Man Compared Frequently To Hitler Gets Standing Ovation From Israeli Parliament For Peace Deal

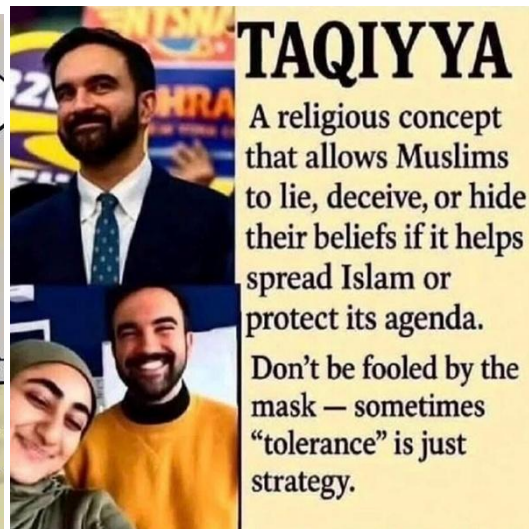

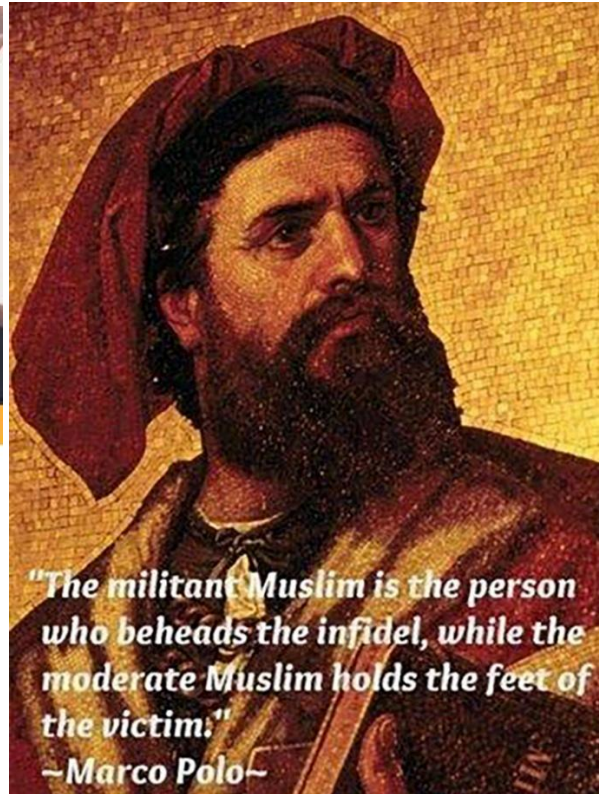

Inflation Amounts To Too Much Money chasing too few goods and services. How inflation would change if there were even wealth distribution is uncertain. Inflationary change under even wealth distribution would be influenced by people's propensity to consume if they have significantly larger amounts of money to spend. Price, generally, varies directly with demand. Demand up, price up.

"What is a Communist? One who has yearnings – for equal division of unequal earnings."

