“We, the American People” may never see a time when America’s jurisprudence system delivers universally acclaimed justice in court opinions. Lack of court opinion satisfaction may rest with diverse and disparate personal attitudes, value, and beliefs (PAVB) in America’s social-ethical makeup. Two media reports on Supreme Court of the United States (SCOTUS) bear on court detachment absence.

“The care of every man’s soul belongs to himself. But what if he neglect the care of it? God himself will not save men against their wills.”

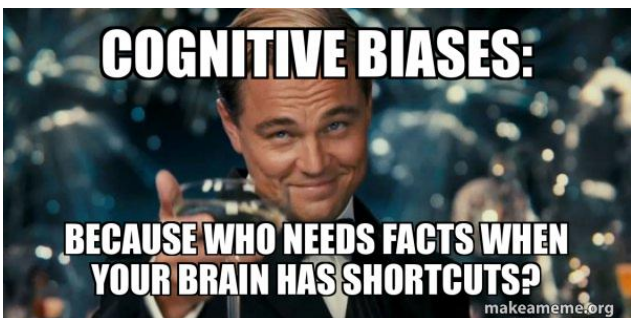

~ ***Thomas Jefferson***

One SCOTUS Case Reported Deals with an assertion "Our, the American People's" Associate SCOTUS Justice Brett Kavanaugh contends race-based socio-economic remedies can only be appropriate for a limited time. Article author asserts Justice Kavanaugh, having so stated said opinion, is for putting limits on Constitutionality and law. May be. Judges, like everyone, operate on PAVB.

"America's abundance was not created by public sacrifices to the common good, but by the productive genius of free men who pursued their own personal interests and the making of their own private fortunes."

~ *Ayn Rand*

A Second, Related, Article Warns "Us, the American People" SCOTUS is on brink of diluting Voting Rights Act to a point of impotency. Specifically, were SCOTUS to find unConstitutional a Louisiana

initiative to create a minority-based voting district. It should be no surprise to us when SCOTUS – when any court – finds contrary to our PAVB on justice. Constitutions and laws are based on PAVB.

“There’s always someone telling you not to do something. The main thing is just to ignore them.”

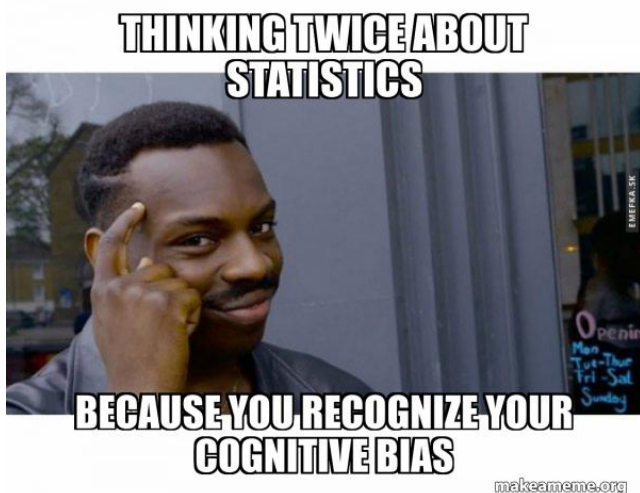

~ **Tim Robbins**

Other, Related, Articles Report SCOTUS Associate justice Ketanji Brown Jackson likens gerrymandering voting districts to efforts aimed at advancing handicapped people. Critics say Justice Jackson’s likening amounts to seeing black Americans as mentally handicapped. Not hard to figure roots of socio-economic discontent; not when we are naïve enough to believe government is unbiased.

“Everyone thinks about changing the world, but no one thinks about changing himself.”

Columbus would NOT have discovered America.

But ISLAM would have, and North America would have become
An Impoverished Land of Jihad, Burqas, TOTAL Slavery, and Death.

Islam is STILL trying to Achieve that Goal:
To Make America Into a New Caliphate. Constitutional Freedoms will DIE.
Will We Let That Happen?

“Our, the American People’s” Supreme Court of the United States (SCOTUS), according to media reports, is going to revisit Louisiana redistricting to see if there is grounds for discrimination; discrimination as in violation of America’s Voting Rights Act. Media coverage is characterizing SCOTUS relook as a question on whether protecting one group’s rights discriminates against another’s.

