“A wise and frugal government which shall restrain men from injuring one another, which shall leave them otherwise free to regulate their own pursuits of industry and improvement, and shall not take from the mouth of labor the bread it has earned. This is the sum of good government.”

~ *Thomas Jefferson*

Build A Better Mousetrap, customers will flock to your door. Media coverage on point, more Japanese production will take place in America. Not unfair to say if it’s made in America, it’s made in America. President Donald J. Trump. In his war on tariff (trade taxes) has claimed if foreign manufacturers make products in America, those products will not have tariffs (trade taxes) attached. Lower consumer costs.

“The evils of tyranny are rarely seen but by him who resists it.”

~ *John Hay*

In Theory, At Least, More Manufacturing in America, more jobs for American workers. Japan is no slouch in automotive or electronics production. Could be “Our, the American People’s” favorite Toyota cars will cost less when more are made in America. Downside could be comparable American-made products made by American-based companies could see sales drop off. Action, reaction.

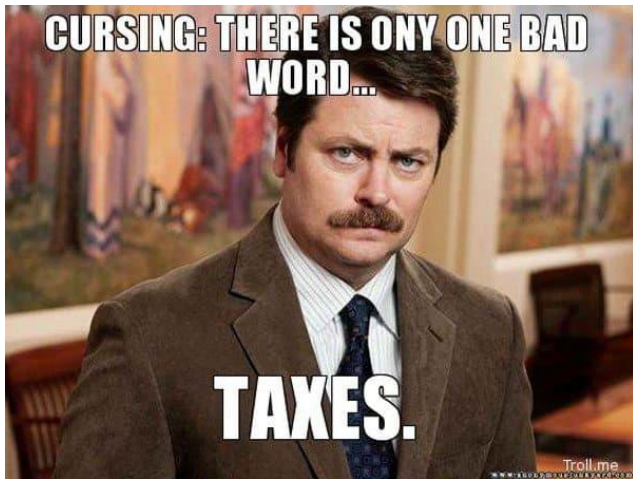

“Democracy must be something more than two wolves and a sheep voting on what to have for dinner.”
~ *James Bovard*

Tariffs (trade taxes) Are Imposed on imported products. As such, government decides if tariffs (trade taxes) are to be applied. No different than any tax, push come to shove. ‘We, the American People’ have, as a sovereign citizenry, political clout to force America’s legislators to drop any tax, tariffs (trade taxes included). If we, though, think we get a good deal by having tariffs (trade taxes), they’ll stick.

“The natural progress of things is for liberty to yield and government to gain ground.”

~ *Thomas Jefferson*

There Is No Reason Why our business entrepreneurs can not get at least as good a deal on import prices for “Us, the American People” as can government. It all depends, all said and done, whether consumers are prepared to shell out higher prices tariff (trade tax) increases bring about. Regardless how anyone tries to spin tariff (trade tax) costs, consumers pay every penny of all taxes All taxes.

“Timid men prefer the calm of despotism to the tempestuous sea of Liberty.”

~ *Thomas Jefferson*

"We, the American People," arguably, have been a charitable bunch. Subsidies, equally arguable, are not charity. Not when people's property (wealth) is confiscated so government can use confiscated property to fund subsidies. Some of us might argue those of us with more wealth than we need. WE would be fools to think people will devote their time to accruing property (wealth) only to have it taken.

Available Figures Accurate, Interest on America’s national debt comes to \$758.4B. Every American is on hook for national debt interest \$2,230. The more often President Trump, his administration and GOP leaders call for a turning down of the violent hate rhetoric, the louder the opposition voices shout and the more not-

so-peaceful demonstrations we see. They are attacking local police as well as U.S. Immigration and Customs Enforcement (ICE) agents. Crime is up because Marxist-Democrat run cities and states refuse to enforce the laws. They victimize the criminals, and demonize citizens who are being robbed, murdered, raped and assaulted in all manner of ways.

How many murders and violent attacks will it take before the democrats calm down the rhetoric or shut up? Well, I suppose however many it takes to bring **We the People** to the point of surrendering our nation (America) and our personal Liberties to their Marxist ways. I don't know about you, but this is one American that doesn't plan to capitulate to a bunch of Marxist-democrats.

