“Love your country but fear its government.”

~ *N.E. folk wisdom*

Racial Gerrymandering (Drawing Voting district lines to give one political party an advantage), despite rulings finding it impermissible, keeps raising its persistent head. “We, the American People”

are not likely to be rid of gerrymandering while we allow government to practice selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). SADLT&R divides opportunity.

“Where is it written in the Constitution, in what section or clause is it contained, that you may take children from their parents and parents from their children, and compel them to fight the battle in any war in which the folly or the wickedness of government may engage it?”

~ *Daniel Webster*

Were “Our, the American People’s” government not allowed to practice SADLT&R, gerrymandering would die a natural death. Because there would be no advantage to having gerrymandering-based voting. Absent SADLT&R, government would have no power to treat American’s differently. No power to politicize someone’s socio-economic-racial-cultural-ethnic status. Liberty and justice for all.

“National Health Insurance means combining the efficiency of the Postal Service with the compassion of the I.R.S. ... and the cost accounting of the Pentagon.”

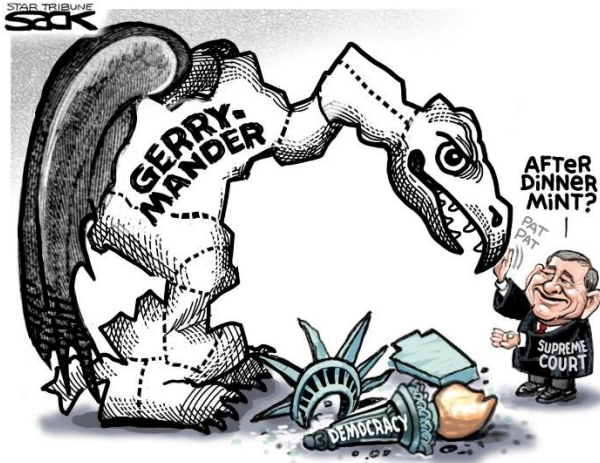

~ *Louis Sullivan/Connie Horner*

It Would Be Smart for “Us, the American People” to remind ourselves why people seek legislative office, or a seat on a court, or to be a chief government executive. To have power over how ordinary people are permitted to live their lives. To have power to interpret laws, Constitutional precepts, and Constitutional protections as suits their personal attitudes, values, and beliefs (PAVB). Eight by might.

“If the jury feels the law is unjust, we recognize the undisputed power of the jury to acquit, even if its verdict is contrary to the law as given by a judge, and contrary to the evidence ... and the courts must abide by that decision.”

~ *US v Moylan, 4th Circuit Court of Appeals*

Gerrymandering, As A PAVB-driven SADLT&R component, has no unequivocal advantage, other than by theory and conjecture. Gerrymandering can not force people to vote as election candidates – or other power seekers – would like. Could gerrymandering, in fact, do so, tyranny would prevail. As it happens, America’s elections are not to be used. Despite election fraud attempt. Or by SADLT&R.

There are many farm handouts; but let’s call them what they really are: a form of legalized theft. Essentially, a congressman tells his farm constituency, “Vote for me. I’ll use my office to take another American’s money and give it to you.”

~ **Walter Williams**

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to remain in office if they break their word to their constituents. They dismiss and replace them

“The Ten Commandments contain 297 words. The Bill of Rights is stated in 463 words. Lincoln’s Gettysburg Address contains 266 words. A recent federal directive to regulate the price of cabbage contains 26,911 words.”

Socialism will be fun once everybody gets used to the food rations!