“The strength of the Constitution, lies in the will of the people to defend it.”

~ *Thomas Edison*

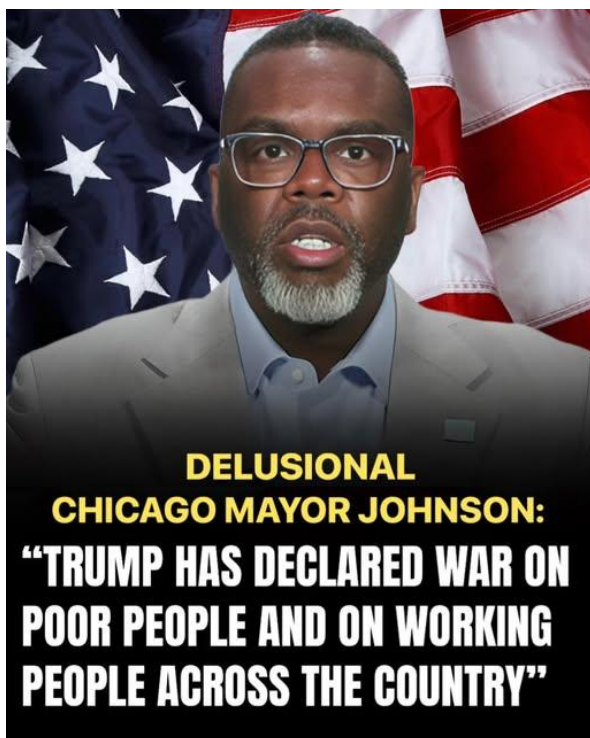

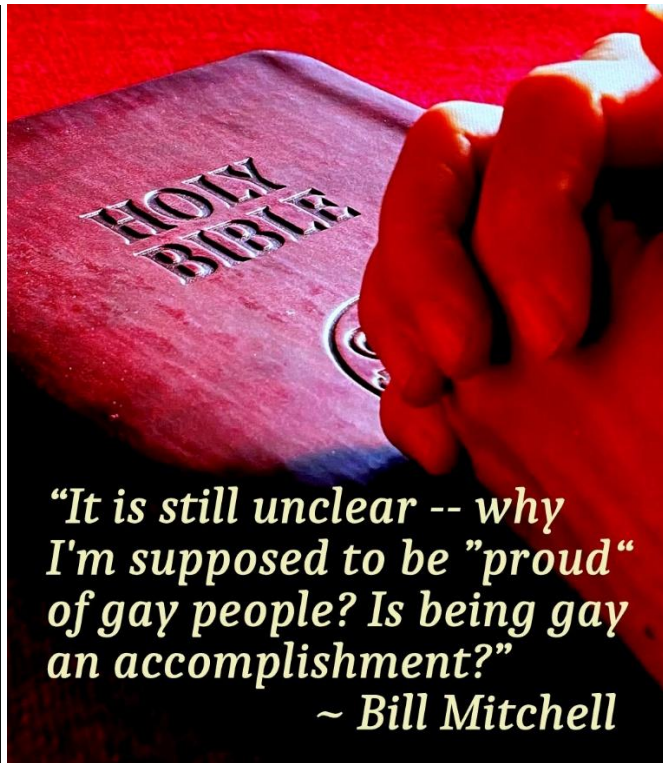

Voting Districts And Gerrymandering have been argued for decades of electioneering. Gerrymandering is, ostensibly, a way to draw coting districts so political parties have advantage over political parties when elections are held. “We, the American People,” were we to get our collective act together, as a sovereign citizenry, could make it so voting districts were defined by numbers alone.

“The Constitution is a written instrument. As such, its meaning does not alter. That which it meant when it was adopted, it means now.”

Nowhere In America's Voting Laws are there provisions for drawing voting districts to give some election candidates a higher win probability than other candidates. It'd be supremely naïve for "Us, the American People" to expect political candidates or sitting office holders to behave according to law. Winning elections counts. For, then, laws – and Constitutionality, can be conveniently interpreted.

