

It Would Not Be Unreasonable For “Us, the American People” to deduce President Donald J. Trump considers his tariff (trade tax) policy good for us. No politicians-legislators would tell us their proposals and initiatives would not be in America’s interest. Media report President Donald J. is looking at buying beef from Argentina to lower prices for beef in America. President Donald J. acting as President.

“You cannot help men permanently by doing for them what they could and should do for themselves.”
~ *Abraham Lincoln*

“We, the American People” would be smart not to consider President Donald J. Trump acting as a business person when he acts on tariffs. President Donald J. is on record claiming his tariff (trade tax) policy will foster job growth in America. One has to question how, then, purchasing comparatively high demand beef from foreign countries would increase jobs in America’s beef industry. Quandary.

Tariffs (Trade Taxes) Are, In Final analysis, taxes. No matter where, how, or by whom tariffs are collected, they are taxes. Business taxes are a cost of sales. Costs of sales are, finally, paid by retail consumers. President Donald J. Trump, by importing Argentine beef, causes competition for America’s beef producers, making “Our, the American People’s” government marketplace competitor.

“When all government, in little as in great things, shall be drawn to Washington as the Center of all power, it will render powerless the checks provided of one government on another and will become as venal and oppressive as the government from which we separated.”

Whether President Donald J. Trump buying Argentine beef is good or bad, politically, depends largely on who's asked. If tariffs (trade taxes) are intended to improve jobs and sales for America's economy, then it would serve America's beef producers if tariffs (trade taxes) drove imported beef prices upward. Were America's beef-producing industry left free of government pressure, prices would adjust.

TRUMP DONATED HIS SALARY TO ALCOHOLISM RESEARCH

WHICH IS OBVIOUSLY ANOTHER PERSONAL ATTACK ON ME

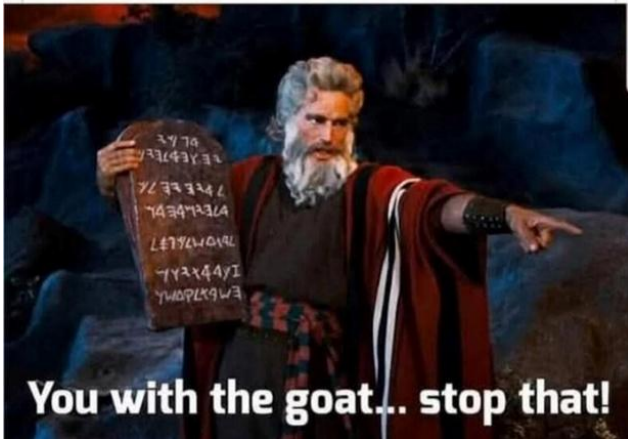

It Could Be, Justifiably, Called Political betrayal. More accurately, perhaps, constituent betrayal. “Our, the American People’s” media are reporting a Midwest legislator is switching parties. Wouldn’t be a bad idea for voters who put said legislator in office to recall said legislator toute suit. Lousy promise-keeping in government is bad enough, issue-wise. Jumping ship is an untrustworthiness sign.

"We, the American People," not unlike frustrated politicians, activists, most anyone, might switch political parties because we believe our personal attitudes, values, and beliefs (PAVB) are ignored by people in lawful authority. Worse, we may believe PAVB held by people in power get more attention than PAVB held by ordinary people. In any case, we can expect legislators will serve their PAVB first.

Through some form of bamboozling every worthless non-profit, politician or charity gets postal rates of one to five cents per piece of mail. My first class postage is 78 cents. I now know why my rate is 78—it is so the nonprofits can get almost free mail service and totally plug up usps. If all paid 78 cents it would cut out the train loads of junk mail and citizens might get good USPS again.

Law-Making, Law Enforcement, And law adjudication, carried out without prejudice are not laced with PAVB held by legislator, government chief executive, or magistrate. It would be smart for “Us, the American People” to come to grips with a fundamental reality. There are no incontrovertible standards for government authorizes to call on when legislating, judging, or enforcing law. None.

Were Immutable Standards Or Objectivity applied when laws are made, enforced, or challenged, there would be near complete absence of split court opinions. The Political Camouflage Has Been Removed

Marxism and America's Constitutional Republic cannot coexist.

