Millions Of "Us, the American People" are, media report, making more money than ever, but are feeling crushed by cost-of-living/affordability. Reason is, according to media coverage, incomes have not keep pace with cost increases. Legislator-politicians like Big Apple's Mayor Zohran Mamdani claim they have an answer. Their answer is to tax people who have more property (wealth) by more.

"Perhaps one of the most important accomplishments of my administration has been minding my own business."

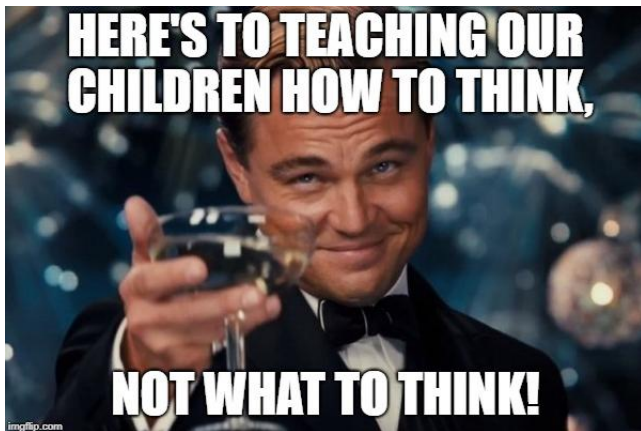

~ *Calvin Coolidge*

Legislator-Politicians' Pat Answer of 'tax-the-rich' is not as cut and dry as legislator-politicians would have people believe. People who are targets of 'tax-the-rich' are fighting back by, for example, taking their property (wealth) and cutting ties with their places of living for places not so eager to take away their property (wealth). Critics are, as well, offe arguments "We, the American People" can note.

"You can only be free if I am free."

~ *Clarence Darrow*

There Is A Difference Between socialism and democratic socialism, say Democratic Socialists of America (DSA). Democratic socialism departs from 'authoritarian 'socialism to having private profit be replaced in economic activity by worker-public ownership. DSA objective is, supposedly, to correct capitalism's inherent unfairness. "Our, the American People's" stock share system is ownership.

"Drug misuse is not a disease, it is a decision, like the decision to step out in front of a moving car. You would call that not a disease but an error of judgment."

'How to solve 50% of your
problems'
So I bought two

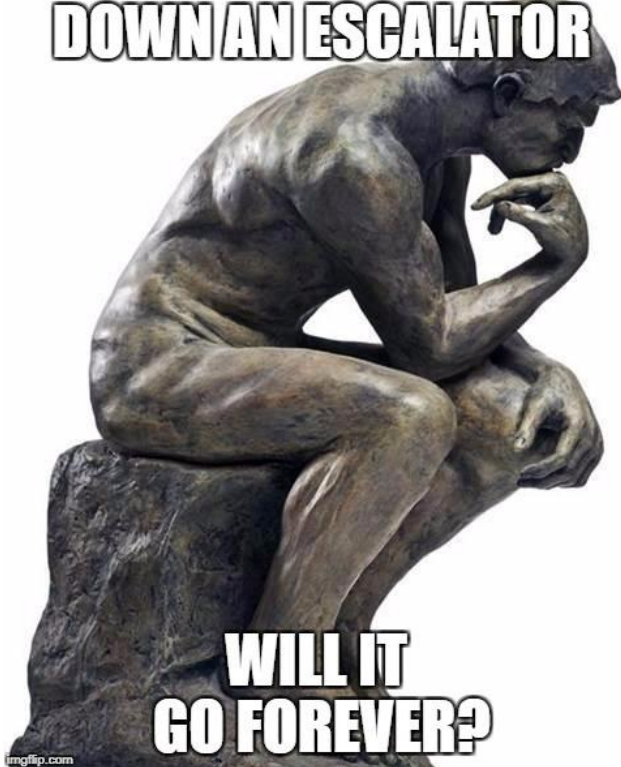

DSA Idea Is, Reportedly, To Have Economic decisions made by public opinion through some sort of voting process. Economic systems are defined by goods and services transfers through broad market activity. Markets respond to demand for goods and services, or, demands for innovation. Voting, transformed to market policy, can't assure entrepreneur investment will shape desired market variety.

SUFFERING SUFFRAGE

Did women like Susan B. Anthony march, rally and even go to jail; did they suffer so that men could remove or claim the identity of women?

