Promises Kept: Democrats Deliver On Affordability By Making Stocks Way Cheaper

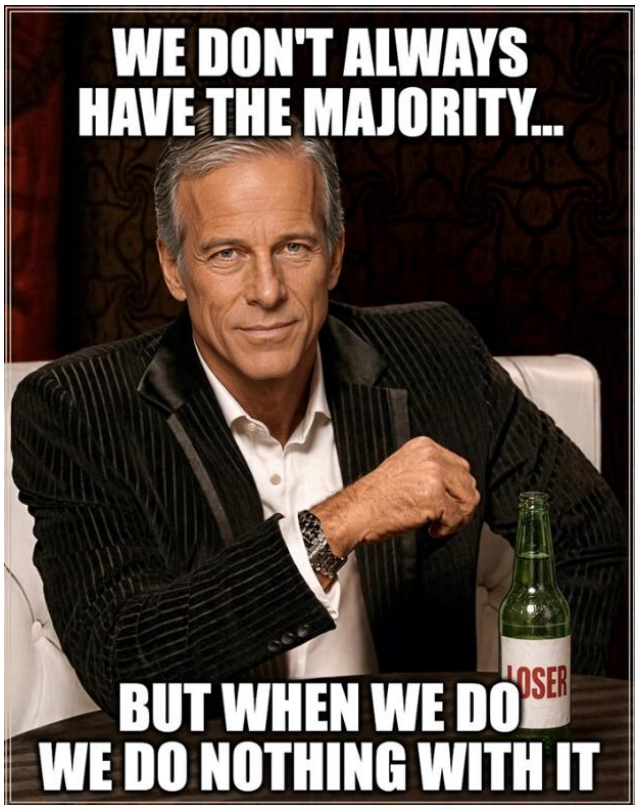

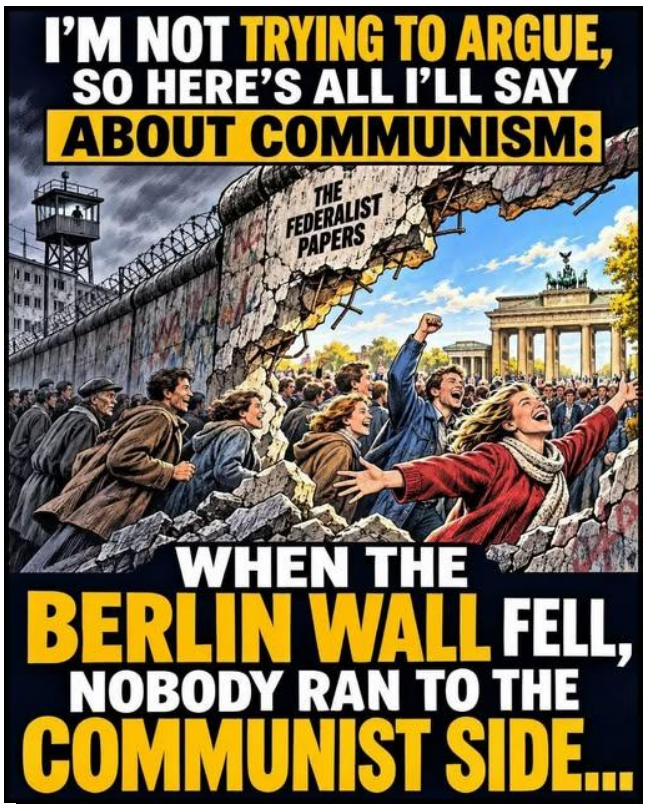

"***<u>Our, the American People's</u>"*** media are running post-Election 2026 articles on trepidation by some folks America will be forever changed as a result of Election 2026 putting democrats in Congressional driver's seat and GOP power to do anything about it is all but non-existent. It's not as though a Congressional party in power has not been relegated to minor party status. Power comes and goes.

"My opinions may have changed, but not the fact that I am right."
~ ***Ashleigh Brilliant***

<u>One Article Stressing Post-Election 2026 Covers</u> concerns expressed by some of America's Supreme Court of the United States (SCOTUS) telling "Us, the American People" their assessment of how participatory government is necessary to preserve America's founding ideals in light of how Election 2026 shifted Congressional majority power along with socio-economic trends carving away at freedom.

"A single death is a tragedy, a million deaths is statistics."