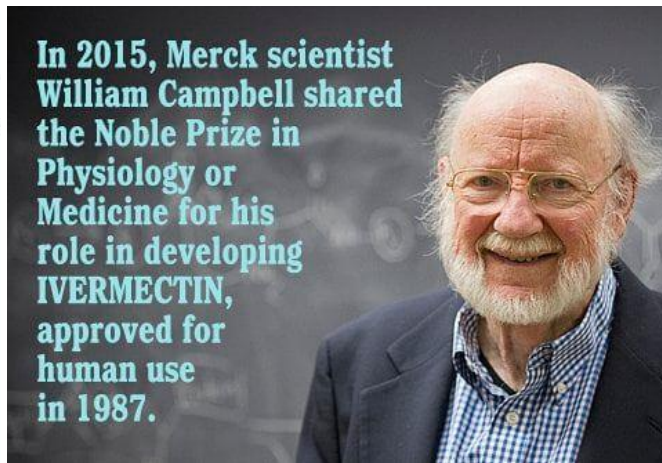

Based On “Our, the American People’s” political history, there is little to no reason why there should be expectations America’s legislative office candidates will act as they talk. President Donald J. Trump’s ‘say-versus-do’ tariff (trade tax) policy is no exception. Media report President Donald J. has taken steps to provide ‘relief’ for automotive manufacturers, due supposed tariff (trade tax) cost.

“The moral and constitutional obligations of our representatives in Washington are to protect our liberty, not coddle the world, precipitating no-win wars, while bringing bankruptcy and economic turmoil to our people.”

~ *Ron Paul*

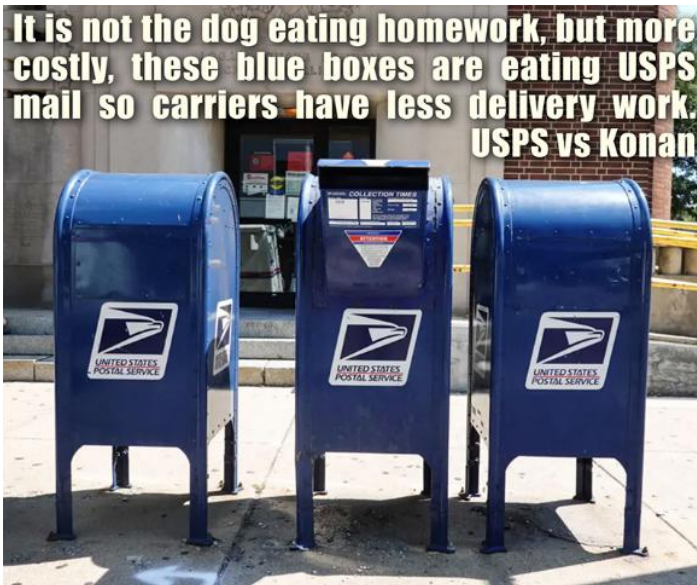

"We, the American People" are dups to think our legislators-politicians and companion officials, chief government executives and judges, will stand by their stated campaign intent. We can bet our bottom dollars, legislators-politicians will have lofty sounding reasons for not living up to their campaign promises. Something – always beyond their control - will stand in their way of keeping their word.

"The man who produces while others dispose of his product is a slave."

~ *Ayn Rand*

It Is Well Within Sovereign Citizenry Power held by ‘Us, the American People’ to be free of virtually any promise-breaking impact carried on by our government. We can do it by refusing to allow government to be unnecessarily involved in socio-economic matters. We can, if we decide so, to forbid legislators from imposing any sort of tariff (trade tax) or duty on imports. Market pricing would do.

“I am interested in politics so that one day I will not have to be interested in politics.”

Of all the birds in the world - funny how the only birds they kill because of "bird flu" are chickens.

- and of all the animals in the world - funny how the only animal farts that cause global warming are cow farts.

- Two things we eat most.