~ **Ebenezer Elliot**

Chicago Mayor Hoping His ICE-Free Zones Work Better Than His Gun-Free Zones

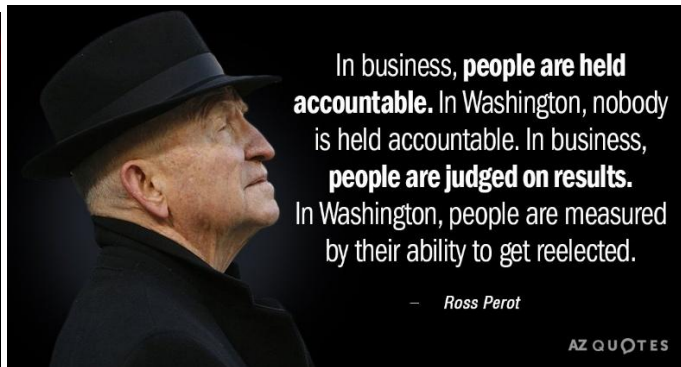

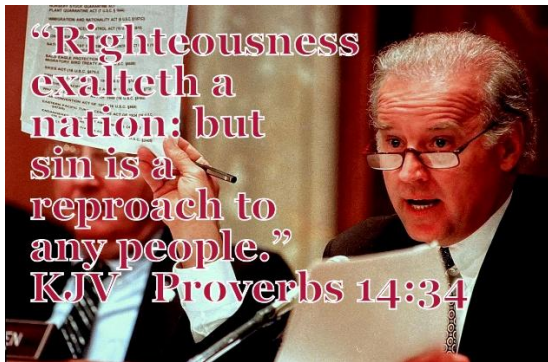

There Is No Way To Be Sure how people who come into great wealth will treat such wealth. Some might enrich casinos. Some charities. Some fertilize their portfolios. Some make bulges in mattresses. "We, the American People" can be sure of one thing. Government will see to it public coffers benefit nightly from even wealth distribution. And - - - government would work hard to assure even wealth.

"Bureaucracy, the rule of no one, has become the modern form of despotism."

~ **Mary McCarthy**

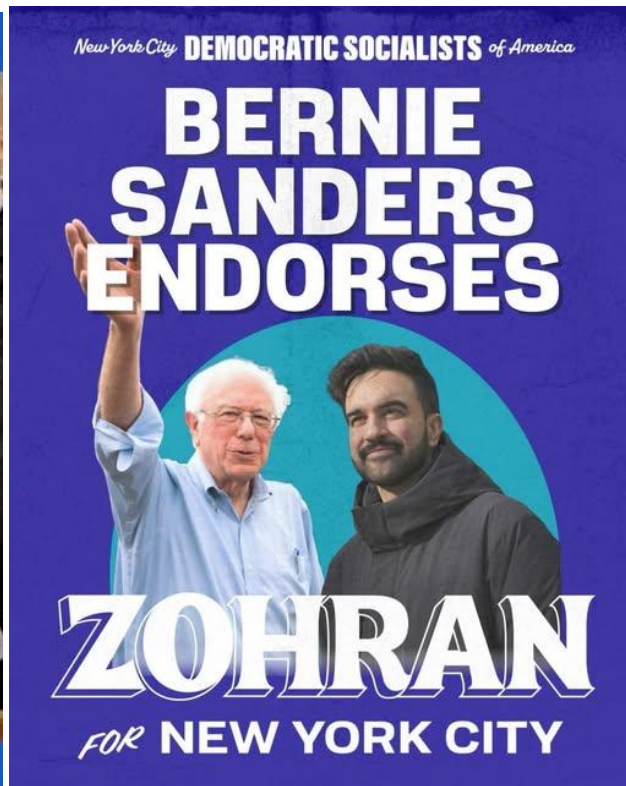

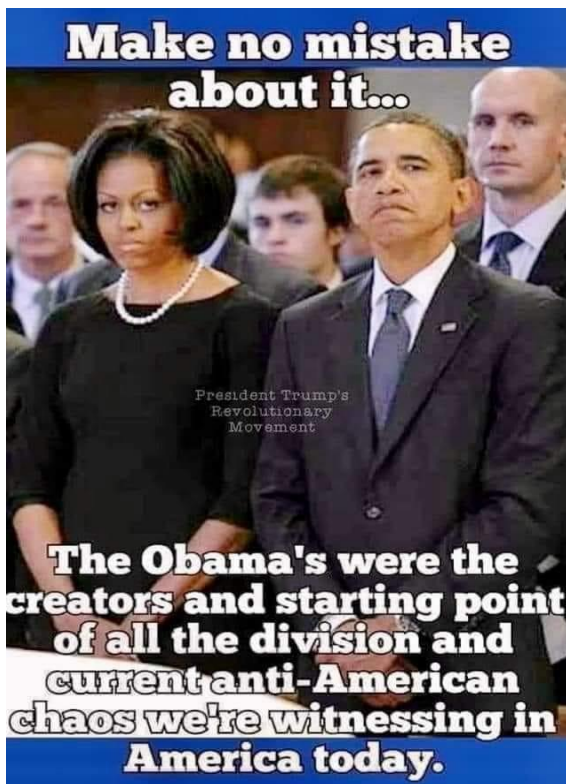

Mamdani is exactly why naturalized citizens should never be allowed to hold a position in government.