~ ***Josef Stalin***

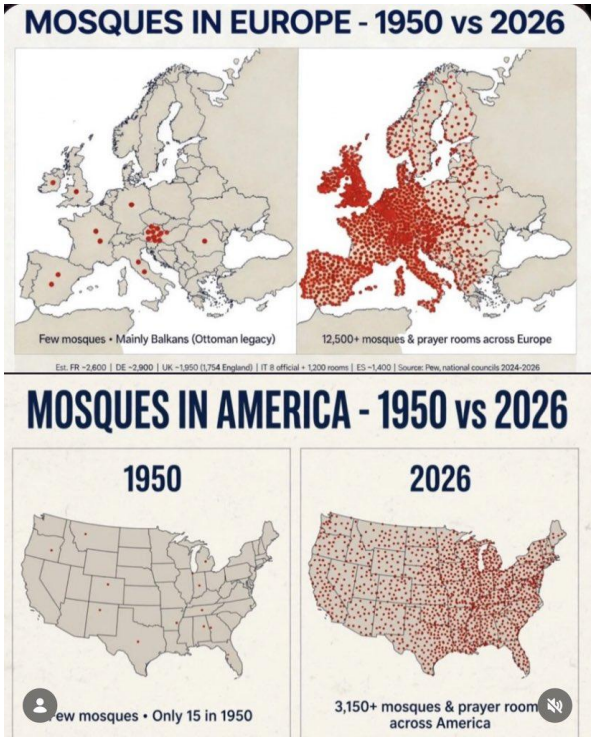

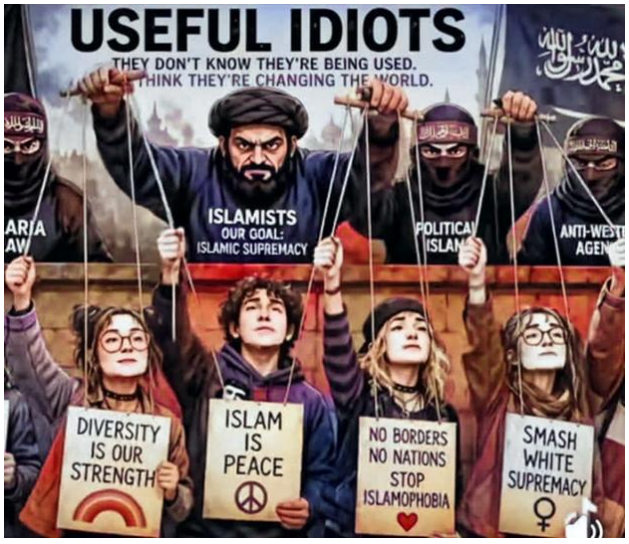

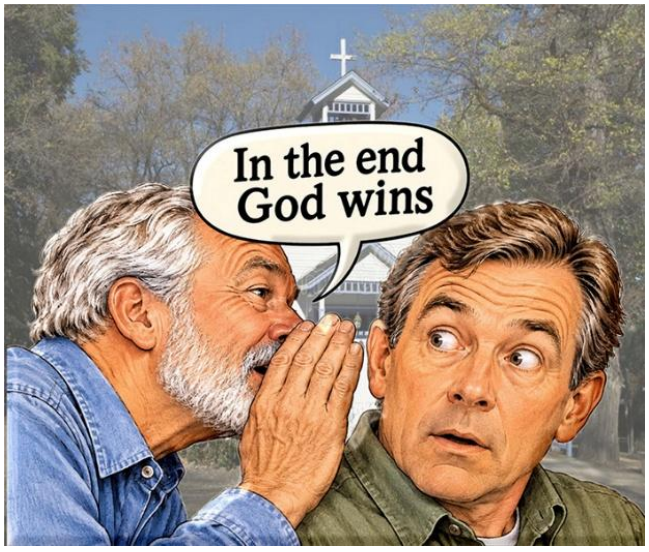

<u>One SCOTUS Justices' Recommendation</u> is increased emphasis in civic education on America's heritage and how it took some 6,000 years for an America-like nation to emerge and would likely not happen again if America loses its global prominence. "We, the American People" would be smart to bear in mind (in light of SCOTUS concerns) 'education' has a solitary purpose – behavioral control.

"The direct use of force is such a poor solution to any problem, it is generally employed only by small children and large nations."
~ ***David Friedman***