Last week Whoopie Goldberg called for Donald Trump, the President of the United States, to be **forcibly removed** from office. Why did she do this? Because she didn't like his speech at the UN. Free Speech does not protect "*them*," nor you or me, from screaming murderous slurs to incite violence.

We are in a civil war America. Only one side is doing the shooting and praising the assassination of 31-year-old Charlie Kirk! Only one side ignores it when women and young Americans are brutally beaten, raped and murdered. Only one side is promoting the infringement on your Second Amendment and practicing the cancelling of Free Speech. Today, Eric Swalwell, Representative from the state of California, a man who is known to have slept with a Chinese spy, promised that if his Marxist-democrat party regains the majority in 2026, they will begin arresting citizens who helped President Trump. Only one side has decided that laws should not be enforced, and criminals should not be locked up! Only one side is calling for an insurrection of this administration! It is the one side that is being encouraged by an entire political party: the Democrat Party!

Be assured, I am not, absolutely NOT calling for "the other side" to start shooting back. However, I am calling for action from all Americans who believe in America, to start taking very seriously and practicing your First Amendment Rights! Start initiating (with intentionality) **petitions for redress** to all those democrat mayors, governors, representatives and senators. Demand that they all cease and desist their war against

America. If they ignore and refuse, start a campaign to primary them out of office... immediately!

Hate speech is not Free speech. Freedom of speech is here to demand your government (*Consent of the governed*) return to the original intent of our Constitution, “Rule of Law,” and “Equal Justice for All.”

Over 77 million Americans voted President Trump back into the Oval Office. We voted him in to be the President that would “clean up Dodge.” We want leadership that will put America first, enforce the laws, undo the mess that previous administrations have caused, and Make America Safe again.

Decluttering and Removing the Corruption

You might remember, before President Trump was elected, I warned you that the cleanup process wasn't *gonna* be pretty. Revealing and removing the corruption and abuse, which has been ongoing against the American people, will not come without opposition, as we have already seen. When decluttering you have to make some hard choices on what stays and what goes, and usually there's a big mess before the beautifully organized room or cabinet emerges. When it does, you can stand back, and with a deep breath sigh and feel the peace and calm that the newly organized area has provided. ***“We're not there yet!”***

However, there is a disturbance in the force. The Marxist democrats are leading a great storm of violence and insurrection across this nation. They refuse to allow President Trump to restore the calm of America's way of life.

We are in a war America, and the opposing side is the enemy of our American way of life. There are *Jane Fondas* everywhere telling the world that America is bad and placing all our lives in grave danger!

As another government shutdown looms, Marxist-democrats and RINOs refuse to give up any of their unconstitutional programs; they will not cut their spending of our dollars.

They **do not** want to make America's cities safe; they don't care if a woman sleeping on the subway is burned alive; they don't care if a young (legal) refugee is stabbed to death in the neck while riding the bus to and from work; they simply do not care! These evil Marxist-democrats hate the mention of God and despise the name of Jesus. As if in total unity, they rejoiced when a young man was assassinated in front of a crowd of college students while the entire world was watching on television. All these Marxist-democrats care about is power, lining their pockets with our money, globalism and the removing of your Freedoms, your Liberty and your Happiness; they place zero value on American Lives.

Upgrade to paid

For their power to grow, your Liberty must shrink.

While we see and think of them as incompetent, we must recognize that their divisiveness is all very intentional and they are waging a civil war against America, against our Constitution, against Christians, against true conservatives and against our American way of life!

Another thought: Why is it that every democrat who has been mentioned as a possible future presidential nominee, is dumber than a box of rocks? Hey, they ran a man who was already too senile and too feeble to be an actual acting president; he couldn't even sign his name to important documents. My opinion of all this is very simple; it doesn't matter! For decades before President Trump, those persons elected president were not running the nation as our Constitution requires. In actuality, we have had very few "working presidents." So then, who has been running this nation? That's a question for another time!

