“Given man’s nature, freedom will always be in jeopardy, and the only question that need concern each of us is if and how well we took our stand in its defense during the short period of time when we were potentially a part of the struggle.”

~ *Benjamin Rogge*

“We, the American People’s” are sole arbiters of everything government does, period. No government action is permissible unless we consent to it happening. Including who is elected to office. Media is

running an article explaining why it is America's presidents can only serve two terms. Article in question maintains America's federal (U.S./National) Constitution 22nd Amendment settles this matter.

"It seems that wherever the Welfare State is involved, the moral precept, "Thou shalt not steal," becomes altered to say: "Thou shalt not steal, except for what thou deemest to be a worthy cause, where thou thinkest that thou canst use the loot for a better purpose than wouldst the victim of the theft.""

~ *F. A. Harper*

It Would Be Smart For “Us, the American People” to have a clear mind on who has final say as regards government authority and behavior. We, as a sovereign citizenry extend whatever authority government has to government, and we, thusly, can rescind authority we find inappropriate or abused.

“We must remember that the principal instrument of government is coercion and that our government officials are no more moral, omnipotent, nor omniscient than are any of the rest of us.”

~ **W. C. Mullendore**

They were ruthless and militaristic, so naturally they tortured their prisoners.

“Our, the American People’s” federal (U.S./National) Constitution is subject to our pleasure as a sovereign citizenry. Amongst powers held by us, as a sovereign citizenry, is an option to elect those representatives we find suitable to be our agents in expressing our will for government action. In electing representatives, we reserve our option to elect some as President for as long as we wish.

“Of all the enemies to public liberty, war is perhaps the most to be dreaded, because it comprises and develops the germ of every other.”

~ **James Madison**

Can anyone explain why our FBI was so willing to raid the Waco compound & kill 100 Americans but STILL won't move against the dozens of Islamic militant compounds scattered around the country? Just wondering if protecting Americans is anywhere on the priority list?? 🤔

While We, As A Sovereign Citizenry, expect our government representatives and their employees to act in accordance with Constitutionality, we would be fools to allow a Constitutional stipulation to abrogate our authority to elect and reelect a president for as often as we wish. We can, if we choose, write in our choice for president. Our freedom depends on our ability to choose ... as we see fit.

“Let not him who is houseless pull down the house of another, but let him work diligently to build one for himself, thus by example assuring that his own shall be safe from violence.”

manifesting a zohran mamdani win for tuesday

No More Big Apple Horse Drawn Carriage Rides after May, 2028. Unless a deal between Big Apple Mayor Zohran Mamdani's deal with New York City Council Speaker Julie Menin falls through. Media report an effort to ban marriage rides over stated concern for horse safety has been around for years. Effort has been unsuccessful due to transportation union support for hundreds of carriage operators.

"The beneficial effect of state intervention, especially in the form of legislation, is direct, immediate, and so to speak, visible, while its evil effects are gradual and indirect and lay out of sight ... Hence the majority of mankind must almost of necessity look with undue favor upon governmental intervention."

Big Apple Horse Drawn Carriage Rides have been a major tourist attraction for a long time. Whether Ne York City residents will stop Mamdani-Menin remains to be seen. Odds are, with Big Apple Mayor Mamdani being a socialist hardliner, ordinary New Yorkers will have no say. It would be smart for “Us, the American People” to cast a critical eye at autocratic-leaning chief government executives.

Seen on the UWS: Zohran Mamdani has the crucial dog vote locked down

Should Mamdani-Menin Deal Come To Fruition, media outlets say hundreds of Big Apple carriage operators will be out of a job. Job losses might be a lesser concern for Big Apple Mayor Zohran Mamdani, given his tendency to wield power wherever he can without regard for dissent. “We, the American People” would be smart to bear in mind America is about fostering, not banning, opportunity.

“It must be obvious that liberty necessarily means freedom to choose foolishly as well as wisely; freedom to choose evil as well as good; freedom to enjoy the rewards of good judgment, and freedom to suffer the penalties of bad judgment. If this is not true, the word “freedom” has no meaning.”

~ **Ben Moreell**

It Is Arguable Big Apple Horse-Drawn Carriage rides are a major part of New York City's culture. Mamdani-Menin deal is an example of how legislators-politicians can snub cultural fabric when expanding power. "Our, the American People's" government is supposed to be one where culture is respected and nurtured, not fodder for ambitious legislator-politicians to expand their power base.

"There is nothing new in state interventionism. It is as old and reactionary as societal organization itself. Always, when it permeates the body politic, it kills the nation."

What is Wokeness, an Ideology or a Tactic?

The WOKE attacked American culture in order to destroy our very foundation.

Is wokeness all about transgender awareness and acceptance?

Is wokeness abortion?

Is wokeness population control?

Is wokeness the protecting of criminals over their victims?

Is wokeness the inability to “define a woman?”

Is wokeness holding on to the lies of climate change?

Is wokeness convincing all people that CO2 is a toxic gas, even though most of us know without CO2 there would be no life whatsoever?

Is wokeness the hatred of one’s own country?

Is wokeness the hatred of the Creator God?

Is wokeness the hatred of family?

Is wokeness the removing of all individuality and identities?

Is wokeness drag queens influencing minors?