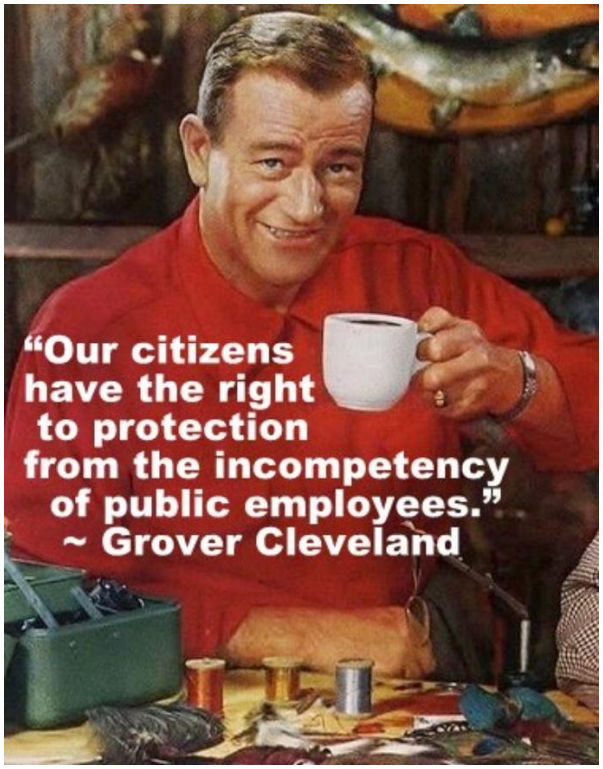

<u>Taxes On Accumulated Wealth</u> ('Tax The Rich'), despite its growing popularity, was rejected by California's Election 2026 voters. If wealth taxes are rejected in California, wealth taxes can be rejected anywhere. Moreover, it is arguable, people's innate desire to be free, to be self-governing may take a hit now and then, but, ultimately, will turn tyranny away. Freedom is an itch always scratched.

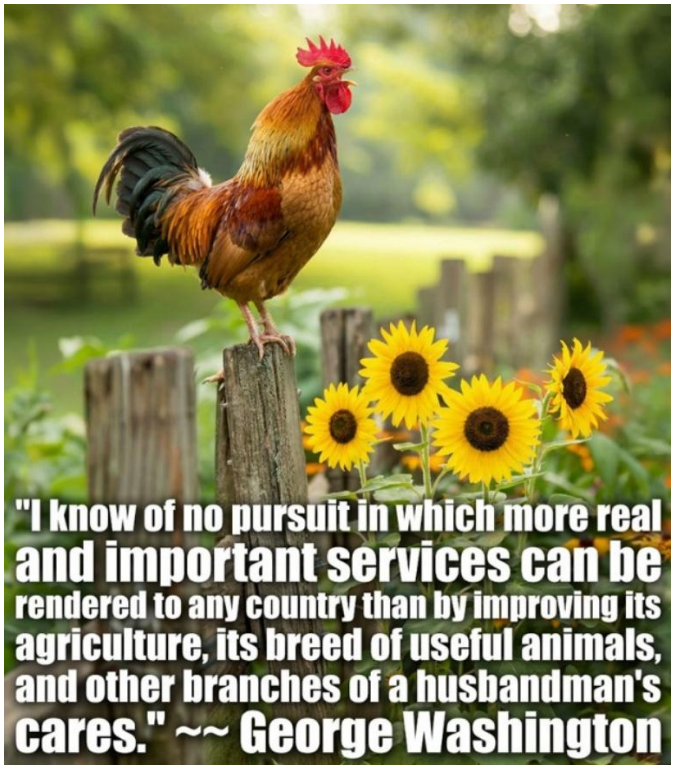

"You should never wear your best trousers when you go out to fight for freedom and liberty."

"***<u>Our, the American People's</u>***" Congressional Senate legislator, Bernie Sandrrs. is on a mission to shore up Social Security for generations of Americans. So, say media reports. Senator Berbnie would subsidize Social Security shore-up like Senator Bernie proposes to shore up every government program he backs. Taxation with special taxes for wealthier taxpayers to be sure they pay their fair share.

"It's illegal to say to a voter "Here's $100, vote for me." So what do the politicians do? They offer the $100 in the form of Health Care, Social Security, Unemployment Insurance, Food Stamps, tobacco subsidies, grain payments, NEA payments, and jobs programs."