"Nobody but a beggar chooses to depend chiefly upon the benevolence of his fellow citizens."
~ *Adam Smith*

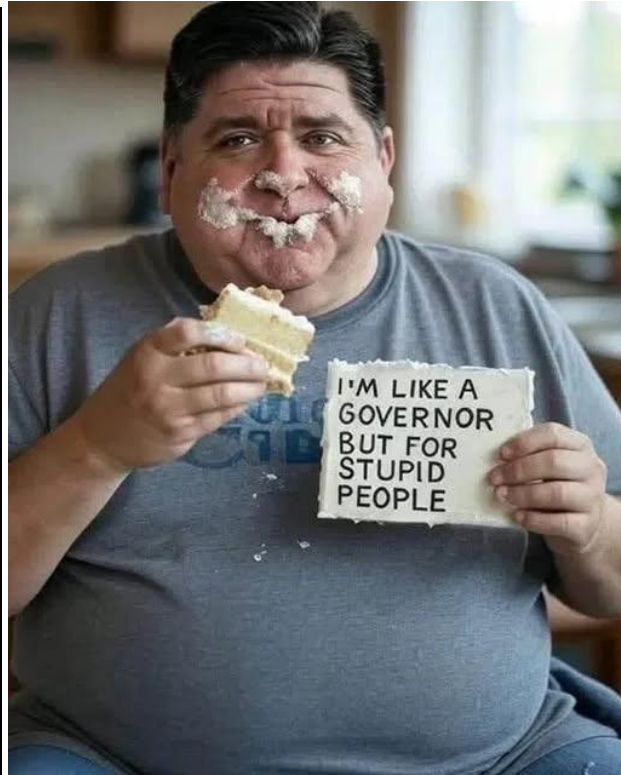

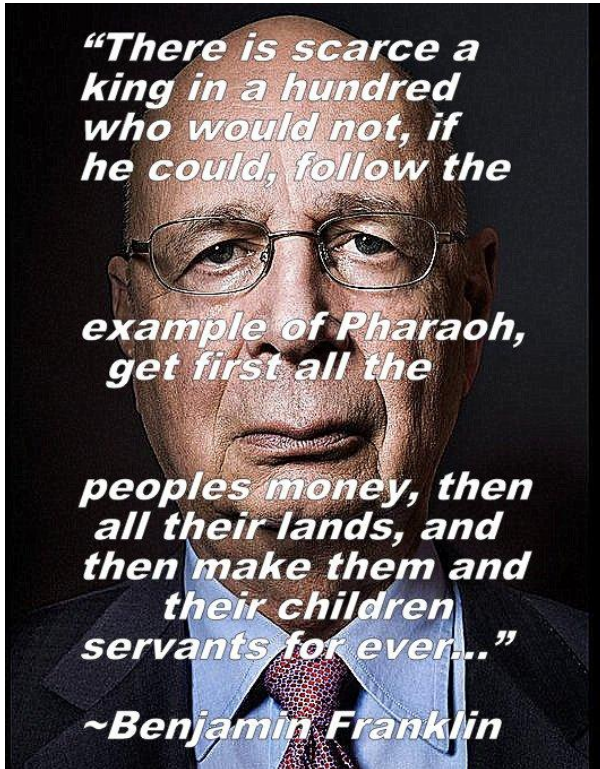

America's SCOTUS Has Pronounced on Louisiana's voting district shape algorithm before now. We can bet, however SCOTUS finds this time around, schemes on redistricting will go on ad inititum ad nauseam. Prospects of having lawful power to make one's personal attitudes, values, and beliefs (PAVB) lawfully compulsory are too compelling. PAVB are laced with subjectivity, bias, power quest.

Those who believe in things that are not true are enslaved to those lies. Those who knowingly stand on lies are fools and a danger to society.

In today's American political arena, we have many foolish and dangerous people, taking very dangerous positions, which is causing violence and death. They do not deserve their titles, whether senator or representative.

I had a teacher that used to walk around the classroom reciting this phrase, ***“What fools are we who cannot see the forest for the trees.”***

The so-called WOKE error-era of America was led by fools and caused a lot of pain and grieving in America.