Is wokeness identifiable to only one political party, or is wokeness the process to make all people unidentifiable? (Wokeness allows no individualism)

Does wokeness achieve greatness or does the WOKE ideology stifle competition and discourage innovation.

Is wokeness the lack of true compassion for others?

Is wokeness the enemy of Conservative Americans?

Does the wokeness ideology parallel with the United States Constitution: Life, Liberty and the pursuit of Happiness?

How do we perceive this wokeness that the LEFT has embraced? Wokeness in and of itself is a lie!

WOKE certainly has many distractions but WOKE, in my opinion, is a strategical tactic for destruction and the gain of absolute power. This tactic has been significantly successful, as it has drawn Americans to several different battlefronts: Women's sports, college campuses, our southern and northern borders, the public school bathrooms, the public school libraries, local libraries, our churches and synagogues, America's sports, American businesses, our military, our clothing, our hospitals; the WOKE's tactical attacks are everywhere.

It's as if the WOKE took those things they knew would be the most abhorrent to most Americans; particularly conservative-commonsense thinking Americans, Christian Americans and Jewish Americans, and then crammed it down our throats. They attacked our children, women, and American families. The WOKE attacked all that we would consider wholesome. The WOKE perverted all that was good about the United States of America; they attacked our history and began removing all evidence of it and led a movement to replace our history;

such as the 1619 project. The WOKE attacked American culture in order to destroy our very foundation.

What most honest, decent Americans would call good, the WOKE call evil and what most honest, decent Americans would call evil, the WOKE define as good.

The WOKE hate all that is American, including baseball, moms and apple pie. (...and apparently Chevrolet)

Recently the Transgender Dem. Representative from Delaware, (Mr. Tim) Sarah McBride made the comment that republicans are obsessed with a culture war. However, WOKE is a tactical movement against the very core of American culture. I'm sorry to explain this, but the once Tim, now Sarah McBride, is mentally ill; transgenderism is a mental illness. Society does, them-him-her or others, no favor by playing along with their perverted vision of themselves.

WOKE is a strategic political tactic to distract and destroy. Those who promote the WOKE agendas are literally using and abusing the mentally ill. The WOKE do not want freedom. The WOKE do not want equality; **au contraire**, the left prefer equity, which is the opposite of equality. Their forced DEI (diversity-equity-inclusion) solution to make all people equal only puts employers, companies, and our nation at a disadvantage; competition and production becomes stifled and the work inferior. "*Just good enough*," is not a slogan for those who want to prosper or succeed in life.

WOKENESS, and it's many corners of distractions, is a tactic; surging ahead with its goal to destroy our nation! While we're putting out all the fires of wokeness, chasing pronouns and second guessing *who's on first*, the WOKE keep lighting more fires in other camps, all the while owning the deep-state actors and directing them to continue with the plan of their war on our culture and spend the USA into oblivion.

The WOKE do not care about the Constitution of the United States; it is laughable to even think that they do. The WOKE are not compassionate and

accepting of transgenders, they are using them and their mental illness as a convenient way to “*stick it to*” conservatives.

Yes, WOKENESS is a tactic to destroy, and the Republicans seem to be fanning the flames with rhetoric, rather than drowning their fires with truth, reality and sound Constitutional doctrine.

I’m not sure republicans have much backbone for truth and Liberty! They don’t know how to act when they are the winners and have control.

No, it isn’t because they are “gentlemen,” they are either cowards or they are the quiet WOKE who sit and complain. They might rage a battle or two, hither and yonder, but nothing ever changes, and the democrats seem to be in charge, even when they are the minority party in Congress.

Right now, as President Trump and his administration work their hardest to “drain the swamp,” the LEFT-WOKE continue to bring forth unelected judges to usurp the authority of the President of the United States. President Trump might

eventually win at the Supreme court level, but in the meantime... draining the swamp becomes difficult, as the drain is clogged with anti-Constitutional WOKE creatures. Remember when republicans did that with Biden? No, me either!

For the last several decades the LEFT have infiltrated our learning institutions to brainwash our children so that the WOKE will own the next several generations of American leaders. We must stop them now!

How do we stop the tactics of the WOKE? First we must recognize our own authority as the “people in charge.” Then we need to accept the call to action and contact our local, state and federal officials. If the elected officials want to be reelected, perhaps they should start listening to their constituents. We also need to begin petitions to recall officials who are unconstitutional and petition for certain judges to be impeached.

The United States of America is a Constitutional Republic! We elect our representatives and senators; the Constitution of the United States of America is a contract between **We the People** (Consent of the Governed) and the elected officials. This contract is to keep them from usurping the freedoms and Liberties of **We the People**. Congress is not elected to micro-manage our lives!

Liberty is always in the hands of the People, but first it must be a longing and a lust within their hearts.

Earlier this week, I said “November 5, 2024 was **too close for comfort.**” We are not out of the woods of “absolute tyranny” just yet. The democrats continue to push their WOKE tactics and force crazy-culture ideologies at us, and it is time that **We the People** pushed back with our authority under the Constitution to...

Instead, “Our, the American People’s” government structure consists of legislators, government chief executives, a judiciary and bureaucracy adept at SADLT&R used to make government officials’ personal attitudes, values, and beliefs (PAVB) lawfully compulsory.
