Communists, muslims and democrats may be wearing fancy suits and ties, but don't be deceived. They are working tirelessly together to plunder the foundations of the USA.

This is why the 2026 midterm elections are so important.

There's A Simple Test to every claim for affordability. Was it made cheaper or is someone else paying? A media writer tells "Us, the American People" to apply such test to every democrat claim they will make living more affordable when they are voted into office. Sundry media articles claim GEN Z are falling [prey to 'socialism affordability' illusion. Quality costs, be it for hamburgers or for health care.

"The illegal drug trade is the financial engine that fuels many terrorist organizations around the world, including Osama bin Laden."

~ **Dennis Hastert**

“Our, the American People’s” representative Constitutional republic governmental form is, economically speaking, capitalism not totally removed from socialism. Socialism, in its purist form, consists of public ownership of production. Capitalism, by comparison, amounts to complete private ownership over production. Whether capitalistic or socialistic is defined by regulatory oversight.

“It is the fundamental theory of all the more recent American law ... that the average citizen is half-witted, and hence not to be trusted to either his own devices or his own thoughts.”

~ *H. L. Mencken*

Whether America Shall Be Capitalistic or socialistic is for “Us, the American People,” a sovereign citizenry, to decide. How we decide will come down to how many of us, as voters, opt for greater or lesser legislative-regulatory control over our economy. It would be fair to predict those who find themselves less able to compete will opt for more government control. Competitors want open season.

“Most people want security in this world, not liberty.”

Not Too Much Of A Stretch to say every voter would, if every voter could, control Election 2026 outcome(s). More than Congressional control is at stake. It would be smart for us to bear in mind when we vote we vote for how our neighbor's life is to be controlled. And, our neighbor votes for how our life shall be controlled. By people neither we nor our neighbor may have ever met. Vote wisely.

Odds Are, Historically, "Our, the American People's" GOP will lose Congressional seats in coming Election 2026. President Donald J. Whether "We, the American People" will fare well from Election 2026 remains to be seen. It will likely be a matter of opinion in any case. Our elections, by and large, tend to little more than decide

who among legislators will decide how much of our property Z(wealth) is to be confiscated and how much our choice (Liberty) will be restricted. With luck, we may be faced with Congressional gridlock.

“Patrick Henry did not say, “Give me absolute safety or give me death.””

~ **John Stossel**

It Would Be Smart For “Us, the American People” to be clear on why people seek legislative office. Their motives can be taken from their campaign rhetoric as regards their motives for seeking office. Former President Barack Obama was a good example when he, upon becoming president-elect, said ‘we are days from fundamentally transforming America.’ We are still fighting over such transformation.

“The Declaration, after all, catalogued the assaults on our freedoms committed by Britain’s King George III. What has been built up over the last two and a quarter centuries is a structure that dwarfs George III’s regime.”

~ **K.E. Grubbs, Jr**

Patient Protection And Affordable Care Act of March 2010 (PPACA/Obamacare) is part of President Obama’s transformation agenda. PPACA/Obamacare legislated roughly 14% of our economy. Whether good or bad remains a matter of contentious debate. Election 2026 portends to test our thirst for even larger transformation, namely, adopting socialism. PPACA/Obamacare would pale in comparison.

I don't claim to always have the correct answers, but I hope I at least have the correct questions.

I titled today's radio program, "Going Astray; Political Progress or Prideful Destruction." I was inspired by an article I read this morning, "**The Terrible Twos**" by Spyridon Andrews. It is a great article, as Andrews brings history to the present.

Have you ever had an accident and said, "*That's gonna leave a mark?*" What we see happening in America is leaving a mark! What that final mark will be is up to Americans;
We the People!

Will we ignore history and embrace the utopian lies of the Marxist-Islamist-democrats?

Last week, I read an article about James Talarico's church and his 83-year-old lesbian pastor, her description alone raised a warning flag. Something his pastor, Rev. Babs Miller said has left me puzzled or curious. She made the statement that if you were to ask her congregation if they viewed themselves as agnostic, atheist or Christian, the majority would say agnostic and then atheist; the least of her congregation would claim Christianity. So it isn't surprising then that James Talarico hates Christianity. St. Andrew's Presbyterian Church, with a lesbian pastor is no longer a Christian Evangelical church; they do not try to reach others for Jesus Christ.

In 1 John 4:1-6 NIV scripture warns us about such churches; false teachers.

Dear friends, do not believe every spirit, but test the spirits to see whether they are from God, because many false prophets have gone out into the world. This is how you can recognize the Spirit of God: Every spirit that acknowledges that Jesus Christ has come in the flesh is from God, but every spirit that does not acknowledge Jesus is not from God. This is the spirit of the antichrist, which you have heard is coming and even now is already in the world. You, dear children, are from God and have overcome them, because the one who is in you is greater than the one who is in the world. They are from the world and therefore speak from the viewpoint of the world, and the world listens to them. We are from

God, and whoever knows God listens to us; but whoever is not from God does not listen to us. This is how we recognize the Spirit of truth and the spirit of falsehood.

