Reportedly, IRS will be shifting emphasis to auditing, starting with 2026 tax returns. Pay to be taxed. Pay to get back excess withholding. “We, the American People,” as sovereign citizens could radically simplify taxation.

All Taxes Are, Directly or indirectly, paid for from sales. For, it is from sales, wealth is generated, and from wealth are taxes paid – from income. There is no reason why “Our, the American People’s” government can not be funded entirely from commerce tax revenue. We need only put down our collective foot, and let government know there shall be no other taxes, for any reason, but sales taxes.

“The compelling issue to both conservatives and liberals is not whether it is legitimate for government to confiscate one’s property to give to another, the debate is over the disposition of the pillage.”

Having A Sales Tax Only System (Citizen Controlled Taxation) could all but eliminate need for IRS-like offices. All tax revenue could be collected and forwarded from points-of-sale directly to government collection offices. No need for tax returns, or cost thereof, by submitting party or government. A major fiscal benefit would be government budget preparation. Revenue drives budget.

Citizen Controlled Taxation would operate by federal government submitting monetary requirements to commonwealths/states. Commonwealths/states would add their monetary requirements, submit same to county levels. Counties repeat process, and on to lowest level political subdivisions. All taxation would take place at lowest subdivision levels by taxing authorities at voter-approved tax rates.

“Our, the American People’s” media has an article in circulation dealing with a question to Artificial Intelligences (AI) on how things would change, were wealth, rather than income, be taxed. AI, in a word, presupposes technology is as capable as humans to use information in problem solving. AI has been around a long time. Precision, for example, has been a refined result of improved production.

Wealth Taxation Has Been Assessed for some time. Fair to say focus has been on finding ways to take wealth from those who have it, and giving taken wealth to those who don't. Part and parcel to taking and redistributing wealth is using some portion of confiscated wealth to compensate they who carry out wealth confiscation and wealth redistribution functions. There is always a cost of justice.

White House Construction Crew Finds 1,357 More Cocaine Stashes

AI ‘Analysis’ Of Wealth Taxation compared to income taxation indicates wealth redistribution would take place much as non-AI analyses. Those of “Us, the American People” who favor wealth taxation would establish criteria spelling out how much wealth would be taken from wealth holders, and how much of taken wealth would be disbursed to those who are to get taken wealth. Rather familiar process.

“The people of the various provinces are strictly forbidden to have in their possession any swords, bows, spears, firearms or other types of arms. The possession of these elements makes difficult the collection of taxes and dues, and tends to permit uprising.”

Trump adding the Elizabeth Warren Wing

So, the people that have torn down statues for years are upset about Trump remodeling the White House?

“We, the American People” – people everywhere, as it happens – would be smart to give serious consideration to achieving economic equity by forcing economic equality (taxing wealth, per se, not wealth owner or wealth creator income. People who would be lawfully authorized to decide how confiscated wealth is used would be, basically, wealth holders by another name. Cat not easily skinned.

Legislators from the state level to D.C. have placed a yoke on the American people; the problem is, we actually allowed them to do so.

Due to our ignorance, lack of education and diminished wisdom we simply do not know or understand who we are as a nation and a people. We need to know how we came to be a nation. We need to understand the difference between a democracy form of government and a republic form of government. (A Constitutional Republic)

Necessity! We are constantly "convinced" by legislators (State & Federal levels) that we need a new law, a new bill or additional forms of government mandates, restrictions or regulations to fix whatever crisis is at hand. These problems are

usually brought on by *their* bad policies. I won't call them failed policies because I believe they served the purpose of the legislators, which was to gain more power over us.

I found this definition of *necessity*:

Necessity is the plea for every infringement of human freedom. It is the argument of tyrants; it is the creed of slaves. *William Pitt, Earl of Chatham - Speech in the House of Commons, November 18, 1783*

Did I hear you say WOW when you read that?

According to the words of Thomas Jefferson: "The executive power in our government is not the only, perhaps not even the principal object of my solicitude. **The tyranny of the legislature is really the danger most to be feared and will continue to be so for many years to come.** The tyranny of the executive power will come in its turn, but at a more distant period."