It Would Be Smart For “Us, the American People” to consider how even wealth distribution would work. Vountary participation is too much (for thinking people) to expect. Even wealth distribution would depend on wealth earners giving up their holdings, proportionately, to keep everyone on an even wealth keel. They dependent on wealth owners for distribution might demand earners earn more.

“Equality of opportunity is freedom, but equality of outcome is repression.”

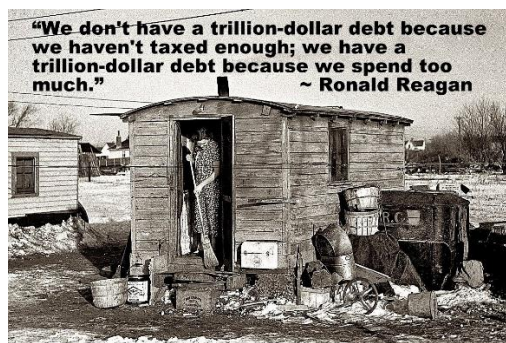

~ *Dick Feagler*

Monetarily Speaking, Something Has As Much monetary values as someone else is willing to pay for it. Value can be thought of as demand expressed in monetary terms. It would be erroneous thinking to figure even wealth distribution could be perpetuated. "Our, the American People's" government would have to have power to, first, appropriate wealth; secondly, to, somehow, force wealth generation.

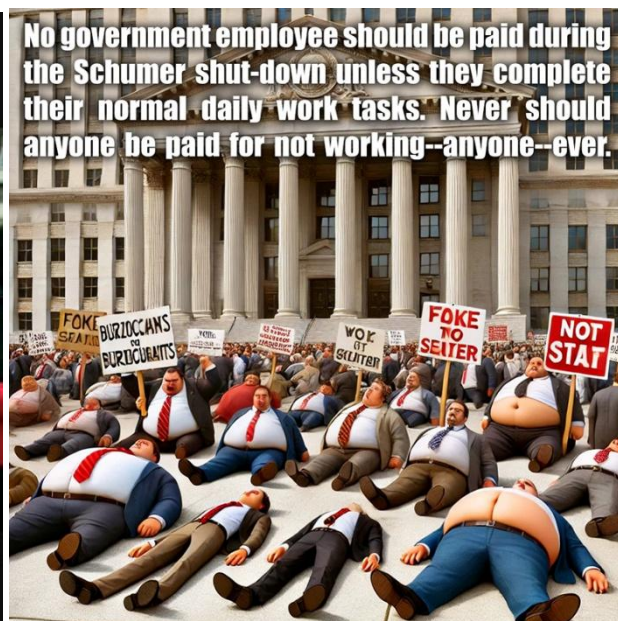

“There are people who think that plunder loses all its immorality as soon as it becomes legal. Personally, I cannot imagine a more alarming situation.”

Media Coverage Accurate, “*Our*, the American People’s” GOP is nering on dismantling America’s Voting Rights Act (VRA). Coverage goes into some detail on how bipartisan VRA support has diluted over time, and Supreme Court of the United States (SCOTUS) VRA decisions have run counter to laws backing federal (U.S./National) Constitution’s 14th and 15th Amendments. Gerrymandering relevant.

A Media Article Germane To Alleged VRA designed demise holds SCOTUS opinion(s) on recent effort in Louisiana to carve out a major minority voting district exemplify how VRA is being done away with. “We, the

American People” would be smart to not lose sight of a key principle regarding America’s courts. Courts have virtually no enforcement power; they adjudicate, do not execute, law.