I think we're looking at this "Marxist-democrat" RADICAL LEFT situation completely the wrong way.

Over and over again I've heard conservative commentators say, "Democrats have gone so far LEFT the party isn't even recognizable." What if, and I believe this to be true, the "Democrat Party" has always been FAR LEFT (anti-American).

Note here: *I am referring to the established Democrat Party and not all Americans who claim to be “a democrat.”*

I think the dems have always been this way. However, after the shock of losing the 2016 election, (for it was written in the political stars for Hillary to win) they developed Trump derangement syndrome (TDS) and their anger removed their political camouflage. They began to growl, bite, and with lies foaming from their mouths, they basically turned on America. Like a junkyard dog, they were protecting their turf.

Remember the old saying, what you do in private, (when no one is looking) reveals your true character? While the “dems” were not in private, their true character was revealed: **First:** They are bad losers. Hillary was so drunk with anger and alcohol she wouldn’t even speak to all those Americans who supported her. Which showed, she was not capable of leading a nation. **Second:** When being the “loser” was the ultimate reality, she and many others, including Obama, having the democrat-majority in Congress, set out to frame President Trump, hit him with countless accusations, stifle his administration from accomplishing their goals, and eventually impeach him and remove him from office.

You see, as long as they could cheat and win elections, there was no need for their violent nature to rear its ugly head.

As long as the media helped them gaslight and lie to the American people, and the “People” bought into the lies, there was no need for their violent nature to rear its ugly head.

As long as they could “launder” monies through the USAID or other crazy useless governmental departments... they had no reason to show their vulgar and ugly violent nature.

Marxist-democrats continue to stand for the absurd, such as drag queens and transgenderism are the norm, men can be women and women can be men, that Up is

Down and Down is Up. Yeah, these LIES, which are propped up by their Marxist-media cohorts, are just a part of their plan as Marxists to destroy American culture.

The dems, who took an oath to the Constitution, are on a crusade claiming America has always been bad, systemically racist, and all white people are colonialists. Of course, if it weren't for colonialism, they would not be where they are today; Successful! And, if it weren't for capitalism, they (dem politicians) wouldn't be as rich and comfy as they are today.

So, why? Why all the absurdities and lies?

Before Marxism can take over, it must destroy the American culture just like communist emperors Qin Shi Huang, and Mao Zedong of China, destroyed all China's history and culture.

It is the nature of Marxism to control every aspect of the lives of citizens; healthcare, wages, jobs, economy, food, remove faith in God, destroy and demean the family unit (of course that's anti-American as well as Anti-God). Safety of the people is of no concern when your government is Marxist. That explains the rhetoric of the democrats who speak of defunding the police and shout against law and order in our major cities.

Hypothetically, who exactly would be in charge if a nation (any nation) is ruled by Marxism? In a hypothetical Marxist government, the ultimate authority would not be held by a single person but by the working class, or "proletariat". In theory, this collective would rule through a transitional stage known as the "dictatorship of the proletariat". **However, in practice**, the countries that have adopted a Marxist-Leninist system have been led by a **single-party** government, with a powerful figure or **small group at the top**.

Democrats are Marxist hypocrites concerning every political issue! When Bill Clinton was having an affair in the oval office the dems told us that what he does on his time is no concern. They also ignored the rape allegations against Bill. When they went after President Trump, they made up crimes; tried to frame him. They used his indiscretions and vulgar comments he made when he was younger against him. **No, I'm not condoning**

such behavior, I'm merely pointing out that in reality, it was never a problem for the Dems. When Justice Kavanaugh sat before the Senate to be confirmed, the Marxist-democrats brought false accusations of rape against him, and we know they don't care if Bill Clinton rapes or abuses women, but Justice Kavanaugh was a threat to their power in the Supreme Court.

The Marxist-democrats were in a panic; Trump began to undo all the destruction they had "accomplished" during the Obama administration. TDS claimed their anxious mental state; their political camouflage was removed for all the world to see. Americans saw what the Dems did to President Donald J. Trump and candidate Donald J. Trump and most of us were sickened by the lawfare that became vicious and violent. That's why President Trump won the 2024 election in a very large way! Americans were listening to Trump the candidate. President Trump is the only politician in my lifetime who actually spoke to, and for **We the People**, besides Ronald Reagan, and remember, the Dems and the RINO Republicans hated him too.

