Legislative Power To Make Their Personal attitudes, values, and beliefs (PAVB) lawfully compulsory. It's a foremost goal for anyone who runs for legislative office. Motivations vary. Sense of patriotic duty. Sense of commitment to one's Faith. Sense of one's obligation to help others. Sense of combatting injustice. Sense of controlling behavior to make society safe. Personal achievement.

"Government does not solve problems; it subsidizes them."

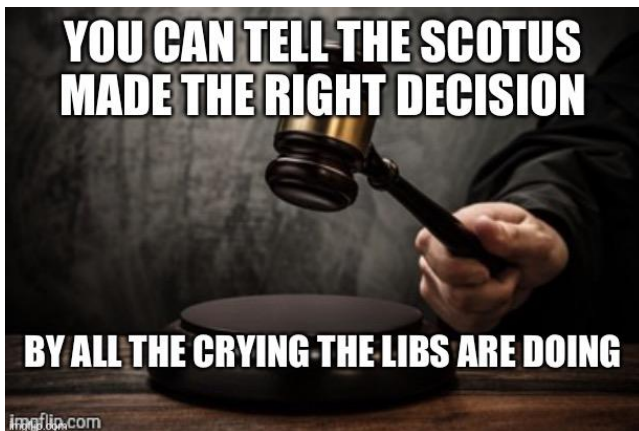

~ **Ronald Reagan**

Media Report Tui "Us, the American People" Democrats might have (or get) votes to subjugate America's Supreme Court of the United States (SCOTUS) but wouldn't have laws to do it. Media articles on efforts to change SCOTUS appear fairly often. Underlying idea, presumably, would be to control SCOTUS – thereby control socio-economic outcomes as defined by legislative ideology.

"The right to be let alone is indeed the beginning of all freedom."

~ *William O. Douglas*

SCOTUS, By And Large, Opinion-Wise, is a reflection of presidential and Congressional political force prevailing when SCOTUS Justice seats are filled. “We, the American People,” theoretically, determine SCOTUS political bent by virtue of electing presidents and Congressional legislators who seat SCOTUS Justices. We have no guarantee president, Congress, or SCOTUS will do as we ordain.

“Why doesn’t everybody just leave everybody else the hell alone?”

~ *Jimmy Durante*

“Our, the American People’s” triumvirate checks-and-balances restraint system, though it is declared to be controlled by Constitutional precepts and protections, operates, all said and done, by legislative, executive, and judicial interpretation. If there is any reliable semblance of objectivity in our government, it rests with our fourth branch of government power as a preemptive sovereign citizenry.

“This year will go down in history. For the first time, a civilized nation has full gun registration. Our streets will be safer, our police more efficient, and the world will follow our lead into the future! “

~ *Adolph Hitler*

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to define or limit their 10th Amendment powers beyond Constitutional constraint. They exercise self-government to preserve their liberty.

“After a shooting spree, they always want to take the guns away from the people who didn’t do it. I sure as hell wouldn’t want to live in a society where the only people allowed guns are the police and the military.”

This is everything democrat in one meme!

Media Outlets And Internet Sites offer “Us, the American People” volumes of tax code-related information advising us know America’s myriad tax codes are inequitable. Some people are said to benefit while other people – usually people claimed to have less socio-economic clout than, say, their wealthier fellow Americans – are left benefitting less from taxation inequity. Solutions are unclear.

“The moral and constitutional obligations of our representatives in Washington are to protect our liberty, not coddle the world, precipitating no-win wars, while bringing bankruptcy and economic turmoil to our people.”

~ **Ron Paul**

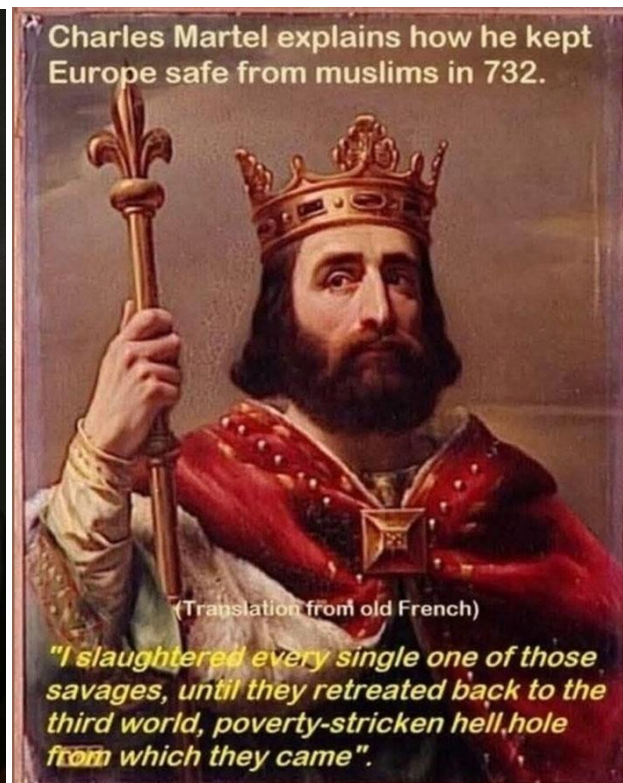

"We, the American People" are, if we choose to take sovereign citizenry seriously, in charge of our tax destiny. It is those very people we elect to public office who decide how America's tax codes shall be written and how IRS shall carry out collection of such property (wealth) government takes its pound of flesh from America's Gross Productivity Product (GPP) after allowing us to keep our judgedshare.

"The man who produces while others dispose of his product is a slave."

~ *Ayn Rand*

Should Hasan Piker be deported immediately after saying he will destroy the white race in America and inciting violence?

