REDHEAD CONSERVATIVE

A Majority Of "Us, the American People" are disheartened America's Supreme Court of the United States (SCOTUS) is not more liberal. Media report SCOTUS is benched by a 6-3 conservative justice majority. Those of us who want further discussion of how liberal differs from conservative are welcome to spend hours researching same, when those same hours could be spent on self-government,

"Can our form of government, our system of justice, survive if one can be denied a freedom because he might abuse it?"

You said you would never forget.

They said they would destroy us from within.

BILL MAHER: DEMOCRATS WENT FROM 'MEN CAN HAVE BABIES' TO 'WE LIKE THE TERRORISTS'

"We, the American People" elect presidents who, based on personal attitudes, values, and beliefs (PAVB), nominate prospective SCOTUS Justices. We, too, elect Congressional Senate legislators who, based on their PAVB, interview prospective SCOTUS Justices for how prospective SCOTUS Justices might adjudicate cases. Justices, regardless Congressional concurrence, are to be impartial.

"It is not the responsibility of the government or the legal system to protect a citizen from himself."

~ Justice Casey Percell

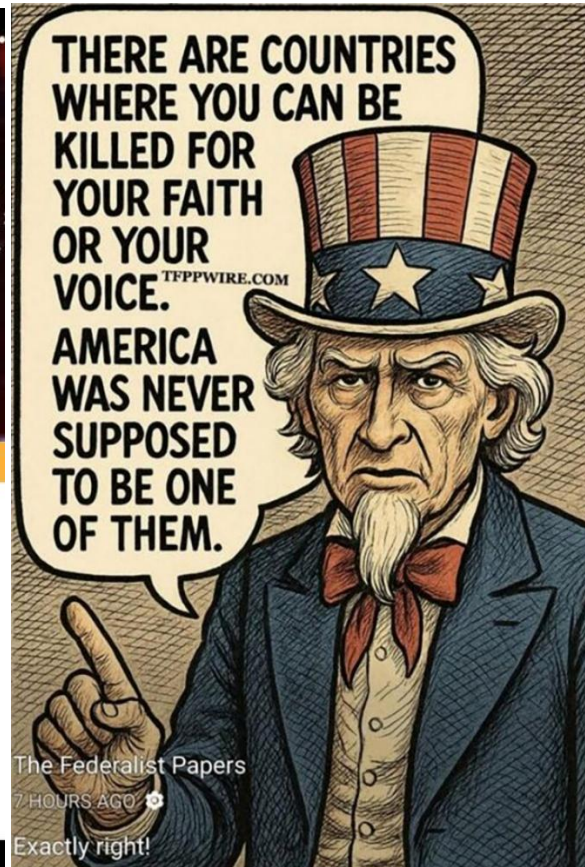

Impartiality, Whether Meted Out by legislature, chief government executive, or court, reflects PAVB of those meting out decide impartial, i.e., fair. Impartiality or fairness, with respect to government, amounts to how government chief executive, judge, or legislator interprets those concepts to be as they relate to Constitutionality. Contested law and split court decisions attest to interpretational fallibility.

“No one can read our Constitution without concluding that the people who wrote it wanted their government severely limited; the words “no” and “not” employed in restraint of government power occur 24 times in the first seven articles of the Constitution and 22 more times in the Bill of Rights.”

We Are Irredeemable Idiots to think America's courts, not least SCOTUS, are to be adorned with neutrality. It is by our irreconcilable diversity we have been unable to come to agreement on how government shall meet public expectation. We have not relied on Liberty. Liberty requires government to act in like manner to all. Progressive taxation is a blatant example how government discriminates.

Once upon a time in the 1950s, a family could own a home, a car, and send their kids to college all on one income....

I wasn't raised with options. I ate what was on my plate and wore what my parents could afford. That's how I learned to be grateful.

Normal parents demand their children have high moral values, and a dedicated work ethic. Exceptional parents raised Charlie Kirk.

Pope Leo Is Not At All Happy with those critical of climate change alarmists. His Holiness claims each of "Us, the American People," along with people everywhere, will have to answer to God for falling short of our duty to be good stewards of Planet Earth. Popes and Presidents (clerics and legislators), rather constantly, remind us we'll be in Dutch if their laws and religious tenets are not followed.

“We, the American People,” if we take some time to dig into how things=galactic happen, are apt to find voluminous references on how long we, as a species, might be around. Planet Earth, for example, is projected to be consumed, along with Earth’s solar system, somewhere around 5 billion years from now. When Earth’s sun becomes a Red Giant. People will be gone in about 250 million years.

