~ *Milton Friedman*

Less Than Half Of “Us, the American People” believe Election 2026 votes will be counted accurately. It is utterly unnecessary for us, a sovereign citizenry, to count on elections to secure life, Liberty, and pursuit of happiness. It is equally unnecessary for us to expect Constitutional precepts and protections will secure blessings of life, Liberty, and pursuit of happiness. Constitutions and elections are otiose.

“The essential notion of a capitalist society ... is voluntary cooperation, voluntary exchange. The essential notion of a socialist society is force.”

~ *Milton Friedman*

Neither Elections Nor Constitutions Are Fool Proof ways for a society to establish high standards of living backed by security. Constitutions are ideas put to paper. Elections are exercises in futility because they amount to efforts by a few to exert their personal attitudes, values, and beliefs (PAVB) over many. PAVB are inherently biased; PAVB-driven government results in compliance by force.

“Consider Social Security. The voluntary transfers strengthened the bonds of the family; the compulsory transfers weaken those bonds.”

~ *Milton Friedman*

“We, the American People” would be further ahead if we were to have strict control over selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). SADLT&R permits legislators (government at large) to confiscate property (wealth) and restrict choice (Liberty) as government officialdom deems necessary to bolster government ideology and control societal behavior.

“The American people are becoming more and more afraid of, and are running away from, their own revolution.”

~ *Leonard E. Read*

“Our, the American People’s” governance would be less subject to corruption were we to minimize central control over societal affairs. Local communities know best how they should control themselves. Central control enables government to operate more like dictatorships. Our commonwealth, federal (U.S./National) and state Constitutions empower legislators to use their PAVB when making laws.

“The only freedom which deserves the name, is that of pursuing our own good in our way, so long as we do not attempt to deprive others of theirs, or impede their efforts to obtain it.”

~ *John Stuart Mill*

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to give quarter to, offer sanctuary to, or negotiate with terrorists. They refuse to live in fear or at risk brought on by “State” policy.

“I shall exert every faculty I possess in aiding to prevent the Constitution from being nullified, destroyed, or impaired; and even though I should see it fail, I will still, with a voice feeble, perhaps, but earnest as ever issued from human lips, and with extinguish, call on the people to come to its rescue.”

“Our, the American People’s” media has an article in circulation on federal judiciary power versus presidential executive orders. Federal judges are empowered to waylay presidential executive orders if those orders are unConstitutional or violate federal laws. Local or municipal judges, state court judges, or non-federal judges in state systems, according to AI, may not judge executive orders.

“The ground of liberty is to be gained by inches, and we must be contented to secure what we can get from time to time and eternally press forward for what is yet to get. It takes time to persuade men to do even what is for their own good.”

~ *Thomas Jefferson*

“We, the American People” would be smart, in view of oaths taken by virtually every judiciary member, to take steps to empower judges, in meeting their Constitutional role, to deal with presidential

executive orders. Whether a Commonwealth of Pennsylvania judge should have power to render an opinion affecting other commonwealths or states is debatable. Appellate courts would resolve debate.

“Democracy – A government of the masses. Authority derived through mass meeting or any form of direct expression. Results in mobocracy. Attitude toward property is communistic – negating property rights. Attitude toward law is that the will of the majority shall regulate, whether it is based upon deliberation or governed by passion, prejudice, and impulse, without restraint or regard for consequences. Results in demagogism, license, agitation, discontent, anarchy.””

~ *1928 U.S. Army Training Manual*

Remember when peppermint Patty said this.

Should A Presidential Executive Order violate either Constitution or federal law in Spokane or Selma, there is no reason why, in protecting “Us, the American People,” a local judge should not have jurisdictional authority to take an illegal executive order to task. Waiting for a federal judge to intervene is an unnecessary waste of taxpayer money. All judge are competent to decide Constitutionality.

“... so long as the people do not care to exercise their freedom, those who wish to tyrannize will do so; for tyrants are active and ardent, and will devote themselves in the name of any number of gods, religious and otherwise, to put shackles upon sleeping men.”

