One Media Contributor Says Taxing Wealth is confiscation. Another media contributor says opposing wealth taxation is fear mongering. “Our, the American People’s” representative Constitutional republic government system is flexible enough to make taxing wealth confiscatory or humanitarian, depending on how many voters are vulnerable to cognitive dissonance in a given election cycle.

It Would Be Smart For “Us, the American People” to have emblazoned on inner forehead, readily visible perpetually, a reminder to us people seek legislative office to make laws abolishing choice. They who seek legislative office might retort not so, law simply underscores right choices. Legislators legislate by personal attitudes, values, and beliefs (PAVB). There are no immutable legislative rules.

Legislators Write Laws Based On Their PAVB applied to Constitutionality interpretation. America's commonwealth, federal (U.S./National), and state Constitutions empower legislators to legislate as their PAVB urge to uphold and protect Constitutionality. Were there Constitutionality interpretation standardization, there would be no cause for debate. Wealth taxation would be Constitutional or not.

All Taxation Taxes Wealth. There's nothing else to tax. All taxes are paid, directly or indirectly, by commerce. We could, if we were willing, abolish all taxes save taxes on commerce collected at transaction points. Would mean no supplementary wealth taxes. We'd survive.

Higher Taxes On Wealthier People, and reparations. Two ways some of "Us, the American People" try getting property (wealth) belonging to other Americans. There is nothing in America's

governmental system to stop higher taxation on wealthier people or reparations. Both higher taxes on wealthier people and reparations amount to slavery and discrimination practiced in reverse. Decay.

“If an exchange between two parties is voluntary, it will not take place unless both believe they will benefit from it. Children Are Not Responsible For their parents’ behavior. Parents, to some extent, might be responsible for their children’s behavior. “We, the American People,” if we expect to enjoy blessings of freedom under Liberty, would be smart to root out blatant property (wealth) confiscation and choice (Liberty) restriction. Our heritage is opportunity to pursue, not be given, Liberty and happiness.

“Our, the American People’s” lawful ethos is rooted in avoiding some people having tyrannical control over other people. How we’ve lived up to this ethos is debatable. Some might argue we will not have lived so until every American (and illegal alien) has like equity in America’s bounty. Others might take a survival of fittest view. One way or other, haves and have-nots will be at odds indefinitely.

“The harm done by ordinary criminals, murderers, gangsters, and thieves is negligible in comparison with the agony inflicted upon human beings by the professional do-gooders, who attempt to set themselves up as gods on earth and who would ruthlessly force their views on all others – with the abiding assurance that the end justifies the means.”

~ **Henry Grady Weaver**

Election 2026 Stands To Give An Edge to those who subscribe to have-nots mantra. We can expect to see have-nots cause to be taken up by like-minded legislators in an attempt to make wealthier people give up some of their wealth, ostensibly, to make life better for those not so wealthy. We would be naïve to think wealthier people will not take steps to keep their wealth from arbitrary confiscation.

The Democrats Move to Cancel Women

I think it’s time that we ask ourselves just exactly what it is that the Democrat Party has against women.

“They’re gonna put y’all back in chains,” Joe Biden stated in a speech several years back, as he was trying to win over the votes of black Americans.

PO Box 73, California, MO 65018

Nothing can enslave a human being more than removing their humanity, which is what the Democrat Party is attempting to do regarding women. The democrat's Supreme Court Justice, Ketanji Jackson Brown, could not define a woman, because as she explained with a smirk, "*I'm not a biologist.*" If a Justice on the Supreme Court cannot define a woman, how can she uphold and protect the rights of women? The answer is that ***she can't***, and she ***will not!*** The LEFT-democrat-Marxists have zero intentions of protecting anyone's rights, in particular women's! By the way, I have noticed they never ask anyone to define a man.

The LEFT-democrat-Marxist-party is anti-family, anti-God, and apparently anti-women. Now, they will fight for your right as a "woman" to kill your unborn child... but they will not protect your young girls from confused males pretending to be females in sports. They will not shield young children, of either gender, (there are only two: male and female) from pornography, or protect them from pedophiles, perverts and drag queens. They will not protect the rights

of free speech for women either. They prefer to enable the mentally ill, who can be quite sexually violent toward others.