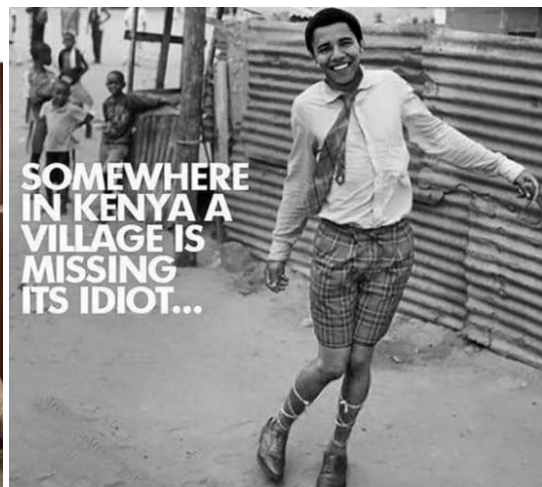

President Donald J. Trump is on record, letting anyone who cares to know, his tariff (trade tax) policy is concocted to have tariffs (trade taxes) on a nation-by-nation even plane. Tariff (trade tax) proponents who tell people importers pay tariffs (trade taxes) are incorrect. Government might collect tariffs (trade taxes) from importers. Retailers collect tariffs (trade taxes) from consumer. Same as for every tax.

Grow Some Independence America

Freedom isn’t freedom when your choices are determined by their policy decisions

The democrats tell us President Trump is a threat to American democracy, yet it is their policies that are removing your freedoms and ignoring your rights. Those

in power in America today are so afraid of President Trump actually becoming America's president, that they are threatening to make sure he never enters the White House again. That is not an attitude of **We the People** choosing our own leader. If Americans are not allowed to elect the President of their choice, you have no freedom and there is no "Independence."

If you support social programs and government control, you are supporting communism or Marxism. Each department of bureaucracy is crowded with nearly unfireable-permanent employees, who sit in offices writing mandates and regulations; they sell licenses and permits, and they determine the fines for which to punish you, should you not capitulate to their "laws." You need also to understand that these bureaucrats never have to live by the requirements and mandates they force upon you. This is all done without "the consent of the governed."

Upgrade to paid

Before I go any further here, let me once again explain to you that democracy is not what America needs to protect. The democracy "they" speak of is the saving grace of their oligarchy-form of government. *The interrelationship between democracy and socialism extends far back into the socialist movement to The Communist Manifesto's emphasis on winning as a first step the "battle of democracy," with Karl Marx writing that **democracy is "the road to socialism."*** Keeping that in mind, let us move on and understand how democracy is not in need of salvation, but it is our Constitutional Republic that is in danger and needs to be restored.

As we listen to the Kommunist Kamala Harris, she assures Americans that democrats are all about the labor unions. That might be true, but democrats are not so much about the union workers. She recently chanted "thank a union worker," to promote more unions, as if non-union members are responsible for no work in America. Unions were established to benefit the worker, however corruption at the top has benefited those union bosses and not the actual workers. The union heads (administration) are all doing fine and are politically

spending the Union workers' money (all those beautiful dues) on politicians in D.C. Does this benefit the union workers? Did the union workers benefit when manufacturing left America?

Not all unions are alike, but it is always the workers, the laborers, the welders, the carpenters, the plumbers, the drivers and many others, who actually do the work that keeps America flowing and growing.

Our current form of government tells Americans they will “fix” things by taking control of everything. Of course, we know that it is this oligarchy form of government that has caused the woes upon which we in America now suffer. However, to “fix” that which they have broken, government now wants to:

Control prices at the grocery store

Control markets

Control wages

Control speech

Control religion...in which there will be a new “imagined” morality

Control the media (you're not even on a need-to-know basis; you just don't need to know. They'll make sure you're entertained a bit, but no truth will be given, and your knowledge of things will be greatly curtailed.)

Control healthcare; there will be forced insurance under the guise of affordable healthcare. Federally funded and promoted abortion is not healthcare, it is not love of “family” it is not a contraception. If the democrats manage to thieve another election and king Kommunist Kamala makes abortion a federal law, it will only be a matter of time when those little bureaucratic dictators, who believe the planet is overpopulated, will determine how many children you are allowed to have. The federal abortion law will become forced abortions on your daughters and daughters in law. (your sons & daughters) **It may seem like an**

absurd comment, but it has been done before in **CHINA**. This oligarchy (many of them, including testosterone-free-tampon Tim, who drools over China's communist regime) will make America Communist. If Americans do not wake up soon, CHINA will be running America, if they aren't already, due to the compromised Biden cartel.