~ ***Don Farrar***

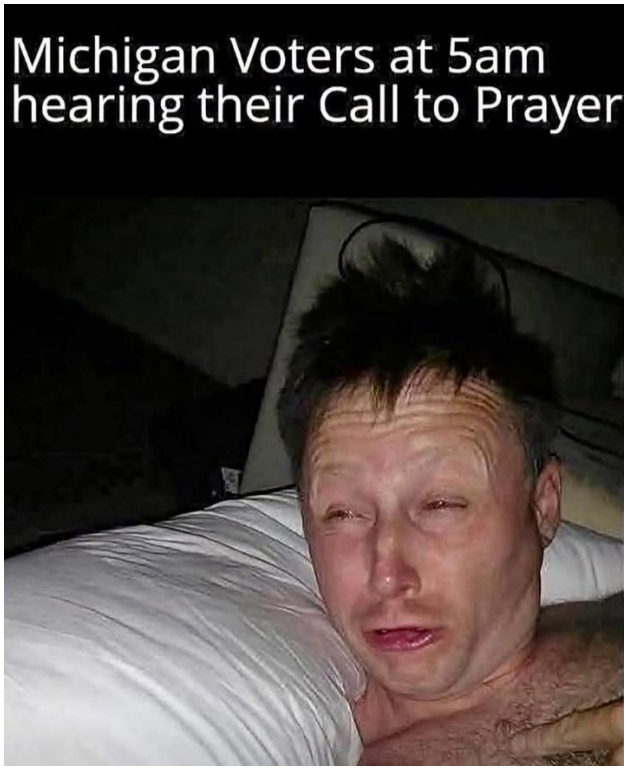

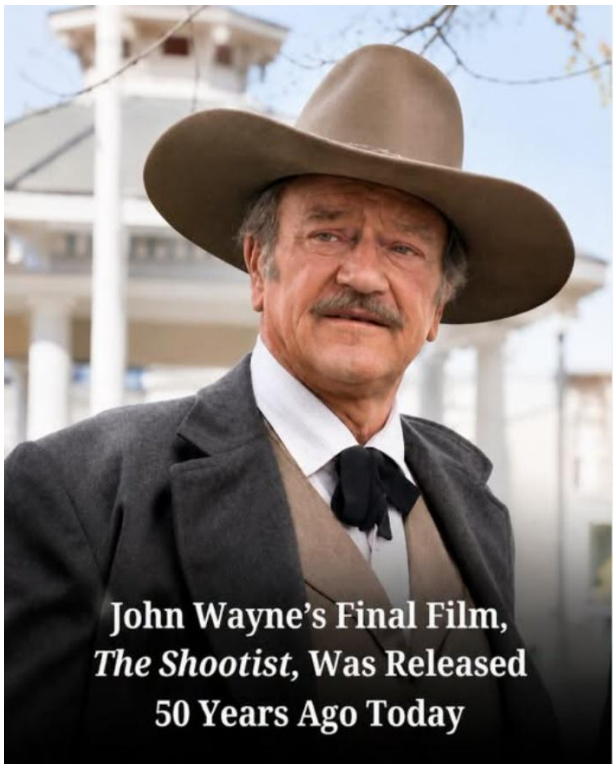

<u>Senator Sanders, In Making His Social Security</u> top priority, warns newly elected democrats not to get caught up in myopic investigations to take down President Donald J. Trump's Administration. Senator Sanders reminded Congressional legislators they need to support working class Americans. Bernie has a tender spot for "Us, the American People" who are in America's famed working class.

“Every movement that seeks to enslave a country, every dictatorship or potential dictatorship, needs some minority group as a scapegoat which it can blame for the nation’s troubles and use as a justification of its own demand for dictatorial powers.”

