“Freedom had been hunted round the globe; reason was considered as rebellion; and the slavery of fear had made men afraid to think. But such is the irresistible nature of TRUTH, that all it asks, and all it wants, is the Liberty of appearing.” Thomas Paine

Is lying a protected “right” under the First Amendment? Can you say and do anything by hiding behind the First Amendment? Whatever happened to the laws that protect a person from “slander?” You’re not allowed to scream fire, when a fire does not exist. I’m not speaking of name-calling, but when words and actions cause harm, they are not protected by the First Amendment.

Was the original intent of the First Amendment put forth to protect the media so it could lie and/or to set forth propaganda to hide the truth, in order to mislead the American People?

Example: The laptop from hell; they knew it belonged to Hunter. What about the Russiagate coup? They knew it was all based on a lie. The Russian Dossier: they knew it was fabricated and that Hillary Clinton bought and paid for the slanderous dossier against candidate Donald J. Trump. Although we suspected this lie all along, evidence is now uncovering their lies and **Truth** is being revealed. The fake dossier was used to impeach President Trump; shouldn't there be measures to adhere now to the **Truth**, as it is being exposed, and shouldn't they formally remove the impeachment and punish all those who knowingly participated in the coup against a sitting President of the United States? OR are all their lies protected by the First Amendment?

“Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.”

The original intent of the First Amendment Protects **Truth** and Liberty; it was not put in place to protect a lying media or government officials who reign tyranny over the people!

The First Amendment was written to protect **Truth, Life, and Liberty**, as well as to protect the **pursuit of Happiness** of **We the People**. When the press and the media write and speak anti American propaganda-lies to the American people, they are no longer working for Liberty, they are no longer out to bring or protect the **Truth**. When they are the deceivers and connivers, they are then the enemies of Liberty, enemies of **Truth**, enemies of the First Amendment; they are the enemies of **We the People**.

Lies and deception enslave and bring pain. Lies destroy Liberty and Lies can kill!

Truth brings freedom and **Truth** is healing. To heal our nation, we need **Truth**!

Truth is knowing that Life, Liberty and the pursuit of Happiness are those important inalienable rights that come from God, not government.

We the People must demand **Truth**! Without **Truth**, there is no **Justice**.

It has been my prayer in solitude and on the air of **CSC Talk Radio**, that God would reveal the corruption and allow His people, **We the People** to see the **Truth**. It isn't easy to come to the realization of how many in our government are dirty-rotten-scoundrels!

Lies can be denied but **Truth** will always survive!

Have you met our Director of Intelligence, Tulsi Gabbard? She is the administrative "webster" as she takes down the web of lies and treason; a coup perpetrated and orchestrated by a president who refused to give up power and refused to adhere to the will of the people. Under the direction of Barrack Hussein Obama, Hillary Clinton, Adam Schiff, John Bolton, James Comey, John Brennan, Joe Biden, along with a host of other politicians, bureaucrats and their media partners, a coup to frame President Trump took shape. Thanks to DOI Tulsi Gabbard the web of their lies has been exposed to the world. Yet, they continue to deny the **Truth**, and their media partners continue to carry their water bucket of lies.

President Trump recently suggested that the FCC should investigate the networks, NBC, CBS and ABC and that they should probably lose their FCC licenses. **FCC rules** are federal regulations created by the **Federal Communications Commission** to oversee interstate and international communications via radio, television, wire, satellite, and cable. These rules primarily pertain to telecommunications providers, broadcasters (radio and television), cable systems, and businesses using communications technology, requiring them to operate in the **public interest**. Key areas include spectrum management, promoting competition, managing content on broadcast media, and regulating consumer communications like robocalls and text messaging. In short, these networks are not licensed to spread lies and propaganda and the First Amendment does not protect their lies, which are meant to deceive, not serve the public. **Truth**, not lies, is protected by the First Amendment. Networks, at the very least should share both sides of the story, and allow their audiences the right to have their own opinions thereafter.

"There is but one straight course, and that is to seek truth and pursue it steadily."

George Washington – The so-called network journalists do not pursue **Truth**; they steady themselves to hide it.