“Freedom, morality, and the human dignity of the individual consists precisely in this; that he does good not because he is forced to do so, but because he freely conceives it, wants it, and loves it.”

~ *Mikhail Bakunin*

America’s Government Executive Branches carry out law enforcement. Should government executive branches not act on court orders, a dilemma raises its head to “Us, the American People.” Our three, coequal branch governmental system has an, arguable, flaw. Final say is up for grabs. Legislatures make laws Executive branches implement laws Courts adjudicate law. Illusive finality.

“Everyone wants to live at the expense of the State. They forget that the State lives at the expense of everyone.”

~ *Frédéric Bastiat*

Constitutionality And Attendant Laws are open to interpretation by lawmaker, executive, and judge. As such, a sitting SCOTUS, for example, can overturn decisions made by a previous sitting SCOTUS. We, as a sovereign citizenry, arguably, have ‘final say’ by ballot and conduct – if we choose to act. We can nullify decisions contrary to VRA stipulation – if we choose. We can assure Liberty – if we choose.

Once again, the true colors of the Democrat Party were revealed during President Trump's "Address to Congress;" and no, it wasn't the color pink many chose to wear; it was the color of mutiny and tyranny.

The democrats refused to stand, there was nothing that brought them to their feet, no joy or emotion of sympathy, no honor for Americans fallen; for the democrats there was no reason to give respect or to honor any American in the House last night. They sat there looking like a den of curmudgeons! Was it their canes, knees or hip replacements keeping their derrieres planted in their theater seats? While some are not so old, their sour, Grinchy faces foretold of attitudes that can and will never rejoice in America.

They would not stand for a thirteen-year-old brain cancer survivor as President Donald J. Trump made him an honorary **Secret Service Agent**. Oh, how young **DJ Daniel's** eyes did sparkle, and his face did shine with joy and pleasure... but the democrats sat silent.

They would not stand to honor the family of a twelve-year-old American girl who was brutally gang raped and murdered by illegal alien gang members. They would not clap to honor her memory as President Trump signed an Executive Order renaming the Anahuac National Wildlife Refuge the "**Jocelyn Nungaray National Refuge.**"

The democrats refused to stand and give honor to the mother and sister of Laken Riley, a nursing student who was brutally murdered by an illegal alien. It

was without democrat support that the **Laken Riley Act** became a law to protect American women from violent crimes and punish violent criminals.

The democrats would not stand for the young girl whose collegiate career in volleyball was stripped from her when a biological male (for the record that's the only kind of male that exists on this planet) was allowed to play in women's volleyball. As a male, he is much stronger, he hit the ball so hard that it gave the young woman, **Payton McNabb**, a concussion and left her temporarily paralyzed on one side of her body. Her dreams of college scholarships were stolen from her. In the minds of democrats, the rights of women take second place to the feelings of confused males; for women's rights the democrats will not stand.

So, why were some democrats wearing pink? The only right for women that democrats wish to protect is their wrongly perceived right to murder the unborn in the womb of a person inseminated, abortion!

What will the geriatric democrat-curmudgeons stand for?

They stand for the raping of Americans and pillaging of America.

They believe there is no such thing as a woman... they cannot define a woman... so they vote to put men in women's sports. **So they will stand for men in dresses and tights, wearing makeup and looking a fright.**

They believe government fraud is holding this nation together; your money is theirs for spending and funding political NGOs and agendas. They will stand for illegals and ignore 300 thousand missing children; in fact, in this way, they help fund and applaud human and child trafficking.

While many believe it is Trump derangement syndrome (TDS) that causes their bad behavior, I must remind you now that they know he was elected by a large margin of Americans, all shapes, sizes, colors and ethnicities. Perhaps what really constitutes their defiant behavior, is their disdain for the **“will of the**

people.” We the People have a desire to be free and independent: **Liberty!**

Such a message, as was sent by **We the People**, November 5, 2024, is
sandpaper in the *Depends*© of the **Curmudgeon Party!**

I wrote the following poem back in January of 2018 after President Trump’s State
of the Union Speech. I thought it fitting to bring it back out and yes, add another
few verses, as to update the democrat party, which is now the Curmudgeon
Party.