~ *Voltairine de Cleyre*

People Prep-ared To Live In Liberty do not allow legislators – or other public officials within These United States of America, to permit federal authorities or courts to define or limit their 10th Amendment powers beyond specific Constitutional constraint. They protect their lives and property against “State” intrusion.

“Economic freedom is an essential requisite for political freedom. By enabling people to cooperate with one another without coercion or central direction, it reduces the area over which political power is exercised.”

America's Declaration of Patriotism

If you would have been "there" in 1776, would you have been as brave and courageous as our Founding Fathers? Would you have stood with the visionaries and risked your life and livelihood for freedom and Independence, for a New Nation? Would you have signed the document seen as "treason" to the king?

What about today? Do we have such grievances? I believe we have more and if Americans don't stand for something, we will soon lose everything and have nothing! It was the representatives of the colonists who declared independence

from Britain. Today, it will surely need to be **We the People**, who put the elected officials and their gargantuan oligarchy bureaucracy “on notice.”

Let’s do it America! Let us declare our patriotism and restore our Republic!

* * *

Declaration of the Restoration of the Constitutional Republic of the

United States of America

In the year of our Lord, 2023,

"We the People" of the United States of America, In Order to restore and repair our perfect Union, establish Justice, Insure Domestic Tranquility, Provide for the common defense, Promote the general Welfare, and Secure the Blessings of Liberty to Ourselves and our Posterity, **do at this time reclaim our authority** over all elected officials.

It was in 1787 when **We the People** did ordain and establish the “Constitution for the United States of America.” Today you ignore its existence and refute its authority. By creating pretend legislation, which restricts Liberty to the people and demeans the Independence of our nation, you have proven yourselves unworthy to represent or lead... a Free people.

The United States of America is a unique government system, as it was designed to limit government power over the people and allow, **We the People** to be self-governed. **We the People** still hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness.--**That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.**

Your transgressions, as elected leaders have created a Constitutional Crisis that is causing great pain and suffering to the People of the United States of

America. You have deliberately devalued our currency, **You have broken this nation financially, you have weakened this nation militarily. You have forced the indoctrination of our people and our children, which goes against the very core of America and our Christian Faith. You have allowed human trafficking and suffering; you've allowed drug trafficking and death. You have encouraged crime and violence.**

Upon ignoring the Constitution of The United States of America, you have written laws and regulations, established offices and such to go against our **Bill of Rights**. You have knowingly pushed aside our most valued documents, distorted our laws, and have created a totalitarian government system.

We the People do now petition you with demands (not suggestions).

To Restore and Repair Our Perfect Union

You will limit your authority to only that which is written in The Constitution of the United States of America.

The **Constitution of the United States of America** along with **The Bill of Rights**, lays out your exact job descriptions.

The Executive Branch will enforce all laws! Including guarding America's sovereignty and keeping our borders safe from invasion. The Executive Branch will no longer practice ruling or making laws over the people by executive orders.

The Legislative Branch will protect the money of **We the People** and put Americans first! Each law you write must remain single in content and parallel with **The Constitution of the United States of America**. All legislation must be no longer than 6 pages.

It shall be written and placed before **We the People** (put to a vote) as to your length of time of service in office. Unlimited time served has created career politicians and left **We the People** without statesmen to represent us.

You should at this time repeal the 17th Amendment and return the Senate to the authority of each individual states' legislature. Senators will once again answer to the authority of their state and not to personal donors and contributors.

There should be no lobbying (soliciting for tax dollars) going on in regard to Congress. All elected officials are there to represent **We the People**, not the corporations or other NGOs. This is henceforth forbidden!

The Judicial Branch will judge by and only by **The Constitution of the United States of America**. There is to be no agenda or blatant politicalization of any federal Courts.

This list is vital to the restoration of our **Constitutional Republic** and the strength of this nation.

Again – these demands are not suggestions to be thrown aside. You the elected officials, as well as all appointed government officials are under the authority of, **We the People**.

Each of the following demands must be executed as quickly as possible in order to restore peace, honesty, and justice back to America! When you follow the **Constitution of the United States of America**, Life Liberty and the pursuit of happiness, property (private) and prosperity will once again abound in this nation and **We the People** will again be a Free People.