Those who cheered when a man was assassinated in front of all the world to see; those who claim the utter ridiculous, such as men can be women, and women can be men, or humans can be any animal of their choice; those who claim America was never a Christian nation, and want to remove God from our pledge of allegiance; those who claim America is systemically racist, while they also claim all white people are to blame for nearly all that is wrong in the world; those who claim a government shutdown is “working well” for democrats; those same fools will now dare to concoct some lie or absurdity about peace in the Middle East... they are the fools God’s word warns us about. I saw a headline that said Jake Sullivan is foolishly claiming President Trump merely picked up on the peace that formerly installed President Biden had started. All sane people, capable of commonsense logic, know that falsehoods are about as far from the truth as east is from the west. Americans are tired of listening to the fools; Marxist-democrats and their media-tongues of foolish lies.

These people are dangerous fools who are the cause of the chaos and death in America and around much of the world.

Scripture defines fools, and warns us, as well as them, to avoid such behavior:

A fool despises wisdom and instruction (Proverbs 1:7).

A fool is right in his own eyes (Proverbs 12:15).

A fool makes a mockery of sin (Proverbs 14:9).

A fool hides hatred with lying and utters slander (Proverbs 10:18).

A fool does mischief for sport (Proverbs 10:23).

A fool has a perverted mouth (Proverbs 19:1).

A fool trusts in his own understanding (Proverbs 28:26).

A fool utters all his mind (Proverbs 29:11).

A fool walks in darkness (Ecclesiastes 2:14).

A fool does not pay his vows (Ecclesiastes 5:4).

A fool says in his heart, “There is no God” (Psalm 14:1).

A fool is slow to believe in his heart (Luke 24:25).

These scriptures define the Marxist-democrat party and each member perfectly. Trump Derangement Syndrome is a mental illness led by fools who refuse reality and truth, they are godless evildoers and sayers. Fools!

What fools are we who cannot see the democrats’ lies and hypocrisy.

We recognize that the Marxist-democrat-party are fools, and their folly, which is intentional, is meant to destroy America.

However, today, we recognize the hard work that President Trump and his team have accomplished to bring peace in the Middle East. Fools will deny, but wise Americans will recognize.

We celebrate with those whose loved ones arrived home alive, and we mourn for those whose loved ones arrived home in coffins.

All the world (except for the fools) embrace and celebrate peace in the Middle East! *Selah* and *Shalom*

"If you have been voting for politicians who promise to give you goodies at someone else's expense, then you have no right to complain when they take your money and give it to someone else, including themselves."

~ **Thomas Sowell**

Media Reports Tell "Us, the American People" some American CEOs, having visited China, were astounded at how advanced were Chinese factories. Not only in advanced technology, superior technology to boot, along with factories operating with a scant crew to keep automated systems wiring along. Media coverage indicated Chinese advances could leave U.S. systems lagging in dust.

"War has all the characteristics of socialism most conservatives hate: Centralized power, state planning, false rationalism, restricted liberties, foolish optimism about intended results, and blindness to unintended secondary results."

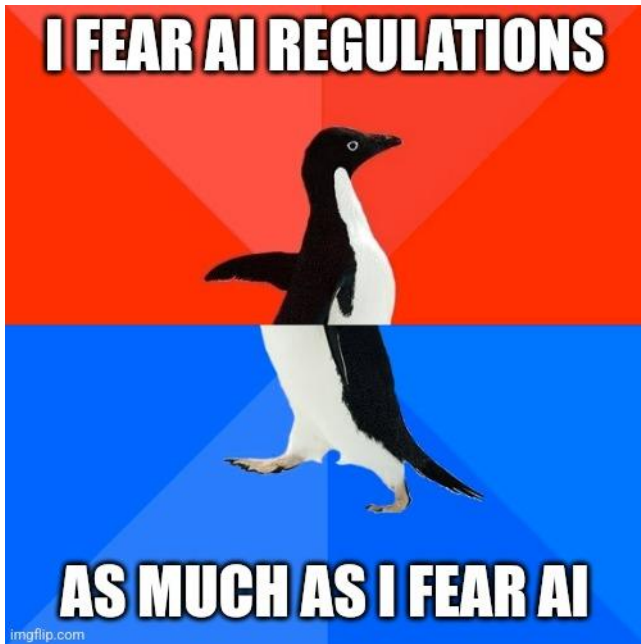

~ **Joseph Sobran**

"We, the American People" could easily take a doomsday view of reported Chinese economic strides. Some research lets inquiring minds know U.S. firms are not waiting around for China, or other countries. Rather they are investing heavily in advanced technology, including AI, to beef up efficiency and competition. Machines taking over people tasks is nothing new. Change is apt to be worrisome.