Upgrade to paid

America, we must **GROW SOME INDEPENDENCE.**

No School Choice is not freedom. Government schools have replaced education with indoctrination.

A Government that controls every part of your life is not freedom for the people. There is no Liberty in an oligarchy.

Bureaucrats making regulations and mandates **SELLING** permits and licenses is taxation without representation. It is also unconstitutional...

Upgrade to paid

Under this oligarchy of government we are no longer a Free America. This self-established form of government is fighting to continue its oligarchy control. There are lots of little dictators who will keep your choices away from you and give them to “the government.” Today’s Democrat Party is trying to convince you that the Bill of Rights is not absolute! They tell us that the Constitution is either an “out of date” document or that it’s a living breathing Document. Know this, the Constitution of the United States of America, which includes the Bill of Rights, is a contract! This contract belongs to **We the People** and is there to restrict “government” not the other way around.

As we enter full speed ahead into the last couple of months of America’s election season, the democrats and their fake news have once again forced a candidate onto the ballot. This time they **bypassed the primary**, pushed aside many others who wanted to run for president on the democrat ticket. Democracy for the democrats is no candidate choice of the people; not that it would have made a difference in policy, but the people had absolutely no say in the choice of their candidate.

A vote for any democrat is a vote for communism in America. There will no longer be freedom of choice; there will no longer be freedom of thought or of voice.

Kommunist-Kamala will put an end to all freedom in America. She plans to rule by Executive Order and allow the departments of bureaucrats to make the laws and restrictions that will rule and ruin your way of life...but don’t worry, the oligarchy will throw you a bone or two. There are welfare programs (government-controlled bread lines), they’ll provide subsidies for your failing businesses and once in a while they’ll throw in some special grants, which are all paid for by

American tax dollars. However, you need to put aside all notions of choices for your wellbeing or your way of life.

A vote for the oligarchy, which is currently run by the democrat party, is a vote for Communism. A vote for *Kommunist* Kamala and testosterone-free-tampon-Tim is a vote to give up all your rights and freedoms.

A vote for any democrat is a vote that brings to you:

No Life

No Liberty

No Happiness to pursue, nor freedom to choose your way of life.

Freedom isn't freedom when your choices are determined by their policy decisions.

This election is not Trump's to lose, it is ours to lose. If we lose this election to democrats, America just might be lost forever!

We the People need to "grow some Independence" and...**BRING AMERICA HOME.©**

When gen Z become parents

Some Of “Us, the American People,” no doubt, are for confiscating property (wealth) from America’s wealthiest. Wealth redistribution advocates thinking is elusive. Thinking America’s wealthiest would

be a source of repeated income would be wishful thinking. Ultra wealth people are not dullards. Their wealth, if radically confiscated, would make it their business to be certain it's not confiscated again.

So, Dividing An Ultra-Wealthy Person's holdings evenly among all Americans, were such a person worth, say, \$200B, would mean each of us would come by \$588 and change. Hardly a staggering amount. And, “We, the American People” would get it once from such an ultra-wealthy person. We’d be out of luck expecting to cash in again. No matter how redistribution advocates tell us otherwise.

“Our forefathers made one mistake. What they should have fought for was representation without taxation.”

~ *Fletcher Knebel*

The reason these toys are critical as kids...

Wealth Redistribution Advocates Are More Caggy. They'll try, for example, taxing ultra-wealthy at some small percentage of wealth above some arbitrary number. "Our, the American People's" ultra-wealthy will manage their wealth to be sure they are not taxed beyond taxing authority's magic number. Taxing authorities would, accordingly, have to adjust tax codes to have lesser wealthy take up slack.

"Those who do not learn from the mistakes of history are doomed to repeat them."

~ **George Santayana**

me adding "with all due respect" to a statement with zero respect

It would Not Be Unreasonable for people who amass large property (wealth) to look at mandated wealth redistribution as resentment by they who covet other people's things, a power grab by they who seek lawful power to promise prospective voters they will extract fair taxes from people who have far more than they need. A promise to have other people pay. A promise breeding resentment.
