~ *Ludwig von Mises*

A House Divided Cannot Stand. An adage around a long time. AI’s COPILOT claims phrase is of Biblical origin. Could be cause for not a few deep thinkers to dismiss its pertinence out of hand. “Our,

the American People's media has an article floating about – written by a well known Canadian-born American author, outlasts, and political/cultural commentator who has it Democrats are in disarray.

“If our country is to survive and prosper, we must summon the courage to condemn and reject the liberal agenda, and we had better do it soon.”

~ **Walter E. Williams**

Odds Are, Historically, America's Congressional party in power loses seats in mid term elections. Odds bearing out, President Donald J, Trump and his GOP Congressional legislators will not be in majority once Election 2026 tallies are known. “We, the American People” do not stand to benefit from Election 2026, no matter who has Congressional majority, if we do not solidify self-government.

“I think we need to find out why the citizens of the world's wealthiest, most envied, most powerful country are so cynical, so distressed, so angry, so ticked of about so many things.”

~ **William J. Bennett.**

According to Netflix,
this isn't diversity

this is

Free Society Self-Government Is Tricky. Self-government extends equal opportunity for socio-economic success to one and to all. Socio-cultural diversity presents self-government with a challenge of accommodating cultural diversity when there are segments of such diversity intent on - if not eradicating – suppressing aspirations of competing segments. Not easy when cultural values collide.

“If you want a picture of the future, imagine a boot stamping on a human face – forever.”

~ **George Orwell**

Political And Religious Ends, When Etched in people's personal attitudes, values, and beliefs (PAVB) can foster rife bloodletting. Even when bloodletting ceases (typically temporarily) PAVB ill will and resentment stick around, sometimes centuries. If post-Election 2026 socio-economic tranquility is to prevail in America, it will be up to "Us, the American People" to further Liberty throughout diversity.

Things Are Not Always as they appear. “Our, the American People’s” media has an article in circulation on Big Apple Mayor Zohran Mamdani’s quest to tax Big Apple’s wealthiest while his family partakes of opportunities available in rental real estate business. It be no surprise to learn His Mayorship is part of those legislator-politicians who say do as we say, not as we do. Age old habit.

'Islam is not a religion... It's a supremacist ideology that openly calls for the killing of non-Muslims and the conquest of all non-Muslim civilizations.... **We need a Muslim ban in America...** Round 'em all up and deport them. Preferably sooner rather than later.'

- LAURA LOOMER

"There should be NO accommodations for muslims. Their entire presence here is to destroy all that is America. They are seditionists. They should be deported."

-SIDNEY POWELL

It Would Be Smart For "Us, the American People" to keep in mind, as Election 2026 nears, legislator-politicians, no matter their campaign rhetoric or their stated political goals, are out to make their personal attitudes, values, and beliefs (PAVB) lawfully compulsory. Their goal is to restrict choice (Liberty) so their PAVB-driven ideological ambitions are subsidized by voters anxious for reforms.

"The cure for evil and disorder is more liberty, not suppression."

~ *Alexander Berkman*

"We, the American People" are, in theory, at least, a sovereign citizenry. We do not have an obligation to choose only those alternatives election candidates offer as solutions to socio-economic difficulties. Legislators-politicians are not big on cooperative effort by ordinary people to get by hard times. They are big on compliance and confiscatory practices. Citizens solving problems weakens official power.

"Live and let live."

~ *Friedrich von Schiller*

Government Solution To Socio-Economic challenges all but invariably entails wealth redistribution in some form. Take from those who have on grounds of government obligation to meet needs of those less well off. Sooner or later, those who have their property (wealth) confiscated and their choice (Liberty) restricted tire of government largesse appropriating fruits of their labor. They resort to revolt.

“The most dangerous man to any government is the man who is able to think things out for himself, without regard to the prevailing superstitions and taboos.”

In the hearings earlier this week, democrats once again showed their contempt for the American people as they grilled CIA Director John Ratcliff and Intelligence Director Tulsi Gabbard. The line of questioning was more about grandstanding and attempted gotcha moments than it was about truth seeking and "caring" about this nation and its people.