The **Supreme Court** should rule now that all January 6 prisoners must be released! They are being held in violation of the laws of the **Constitution of the United States of America!** America does not hold its own as political prisoners!

To Establish Equal Justice For All

Favoritism in law is to end immediately. Rule of Law must be restored immediately, without exception in all federal courts and government offices.

Those who hold office and have lied to the American people, employed, or fraternized with foreign enemies and spies, taken from the public fund shall be disciplined, fined, removed from office; or all three. The slush fund held by Congress must be permanently terminated and the funds must be allocated back into the general fund of this nation. You are expected to behave yourselves with conduct of high morals.

The two impeachments against the then sitting President, Donald J. Trump, shall be immediately, publicly, and ceremonially rescinded. There will be an open apology to the president and an apology to the American People must be made!! This apology will come from each of the actors who participated in the fraud. Each written apology will become property of record of the United States of America. Justice must be enacted and punishments, fines, and indictments where necessary, regardless of the positions previously or currently held in “government.” Hillary Clinton, Joe Biden, Barrack Obama, and many others must be held accountable for their crimes against Donald Trump, but more importantly, against the American People!

Insure Domestic Tranquility

The Executive Branch must immediately enforce all existing immigration laws and begin drastic measures to secure our borders! Build that Wall! Hire more ICE agents and begin rounding up and deporting illegal aliens from this country. There shall be NO open amnesty for any illegal aliens in this nation.

Save those, illegals, who are victims of human and sex trafficking. Prosecute to the highest degree (death penalty) those who are heading these operations of

drug trafficking (fentanyl) and human sex trafficking. The same penalty for those of gangs that are murdering, raping, and pillaging our communities.

All Marxism indoctrination will end immediately. (CRT will be banned from all schools in this nation)

Parental Rights will be respected! Government, teachers, and institutions will discontinue referring to parents as domestic terrorists for disagreeing with and calling out poor teaching and the indoctrination of our children. Public schools will only teach the fundamentals of learning. Reading, Math, Science, History, English.

In addition, we will teach truth in American history. **The Constitution of the United States, the Declaration of Independence and the Bill of Rights** will be studied. All students must gain a healthy knowledge of, understand, and pass a test on each. The passing of these tests will be required for every student in order to graduate from middle school and again from high school.

We are a nation of freedom and choice. School Choice is necessary to all people and shall be instituted and respected nationwide!

Domestic tranquility is an obligation of all elected officials and government institutions. There shall be no instigating of violence in mobs, such as took place on January 6 by the FBI. No elected officials shall raise funds to pay the bails of criminal rioters, as did Kamala Harris and AOC during the 2020 rioting and looting and burning of city property and federal properties. Those who participate in these destructive riots will immediately lose their office position and be fined or jailed for such criminal behavior against America and Americans.

We the People demand that the war against our local police stop! That criminals be held accountable regardless of race.

Secure the Blessings of Liberty to Ourselves and our Posterity

We the People of the United States of America now demand the abolishment of all bureaucratic departments....

The Federal Government was put in place for specific reasons, which are listed in the Preamble of The Constitution of the United States of America.

To form a more perfect Union

Establish Justice

Ensure domestic tranquility

Provide for the common defense

Promote the general welfare

Secure the blessings of liberty to ourselves and our posterity. Thus, protect life, liberty, and property.

The proper role of the federal government is important but very short and does not require a multitude of offices with officers to harass American Citizens.

1. To protect citizens from foreign invasion
2. To protect citizens from crime and maintain peace at home through law and order
3. To provide justice in the courts (fair and equal justice)
4. To keep the people free

Currently our U.S. government is top heavy with departments to regulate and mandate Americans. These departments were instituted by Congress and are not a part of our Constitution. Demanding fines, licenses and permits are forms of taxes. This is taxation without representation and is unconstitutional. While there are some departments necessary to achieve the duties of government, all

others are now considered unnecessary expenses and invade upon the rights of **We the People.**

America was designed to be governed locally; this large bureaucracy you have created has infringed upon the rights of **We the People.**

With the exception of (should not be dissolved)

The Department of State

The Department of Defense

The Department of Justice

The Department of Homeland Security

The Department of Treasury

The Department of Transportation and Commerce

The U.S. Department of Postal Service

The Department of Energy

Other departments, if necessary, shall be put within the authority of each state:
Example: Education, Agriculture, HUD, Health...