The Democrats Band Not To Stand

by Beth Ann - January 2018

I will not stand for their Uncle Sam,
I will not stand and clap my hands,
I will not stand for their anthem sung,
I will not honor the elected son.

I take a knee for democracy,
I curse the Republic can’t you see.
I only stand for a social society,
Emotions and money motivate me.

Citizens be danged – We democrats don’t care,
We will sit and frown, we will sit and stare.
The citizens here are bigots all,
The illegal immigrants bid our call.

We stand for visa lottery.
We will cheer for chain migration,
For more taxes and stricter regulations.
The President’s wife has too many shoes,
So, for the citizens we will boo!

(It's a liberal logic thing you see...
It doesn't make sense... just follow me.)

The Dreamers are perfect in every way,
They vote for democrats in the USA.
The citizens will pay for their bigoted ways,
We'll legislate more taxes and give their money away.

A picture is worth a thousand words,
Plastic Pelosi was seen but not heard.
Democrats sang a silent negative song,
Their faces did scorn, their faces were long.

They did not clap they did not stand,
Like spoiled brats who need a swift hand.
A hand from the voters they shall have;
For the voting booth will tell the tale
Of the night the democrats sat stale.

For it is said the democrats band not to stand.
Silently they sang their obstruction and hate
On January 30, two thousand plus ten and then plus eight.

2025 Update begins

Fast forward seven years...
We the People now celebrate,
For our American Liberty is accelerated!
But the Democrat Party has not altered...

The democrats once again did band not to stand.
Their hate of this nation is what keeps them alive...
But an orchestrated, and wrongly calculated

Protest on the fourth day of March,
Two thousand and twenty plus five,
Cooked their own goose,
They cannot survive.

The Curmudgeon party will soon disappear
For Americans will answer and again loudly cheer,
“Our jobs are returning!
The DEM party is burning!
American Exceptionalism is returning!”

Never a party in my lifetime,
So willingly and arrogantly
Orchestrated their own demise...

The doomed and insignificant Democrat Party shall henceforth be called:

The Curmudgeon Party!

~The Curmudgeon Party they shall be, for they will not stand for Liberty~

“It is not charity if it’s at the point of a gun.”

~ **Unknown**

“We, the American People” would be smart to take note when Congressional Senate legislators go against party stand. A dissenting Congressional Senate democrat is calling on Senate GOP foils to take steps necessary to end federal government shutdown. We can never count on legislative office holders or candidates to stand by their word. We can see how they vote or take sides. To get their way.

“The only proper purpose of a government is to protect man’s rights, which means: to protect him from physical violence.”

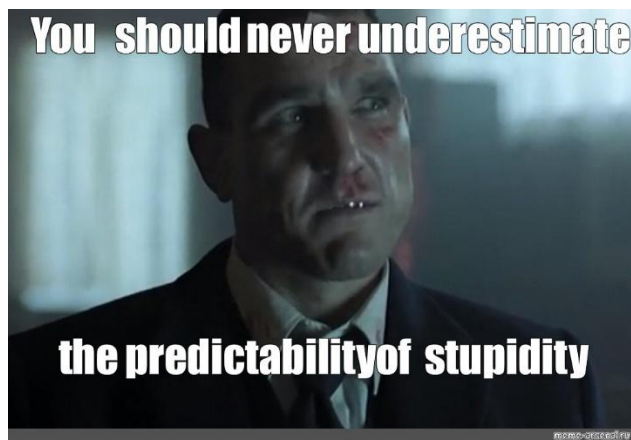

~ **Ayn Rand**

It Is Reasonable To Deduce legislative office candidates strive for office to have a say on how government shall operate. We can expect legislative office holders and candidates would swear and be damned they intend to uphold “Our, the American People” Constitutional precepts and protections. Some, though, might seek office to make changes in Constitutionality – to inculcate their views by law.