The line of questioning that California Dem. Rep. Jimmy Gomez chose was inappropriate for sure, but more than that, it was accusatory and was intended to imply something that was new to the conversation.

Gomez asked, "Was Secretary Hegseth drinking at the time the text messaging was going on?" However, when Director John Ratcliff attempted to answer the question, Gomez screamed over him and declared, "I'm reclaiming my time!"

"RECLAIMING MY TIME?" – Exactly whose time is he reclaiming?

Congressional members (particularly democrats) are always protesting answers to their own questions by, "reclaiming their time."

Whose time exactly are they reclaiming?

Are not such hearings supposedly being conducted so that the People can watch, know, and understand? That's quite laughable, isn't it! Laughable to think they even consider **We the People** at all! Representative Gomez was not at all concerned about truth, only about sensationalizing the moment and *claiming* his few minutes of time as fame.

I want to tell these so-called representatives right now, that's MY *time*; the time belongs to **We the People**, not you. If your question isn't intended for answering, then SHUT UP!

Now hear this! **We the People** are reclaiming our time and our country. We are done with your ignorant conceited grandstanding and your constant lying and thieving.

YOUR TIME IS UP!

We the People are reclaiming our time!

We the People took back our time and decided the direction we wanted for our country. Were you paying attention November 5, 2024? You lost, your oligarchy is being called out and **We the People** are reinstating our Constitutional Republic.

No more corruption, your time is up! **We the People** are working to remove you from any position of significance and power. I believe the terminology is, “you will be primaried out.”

No more fraud! **We the People** are also reclaiming our money! We are no longer going to fund your anti-American agendas.

We elected President Trump on the promise he would search out the corruption, fraud and incompetent use of our tax dollars. You are doing your best to distract and obstruct his every effort. DOGE wasn't literally on the ballot box, but it was a promise that we want President Trump to initiate. **We the People** want the swamp drained. Do you hear that sucking sound? It's you and your reptilian *swampaticians* heading down the drain and out to the sewer.

We the People are reclaiming our documents. The Constitution of the United States of America is not a living breathing document. It is a contract that is no longer to be ignored or misinterpreted. Your handpicked rogue judges intentionally misinterpreting the Constitution are about to be shown the exit door. They need to be removed from the bench and disbarred. They practice not to insure any Constitutionality but they practice perverting the true meanings of the laws. Their primary goal is to protect the oligarchy from the Constitution.

We the People will no longer listen to your lies! We are reclaiming truth and transparency from the elected officials and their medias.

We the People are done with all the nonsense of gender-confusion, racism and Nazi-name calling. **We the People** demand common sense be the criteria for all laws and policies.

We the People reclaim our rightful position! There is a pecking order; and you the elected officials are not at the top of the chain. I know it's a document you dislike, but the Declaration of Independence gives **We the People** the top billing, under God. We demand now, He be put back on top, then the Consent of the Governed (**We the People**) and then...the elected officials. Unelected officials, such as your rogue judges

do not have jurisdiction or authority over the Executive Branch, the President of the United States!

You need to learn to respect and accept the will of the people. **Consent of the Governed** was brought back to life November 5, 2024; it was a warning to all democrats and RINO republicans; your positions are only one election away from being lost.

We the People are:

Reclaiming our time

Reclaiming our Country

Restoring our Constitutional Republic

All those opposing the will of the people are now put on notice!

We the People are Bringing America Home©

My final comments regarding all the craziness of these times and the despotism of the LEFT and the Democrat Party:

What is always the most obvious to those of us who use common sense and the Constitution to view the policies of today, is completely oblivious to the LEFT or... to the democrats!

District judges do not supersede the President of the United States.

DOGE seeking out fraud and bureaucratic incompetence is not a Constitutional Crisis... however, fraud is a crime.

Gender dysphoria is a mental illness; there are only 2 sexes, male and female... the DNA cannot be altered.