Many of the existing federal departments have proved themselves to be anti-citizen and have claimed authorities, not given to them by the Constitution, and have been an example of our **Declaration of Independence**, *as they harass our people and eat out their substance*. Examples of a few: BLM, EPA, USFWS, IRS.

All other departments must be dissolved on the federal level. This includes all department heads, all staff, all offices, and the moneys for which each is budgeted.

We know this will take time; but there is now a limit to the patience of **We the People!** Using the original (current) budget and number of employees (including department heads and subsidiary department or bureaus), the heads of each department must begin downsizing 25% each year. This includes office staff, office space, office supplies and their total yearly budget. All things CUT an additional 25% still using the original (current) budget amount and number of employees. By the end of 4 years, America will be free of the burden of supporting the large expenses of each office and free of the unconstitutional mandates and restrictions deriving from these offices.

During this 4-year downsizing, there shall be no additional raises or benefits given. All terminated employees will receive the benefits they were originally promised upon hiring.

While this process is taking place, there shall be no new federal offices or departments created.

Bureaucracy is not protective or respectful of the Rights and Liberty of Free People!

The deep state shall be removed from our Constitutional Republic, allowing the free exercise of **We the People to enjoy once again, Life, Liberty and the Pursuit of Happiness, Property and Prosperity!**

Government of the people, by the people and for the people.

We are a nation that believes in equality of all people, regardless of race, ethnicity, or wealth.

We are a young nation compared to others, but we are unique in the fact we do not allow prejudice to be systemic. Many wars have been fought here and abroad to ensure such freedom and equality. As President Lincoln said,

*...“that these dead shall not have died in vain– **that this nation, under God,** shall have a new birth of freedom and that government of the people, by the people, for the people, shall not perish from the earth.”*

It is the duty of Americans now to restore our nation, return to God and assume our rightful place as **We the People**.

To secure the authority of We the People the following must be...

We must have secure, safe, and honest elections! Without election integrity we are not a free people.

We demand all elections throughout this nation use Paper Ballots only!

We demand that the election counting be final the same night of the election day!

If a question or discrepancy arises, it should be delt with immediately and witnessed by a committee of outsiders, without prejudice.

All security tapes from January 6, 2021, must be released to **We the People** with absolutely no redactions or editing, ... all medias must have the complete tapes... To keep from having any manipulation of the tapes by media outlets, they should be made available online and/or shown in entirety on CSPAN for all Americans to analyze independently.

ALL January 6 prisoners should be released immediately!

The FBI is under the authority of **We the People** and it is our demand (not request) that all FBI involved on the day of January 6, 2021, in Washington D.C. be arrested and indicted. There shall be due process of law exercised and they shall receive a fair trial. If found guilty of instigating rioting during the election process, they shall be terminated and lose their benefits for life!

The FBI shall be completely dismantled and all characters participating in the framing of a U.S. President shall be terminated, tried and if found guilty; lose benefits and imprisoned for an established time, determined by the courts.

FISA warrants must be eliminated! The use of FISA warrants against American citizens should be stopped immediately! They are unconstitutional and should never have been approved!

The people's money being used as subsidies for green agenda of climate change should immediately cease! If alternate green energy works, it should stand on its own!

It is time that you told the truth about Climate Change! It is a hoax that has been perpetrated for the purpose of a global government and to control people and the land. There is no existential threat!

We the People demand an audit of all the money that has been sent to Ukraine. We demand that our own military be replenished and ready to defend Americans!

We the People demand an audit and investigation as to how many Americans are still missing in Afghanistan!

We the People demand an audit of the Federal Reserve.

We the People demand that Congress begin slashing the budgets drastically. The elimination of many of the bureaucratic departments will help greatly.