We knew after the Mueller report that there was no evidence of Russiagate, yet, holding the majority in the house, the Democrats proceeded with their impeachment of President Donald J. Trump. We knew from the John Durham report, that Hillary Clinton paid for the fake Russian dossier, yet there was no action taken against her and the impeachment of President Trump remained intact. The media networks did not mention or cover what either of those reports actually revealed: there was no Russia-Russia-collusion by Candidate or President Donald J. Trump. Lesley Stahl, CBS's host on 60 Minutes, even argued with President Trump about the Obama administration spying on President Trump.

Trump commented, ***“The biggest scandal was when they spied on my campaign. They spied on my campaign.”***

Lesley replied, ***“No they didn’t, there’s no real evidence of that.”*** She went on and arrogantly stated, ***“Can I say something, this is 60-Minutes and we can’t put on what we can’t verify.”***

Even in 2020 (4 years ago) they had evidence of the spying, but Lesley Stahl and CBS had no intention of ***“seeking the Truth and pursuing it steadily.”***

Because of DOI Tulsi Gabbard we also now know (there is evidence) that Adam Schiff lied about having Russiagate evidence and he intentionally leaked classified information. **Truth** should be followed with Justice, and Justice should hold Adam Schiff, Hillary Clinton, Obama and all his *merry coup d’état*, accountable for treason; including the media networks who knowingly and willingly circulated the lies, as if they were facts. These openly biased and disrespectful networks should lose their FCC licenses and be shut down, as they are unrecognizable as journalists serving the public by bringing **Truth** in the news. It would be a noticeable change if America lost the old networks of ABC, CBS, and NBC; however, they are no longer serving the public good.

The individuals, including former President Obama should suffer the consequences of their unconstitutional and treasonous behavior. To plot against a sitting President of the United States is not just wrong, it is treason against our Constitutional Republic. Treason is

not protected by the First Amendment, and since the coup continued beyond Obama's time as president, he should not be protected by immunity.

Thomas Jefferson, ***"We are not afraid to follow truth wherever it may lead, not to tolerate any error so long as reason is left free to combat it."***

We know who they are, we know the **Truth** of their lies; Shame, shame, everyone knows your name! Justice and Truth should now prevail, because no one is above the law!

"Justice is indiscriminately due to all, without regard to numbers, wealth, or rank."

John Jay

"Without justice, courage is weak." Benjamin Franklin

It will take courage to unravel the depth and width of the corruption that has taken place, and continues to be practiced within our government and its institutions. However, it should not, and it must not, take 5 years, 10 years or 20 years to serve justice to all who participated in this coup, and all those who inflicted lawfare against one man. They found President Trump to be a detriment, not against democracy, as they always shouted, but against their plans to keep and hold absolute power in our government. Making America Great Again was contrary to their bid for a global world government. In order to reach this, they had to bring America down to a third world country status hellhole. They almost had this accomplished, but the American people stood up and said no, when they overwhelmingly elected President Donald J. Trump. The coup d'état was not only against President Trump, but it was an egregious attack on **We the People**.

"Our law says well, to delay justice is injustice." William Penn

Before 2028, if not sooner, Truth and Justice must be served and the criminals against our constitution should be punished.

Shame, Shame, everybody knows your name!

Truth and Justice will serve to Bring America Home.©

(My next OPED will focus on the First Amendment and President Trump's Executive Order against the burning of the American Flag.)

Dear CCPC Commissioners Rosenberg, Jackson, and Master, Mr. Belluck, Ms. Grays, each of the other Commissioners, Chief Judge Wilson, IG Campbell, and Advocates of Honest Judiciaries,[‡]

A. Pattern of preposterous pretense and unresponsiveness to avoid investigating judges and exposing their cover-up

1. I am in receipt of the latest of 11 letters([pages 3-4[‡]](#)) from the Commission on Judicial Conduct([CJC](#)). They bear different "Re: File No." and dates although they concern the same complaint. Thereby the CJC:

- a. pretends that the letters are not related;
- b. conceals the date when its continuous cover-up started; and
- c. gives the false impression that I did not file my complaint with reasonable promptness although I did file it with the CJC and other authorities contemporaneously with the triggering events, as shown below and at [♠](#).