Tyranny has been upon us, not just for decades but for over 100 years. However, since 2016 the career politicians have been on a "holy tear." They are fighting hard to keep their power by distracting us. They try to hide their unethical behavior and unconstitutional acts. The insurrection of our Republic took place a long time ago. The very ones we elected to represent us, to uphold our Constitution, and to guard our Liberty have been working against us.

Years ago, they began legislating and amending our great document, the U.S. Constitution. They are in bed with, and in debt to, big bankers! They connected themselves with outside interests and listened to paid lobbyists who represent NGOs (non-governmental organizations) such as HSUS, ASPCA, PETA, ACLU, The Brady Campaign, Newtown Action Alliance, Greenpeace, Nature Conservancy, WWF (World Wildlife Fund), The Environmental Defense Fund, and so many more. Now you know why YOU need permission to enter the People's House (Pelosi's Temple of Democracy)... They (D.C. Occupiers,

occupying offices and cuttin' deals) are too busy to work for the ones they are actually there to work for.

Today we know that many of our elected officials are compromised to outside interest groups as well as compromised with foreign governments. These compromises (deals) have taken them outside of liberty and beyond our Constitution. Many are out-and-out anti-Bill of Rights. The Separation of Powers was designed for the purpose of having checks and balances, but this structure of our government has been hijacked and transformed into a monopolistic two-party system. They are NOT working for our Liberty!

Thomas Jefferson also warned us:

*“When once a Republic is corrupted, there is no possibility of remedying any of the growing evils but by removing the corruption and **restoring its lost principles**; every other correction is either useless or a new evil.”*

We cannot restore the lost principles unless we know and understand what those principles were.

Life, Liberty and the pursuit of happiness, property, and prosperity!

*We hold these truths to be self-evident, that all men are created equal, (**notice it doesn't say equity**) that they are endowed by their Creator with certain **unalienable Rights**, that among these are Life, Liberty, and the pursuit of Happiness.*

NOTE: Unalienable rights are given to us by God, not government, therefore government is not allowed to take those rights away. Unalienable rights are termed natural rights; that's why the second amendment added, “Shall Not Be Infringed!” It is your natural right to defend yourself from criminals and from a tyrannical government.

*That to secure these rights, **Governments are instituted among Men, deriving their just powers from the consent of the governed**, That whenever any Form*

*of Government becomes destructive of these ends, it is the **Right of the People to alter or to abolish it**, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness.*

Of course, those are excerpts from the Declaration of Independence...
According to those words, the only ones who have the right to “insurrect” are...
We the People! (Government is tyranny)

Again, we hear the words of our Founding Fathers echoing, **“The price of liberty is eternal vigilance.”** Thomas Jefferson. **“It’s a Republic, if you can keep it.”** Benjamin Franklin.

Have we compromised our Republic away?

Our Founders knew that Liberty is never truly won. There will always be evil, greedy men and women waiting to snatch your freedom away for their profit and power.

“For freedom Christ has set us free; stand firm therefore,

*and do not submit again to a yoke of slavery.” **Galatians 5:1***

“Proclaim Liberty Throughout All the Land Unto All the Inhabitants Thereof”
Leviticus 25:10b

That’s the inscription on our Liberty Bell. The Founders believed in Almighty God. They did NOT believe in government as king.

“Government is not reason, it is not eloquence, **it is force!** Like fire it is a dangerous servant and a fearful master; never for a moment should it be left to irresponsible action.” **George Washington**

Irresponsible action! Today we are experiencing the consequences of the irresponsible actions of our leaders, who have compromised our Constitution and are attempting to legislate your natural rights away.

We have gas prices rising higher and higher.

We have shortages of food and merchandise.

Inflation has our currency falling in worth.

Jobs are scarce. (Or the people cannot afford to work)

Americans are becoming less and less skilled.

Our children's education is really just government indoctrination.

We're being told evil is good and good is evil.

Politicians will allow the burning down of pregnancy clinics and the murder of judges, to save a right (not a natural right) to kill the unborn babies of America.

Foreign countries (many are our enemies) are buying up America's farmland.

Many of our American Industries have moved out of the country.

Our nation's borders are now open invitations for terrorists, drug dealers and human traffickers, rapists, and all kinds of other serious threats.

Our national debt has been raised so many times that there is virtually no ceiling and no way the American people can pay the bill.

The two-party system isn't working for us; it is working against us!

Our elected officials ignore the Constitution.

Our First Amendment is under attack.