~ ***Ayn Rand***

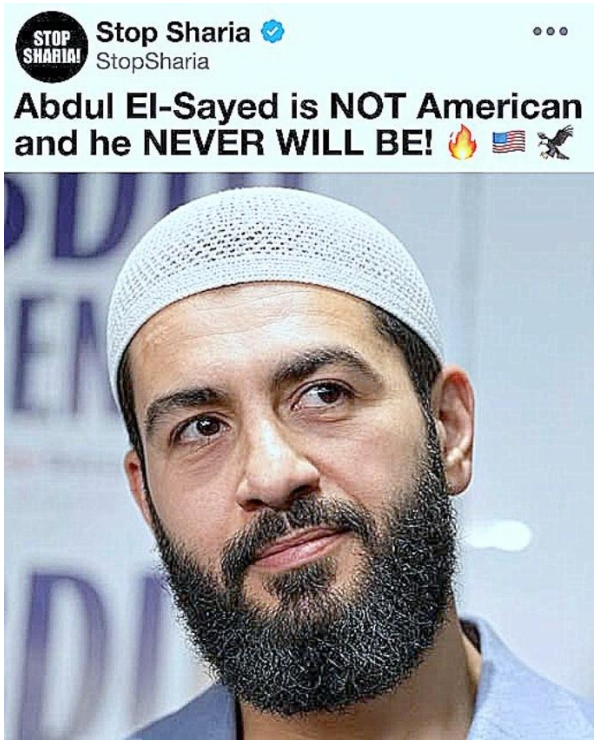

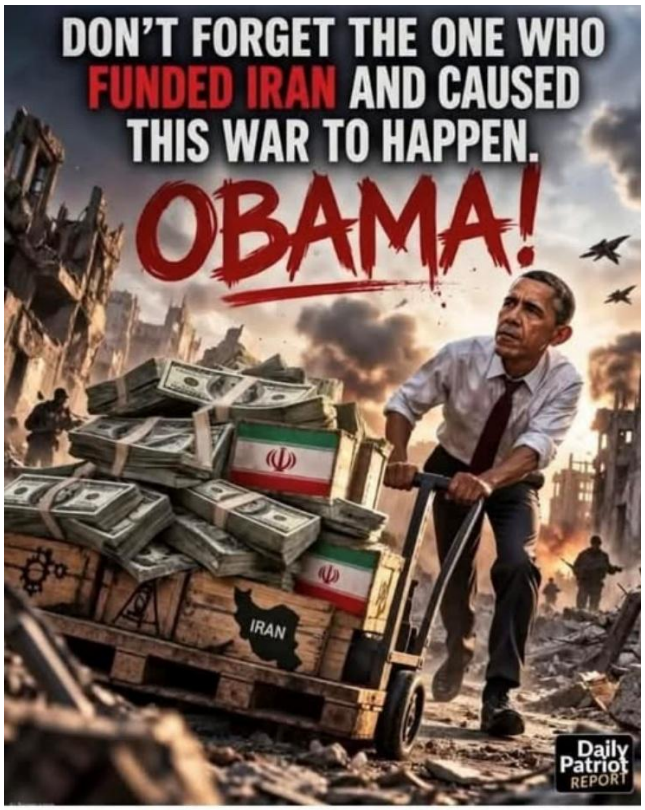

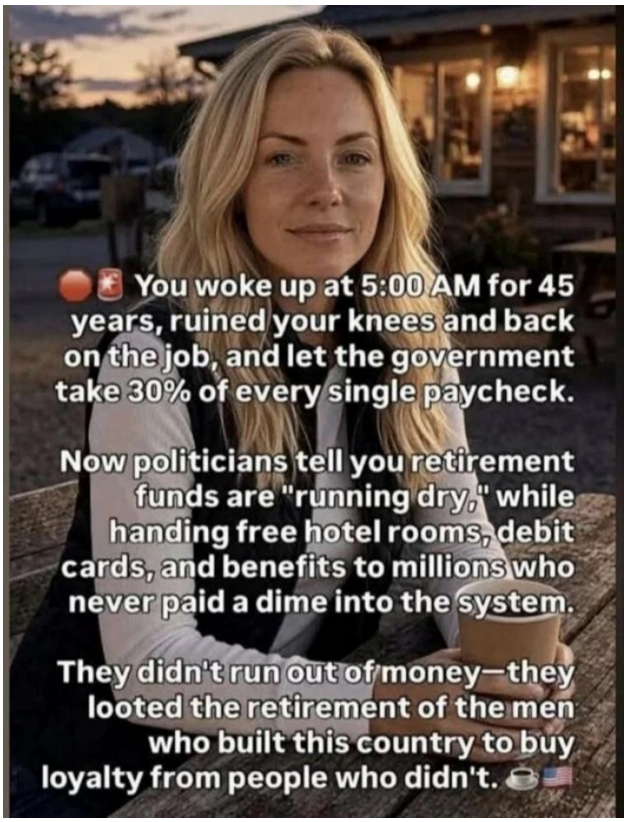

"<u>We, the American People</u>" would be smart to take Election 2026 Congressional democrat majority maker as no more significant than any midterm election causing Congressional legislative majorities to go from one major party to another. Thinking democrat majorities in Congress will pass land-breaking legislation never to be reversed would be wishful thinking at best. Legislators are whimsical.

America: Too Soft, Too Selfish, Too Trusting and Too Easily Fooled

Strange it is, that during this 250th year of our Declaration of Independence, it would seem that so many soft, weak-kneed, selfish, gullible Americans voted to be dependent on government.

Too Soft: We don't want to fight for our Independence.

Too Selfish: We don't want to be Independent, we want government to care for us, at the expense of our grandchildren.

Too Trusting: We're A-Okay with enemies coming into our nation and joining in our governance. No vetting necessary for our national security.

Too Easily Fooled: We actually believe the Two-Party political system is working for us and protecting our Constitution.

I've grown quite sick and tired of listening to the analogies over Tuesday's election losses and wins. All the experts keep talking about one party or the other. Many are blaming President Trump, others blame Senator snake-in-the-grass Thune (who by the way, wants to remain the Senate minority leader). Yet others blame the really bad GOP candidates, ignoring that the democrat candidates talked like they belonged in an insane asylum and placed in "straightjackets." I noticed several in the GOP actually turned on their own; loyalty is not a strong suit with them. All the analogies, all the talking heads continue to talk party power; who has power now and how the other can gain the power back. Not once did I hear a word about **We the People; "Consent of the governed."**

We failed to teach our children the value of freedom and Independence. We failed to teach America's youth the uniqueness of America's inalienable rights. We failed to pass on Faith in God, our Maker and the giver of Liberty. We failed to instill in our children and our grandchildren that they have a duty to vote in our elections, and to vote with forward thinking. We, ourselves, have failed to understand the nature of man and his tendency to act selfishly. Remember, the apple didn't fall from the tree, it was picked, because of a desire to take and have what was not earned, nor deserved.