“Our, the American People’s” time will be up when, references referenced accurate, Earth’s continents merge into a hypothesized solitary continent called **Pangaea Proxima** makes its appearance. Renewable Energy Initiatives, and implementation thereof, aren’t enough for climate change activists. Had they their way, there’d be no charcoal grilling, no carbon-emitting conveyances, no fossil-fuel heat. Deny And Defy

America has gone a long way away baby...

Because of the leadership in this nation, who deny and defy God, who intentionally distort the truth and meaning of the statement of Separation of Church and State, America's foundation is becoming sinking sand.

John Adams said, "***Our constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other.***" Morality and virtue are the foundation of our republic and necessary for a society to be free.

Our founding documents speak of equality and truth! "***All men are created equal and are endowed by their creator.***"

With the Globalists in charge America has gone a long way away baby. **We the People** have turned our backs on God and allowed fools and the evil ones to rule. **Why?**

We have been foolish; we have allowed the ungodly to lead... "love all people" right? So, we let the perverts lead, but they do not lead, they take! These sick perverts are bullying their way through our nation. Because we failed to stand up for our God, Truth, and Free Speech, because we refused to stand up for righteousness, with apathy and cowardice we have allowed the perverts and fools to "rule" **We the People**. When they are done with their corrupt and

perverted ways, **We the People** will have nothing left and America will be a mere empty shell of a nation.

Gone are the days of Free speech in America; to speak truth or disagree with those in charge is now hate speech.

Gone are the days of living safely in America; crime is now rampant.

Gone are the days of justice, due process of law; lady justice has now been politicized.

Gone are the days of American Exceptionalism!

Gone are the days of American heroes!

Gone are the days of the American Dream; equity destroys the hearts of those who want to create, invent and to improve their way of life. Equity destroys equality and turns us into a society of slaves, dependent on government.

Gone are the days of Americans standing united!

Gone are the days of morality, for the ungodly now rule.

Gone are the days of common sense, for science is now politicized.

Gone are the days of Freedom and those peaceful times Norman Rockwell is so famous for portraying in his paintings.

Gone are the days of America righting her wrongs, instead we attempt to erase our history.

Gone is the Constitutional Republic, for we did not keep it...

It is extremely unfortunate that America is no longer that shining city on a hill. Our Founding Fathers had such a wonderful vision, America would be the exception to the rule of dictators and be ruled by the people. ...***That to secure***

these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed...

Globalism is nothing more than world-wide-communism, where the wealthiest elite rule over all people! America, as it was founded, is the greatest obstacle to their *New World Order*, so they must break us.

Our forefathers landed on Plymouth Rock to establish a new world founded and based on freedom of religion. If the globalists are successful in breaking this nation, the entire world will suffer, for America is the last fortress of hope to the world.

There is plenty of blame to toss around, but the truth of it is, we are all to blame. Instead of sharing the love and beauty of the Holy Gospel, Christians in America were concerned about offending someone, and so many souls remained lost. Americans, known as a proud, independent, and free people, grew to be selfish and even lazy. **We the People** had a good life, but we did not appreciate what we had.

The following is referred to as

the "**Tytler Cycle**" or the "**Fatal Sequence.**"

By Alexander Fraser Tytler, Lord Woodhouselee

From bondage to spiritual faith;

From spiritual faith to great courage;

From courage to liberty;

From liberty to abundance;

From abundance to complacency;

From complacency to apathy;

From apathy to dependence;

From dependence back into bondage."

It would appear that America is following in this progression of self-destruction.

We can blame the socialists, the globalists, the woke, the democrats or the republicans. We can blame the bureaucrats and the deep state, but the truth is, **We the People** elected and allowed the leaders to force unconstitutional mandates and regulations on us. We listen to them when they change and pervert our language and the meanings of certain words and phrases. They now want to enforce their perversions on us and make it a crime to use improper pronouns.

The greatness of America lies not in being more enlightened than any other nation, but rather in her ability to repair her faults. Alexis de Tocqueville

What does the following mean to you?

Amendment 1

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

That first Amendment tells me the acts of those leading today and many of our yesterdays, have been in violation of our Constitution and are attempting to strip us of our unalienable rights, which come from God. Is there any doubt in your mind now as to why these same people now deny and defy God and Christianity?

Without God there is no liberty! Without God there is no freedom!

“Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage.” Galatians 5:1

America is a unique nation and I still believe in Americans, but the hour is growing late! If we truly love this nation and God, who is the creator of all life and the giver of our unalienable rights; Life, Liberty, and the Pursuit of Happiness, then we must return to Him, stand fast in Liberty, repair the very foundation of this nation and **Bring America Home.©**