We the People demand our money stop being sent to foreign countries!

We the people demand that Planned Parenthood be defunded and receive no more tax dollars from our government treasury.

We the People demand that you open our U.S. Capital again. It is not the temple of democracy, it is, the house of our Constitutional Republic, **“The People’s House.”**

It is the right and the duty of **We the People** to petition you with redress of grievances. You are not a king, you were instituted among men and deriving your power from the governed, **We the People.**

Consider yourselves now on report!

“The reason welfare is bad is not because it costs too much, nor because it “undermines the work ethic,” but because it is intrinsically at odds with the way human beings come to live satisfying lives.”

“Public Schools too often fail because they are shielded from the very force that improves performance and sparks innovation in nearly every other human enterprise – competition.”

~ **Robert Lutz/Clark Durant**

Communists, muslims and democrats may be wearing fancy suits and ties, but don't be deceived. They are working tirelessly together to plunder the foundations of the USA.

Media Have An Article Written by a U.S. Marine Corps veteran in a major new outlet claiming people can not purport to be for veterans and support candidates who would take America's Constitution apart. "We, the American People" would be smart to take stock of exactly how it is public office candidate4s – notably, legislative office candidates – and sitting legislators interpret Constitutionality as they like.

"He who regulates everything by laws, is more likely to arouse vices than reform them."

~ *Spinoza*

“Our, the American People’s” commonwealth, federal (U.S./National), and state Constitutions allow legislators, chief government executives, judges, academics, scholars, and everybody else to interpret Constitutionality as their personal attitudes, values, and beliefs (PAVB) urge them. Whether anyone’s PAVB interpretation reflects Constitutional intent matters if and when such interpretation becomes law.

“The welfare state is the oldest con game in the world. First you take people’s money away quietly, and then you give some of it back to them flamboyantly.”

~ **Thomas Sowell**

People Who Seek Legislative Office do so to have their PAVB become lawfully compulsory. There is no way for “Us, the American People” to know if PAVB-driven law embodies Constitutional intent. There are no immutable standards for law(s). We can say whether law(s) agree with our PAVB-driven interpretation. Constitutionality, in theory, tempers law. Law, tempered or untempered, prevails.

“If politicians were serious about day care for children, instead of just sloganizing about it, nothing they could do would improve the quality of child care more than by lifting the heavy burden of taxation that forces so many families to have both parents working.”

~ **Thomas Sowell**

Did you know that when Muslims start a war they call it jihad. When Muslims start losing they call it genocide. Funny how that works.

American food producers don't want government subsidy payments.

They would appreciate less regulations, taxes, licenses, and ignorant safety demands.

A g*nman opened f*re in the food court of Greenwood Park Mall, k*lling three people. Elisjsa "Eli" Dicken, an ordinary 22 year old shopper, drew his legally carried handgun and stopped the s*ooter within 15 seconds, saving countless lives that day.

Winning Election Candidates, Be They Correct or incorrect as to Constitutionality, get to decide how we are to behave, as stipulated - not by Constitutional precept or protection – but by buy accord with

lawful stipulation. If we are to live in freedom under Liberty, it is for us, as a sovereign citizenry, to pass judgement on lawful legitimacy. Allowing legislators to decide legitimacy invites totalitarianism.

“The natural effort of every individual to better his own condition is so powerful that it is alone, and without any assistance, capable not only of carrying on the society to wealth and prosperity, but of surmounting 100 impertinent obstructions with which the folly of human laws too often encumbers its operations”

~ *Adam Smith*

Don't Forget What the Democrats Did to This Country the Last Time They Had Power...

People etermined To Live In Liberty do not allow legislators – or other public officials within These United States of America, to subsidize private enterprise with public money. They uphold free markets.

“Education – compulsory schooling, compulsory learning – is a tyranny and a crime against the human mind and spirit. Let all those escape it who can, any way they can.”

~ *John Holt*

"I gave my life for freedom -- This I know; For those who bade me fight had told me so."

~ *William Norman Ewer*

“No tendency is quite so strong in human nature as the desire to lay down rules of conduct for other people.”