I'll try not to linger long here with my own personal opinions and analogies but let me throw a small portion of my thoughts and fears at you.

While all the talking heads are giving us the number of seats lost and picked up in DC, those are not the losses that concern me the most. For a long time, the enemies of America have been working to take over our schools, schoolboards, county commissioners, city mayors, doing away with the elected positions of county sheriffs, and supporting bureaucratic (unelected) departments ruling over our land, our air and our water sources. Our townships, cities, and states have been slowly insurrected by globalists and liberals, who absolutely do not believe in the United States Constitution. This insurrection, of sorts, is not monopolized by one political party, I'm sad to say. Both political parties have participated in the erection of new offices and sending hordes of "officers" to ***"Eat Out Our Substance." (***Grievance #10 of the Declaration of Independence.) All of these things, along with foreign aid spending, and pocketing money for their own political purposes, is why they were frantic when DOGE started looking and finding huge waste and discrepancies. Big-gargantuan government benefits the political parties… not the American people.

I have been encouraging my radio listeners and my Op-ed readers to vote against every democrat candidate and then, we'll deal with the republicans. My thought was to chop one party down to size at a time. Knowing that a third party doesn't stand a prayer, as the monopoly two-party system won't allow another party to compete. Of course, these days the two parties are now at odds (mostly) and the real loser… is Liberty!

The only thing we have to fear – is not fear itself, it is our own apathetic complacent nature: **We the People**. Liberty is always in the hands of the people, unfortunately, we trusted our Liberty to a bunch of gypsies, tramps and thieves in DC.

Upgrade to paid

I will leave you with two of my favorite quotes from our Founding Fathers; both are referring to the corruptible nature of mankind. (yes, women too)

Political Parties?

“However [political parties] may now and then answer popular ends, they are likely in the course of time and things, to become potent engines, by which ***cunning, ambitious, and unprincipled men will be enabled to subvert the power of the people and to usurp for themselves the reins of government,*** *destroying afterwards the very engines which have lifted them to unjust dominion.”* **George Washington**

Can we agree that the two-party system has become the potent engines?

Have you ever wondered why Congress decided the office of presidency should be limited, while they can serve until they die… or even when they are brain dead? Their purpose, as always, is power and greed, my friends; and this is happening in both parties. Their unelected interns are making the decisions and legislating; that is not a Constitutional Republic; that is not elected representation. I would personally propose that no elected officials need more than one or two interns or secretaries, neither should ever sign nor “write” legislation.

“The executive power in our government is not the only, perhaps not even the principal, object of my solicitude. ***The tyranny of the legislature is really the danger most to be feared****, and will continue to be so for many years to come.”* **Thomas Jefferson**

Thank you, President Washington, and thank you Thomas Jefferson.

Were these two men perfect? No, they were NOT. Were they Wise? YES INDEEDY, they were all that! Oh, that we would heed their wisdom in today’s America.

Democrats need chaos and fear in order to control **We the People.**

Republicans want peace, at any cost; giving up Liberty for our Safety.

Both parties want “big government.” The larger the government, the lesser you become.

Both parties are serving a globalist governance not American Independence and Sovereignty. They are no longer representing the American people, nor are they preserving and protecting the Constitution, for which they took an oath.

Strange it is, that during this 250th year of our Declaration of Independence, it would seem that so many soft, weak-kneed, selfish, gullible Americans voted to be dependent on government.

I still believe that the silent majority is America's true strength, however, we will not survive another year or 250 years, if we remain silent. Eternal vigilance is the price of Liberty...