♠ http://Judicial-Discipline-Reform.org/IAB/DrRCordero-Commission_Judicial_Conduct.pdf

2. I was a grand juror at the Bronx County Supreme Court Criminal Term, 265 E. 161st St., Bronx, NY 10451; tel. (718)618-3700. On May 23 and 24, 2022, I saw ADA Burim Namani, his supervisor, ADA Diana Jetta, and five NYPD officers and detectives present an

indictment of two men for murder that had allegedly occurred on or around May 24, 2021.

a. The evidence presented did not include any photos or footage of the victim; the street crime scene; police, ambulance, medical examiner, or CSI cars, or incident or autopsy report.

b. Only one witness was examined. He testified that the alleged victim was his friend but that he was not with his friend at the time of his alleged murder and did not see it happen.

c. The footage presented was from neighboring restaurants and bodegas, had no sound, and only showed normal indoors and sidewalk business or pedestrian scenes.

d. The presenters relied on the known grand jurors' indifference and uncritical judgment that lead to their voting indictments based even on insufficient and false evidence. This attitude has given rise to the saying, "A prosecutor can have a grand jury indict a ham sandwich".

3. When I asked questions highlighting those facts, the ADAs referred me to Grand Jury Judge Laurence Busching, who summarily discharged me from the grand jury.

4. I stated these facts in a May 26, 2022 eight-page 4,743 words sworn statement -available upon re-quest- and mailed it to Administrative Judge Alvin Yearwood. His secretaries, Dana and Stephanie, acknowledged receipt of my statement

5. However, Judge Yearwood would not take my calls to discuss my statement. He was remiss in his supervisory duty by referring it to Judge Busching, who foreseeably held himself unaccountable: Without any discussion, he dismissed it on the inconsequential fact that the grand jury term had expired, with no regard for the fabricated indictes or me(3A1⁺)
6. Since May 28, 2022, I have mailed the complaint to three Court of Appeals chief judges; each of the associate judges; the NYC and NYS administrative judges as well as three NYPD commissioners; three chiefs of the Internal Affairs Bureau; NYC Mayor Eric Adams, who is a former NYPD captain; the respective inspectors general; council members; public advocates and defenders; et al. ♠

♠ http://Judicial-Discipline-Reform.org/IAB/DrRCordero-Commission_Judicial_Conduct.pdf

a. I have emailed my complaint daily to more than 30 officers, as shown by each email's "To:" and "cc:" boxes, so that as of May 27, 2025, I have sent well over 15,000 emails.

b. See my complaints to the NYPD's Internal Affairs Bureau, which has disregarded them:

- | | | |
|---------------|---------------|---------------|
| 1) 2022-03787 | 4) 2022-15601 | 7) 2024-07652 |
| 2) 2022-13831 | 5) 2022-19474 | 8) 2024-25697 |
| 3) 2022-15482 | 6) 2023-00275 | 9) 2025-02823 |

10) Nor did I receive any response after my complaint to Jonathan Darche, Esq., Executive Director of the Civilian Complaint Review Board([CCRB](#)), of February 10, 2023([OL3:1561](#)), was forwarded to IAB by its Director of Case Management, Eshwarie Mahadeo, who alleged CCRB's lack of jurisdiction,

as stated in her/his email to me of August 2, 2024, in CCRB Case #202407652.([OL3:1701a](#)♠)

c. Nevertheless, I have not received a single response addressing the complaint's merits. That identical no-response for years from so many people duty-bound to enforce the law and administer justice is not coincidental. Rather, it is the coordinated conduct of a cover-up.

7. On September 23, 2022, CJC received my complaint against Judges Busching and Yearwood. (3B1~~1~~) The NYS Unified Court System([UCS](#)) identifies both on its website as UCS members(2~~1~~).
8. Yet, beginning with the letter by CJC Senior Administrative Assistant Lee Kiklier of November 3, 2022(3B1~~1~~), subsequently reaffirmed by Clerk Celia Zahner and Administrative Assistant Debra Douglas, CJC has informed me that it dismissed my complaint on the preposterous pretense that:

"Although the law requires the Commission to review all complaints, please note that the Commission's jurisdiction is limited to judges in the New York State Unified Court System, which does not appear to apply to your complaint."

9. There is probable cause to believe that prosecutors, judges, NYPD, IAB, the Mayor, and CJC pursue a common purpose through the coordinated pattern of corrupt enterprise and racketeering acts to cover up the fabricators of, and accessories to, indictments on insufficient and false evidence.