While the intentionality is to get rid of President Trump, the real war is against... us, **We the People...** the 77 million Americans who put him in office. Have you noticed when the Marxist-democrats and all their *propaganda-anti-American-jane-fondas* speak, they act LIKE you, the MAGA voters, don't even exist?

By the way, Whoopie Goldberg should be (with law intentionality) arrested for calling for violence against the President of the United States. I'm serious about that! Last I knew, threatening the president is against the law, and she was openly threatening the president,

as well as calling for violence against him! I consider her of little importance actually, but she is a *jane-fonda-mouth-piece* and we need to take her seriously.

While we aren't shooting back, we can start arresting the **NOT** so peaceful protestors, those who are funding domestic terror, and those who are openly calling for violence in America.

Liberty is always in the hands of the People...

First Amendment

*Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and **to petition the Government for a redress of grievances.***

America, let us fight this war with the ammunition that was provided to us by great sacrifice, the Constitution of the United States and our Bill of Rights. We need to put them to good use and proclaim Liberty throughout the land... and...

“Our, the American People’s” federal government, references referenced accurate, has shut down some twenty-one times. More than enough grandiose reasons find their way into how come

government shuts down. Mainly, it's our legislators' failure to reach appropriations agreements, meaning, how government budget gurus will spend money gained from property (wealth) restriction.

“War is just one more big government program.”

~ *Joseph Sobran*

Invariably, Legislators Point Fingers at each other trying to get “Us, the American People” to blame each government other because government services and subsidies will be halted. Legislators who point fingers at each other would be more accurate, were they to point fingers at us. Not because they have not taken enough property (wealth) from us. Because we, supposed self-governing people, allow it.

“Remember, democracy never lasts long. It soon wastes, exhausts, and murders itself. There never was a democracy yet that did not commit suicide.”

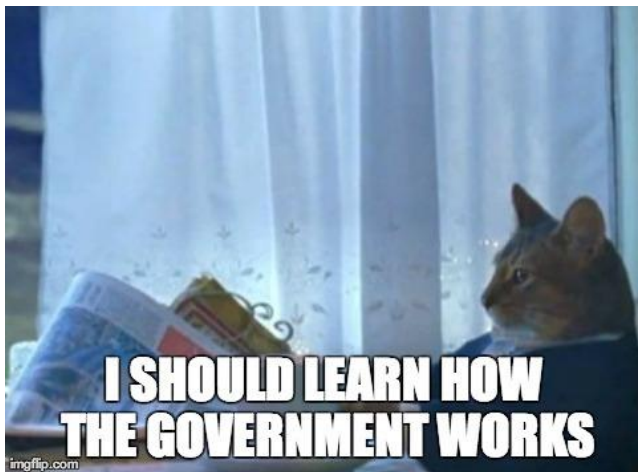

~ *John Adams*

“We, the American People,” all said and done, have none to blame for government shutdowns and threats of government shutdowns but our very selves. We could, for example, make it clear any legislators who fails to vote for a budget (appropriation) to keep government operating shall pack their bags and vacate their office without delay. Or, we could have they who fail to vote fined handsomely.

“They that can give up essential liberty to obtain a little temporary safety, deserve neither liberty nor safety.”

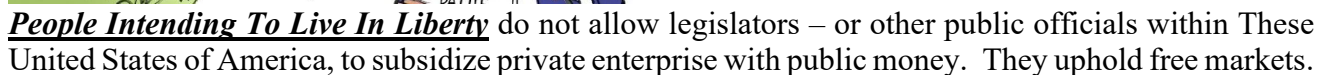

~ ***Benjamin Franklin***

To Have They Who Fail To Vote to avoid shutdown fined handsomely would have to have teeth. No wrist-slapping pittance. Fines ample to force they who fail to vote to liquidate holdings to pay their fines. Ample enough to force them to seek ordinary jobs just to avoid incarceration. Odds are we'll not take any disciplinary measures. Instead, we hope we vote in 'right' people.' People who don't exist.

“One of the greatest delusions in the world is the hope that the evils in this world are to be cured by legislation.”