Americans were and still are disgusted by the actions of the Democrats.

Is it truly a surprise, when we look back in history, that the same party that defended black slavery is the party today that is looking at black Americans as if they are "disabled" (according to Justice Ketanji Jackson Brown) and not smart enough or capable of obtaining an ID, even though all people have to get an ID for nearly everything in America today. Democrats assume that all blacks vote Democrat, or for black candidates, and all whites (even though many of the Dems are white) always vote Republican or for white skinned candidates. Marxism is racist through and through; racism is the foundation of Marxism. The Marxist-Democrat-party sees and uses skin color, they do not believe in the Constitution, and I dare say, they never have!

The political camouflage is now removed, and **We the People** should be able to see that the Marxist-Democrat-party is what they have always been.... Anti-God, Anti-Constitution, Anti-American... Anti-Freedom, Anti-Liberty, Anti-LIFE, and of course Anti-Happiness.

This Saturday, October 18, the Marxist Democrat Party will be holding demonstration rallies across the country... **“No King” protests!** The Marxist-democrats are going to continue attacking, fighting against, and suing President Trump and his administration. Their unconstitutional judges will continue to block and attempt to micromanage the President of the United States.

The “official” (Marxist) Democrat Party needs to cease to exist. **We the People** should vow to never vote for another democrat.... Not even for “Dog Catcher.”

It is up to **We the People** to restore our Constitutional Republic; Life, Liberty and the pursuit of Happiness. The democrats are out to kill Liberty forever. ***Marxism and America’s Constitutional Republic cannot coexist.***

Wealth Gap Fixation Is Alive and well in “Our, the American People’s” media outlets. Discussions on wealth gap are commonly framed by referring to wealth gap as wealth inequity. Attention is called to how America’s wealth gap grows steadily, with the rich growing, and the poor getting poorer. They favoring significant wealth redistribution claim wealth gap represents risks to worker protections.

“Government does not solve problems; it subsidizes them.”

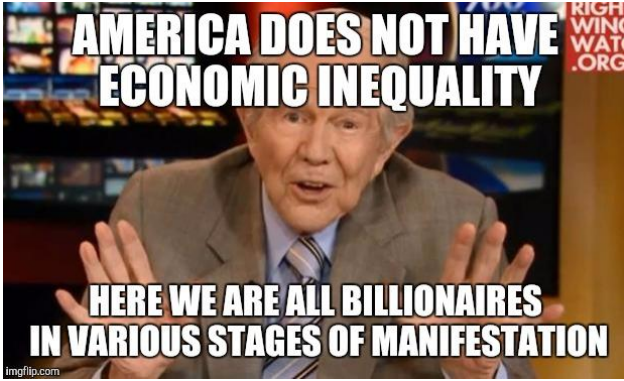

~ *Ronald Reagan*

“We, the American People” are cited by wealth gap reports as having largest wealth gap amongst developing nations. Factors contributing to wealth gap (wealth inequity) are seen as systemic, meaning obstacles to wealth building assets; more people having access to wealth building opportunity, meaning having more economic growth and redistribution reallocated to society’s lower inequitable strata,

“The right to be let alone is indeed the beginning of all freedom.”

~ *William O. Douglas*

It Would Be Smart for “Us, the American People” to stay abreast of instruments wealth gap critics claim ought be used to narrow wealth gap. Measures to shrink wealth gap tend toward some form of seizing property (wealth) from some and allocating it to others. How much wealth should be taken from wealth holders is debatable. However much is taken would be by force of law or regulatory policy.

“Why doesn’t everybody just leave everybody else the hell alone?”

~ *Jimmy Durante*

Seizing People’s Property (Wealth) is, arguably, amoral. Seizing people’s property (wealth) is, arguably, acceptable, when done for philanthropic purposes. Not doing so when there are needy people about can be seen as heartless, inhumane. Doing so under authority of regulatory policy or law is, arguably, legal theft, theft nonetheless. Free societies commandeering property (wealth) is problematic.

“Our streets will be safer, our police more efficient, and the world will follow our lead into the future!”