10. This cover-up harms me and the thousands of fabricated indictees who have been and still are incarcerated before and after trial, and financially, emotionally, and reputationally devastated.

a. "[About Belluck Law](#)" states: "We are motivated by justice and driven by compassion."

b. But CJC Chair Belluck and the rest of CJC have proved that to be a mere slogan. The teachings of the Bible in [John 3:16-18](#) and [James 2:14-26](#) denounce the chasm between those words and their conduct: "Love without acts is dead".

11. In its 11th letter to me(4↓C4), CJC informs me that "it reviews all complaints and decides whether to inquire into them".

12. I respectfully request that:

a. just as a suspect can testify before a grand jury, I, who was unlawfully discharged from one, be allowed at CJC's next meeting to testify on behalf of fabricated indictees and myself. I offer to make a preliminary presentation to you and your guests in person, if here in NY City; otherwise, via video conference; and

b. a public investigation by an impartial party be conducted before the commissioners rubberstamp with no "review" the denial of due process to the indictees and me and its cover-up, and manifest again their lovelessness toward us.

B. A most opportune time to expose the coordinated fabrication of indictments and its cover-up: when Luigi Mangione is tried

13. The public has become familiar with a descriptive triptych of words used by Luigi Mangione after he killed United Healthcare CEO Brian Thompson on December 4, 2024, as he was walking to a hotel in Manhattan to address investors: the healthcare insurers' abusive claims evasive tactics, to wit, "delay, deny, defend".

14. Mangione expressed through that triptych and his violent, criminal act his frustration with United: His mother had died because her illness had gone untreated as a result of United delaying and denying her claim for insurance coverage of her treatment.

15. In fact, it has been stated that United Healthcare, the largest healthcare insurer in the U.S., denies an estimated one third of the claims of its insureds.

16. The public reaction to Mangione's act has been, not of condemnation, but rather of approval. He has been hailed as a folk hero because his experience with United is representative of that of scores of millions of people across the country: They too have been abused by their insurers' claim evasive "delay, deny, defend" tactics.

17. Those who already have been abused by their healthcare insurers with the complicity of Medicare and those who now know why they should distrust and be afraid of the insurers, may consider that Mangione has heroically sacrificed his liberty, even put his life at risk, to expose the insurers' abusive tactics and launch a reformatory process.

18. The public has also taken action, donating an enormous amount of money for the legal defense of its hero; see [*Donations To Luigi Mangione's Legal Defense Fund Surpass \\$1M; Ryan Grenoble; HuffPost Latest News*](#); HuffPost; 6 May 2025.

19. Therefore, it is reasonable to expect the trial of Mangione to attract the public and be reported on by the national and international media. They will gather for days, perhaps even weeks, in the courtroom and in front of the U.S. District Court for the Southern District of NY in lower Manhattan, NY City.

20. As a result, their gathering will offer a most opportune occasion for exposing fabricated indictments and those who cover them up. I will take advantage of it by distributing to journalists and the public an expository handout and inviting everybody to join or support a class action and report on it.

21. The public and the media are likely to pay attention because I will begin by informing them that it is precisely in that district court where I am prosecuting a case akin to Mangione's, for it is intended to expose healthcare insurers' -including Medicare- "delay, deny, defend" tactics, namely:

Cordero

v.

Secretary of Health and Human Services, Medicare,

EmblemHealth [healthcare insurer],
Maximus Federal Services [reviewer of insurance claims denials], *et al.*

[including many of the top officers of the Medicare Appeals Council and the Office of Medicare Hearings and Appeals (OMHA)];

docket no. [24-cv-09778-JAV](#);
filed in U.S. District Court, SDNY,
on 16 December 2024

http://Judicial-Discipline-Reform.org/ALJ/24-12-15DrRCordero-v-Medicare_EmblemHealth_et_al.pdf

22. I will also invite journalists and the public to visit my website at <http://www.Judicial-Discipline-Reform.org>. There I post some of my articles, similar to this one, the product of my professional law and business research and writing, and strategic thinking. They have attracted so many webvisitors and impressed them so positively that as of 23 August 2025, the number of visitors who had become subscribers was **58,418**. I invite you now to visit my website and evaluate its posted articles.