“When they kept you out it was because you were black; when they let you in, it is because you are black. That’s progress?”

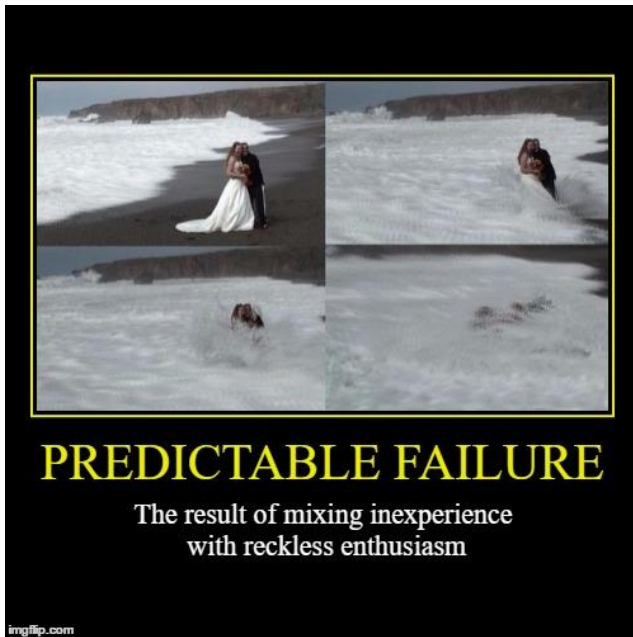

~ ***Marilyn French***

Doubtful There Would Be as much clamorous efforts by candidates to have “Us, the American People” vote or keep them in office, were there not so much power accorded government to confiscate property (wealth) and restrict choice (Liberty). No way for us to know, in no uncertain terms, why people seek office. We can know, in no uncertain terms, how they vote - or do not vote – for proposed legislation.

“No government ever voluntarily reduces itself in size. Government programs, once launched, never disappear.”

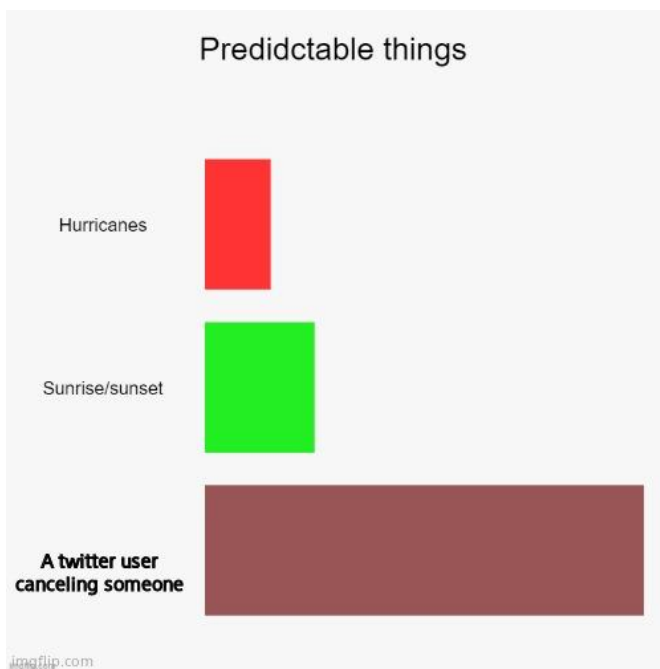

~ ***Ronald Reagan***

Law, Despite Law-Maker Intent, takes away choice. Strictly speaking, we can choose not to obey laws we find repugnant, or not consistent with our notions of living in self-determination. We can back laws we think are justifiably helpful, even when such laws force people to surrender property (wealth). We would be more than smart to not allow government increasingly broad power to confiscate.

“There is no more country – everyone go home.”

~ **Bracken**

People Determined To Live In Liberty do not allow legislators - or other public officials within These United States of America, to interfere in health matters between private citizens and their physicians. They uphold their right to make their own medical decisions, unconstrained by government edict.