Those who might, however, claim to be Christian in St. Andrew's Presbyterian Church are ignorant of the scriptures. Unfortunately, we have lots of **"feel-good-in-your-sin"** churches in many of our communities across America.

My question, however, if you are an agnostic or an atheist why do you even bother going to a church?

Some might say, and there is truth to it, that they attend a church for "political prestige" purposes. I would like to believe that these folks are trying to fill the void in their hearts, which is missing without Jesus. I'm still mulling this over – I think it's deeper than just politics. A feel-good gospel where they teach love accepts all sin, is a gospel, in reality, that condemns the sinner eternally. Preaching a feel good-love-all-accept-all-sin, needs no Savior, therefore they reject the deity of Christ Jesus, and they see no need for repentance, or grace; they have no understanding of God's mercy. **"Comfortable in your sin,"** is not a good place to be.

Why does voting history show that Evangelical Christians are the least likely to vote?

Attendees of those anti-gospel, anti-constitution, and anti-God's laws-churches, are pro-communistic-ideology, and they will vote. And if they win, they will suck your children and grandchildren into their slavery snare of Marxism and radical Islam.

If these candidates preaching and teaching Marxism are successful, the mark they will leave on America is the same mark such governance has left in every nation it has captured; chaos, violence, destruction, hunger, death and absolute despotism: Tyranny!

Upgrade to paid

Have we, in America, completely gone astray?

If you are an American Evangelical Christian and you do not vote in American elections, you are not honoring our forefathers who came to this continent to escape religious

persecution. You are not putting God first by thinking you are not “of this world.” We are in this world and in America we have a say in our governing.

Do you believe God created all men (and women) equal?

Do you believe we are endowed by our Creator with certain inalienable rights; Life, Liberty and the pursuit of Happiness?

If you choose not to vote, how does that honor God?

God tells us how to choose our leaders.

“But select capable men from all the people—men who fear God, trustworthy men who hate dishonest gain—and appoint them as officials over thousands, hundreds, fifties and tens.” Exodus 18: 21 NIV

“Pride goeth before destruction, and an haughty spirit before a fall.” Proverbs 16:18 KJV

I have linked the [article](#) by Spyridon Andrews. I encourage you to read it and understand, in America, we have the power to stop this governance of envy from tearing down our Constitutional Republic. It is the obligation of all, especially Evangelical Christians, to Pray and then pick up your sword of righteousness and fight!... fight with your vote!

Two-And-A-Half Centuries Short and deeper in debt. Media have a video in circulation telling “Us, the American People” how America’s federal government works by having a triumvirate style government

organization with checks and balances ostensibly designed to keep any one leader from becoming too powerful. America's school system should be driving home how government works.

"To be governed ... is to be watched, inspected, directed, indoctrinated, numbered, estimated, regulated, commanded, controlled, law-driven, preached at, spied upon, censured, checked, valued, enrolled – by creatures who have neither the right, nor the wisdom, nor the virtue to do so."

~ *Pierre-Joseph Proudhon*

Video In Circulation Is Introduced by pointing out how it is “Our, the American People’s” president has so much power but 535 Congressional legislators can keep America’s presidents from running amok and causing havoc in our socio-economic way of life. America’s federal government and government at all levels, has a fourth branch if America’s sovereign citizenry will step up and use it.

“There seems to be an attitude that government ownership of land is good as long as you call it “open space” ... All it is is socialism.”

~ **Douglas Bruce**

America's Fourth Branch Of Government is America's sovereign citizenry – it's power of self-government. Self-government is only as powerful as it's holders are ready and willing to use it. "We, the American People" live in a country with prolific, strongly held diverse opinions. America's elections do not produce overwhelmingly majorities. Legislative control typically held by a few votes.

"Statism survives by looting; a free country survives by production."

~ Ayn Rand

American Elections Are Held Under Strident candidate competition. Candidates inundate voters with promises to meet every voter’s expectation of cornucopias of benefits from public coffers and policies candidates proclaim only they – not their opponents - can deliver. Election winners all but never deliver as promised. Voters are left waiting for another election. Self-government is a remedy left fallow.

“The “private sector” of the economy is, in fact, the voluntary sector; and...the “public sector” is, in fact, the coercive sector.”

~ Henry Hazlitt

People Deliberate To Live In Liberty do not allow legislators – or other public officials within These United States of America, to subsidize private enterprise with public money. They uphold free markets.
