“It will be of little avail to the people that the laws are made by men of their own choice if the laws be so voluminous that they cannot be read, or so incoherent that they cannot be understood, if they be repealed or revised before they are promulgated, or undergo such incessant changes that no man, who knows what the law is today, can guess what it will be like tomorrow.”

~ *James Madison*

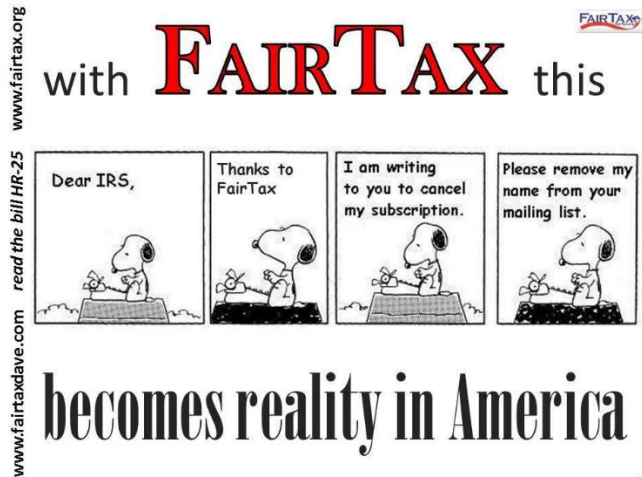

Calls For Taxing Wealthier People are likely to go on until there are no wealthier people. When it comes to improving one’s standard of living, as long as there are people who believe they are shut out,

or legislators-politicians who are willing to say they will make wealthier people pay their much-demanded fair share. There is no universal definition of 'fair share.' Government decides fair share.

“A great many laws in a country, like many physicians, is a sign of malady.”

~ *Voltaire*

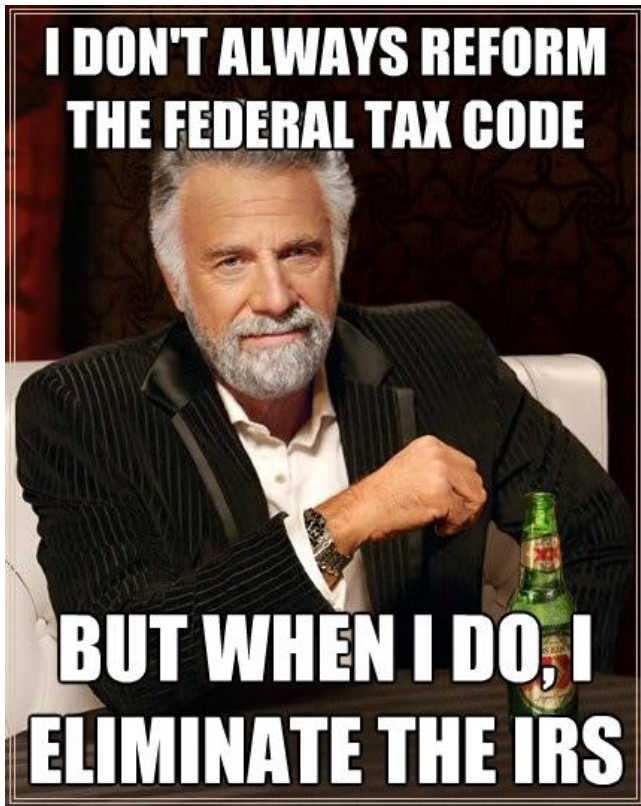

becomes reality in America

“We, the American People” would be smart to figure those calling for fair share taxation, as it applies to wealthier people, is however much those demanding fair taxation say it should be. Wealthier people, as a rule – and as tax records reveal – pay greater taxes than do less wealthy people. Typically, America’s top 1% of earners pay 40%, top 10% pay 72%. Not enough, say wealth tax proponents.

“An individual who breaks a law that conscience tells him is unjust, and who willingly accepts the penalty of imprisonment in order to arouse the conscience of the community over its injustice, is in reality expressing the highest respect for the law.”

~ *Martin Luther King Jr.*

Wealth Tax Champions Are Not 'Equitable' in their demands wealthier people be taxed more. Some want greater taxation for more than just ultra rich people. Fair to say hard core taxation advocates want people taxed as much as is necessary to meet government expenses to provide public services. It will be up to "Us, the American People" to decide if government needs more or less taxpayer wealth.

"Unnecessary laws are not good laws, but traps for money."

~ *Thomas Hobbes*

Government Power To Tax Rests with "Our, the American People's" power, as a sovereign citizenry, to consent to such government power. Pick a trusty Artificial Intelligence (AI) reference, one is likely to learn 17.3% of our GDP went to taxes in 2025; in 2024 16.5% went to taxes. How much we, a supposed self-governing people, should pay in taxes will be decided by us. If we intend to stay free.