“There never was a good war or a bad peace.”

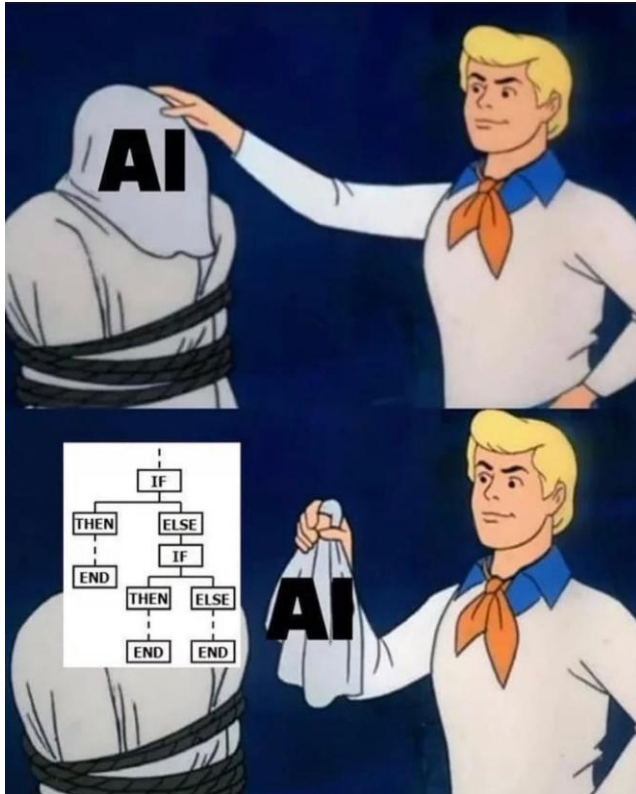

~ *Benjamin Franklin*

Automation Fears, Not Least of AI, include as many as 45 million American jobs could be supplanted by AI systems. Could be other countries pumping AI ball would have similar employment impact. If so, governments will be stressed mightily to sustain quality of life for people unable to land jobs with ‘living wage’ compensation. Chances are, human ingenuity, maybe desperation, will win out after all.

“Good intentions will always be pleaded for every assumption of authority. It is hardly too strong to say that the Constitution was made to guard the people against the dangers of good intentions.”

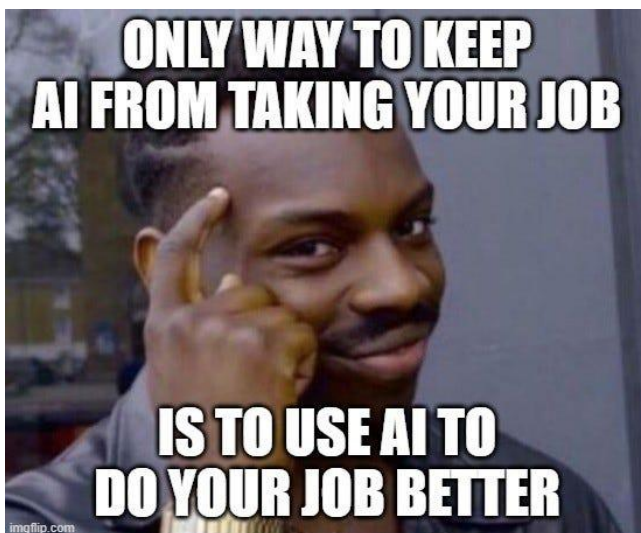

~ *Daniel Webster*

It Would Be No Surprise if “Our, the American People’s” government officials push panic buttons calling for greater property (wealth) confiscation and choice (Liberty) restriction to give us a fighting chance to survive, once automation, escalated by AI, leave mass numbers of people to starve in streets. Enough of us may get on automation/AI panic wagon, and let officials have their way. Gone, freedom.

“Everything that is really great and inspiring is created by the individual who can labor in freedom.”

~ **Albert Einstein**