Strictly Speaking, There Is No Government-Recognized GPP. Gross Domestic Product (GDP) is close, however, America's tax codes treat taxable productivity differently if domestic or from foreign employment or

business. In any case power to control tax drain from “Us, the American People” rests with us, a sovereign citizenry, if we choose to control government’s way of syphoning productivity.

8-10-2026

Tomorrow will be another primary election night; Minnesota, Connecticut, Vermont and Wisconsin will all be heading to the polls to choose their primary choices of democrat or republican candidates to be on the ticket to run the race to November's midterm election day.

Democrats have been campaigning to Take out Trump, Stop Trump, End MAGA (that would be We the People) ... as one recently primaried candidate put it, "Hauling Up People." What do you think Abdul El-Sayed meant by that? He's not campaigning to better Michigan; he's campaigning to

destroy America. Barrack Hussein Obama is endorsing Abdul; “Fundamentally changing America” remains Barrack’s goal.

Whether they be mayoral candidates, gubernatorial, representatives, or senatorial, if there’s a D by their name, they are out to remove, block, stop, impeach, arrest, incarcerate and even allow the assassination of President Trump, his family, and some of his administration.

We can never trust another democrat candidate whether they claim just the title democrat or democrat socialist; they all vote the same way, and they all claim the same outlandish rhetoric. Even though Pennsylvania Senator John Fetterman seems to talk more commonsensical, for the most part, he continues to vote with his democrat colleagues.

Upgrade to paid

While the democrats are fond of the word affordability, they are really counting on the short memories of Americans. While not all Americans are elephants, we remember that inflation was higher under Joe Biden, food prices were higher and gas prices were higher, many Americans lost their jobs and their businesses with the COVID restrictions and mandates under Joe-Fauci’s pandemic. President Trump was president when the pandemic hit, and during that time many democrats encouraged folks to congregate. Nancy Pelosi said the virus was nothing, “Go celebrate the Chinese New Year.” However, when they realized they could use the pandemic to alter the 2020 election rules and laws, it was the democrat states who began their tyrannical behavior. Joe allowed and possibly encouraged the Russia/Ukraine war... which is now a longer war than WW2.

Don’t get me wrong, I am not happy with the republicans in Congress these days, I find them to be weak, spineless and greedy... but I don’t see them as anti-America! Speaker Johnson has the power to remove or “cancel” those representatives who are speaking against the Constitution. Is speaking against that which they took an oath to protect and preserve Free Speech? I say it is not. That was never the intention of our Founding Fathers. The First Amendment is there to protect the Constitution and **We the People** from those who would alter or abolish it; they were protecting **We the People** from people like Ilhan Abdullahi Omar, AOC, Rashida Tlaib, Bernie Sanders, Jamie Raskin, Cory Booker, Hakeem Jeffries ... well, basically the entire Democrat Party.

The Democrat Party are all ONE accord; do not be fooled by a few who claim otherwise. They have been anti-Constitution for a very long time; always striving to alter or abolish one section or

another, and they want to remove the separation of powers from the three branches of government. It isn't because they lack understanding, it's because they know, as our Constitution stands, their power is limited.

“The Constitution is not an instrument for the government to restrain the people, it is an instrument for the people to restrain the government — lest it come to dominate our lives and interests.” Patrick Henry

It appears to me that the politicians of today all want to dominate our lives and our interests, however it is the Democrat Party which is campaigning to... obstruct the will of the people. President Trump won the election overwhelmingly, but the democrats ignore that and they always are “election deniers.”

Upgrade to paid

Democrat Campaign promises are:

“Haul up people” (use your imagination on what that might mean)

Stop President Trump

Abolish ICE

No immigration limits

Open borders

All the world is rightfully American

Do away with the Senate chamber

Do away with electoral college

Do away with private businesses

No more private property – the government owns it all and will decide who has what and how much. (don't see that going wrong)

Healthcare for all means government will decide who is treated and who will be vaccinated and who will die

Abortion at any time during pregnancy or after the birth

Children belong to the “state”

Rape will no longer be a felonious crime, just a simple misdemeanor

No prisons for the bad guys

No Supreme Court... but then I guess if they let everyone out of prison we don't need lawyers or judges either; heck we don't need laws at all!

Oh yes, and since the Obama error the democrats also want the removal of God from everything America

Every democrat is campaigning for the removal of President Trump, not for the betterment of their own city or state. Is that the responsibility of a mayor of a city?

Upgrade to paid

“Government is not reason; it is not eloquence. It is force. And force, like fire, is a dangerous servant and a fearful master.” George Washington

“We have no government armed with power capable of contending with human passions unbridled by morality and religion. Avarice, ambition, revenge or gallantry, would break the strongest cords of our Constitution as a whale goes through a net. Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other.”

John Adams

...this is also why the Democrat Party wants to condemn and cancel all our Founding Fathers. Our Founding Fathers were very wise, the Democrat

Party is quite evil. No longer are these candidates talking local politics, they are out to destroy America and our Constitutional Republic.

“When once a Republic is corrupted, there is no possibility of remedying any of the growing evils but by removing the corruption and restoring its lost principles; every other correction is either useless or a new evil.” Thomas Jefferson

Thomas Sowell once said, ***“The Constitution cannot protect us unless we protect the Constitution.”***

Protect our Constitution may mean nothing to the Democrat Party, but it means Liberty for **We the People.**

This election season, it is my advice for all Americans to vote against every single democrat running for office. Yes, that will leave us with a lot of RINOs but they will no longer be able to hide behind or use the tyrannical democrats as their excuse to ignore the will of **We the People.**
