

“Our, the American People’s” Social Security Cost Of Living Allowance (COLA) 2026 increase is to be 2.8%. Not enough, according to media coverage. Not enough because President Donald J. Trump’s tariff (trade tax) policy has brought about cost increases making 2026 COLA allowance not enough. Wouldn’t be hard to show dependence on government to sustain people’s wherewithal is unreliable.

“Legitimate use of violence can only be that which is required in self-defense.”

~ ***Ron Paul***

A Handy Solution To COLA v tariff (trade tax) inflation predicament could be, simplistically, to raise COLA to a percentage offsetting tariff (trade tax) inflationary cost increase. Such a solution, though, would require, tax revenue increases, or, borrowing (government deficit spending). Either way, “We, the American People” who are taxpayers pay up. Twice. Cover COLA shortfall, pay higher prices too.

A Prominent Global Investment firm tells “Us, the American People” America’s consumers will ante up for some 77% of tariff (trade tax) costs by year’s end. Who eats remaining 23% is not specified. One way or other, consumers pay every penny of every tax levied for any reason. Sooner or later unspecified 23% will foot tariff (trade tax) bill – even if business, initially, absorbs tariffs (trade taxes).

There Are, No Doubt, Some People who have in mind increasing wealthy people's taxes disproportionately, thereby giving government more money for people who can not get by under COLA subsidy. Sooner or later 'wealth taxes' lose luster. Wealth holders find tax shelters, or, will choose ways to decrease their taxable income or assets without lowering their living standard. Force is feeble.

It Is Nigh Impossible for “Us, the American People” to know much of anything about anyone, other than by their words and deeds. Why people are driven to embrace one governmental form versus another evades demonstrable reason. References examining socialism, compared to capitalism, speculate on motive. References do offer characteristics of each system, possible motive indicators.

In Theory, Free Market Capitalism revolves around private production ownership, while socialism is focused on public production ownership. Government plays a small role in capitalism., while has a large, detailed role in socialism. Reality can be markedly different. People in lawful power are able to exert influence reflecting their personal attitudes, values, and beliefs (PAVB) in either system.

“What is ominous is the ease with which some people go from saying that they don’t like something to saying that the government should forbid it. When you go down that road, don’t expect freedom to survive very long.”

HISTORIC: Louvre museum's first female security chief, hired by first female director, become first women to lose French crown jewels

"We, the American People," if we are strong-willed enough, can avoid being subjected to socialist government edict. American capitalism, however, such as it is, can not be assured government officials will not work to make their PAVB lawfully compulsory. Socialism, in contrast, with government having broad power, would, arguably, have greater odds for PAVB-driven authoritarianism.

Have you wondered why it is that democrats (the Marxist-democrat party) prefer and protect criminals over honest law-abiding citizens?

I think we're all familiar with the old saying, "**Birds of a feather flock together...**"

The Marxist-democrat party is the leading criminal-cartel in our nation. They speak lies, they promote violence and they abscond with our money for the use of their agendas, which is why they went ballistic against DOGE for downsizing USAID. It wasn't because they wanted to save democracy; they wanted to preserve their bureaucratic autocracy.

They promote criminals because *they are* criminals... and birds of a feather do flock together!

So why such a visceral consistent hate of President Donald J. Trump?

Until this morning, I didn't realize there was a second part to that little saying, "Birds of a feather flock together..... **until the cat comes.**"

UNTIL THE CAT COMES... MAGA... DONALD TRUMP..... WE ARE THE CATS!

So, in exposing the Marxist-democrats for the anti-Americans that they are, for exposing their lawfare and crimes against American Citizens and against our Constitution, those democrat birds...well...

They hate and fear the cats!

When over 80 million Americans reelected Donald Trump as president (not king), the Marxist-democrats began shaking with fear. The house of bureaucratic-autocracy was about to come tumbling down.

Those rallies, those MAGA rallies, where tens of thousands of Americans showed up free of will (not paid), did not go unnoticed by the flocks of Marxist-democrat-birds. We'll call them the Marxist vultures. Vultures circling and waiting for Liberty to die; for the death of the American spirit built on freedom and Independence. Instead, Donald Trump's MAGA speeches of common sense and encouragement awakened the masses of Americans, who had felt discouraged and nearly ready to accept the old saying, "*You can't beat city hall.*" BUT **We the People** own city hall! **We the People** longing for peace, for LIFE, for Liberty, for the pursuit of Happiness, Prosperity and Private Property, were awakened by the words of this wealthy businessman, Donald J. Trump. **We the People** rallied on the promises of President Trump. It was starting to look as if the vultures might starve as American enthusiasm grew once again with the hope of restoring our American Constitutional Republic.

These Marxist-democrat-criminal-vultures are like cornered wounded animals; they are vicious, violent, and yes, murderous. They have many followers, who are their *useful idiots*, but be assured, they do not outnumber MAGA Americans!

The Marxist-democrats have been patiently and methodically consuming our rights and indoctrinating our youth, teaching them false history and grooming them to hate America, while ignoring all that it once stood for.

The only way these Marxist-democrat-vultures have power, is by taking it away from **We the People**. Now that “**We the People**” have realized that through leadership of people like President Trump, who wants to restore the Constitutional Republic and return power back to the people (Consent of the governed), the democrats are desperate. Their desperation is the reason for their want of violence and chaos, thus the need to attempt to rule this nation by district judges obstructing and micromanaging the Executive branch, President Trump.

While President Trump is the target of their attacks and hate, it is actually **YOU**, America... **We the People** they fear the most.

Those Of "Us, the American People" who are lulled into thinking businesses bear import tariff (trade tax) expenses, might consider refresher courses on how business does business. All chips in, consumers pay all costs of doing business. Discussion on who pays tariffs (trade taxes) commonly says importers may pass tariff (trade tax) costs to consumers. Eventually consumers pay all costs. Consumers. All.

"When they took the 4th Amendment, I was quiet because I didn't deal drugs. When they took the 6th Amendment, I was quiet because I am innocent. When they took the 2nd Amendment, I was quiet because I don't own a gun. Now they have taken the 1st Amendment, and I can only be quiet."

~ *Lyle Myhr*

Media Tariff (Trade Tax) Coverage includes speculation on exactly where tariff (trade tax) revenue will go. Two readily apparent possibilities. Pay down national debt. Give tariff (trade tax) revenue

(back) to American consumers. Either option is sure to prompt protest from everyone looking to get a bigger piece of America's economic pie. "We, the American People," if we choose, have control.

"In Germany, they first came for the communists, and I didn't speak up because I wasn't a communist. Then, they came for the Jews, and I didn't speak up because I wasn't a Jew ... Dropping Tariffs (Trade Taxes) would have a like effect as would dropping any tax. People who pay taxes could use as they, not government, sees fit. "Our, the American People's" analysts, for reasons escaping clear thought, refer to tax cuts as a cost we, will have to pay. Tax cut 'costs' are payable by spending cuts. It's a question of whose oxen get to be gored. We let government decide whose ox.

"It is a popular delusion that the government wastes vast amounts of money through inefficiency and sloth. Enormous effort and elaborate planning are required to waste this much money."

~ *P.J. O'Rourke*

Tariffs (Trade Taxes) Are Add-On Costs paid for imported goods. Consumers could, if consumers would, consume no imported goods. Tariffs (trade taxes) would go away overnight. We, consumers, though, like our imports. We will pay tariffs (trade taxes) until we decide those imports we like cost too much. We treat government costs precisely so. Except we hope cost will go down, not force it.

“Petty laws breed great crimes.”