With all the chatter and gossip or cattiness of the WNBA – I thought maybe it was time to admit, for all of us ladies, to admit that maybe **We the Women of America** need to stand up for the truth. The truth being that liberal women are anti-suffrage and removing women's rights. According to the liberal women, we aren't even smart enough or free enough to present proof of citizenship. After all, we either don't have our birth certificates or know how to acquire one, we never paid a bill, we don't have a driver's license (because you had to show a birth certificate first) and we can't travel by plane... or get a passport...

because we aren't able to present a birth certificate or a marriage license or a proof of residency. If we listen to the democrat liberal women; we girls are still in slavery. Democrat-liberal women do not believe women to be equal to men.

The men seem to be confused as to why the WNBA has a racial problem while the NBA does not seem to have such a noticeable prejudice. Perhaps they are missing something very important; the "W" in front of the NBA. There's more than just a skin color difference with these young women; there is a jealousy problem and a bias against "straight" women. Women sometimes tend to be very catty, and it is my opinion there is a lot of hormonal anger being exhibited on the basketball court. That's another difference between the two sexes (yes two) men have basically one hormone – testosterone, while women have to balance three; estrogen, progesterone and testosterone.

Upgrade to paid

So, is skin color really the cause of the WNBA squabbles off the court, and the violent fouls on the court? Perhaps there is a bit of that, but it seems to me that the women are more confused as to who they are. WNBA coaches and owners, who are all liberal women, appear to be defending trans-men, but behind closed doors they're trying to figure out if they should add men of the trans community into women's sports. Will it bring a profitability to the league? **Note:** only biological women should be the coaches, as advocated by WNBA Coach Reeve, of the Minnesota Lynx. However, she did not seem to have a problem with biological men (trans) on the court, playing against and fouling biological women. We saw what happened to Payton McNabb on the volleyball court when a trans gave her a severe concussion, how much worse will it be for biological women on the basketball court when a trans-woman-biologically male, "*takes one of 'em out*" under the basket?

What would Susan B. Anthony, Elizabeth Cady Stanton, and Alice Paul, the women heroines of our Suffrage movement think about all this? Since we can no longer define a woman, maybe Congress should work to repeal the 19th Amendment. It could very likely happen if the LEFT democrat-Islamist-communists somehow gain power in this nation.

Women's suffrage was decades-long, It was a social and political movement by **women** (not transguy-gals). These women started out as abolitionists. They believed that freeing

the slaves would also free them; allowing them political equality. When that didn't work out, women started a movement to vote on the national stage. There were states (particularly in the west) that already allowed women to vote. However, nationally, *it began at the Seneca Falls Convention* in July 1848 and finally culminated on August 18, 1920, with the ratification of the 19th Amendment.

Nineteenth Amendment Women's Suffrage reads:

The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex.

Congress shall have power to enforce this article by appropriate legislation.

Because of the sacrifices of women before us; women in America have come a long way baby, and I'm not talking about smoking cigarettes like the men! Besides gaining the right to vote in national elections in 1920, women continued a march for equality.

Equal Pay Act of 1963 is a United States federal law signed by President John F. Kennedy. It amended the **Fair Labor Standards Act** to stop sex-based wage discrimination, requiring men and women in the same workplace to receive equal pay for substantially equal work.

Title IX is a landmark federal civil rights law enacted on **June 23, 1972**, that prohibits sex-based discrimination in any school or education program that receives federal funding. It ensures equal opportunities for students and employees in areas like athletics, academics, and campus safety.

Did women like Susan B. Anthony march, rally and even go to jail; did they suffer so that men could remove or claim the identity of women? Did they believe equality would bring women to stand, laugh and giggle at the murdering of babies, as we saw in Massachusetts?

Upgrade to paid

That scene in Massachusetts was disgusting. Governor Maura Healey signed into law a bill that removed the gestational age limit on abortions, allowing procedures later in

pregnancy (up to the day of birth) based on a doctor's professional judgment rather than specific legal exceptions. There is no way that an abortion in the ninth month of pregnancy is a medical professional decision based on the need to save the life of a mother. At that stage of pregnancy, there is only one thing that is happening; murder of the unborn or the child in the process of being born. These women standing behind the governor clapping and cheering this on, would probably be the first to rally against such an act on a gestating animal. Governor Healey is a lesbian and has no biological children; she does have stepchildren "from her female partner." Governor Maura, as a woman, has no idea what it feels like to carry a baby... to feel the life moving inside you... feeling the baby when he or she has the hiccups... how rubbing your belly will bring a reaction from the life that is within you.