"Freedom is nothing else but a chance to be better."
~ ***Albert Camus***

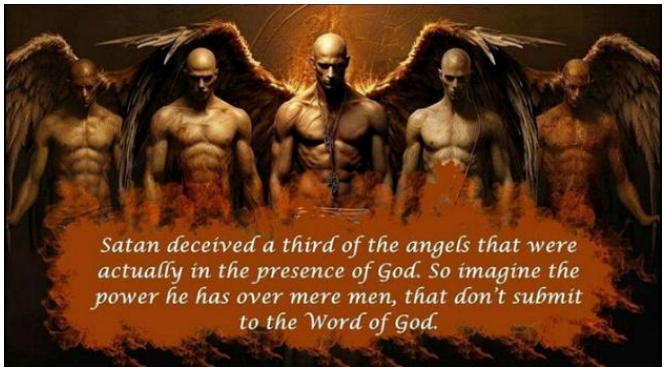

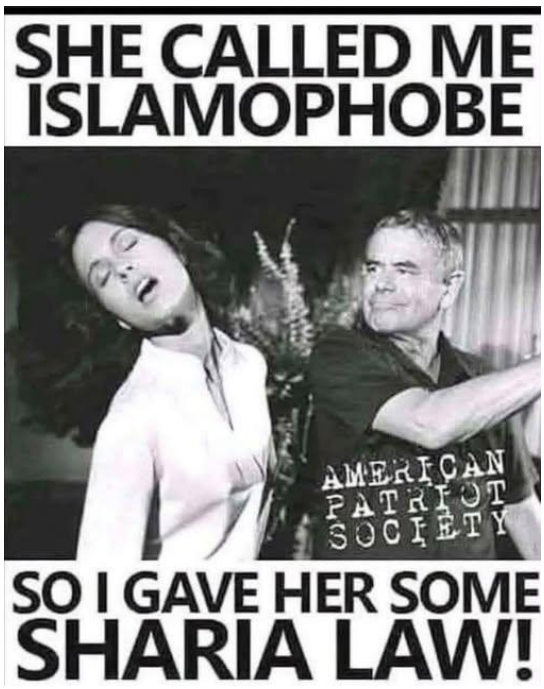

"<u>Our, the American People's</u>" media report America's Supreme Court of the United States (SCOYTUS) stands to lose its conservative majority in lite of Election 2026 resulting in Congressional GOP majority losing ground to a SCOTUS democrat majority early January 2027. Ostensibly, there should be no such thing as SCOTUS having liberal, conservative, or otherwise voting majority bias.

"The best argument against democracy is a five-minute conversation with the average voter."
~ ***Winston Churchill***

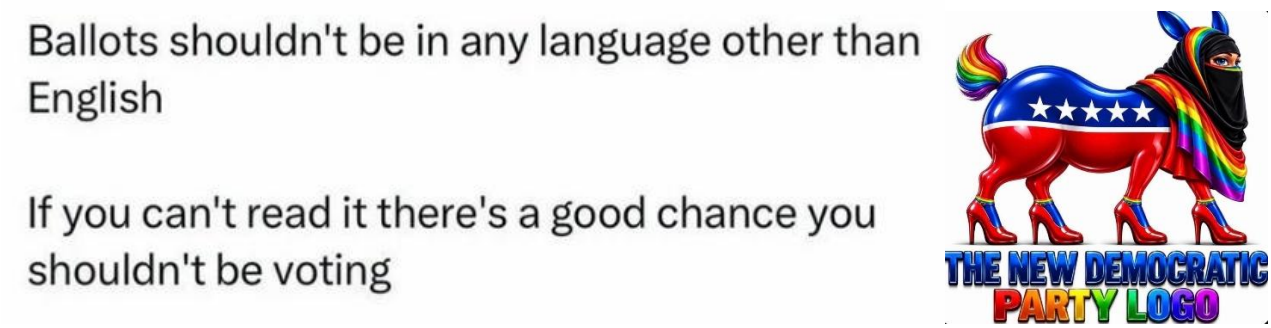

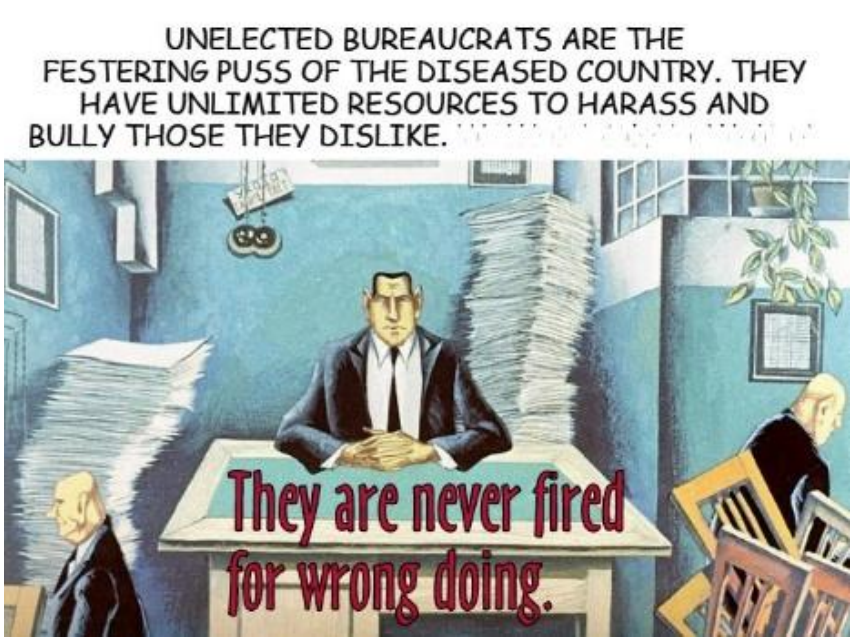

"<u>We, the American People's</u>" have a SCOTUS, by government structure, America's court having final say over matters brought before SCOTUS regarding legislative Constitutionality or disputes. Practically speaking, SCOTUS is made up of people who, despite their training and experience, are as politically inclined as most anyone anywhere in America or elsewhere. 'Fair' people don't exist.