“The rule of law can be wiped out in one misguided, however well-intentioned, generation.”

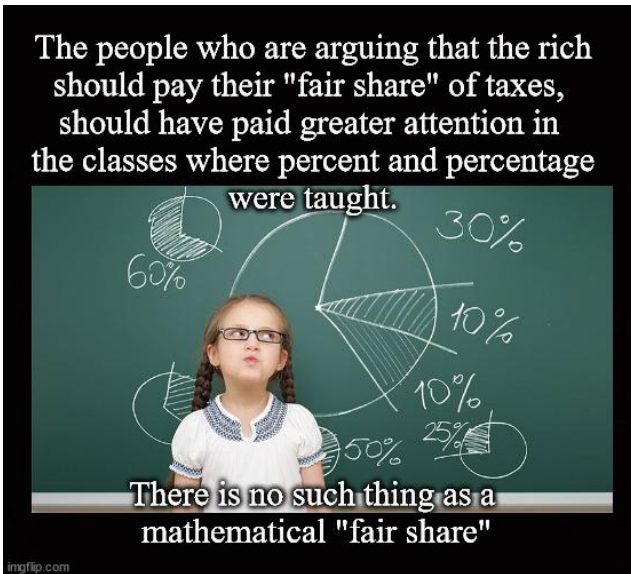

~ *William T. Gossett*

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to permit public (government-“State”) schools to delve into their children’s attitudes, values, or beliefs. Dear Mr. Llamas, reporters, Mr. Gutierrez, Mr. Panlilio and Reuters Business Development officers,

Thank you for your kind call this morning and for your willingness to review my business development proposal and bring it to the attention of your superiors.

1. I worked at Thomson Reuters's Lawyers Cooperative Publishing (LCP) as a researcher-writer for ALR Fed (American Law Reports, Federal). I left LCP to attend The University of Michigan Business School, where I earned a Master's in Business Administration. This is a proposal for a business and a venture that can benefit Thomson Reuters, others, me, and millions of insureds.
2. I propose that Reuters Business Development gain access as a sponsor to the **75,488+** subscribers to my website Judicial Discipline Reform at <http://www.Judicial-Discipline-Reform.org> as of 24 September 2026, in exchange for compensation and the granting to me of access to WestLaw services and books.
3. My website subscribers read the articles that I write in long form, that is, consisting of more than 1,000 words...and ask for more. They are interested in the intricacies of the law and the way I discuss them. It is reasonable to expect them to be intellectually demanding and certainly educated, influential, and well-off. They can afford Reuters's products and services as well as those advertised by third-parties, be they law-related or addressed to other needs of affluent people(C infra).
4. Convinced by experience of the substantial usefulness of Reuters's offerings for finding and arguing the law, I have praised them in a series of articles.¹ The latter and similar ones are collected in my three-volume study² exposing abuse of power; collectively demanding compensation; and setting in motion a national movement for transformatively reforming the system of justice.
5. Just as my study exposes abuses of power by the judiciary and other public and private entities, so did Reuters in its series of articles exposing the riskless abuse of power by state judges and the state commissions charged with supervising their conduct([OL3:1825](#)). It described them as intertwined by "hardwired judicial corruption". It titled the series "*The Teflon Robe*".([App:6§C¶491](#))³

6. This is the most opportune time for us to join forces on behalf of the [70.5 million insureds](#) abused by Medicare and its healthcare insurers. They coordinate their running of an insurance fraud scheme whose modus operandi centers on committing claim evasive “delay, deny, defend” tactics.
7. That word triptych has been made known by Luigi Mangione. He allegedly killed the CEO, Brian Thompson, of United Healthcare on 4 December 2024. His impending trial will attract journalists from NYC, NYS, the rest of the country, and abroad. We can benefit by interesting them in investigating an angle unavailable to Mangione as justification for murder: how Medicare and its insurers abuse their insureds with those tactics because they are old, sick, disabled, and ignorant of the law.
8. The joint venture’s timing is optimal: Mangione’s trial will be held in the federal court where I am prosecuting a civil case⁴ intended to be a test case in the public interest of exposing, not the abuse inflicted on one insured, but rather how those tactics work(⁴[SDNY:156§L](#)) and abuse millions.
9. The strategy(§A, B infra) aims to turn my website from an informational source into a rallying point where an informed and outraged public organizes to compel primaries and mid-term elections candidates to make this issue a key one of theirs; hold public hearings; and undertake reform. I offer to present it to you and your guests, whether in person if in your NYC offices, or anywhere else if my expenses and fee are covered; otherwise, via video conference.