23. In the same vein, you are welcome to review my three-volume study of abuse of power, titled and downloadable thus:

**Exposing Judges' Unaccountability and
Consequent Riskless Abuse of Power:**

Pioneering the news and publishing field of

judicial unaccountability reporting* † ♣

24. What is more, I encourage everybody now and will continue to do so during the trial to promote and participate in [unprecedented citizens hearings](#). They are to:

- a. be held at university auditoriums and media stations;
- b. have professors, journalists, lawyers, multidisciplinary experts, and graduate students as their moderators;
- c. afford people wherever they are the opportunity to tell in person and through video conference [the story](#) of the abuse that they have suffered or witnessed;
- d. present their findings in the first *Annual Report on Abuse of Power in America* at the first-ever national conference on abuse of power simultaneously held at several university and media venues before live and Internet audiences; and subsequently through a tour of [presentations\(§G\)](#) at universities, media stations, public interest entities, etc.;
- e. prompt the creation of the Institute for Advocacy of Public Accountability, attached to a preeminent school or news network; and
- f. launch the implementation of the [plan of action](#) to develop a *Me-Too!*-like national movement for abuse of power exposure, accountability, and compensation intended to turn academe and the media into a new joint powerhouse of American governance that holds public and private officers and entities accountable and liable to compensation.

25. This plan becomes all the more realistic given the Trump administration's executive orders and the vigorous pushback by Harvard, big law firms, and a growing segment of the public. To them must be added principled and opportunistic politicians up for reelection or vying to be elected and facing with trepidation or great expectation the inexorably approaching primaries and mid-term elections.

26. Do you feel confident that the Trump administration will never resort to fabricated indictments to incarcerate you if you say or do what it does not like? Before answering, be aware that more than [276 cases](#) have been filed thus far against the administration's denial of due process; abuse of power; restrictions' on habeas corpus; stripping of citizenship birthright; violations in effect of the right to counsel; reduction of Social Security and Medicare benefits; termination of government employees and programs; cuts in funding to universities; revocation of visas and no processing of their applications; etc.

27. Hence, the trend toward ever more blatant disregard for constitutional rights and the rule of law; the public mood; this strategic plan; and means of implementing it make it credible that this is a most opportune time to expose those who fabricate indictments and cover them up.

28. Take advantage of this opportunity to protect and assert your rights:

Never Can Tell How Great Ideas will bring about unintended consequences. "Our, the American People's" President Donald J. Trump, for example, told anyone who cared to know his tariff (trade tax) policies would bring beaucoup revenue for America's public coffers. So much revenue, our federal income taxes could all but vanish. Media coverage has revenue coming in, no word taxes going out.

"If people think their activities influence the outcome of elections and policy, they are complacent in accepting the outcome."

Waffle House Unveils Successful Brand Strategy Of Just Keeping Everything The Same Forever

Tariffs (Trade Taxes) Are Proverbial two-edged swords. In a sense. Where there are import tariffs (trade taxes), there are tariffs (trade taxes) on exports charged to exports when exports become imports in receiving countries. Suffice it to say, exports not imported tend to stop being exports. Media word has it, for example, India's Prime Minister tells Indian people to 'buy Indian' due tariffs (trade taxes).

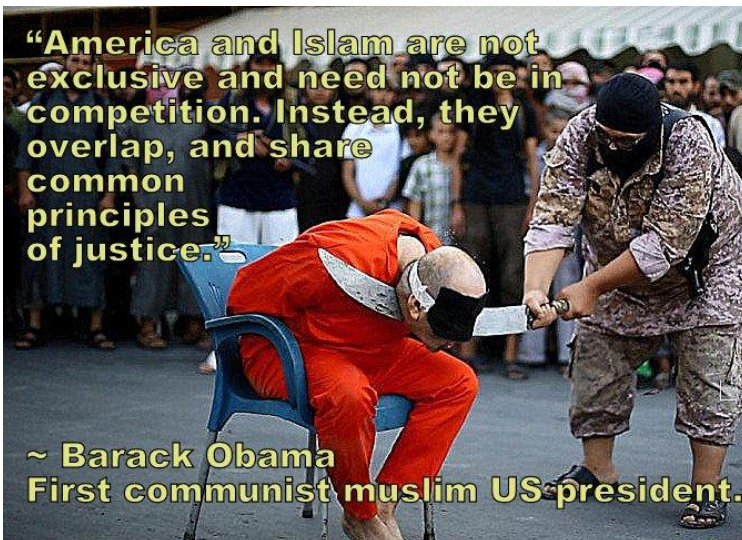

"Common sense and reason tell us nothing can be right by legislative enactment if it is not already right by nature. If the politicians direct us to do something that reason opposes, we should defy the government."