I don't know the whys or wherefores of all those women applauding, laughing and cheering on this new death warrant for babies. I do, however, see them as quite evil! Each one of them; touting the famous phrase of those who are abortion worshippers, "*My body my choice.*" They will one day stand before God AND I can assure you they will not boast... "*Well God, women have rights and it was my body my choice!*"

Scripture warns us of a few things our Lord absolutely hates and will judge quite harshly.

*"There are six things the Lord hates, **seven** that are detestable to him; haughty eyes, a lying tongue, **hands that shed innocent blood**, a heart that devises wicked schemes, feet that are quick to rush into evil, a false witness who pours out lies and a person who stirs up conflict in the community."* **Proverbs 6:16-19 NIV**

There is no blood more innocent than that of these babies being robbed of life!

When I saw them laughing at what they had just "accomplished," my mind went to the two women fighting over a baby. One was a hater and a thief; killing the child meant nothing to her. The other was a loving mother. *Read **1 Kings 3:16-28 NASB***

The story begins with two women who lived in the same house (they were prostitutes) both gave birth days apart and both had sons. One of the mothers accidentally smothered her child while sleeping and then attempted to claim the other woman's son.

And the king said, "Get me a sword." So they brought a sword before the king. And the king said, "Cut the living child in two, and give half to the one and half to the other." But the woman whose child was the living one spoke to the king, for she was deeply stirred over her son, and she said, "Pardon me, my lord! Give her the living child, and by no means kill him!" But the other woman was saying, "He shall be neither mine nor yours; cut him!" Then the king replied, "Give the first woman the living child, and by no means kill him. She is his mother." When all Israel heard about the judgment which the king had handed down, they feared the king, because they saw that the wisdom of God was in him to administer justice."

The women cheering on the death of full-term babies in pregnancy, in my mind, were no different than the one saying, **"He shall be neither mine nor yours; cut him!"** A very selfish and wicked attitude.

This Biblical story is not an example of "women's rights" it is an example of wickedness.

I recently heard an interview of a radical Islamist Muslim; he was asked what do you think of women. Women should stay home he said. There was another, and in all honesty, I missed the first... BUT he was asked about having sex with a 6-year-old boy, for which he replied it was ok... and he was asked, "You see no moral issue with this?" he nonchalantly replied, "No, I have no moral issue with that." My mind went back to a few years ago when our military in the Middle East were in trouble for saving a young boy being raped by an Islamist. Abuse of children and women is a part of the Islam cult faith.

Upgrade to paid

Women are not oppressed in America, like the left would have you believe. However, if the LEFT, the Democrat-Islamists ever have power again, neither American women or children will be safe or free.

Look at what damage the Democrats have done so far to women and think about what they are pledging to do with their support of Radical Islamists.

Men (Trans) can play women's sport, so women are basically losing **Title 9** rights. They want to make rape a misdemeanor crime; after that, it will be no crime to rape a woman or a child, so women will lose their safety. If they accuse their rapist, it is the woman who will be stoned, have acid thrown in her face or publicly burned alive. Women will have no rights; they will not be allowed to defend themselves at all. Under Islamic Sharia law, (which is what they are after) women will not be allowed to go to school, drive vehicles or vote! By the way, Sharia law allows slavery.

The LEFT has given perverts a station in life, instead of a room at the sanitarium hospital; they now call the mentally ill the "Trans community." The democrats-communist have teamed up with Radical Islamists, and Marxist in hopes of gaining complete power and control over America; eventually turning the USA into a third world hellhole... just like Somalia, Haiti and Rwanda.

This weird WOKE ideology, for which we have been subjected to, is all about a global-one-world-government, in which there can be no Freedom, no Liberty and absolutely no Independent America or Americans. We will all be forced to capitulate or die! AOC has not given up her WOKE-ness... she is pretending to, so that she will become a more palatable candidate for a higher office; Senator or President.

My dear sisters in Christ Jesus, it is up to us to suffer a little now, for the suffrage of our own daughters, sons, nieces, nephew, granddaughters and grandsons. It is up to us to push back the liberal women, save our sons and daughters and...

I have no problem with Islam. Sundry Media Articles Interpret Mayor Zohran Mamdani's wife's insistence she is a private citizen, then asks for police escort security protection, as an indication of privileged class arrogance.
