, at least on the outside, but what did they use to talk Joe, Hunter, and Jill out of the White House? Were there higher promises of immunity for the Biden family cartel?

We have many questions here on the outside of the democrat political arena, but I doubt we will ever know the answers.

The democrats always seem to have a plan, for they always stick together; until they don't!

They were together with Joe and Kamala, but now, without the Covid-diversion, real pressure is on, and the togetherness is fading. Remembering back before the Obama era nobody really liked Joe Biden. He was a known liar, and it was *well* known, and he's never really worked a day in his life. While they all lie, Joe wasn't wise about his lies, but he was constant! Remember back to the democratic presidential primary of 2020, Kamala Harris was one of the first to drop out of the race. Her popularity was less than 1%. Somehow both of these unpopular politicians managed to win the 2020 election with record numbers. Thus, discrepancies grew over the legitimacy of that election. The distrust grew because of the adamant chatter that **We the People** were not allowed to question those states who seem to have broken or bent the election laws. The democrats, however, all stood together on their "new" election laws.

Now, however, the democrats are in great need of another COVID pandemic, or some catastrophe to charter them a new path to an election victory, which for now looks dim.

The democrats and their media friends are making all kinds of accusations regarding President Trump:

He's a dictator *(but it's the democrats who dictate and ignore the Constitution)*

He's a Hitler *(but it's the democrats who support the mutilation of children for their perverted sexual ways)*

He's a liar *(but it was the DNC and Hillary who conjured up the FAKE Dossier against Donald Trump)*

He's a threat to democracy *(hey guys, we were established as a Constitutional Republic)*

He's a friend to Putin *(if Trump being a friend to Putin keeps Putin from starting wars and killing people, I'm good with that friendship!)*

Trump colluded with Russia and Ukraine. WAIT, Hunter Biden is the one receiving money and perks from these countries, *and* China.

Upgrade to paid

But the democrats and their media all stand together, until they need to oust one of their own. He is a senile old man, and he can't win the 2024 election, so we need to kick him out the door. NOT YET, he's still president, and that title he shall hold. Joe Biden is mentally incapable of winning an election, but his mental incapacity isn't their issue, it's his low likeability and electability that is of great concern and division with the "always together" democrats.

Their goal is to stay in control, stand together and *finish this nation off*; I mean fundamentally changing America.

If there's one thing all Americans should know now, it's the fact that Biden has never been acting president, and Kamala, well, she hangs out, flies on jets a lot, and gives mind boggling speeches.

Kamala Harris, VP dreaming now of her own possible presidency, is giving these deep and insightful messages to Joe Biden,

"There's great significance to the passage of time." (Joe your time is passed)

"I can imagine what will be, unburdened by what was." (Kamala imagines herself as president and lets Joe know that this democratic oligarchy needs to be unburdened of his gaffs and his corruption, but mostly of his poor electability.)

Will VP Kamala Harris soon find out there will be a coup against her as a presidential candidate? In my opinion, Obama put her in there, and I suspect Obama will be the one who removes her, unless they let her run, and then **We the People** will have the great pleasure of removing her.

Be sure of this America, the chaos that seems to be happening now, within the Democrat Party, is more than likely another coup in the making. The democrats

are not going to give up power without a fight and we should never capitulate to this oligarchy that is now running our government.

The Democrat party will come together again, but right now **“They can imagine what will be, unburdened by what was.”**

We the People must stand together against this tyrannical regime and **Bring America Home.©**

America's Legislative-Judicial Jurisprudence system operates on political clout. PAVB Are Blind To Impartiality. There is no certainty of truth for “Us, the American People” to apply in matters of governmental justice.