So, I look forward to hearing from you.⁵

Dare shout "*I accuse!*"

You may trigger history and even enter it as
a Champion of Justice.

Sincerely,

Dr. Richard Cordero, Esq.

Freedom Of Speech Abused!

This is not a fight over First Amendment Rights; it is a fight over the Right for Truth!

BETH ANN

SEP 21

9-21-2026

Amendment I

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

“The truth will set you free,” but lies and gaslighting enslave.

CNN, MS NOW and Politico are suing the White House, claiming President Trump is infringing upon their **First Amendment rights** by banning them from White House press briefings. They believe they can say and do anything under the guise of **Freedom of the Press**. A practicing untruthful media is not Freedom of the Press; it is the opposite of freedom; for Truth sets a people free and lies bind us and enslave us.

The First Amendment doesn't protect lying any more than the Second Amendment protects gunfights in the street.

The First Amendment doesn't protect violent protesting in the streets, spitting in people's faces, blocking roads and highways, burning buildings or rioting crowds looting and thieving.

The First Amendment doesn't protect the state from the church; it protects the church from the state. Freedom of religion was speaking of the Judeo-Christian faith, not radical Islam promoting sharia law. It does not protect rioters and protestors, or even a guy with a microphone invading a church service and disrupting their Christian worship.

Americans have been abused and lied to by many media networks. These networks will report falsehoods, slant the truth, and even leak information to enemies. This is not protected under the First Amendment!

The First Amendment is there to protect **We the People** from the nefarious behaviors of those who are out to destroy or remove our rights! The First Amendment's reference to

“Freedom of the Press” was for truth in reporting, not for lies and propaganda; the gaslighting of Americans. America’s media have an obligation to **We the People**, as they are supposed to be serving us!

Was it freedom of speech when many of the news outlets hid the truth about Hunter Biden’s Laptop? Was it freedom of speech when these networks coordinated with others to plot a fake letter signed by 50 former intelligent officials, saying Hunter Biden’s laptop was Russian disinformation?

Was it freedom of speech when the press manipulated President Trump’s words when he spoke to the violent Charlottesville North Carolina riot of 2017. These are the actual words of President Trump: ***“You had some very bad people in that group. You also had some very fine people on both sides. I’m not talking about the neo-Nazis and the white nationalists, because they should be condemned totally.”*** The press presented only the first part of the President’s statement making it sound as though he was in approval of Nazis and white nationalists, which he was absolutely condemning. They never apologized or corrected their “misstated free speech.” When they were called out on their misrepresenting of President Trump’s words, they claimed he only added the second part of his comment to cover what he said in the first part. They do not promote news and truth; they push an agenda of hate and lies and that is not protected under the First Amendment.

Upgrade to paid

Freedom of the Press! The press has an obligation to **We the People** to bring truth. The First Amendment does not give them a “right” to be in the oval office, it does however give them a responsibility to respect **We the People**, respect the President we elected and to always report the truth! Freedom of the Press does not set the press above **We the People**. If the press is invited into the White House, it is a privilege that should be revered and taken very seriously. The “I gotcha” questions, the leading comments, and their false factchecking are not what our First Amendment protects; it protects Truth and transparency, which CNN, MS NOW and Politico do not practice. In fact, they have participated in a campaign to make it appear as though this President is failing and that Iran is winning. They participated in the lies of October 7 and the war in GAZA. They hid the fact that the infamous Russian Dossier was FAKE and paid for by Hillary Clinton.

It was legally determined a long time ago that a person cannot rest on the First Amendment to yell FIRE in a crowded theater to create a panic. When the anti-America networks tell Americans, convey or allow it to be said on their networks, that President Trump is an existential threat to our democracy; that he's a Nazi, that he acts like a king, that his presidency is illegitimate... and on and on...a network that knowingly allows such garbage to be a part of their daily broadcasting is the antitheses of free speech and truth. Such behavior is no different than a person yelling FIRE to watch a human stampede; it promotes violent behavior and is not protected under Freedom of the Press.