Illegal aliens have committed crimes; that's why they are called illegal! Non-citizens do not rate higher than citizens and non-citizens are not allowed to vote and interfere in our elections. Seems I remember when the democrats were against Russia for election interference... now they want illegal aliens of all nationalities to vote and influence our elections.

About these judges who see themselves as the oligarchy gods:

Bad Judges making bad decisions and purposefully misinterpreting laws and the Constitution, do not deserve protection~ after all

“No one is above ‘THE LAW’”

Rogue judges are blind:

Blind to the truth of original intent of the Constitution

Blind to all things pertaining to truth

Blind to justice pertaining to all persons; conservative, republican or

any and all Trump things

They are monkeys in black robes as they,

Hear no justice, See no justice, and Speak no justice.

As I said earlier, they should be disbarred, impeached and heavily fined!

We the People are:

Reclaiming our time

Reclaiming our Country

Restoring our Constitutional Republic

All those opposing the will of the people are now put on notice!

We the People are Bringing America Home©

2014. Hillary Clinton says that migrant children who have entered the country illegally should be deported.

"We have to send a clear message that just because your child gets across the border, that doesn't mean the child gets to stay."

WHY COMMUNISM FAILS

"We, the American People" would be smart to disregard a legislator-politician's party affiliation. Party affiliation means nothing compared to how a legislator-politician votes when seated in office. As important, legislator-politicians can not be expected to admit they would vote differently as a legislature member than an election candidate. We, a sovereign citizenry, can nullify legislature votes.

"Africans enslaved other Africans, and indeed even today in North Africa, blacks continue to enslave blacks."

~ *Thomas Sowell*

It is the biggest act of her life. She is acting crazy so she don't get the death penalty for her crazy actions.

KIDS HEARING THEIR MOM SAY SHE UNDERSTANDS LINDSAY CLANCY

It Would Not Be Unreasonable for “Us, the American People” to consider legislator-politicians’ first priority is to get elected and have power to influence legislature votes. To get lawful legislative power legislator-politicians must, first and foremost, convince prospective voters they (candidates) will be a voter’s best chance to have government do as a voter would have government do. Never a good bet.

“To sin by silence when they should protest makes cowards of men.”

~ *Abraham Lincoln*

Media And Internet Sources have more than a few articles discussing how Democratic Socialists of America (DSA) candidates are making democratic party inroads, election-wise, but are miffed at being called other than democrats. We can be sure “Our, the American People’s” elected legislators chief executives, and judges will interpret Constitutional precepts and protections as fits their inclinations.

“Heaven knows how to put a proper price upon its goods; and it would be strange indeed if so celestial an article as Freedom should not be highly rated.”

~ **Thomas Paine**

Outrage in Germany after it became public that a Syrian migrant with 3 wives, 32 children and 25 grandchildren, with 70% of the entire family having a criminal record, receives €100,000 a year in welfare.

HORRIFYING: Islamic scholar states that one of the reasons Muslim men are allowed to rape non-Muslim women and have sex slaves is that it reduces their temptation to rape their own baby daughters.

Pure evil.

Some people of faith think that Christians should stay out of politics. On contrary! If Christians don't take a stand against all the evilness now we loose freedom and our beloved country !

We, A Sovereign Citizenry, Would be smart to never consider our freedom as secure based on Constitutional precepts and protections. Free societies can vote in legislator-politicians who have Constitutionally empowered authority to pass laws they find fit their personal attitudes, values, and beliefs (PAVB). Party leaders can be expected to promote their PAVB-interpreted Constitutionality.

“We hold these truths to be self-evident, that all men are created equal, that they are endowed by their creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness.”

Muslim buildings are being demolished world wide. Every mosque is a religiously-decorated enemy combatant training center. While the USA provides grants, welfare and health care, their heathen plan is total destruction of every nation. First they build a mosque.

People Comitted To Living In Liberty do not allow legislators – or other public officials within These United States of America, to enact, impose, or increase taxes without securing a majority vote approval in all jurisdictions affected. They protect against property confiscation.