 PATRIOTPOST.US: THE BEST HUMOR, MEMES, & CARTOONS

India's Prime Minister Is Asking India's consumers to buy Indian as a retort for, say media outlets, President Donald J. Trump's tariff (trade tax) policies. It would be smart for "Us, the American People" to not lose sight of how tariffs (trade taxes) affect consumer purchasing power. Tariffs (trade taxes) affect consumer purchasing power like any taxes. All taxes are part of a business cost-of-sales.

"Moral action alone is sufficient to nullify State legislation."

~ **Carl Watner**

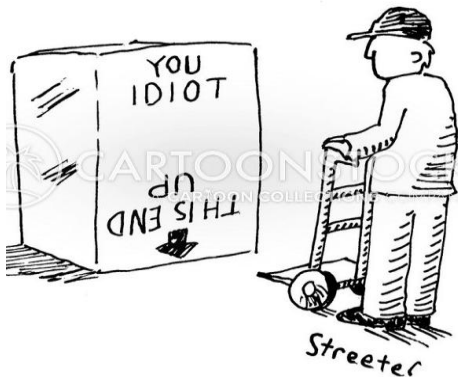

Business Cost-Of-Sales Drive consumer prices. Consumer prices vary directly with taxation cost. President Trump, various media articles report, wants businesses to eat tariff (trade tax) costs. Can't happen as a matter of course. Business profits or goes out of business. President Donald J., a business tycoon, knows taxes eat profits. India's prime minister knows consumers are keenly price conscious.

"Individuals make the world go round; individuals and only individuals exist."

People Expecting To Live In Liberty do not allow legislators - or other public officials within These United States of America, to define or limit their 10th Amendment powers beyond specific Constitutional constraint. Maryland District Judge Stephanie Gallagher, media report, has ruled against President Donald J. Trump's Administration DEI funding rollbacks. President Donald J. et al are expected to appeal. "We, the American People," however, have no reason to think DEI-like initiatives will cease anytime soon. It is too great an urge to form people's attitudes, values, and beliefs based on ideological mandates.

"Political centralization is the concentration of power onto a small group of people called the state. "

~ **Manuel Lora**

Here are the first three members
of Trump's administration team

How is he a woman hating, racist, homophobe?

Diversity, Equity, And Inclusion (DEI) funding rollbacks by President Donald J. Trump's Administration are, officially, defensible because DEI is aimed at race-based discrimination. District judge Gallagher ruled President Donald J.'s Administration can express their opinion on DEI, but may not hold up funding by other than Congressionally-approved procedures. DEI can be mandatory.

"Don't wonder if a fascist takeover of the United States government can happen here. It has happened here."

~ **Michael Nolan**

DEI Prescribes Behavioral Expectations consistent with DEI philosophy. While no federal law requires universal DEI incorporation in businesses or other organizations, businesses and other organizations can require members to participate. Government subsidies, references accurate, are key to mandatory DEI implementation/participation. Mandatory requirements, in effect, eliminate choice.

"Democratic State practice is nothing more or less than State practice. "

~ ***Albert Jay Nock***

Ostensible Merits Or Demerits Aside, eliminating one's choice is, arguably, denying one's freedom to be left free of undue indoctrination. Where, say, parental authority to prevent government (public) schools from forcing DEI program attendance is a hot button concern. Given government is to treat people without prejudice, using public funds to promote DEI-like initiatives borders on discrimination.

" Almost all the neoconservatives have now departed the seats of power in the Bush administration and retreated to their sinecures at Washington think tanks, to plot the next war – on Iran."

~ ***Patrick Buchanan***

People Determined To Live In Liberty do not allow legislators – or other public officials within These United States of America, to overrule Commonwealth/State (10th Amendment) Sovereignty as determined and defined by citizens of those respective Commonwealths and States. They uphold limited government without equivocation.