Birds of a Feather always flock together and that is especially true in the case of President Trump's decision to ban CNN, MS NOW and Politico, as five other networks are now boycotting (suspending their pool coverage of) the White House to stand with the media networks that have been gaslighting Americans. Apparently, ABC, CBS, CNN and Fox News stand with the lying medias who continually put America in danger. We know that ABC and CBS, have been gaslighting Americans against the President, spreading the lies of climate change, the Jan. 6 "insurrection," the WOKE agenda and defending America's poor education. Fox News also participated in the Covid 19 shutdowns; forcing those who worked there to get the vaccine, cutting commercials encouraging vaccinations, 6-foot distancing and mask wearing; they even had the nerve to say, "*We're in this together.*" **We were never in this together.**

Upgrade to paid

In a White House press conference, during President Trump's first term in office, CNN's Jim Acosta refused to sit down and stop grilling President Trump. He went so far as to push the young girl's arm away as she was trying to retrieve the microphone, as the President ordered Acosta to sit down and be quiet. Acosta was temporarily banned from the White House, and I remember FOX News' Sean Hannity defending Acosta and saying that to ban him was anti First Amendment. Sean was wrong then and Fox News is wrong now! Not only was Jim Acosta disrespectful to the President of the United States, but he also showed an aggression against the young intern in charge of the microphone. In my opinion Acosta's behavior was rude and he should have never been allowed back into the White House, at least not until a formal spoken and written apology was given.

Not every news outlet is cleared to be in the White House or the Oval Office for presidential briefings. It is not a right to be there; it is a privilege and it should be treated as such. To lie to the American people is an abuse of the First Amendment.

The link below will give you a historical perspective of when other presidents wouldn't allow certain news outlets to be a part of their press briefings. There was no outrage, no lawsuits, and no boycotts from other networks.

https://www.whitehouse.gov/releases/2026/09/white-house-access-is-a-privilege-not-a-right/?utm_source=wh_social_share_button

The **First Amendment** is not in place to protect lies and propaganda. If lying was free speech, why is perjury against the law?

When the medias promote lies, propaganda and disrespect the President of the United States, they are actually disrespecting Americans. The First Amendment and Freedom of the Press are not about protecting every media outlet, they are there to protect **We the People**. Sorry guys, but it isn't all about you... it's about the American people!

This is not a fight over First Amendment Rights; it is a fight over the Right for Truth!

“If I deny the authority of the State when it presents my tax bill, it will soon take and waste all my property, and so harass me and my children without end. This is hard, this makes it impossible for a man to live honestly, and at the same time comfortably, in outward respects.”

Two Media Articles Advise “Us, the American People” to be skeptical when looking to government to solve America’s socio-economic problems as those problems involve homelessness and illegal immigrant, migrant, and refugees (IIMR) groups. One article reports a prominent financial personality claims America would have another ‘golden age’ like period by opening America’s borders.

“Voters who live off taxpayers are the Democrats’ ace in the hole. The Democrats created big programs and never let the recipients forget it. This gives them an initial advantage of tens of millions of votes in any presidential election.”

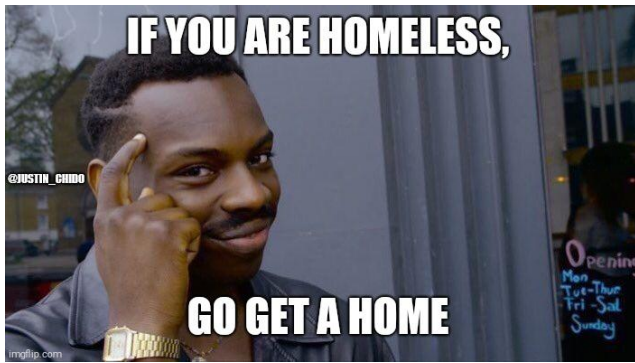

~ **Joseph Sobran**

A Related Article Reports “Our, the American People’s” Golden State spent some \$24B on homelessness over five years only to see homeless numbers go from 151,000 to 187,000. Article does not indicate there were too few jobs in California to support California’s homeless. Article did note how millions of dollars were spent fraudulently by those who managed California homeless program.

“Multiple political parties are a fact of life throughout Europe and most of the West. Today the only countries without strong multiparty political systems are the United States and a number of third world military dictatorships.”

~ **Thomas H. Naylor**

“We, the American People” would be smart to be hard nosed with government officials dealing with IIMR and homeless problem. Hiring signs are posted on about every American corner. \$24B spent on 187,000 homeless cones to just under \$25,700 per homeless individual, an amount available from commerce taxation. If so, it’s available as payroll resources. Odds are work is readily available.

“Vote for the man who promises least; he’ll be the least disappointing.”

~ **Bernard Baruch**

There May Be A Stigma attached to taking on menial work. Counterpoint is there is dignity in all work. Using taxation revenue to subsidize either IIMR or homeless groups can be seen as a form of slavery. We could let our public officials know neither homeless nor IIMR are to receive taxation revenue to pay expenses of their plight. Some people may never be independent. At least some will.

“It is indeed a singular thing that people wish to pass laws to nullify the disagreeable consequences that the law of responsibility entails. ”