Our Second Amendment is threatened with extinction.

Our Founding Fathers signed a declaration against such tyranny. Their grievances then are much the same as what we are dealing with today. However, I believe ours are even worse. AND my fear is that many Americans are already so far brainwashed... that... well, they cannot recognize Liberty. They think freedom is to do whatever they want; that is chaos; or democracy, which is mob rule. Liberty is a much greater achievement and is a higher calling.

When they signed that pledge, it meant treason to the King, who was, at that time, the authority, the ruler! Liberty and Independence meant so much to them that they were willing to sacrifice! They pledged (to one another) their lives, their fortunes, and their sacred honor.

Today, because of the sacrifice they made, we have the right and the duty to stand up and reclaim our Liberty and restore our Republic.

If we were to take a pledge today, the woke would call us extremists, radicals, racists, bigots, and the list of name-calling will grow. They actually want to lock you up, so that they can continue growing their power and wealth.

A quote that has stuck in my head is from the movie, **The Patriot**: *“Why should I trade one tyrant 3,000 miles away for 3,000 tyrants one mile away. A legislature can trample a man’s rights as easily as a king can.”*

We’ve tolerated a lot of nonsense and treasonous behavior from the politicians. It’s time for Americans to put their foot down.

When giving us the Ten Commandments, God didn’t leave any gray areas for compromise. We are to obey His laws, which are in place for our safety and health; in Him we are free!

It's time we take a pledge to our God first, then to our family and our country. Protecting our nation is protecting our future generations. Our Founding Fathers were thinking about us when they wrote the Preamble of our Constitution:

We the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity...

The Constitution, along with the Bill of Rights are our weapons of self-defense! We should NOT Compromise!

I will not compromise - I will demand!

I will not comply - I will insist!

I will not bow to government - I will ONLY bow to MY GOD!

I will not break - I will be strong!

I will not roll over - I will push back... hard!

I will not sit down - I will stand in the face of tyranny!

I will not shut up - I will shout loudly against your lies,

I will not go quietly - I will not go at all!

I will not play follow-the-leader with you – I will exercise my enthusiasm for liberty! This is a Constitutional Republic... AND YOU should follow me!

I will not give up, though tyranny be all around me - I will stand vigilant!

I will not Surrender my Liberty nor that of my children!

Give me Liberty or give me Death!

These are strong words, great rhetoric, a patriotic attitude, but it isn't a plan!!! The solution, or the plan, is simple, yet it truly is most difficult to accomplish. It requires citizen action! You need to get connected and involved in all government... local on up! Study God's word and study the Constitution and the Declaration of Independence. Read whatever will encourage you and inspire you. Soak it up and then GET UP AND GET GOING!

For these, once again... **"Are the times that try men's souls."**

We cannot compromise if we are to...

According To "Our, the American People's" media, 'Show Me' state legislators have delivered a huge millionaire tax cut. 'Show Me' state tax cut in question is called a millionaire tax cut because it entails a capital gains tax. Reference accuracy reliable, on order of 75% of investment capital gains go to 10% of Americans. Critics claim this means there is inequitable capital gains sharing. Fairness never won.

"I favor free trade in drugs for the same reason the Founding Fathers favored free trade in ideas: in a free society it is none of the government's business what ideas a man puts into his mind; likewise, it should be none of its business what drugs he puts into his body."

Arguments Calling For Equity, typically, center on wealth redistribution achieved by variations on confiscating wealth from wealth holders and giving confiscated wealth to non-wealth holders deemed needful. Systemic inequity occurs when people are unable to gain comparative access to opportunities for accruing wealth. Like, just 10% of “Us, the American People” having most capital gain returns,

“That government is best which governs least.”

~ **Henry David Thoreau**

“**We, the American People**” are supposed to be living in a land where our ability to prosper is not restricted by anything other than our ability and perseverance. Demands for equity among everyone, if turned into policy, would force people to surrender some of their wealth so others can have more wealth. Equity, essentially, would have everyone at like economic levels – if only by access to opportunity.

“In the beginning of a change, the Patriot is a scarce man and brave, hated and scorned. When his cause succeeds however, the timid join him, for then it costs nothing to be a Patriot.”

Premier performing artists become so by popular affirmation. People do not buy tickets to performances or buy albums cut by artists who do not meet buyer preference.