The state of Maine's predominately democrat legislature refused a female Republican Representative her time on the floor. Rep. Laurel Libby was preparing to speak out and defend the rights of female athletes in Maine from the idiocy and dangers of having to compete with males who are suffering from gender dysphoria. Maine's democrats censored Rep. Libby and denied her First Amendment Right, and in doing so, they also denied the voice of all the young female athletes of Maine. Maine's governor, Janet Mills, disrespected President Trump when he hosted a luncheon for all governors. Basically, she told him she would defy federal law and continue to deny women and Title IX, and recognize transgenders as women. (writer's paraphrase)

Wisconsin's Governor has reduced women who are pregnant to "person inseminated," and the owner of the sperm is the "natural parent." I ask you, isn't that dehumanizing both women and men? To me, it also seems that the woman has no true right in the childbearing; just the "natural parent." There is no mother and there is no father in their language as they erase humanity from their political world of Marxism.

Gender-confused people are mentally ill; they are not a new gender or race of humans. I do not advocate cruelty or meanness, but I do believe honesty is better than enabling them.

There's another factor to this, and that is money! Experimenting on the mentally ill and performing barbaric, mutilating, irreversible, experimental surgeries has been raking in huge dollars for certain hospitals and greedy doctors. The pharmaceutical business is doing well, as they sell the experimental hormones and hormone blocker medications. It is a racket for which human life is reduced to nothing! The LEFT-democrats love throwing the words Nazi and Hitler around, but it was Hitler that had doctors performing experiments on children, the

elderly, the physically impaired and the very ill; humans who were, in his opinion, of no value to his society.

In 1972 Title IX was passed to protect women's rights in sports, the work field and in the military; protecting females from sex discrimination. There are many that claim transgenders cannot be discriminated against because of their sex; but they deny their birth sex and Title IX is not about protecting all the made-up sexes or genders by the LEFT-democrat-Marxists. At the time it became a "law" it was specifically referring to the XX chromosome beings; females!

There is an easy commonsense-science approach to this constant rival regarding sports; DNA testing!

Women fought long and hard to have their own sports. Young girls train hard throughout their lives to earn college grants, positions on teams and many make sports a career. Your DNA cannot be altered regardless of the surgeries, the makeup, the clothes and other outward changes a transgender person attempts to make. Young children will usually outgrow this confusion, but those who are truly mentally ill, need help (where are you, parents?) to overcome and understand; they do not benefit from radical trans surgeries and dangerous hormone medications.

Caitlyn Jenner will always be Bruce Jenner. He can grow his hair out, wear a wig, wear beautiful dresses, put on some *very large* high heels and paint his fingernails, but Caitlyn will always have the *man-hands* of Bruce, and his DNA will always and forever be XY. Jenner has no intentions of returning his Olympic Gold Medal for the decathlon or any of his other athletic awards and trophies. He can claim his preferred pronoun to be her, he can legally change his name from Bruce to Caitlyn, but he cannot change who he was created to be. He can look at himself in the mirror and deny who he was at birth, but he cannot change his DNA. Caitlyn is at least honest regarding his stance and belief that "biological" males should not be allowed in female sports, but he is not honest with himself. I'm not intending to pick on Caitlyn; I feel sorry for her/him.

It appears that the LEFT-democrat-Marxist party would rather support and defend illegal alien rapists than protect American girls and women by allowing mentally ill males (transgenders) to beat up our young women on the basketball court, give young women concussions on the volley ball court, use their XY chromosome “male strength” to take all the blue ribbons and trophies away from female athletes and destroy their chances for sports scholarships.

The Democrat Party wants transgender males to use the female bathrooms, even if that means a young girl will be raped and sodomized by a mentally ill male. Of course, after such a crime takes place, they will attempt to hide it from the public and ignore the physical and mental needs of the young female with XX chromosomes; after all, they are incapable and unwilling to define her as a female.

They’d rather spend billions of dollars for foreign LEFT agendas than stand for the freedom and safety of America’s women and young girls.

The Democrat Party will censor you and ignore your First Amendment right (which is a real right, under our Constitution) if they disagree with what you are about to say, or if your words might expose their hypocrisy.

Democrats cannot define a woman and therefore they cannot and will not protect women’s rights. The only right (which is their own preconceived right) they ever intend to defend is that of sacrificing babies in the womb. (abortion) Destruction of any life is not listed in the Constitution of the United States.

I think it’s time that we ask ourselves just exactly what it is that the Democrat Party has against women, and why it is so important to dehumanize American women. The Democrat Party, the party of slavery, is moving to put us all back in chains, as they move to Cancel Women!