"Jury: Twelve people who determine which client has the better lawyer."
~ ***Robert Frost***

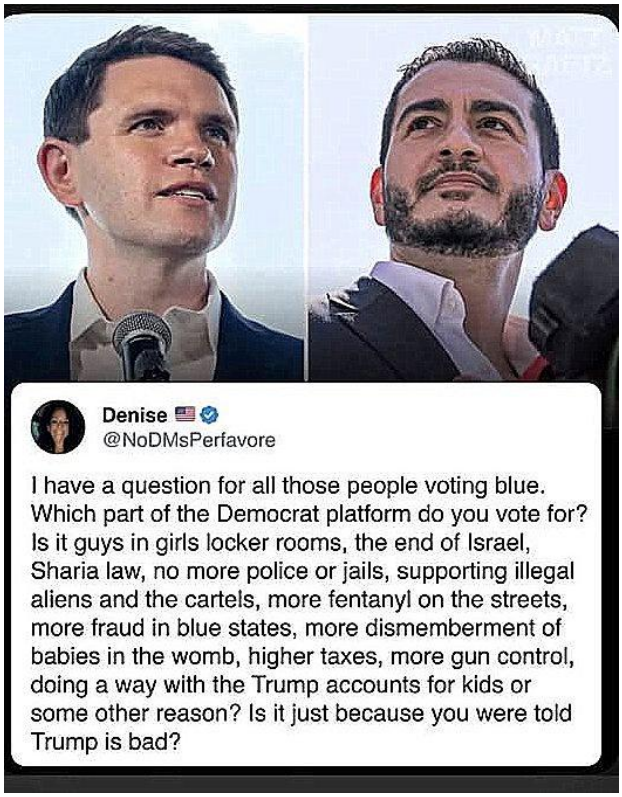

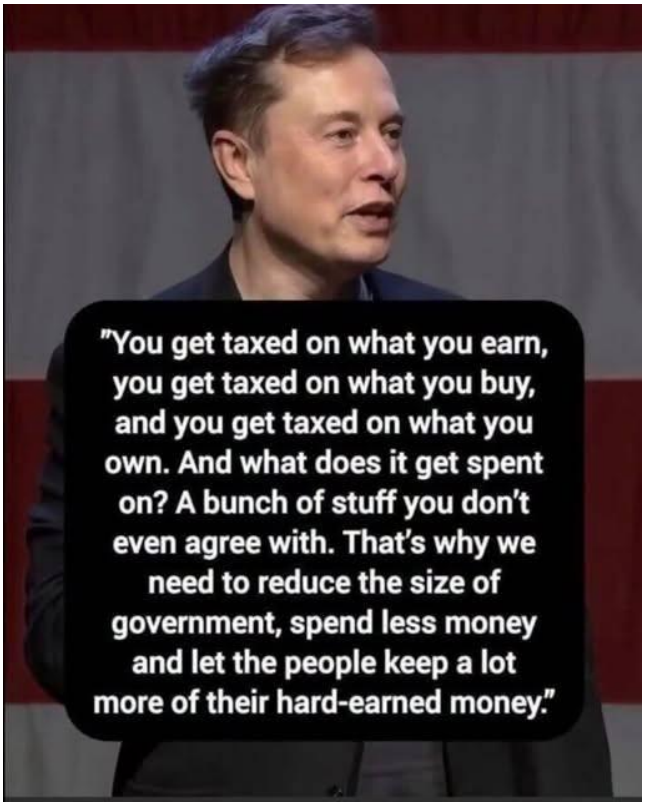

Given 'Fair' People Do Not Exist, it is incumbent on "Us, the American People," as a sovereign citizenry, to keep America's judicial system from doing as much harm (biased decisions) as we can by exerting our sovereignty to pressure our appellate court system to review decisions with as much objectivity as we can muster. We can do so by acting, in a sense, as a jury would decide a court case.

"Whatever you do will be insignificant, but it is very important that you do it."
~ ***Mahatma Gandhi***

<u>There Is Nothing To Stop Us</u>, as a sovereign citizenry, to organize judicial review by citizens acting ad hoc to prompt examination of controversial judicia decisions. It would not be surprising if there were howls of protest from Law establishments, our judiciary, and academia demanding such reviews be invalidated. Reason enough to have such reviews. 'T is we who must live with court decisions.
