~ ***Bill Clinton***

<u>A Time For Gloatng By</u> "Our, the American People's" Former President Barack Obama whose followers are characterized by media as disciples. Mr. Obama's Election 2026 victory lap may be short run. Americans do not show an overwhelming tendency to close ranks with ever bigger government with ever smaller return on taxpayer investment. Empirical pragmaticism lies in wait.

"I can spend your money better than you can."
~ ***Bill Clinton***

"<u>We, the American People</u>" are lured in for times when big, socialist-leaning government appears benevolent and durable as long as wealthier citizens are forced to pay their fair share of taxes so other, less wealthy

Americans can have a better lease on life. Sooner or later wealthier taxpayer ranks dwindle from asset confiscation. Gradually, wealthier taxpayers become less wealthy, with smaller fair shares.

"Any president that lies to the American people should have to resign."
~ ***Bill Clinton***

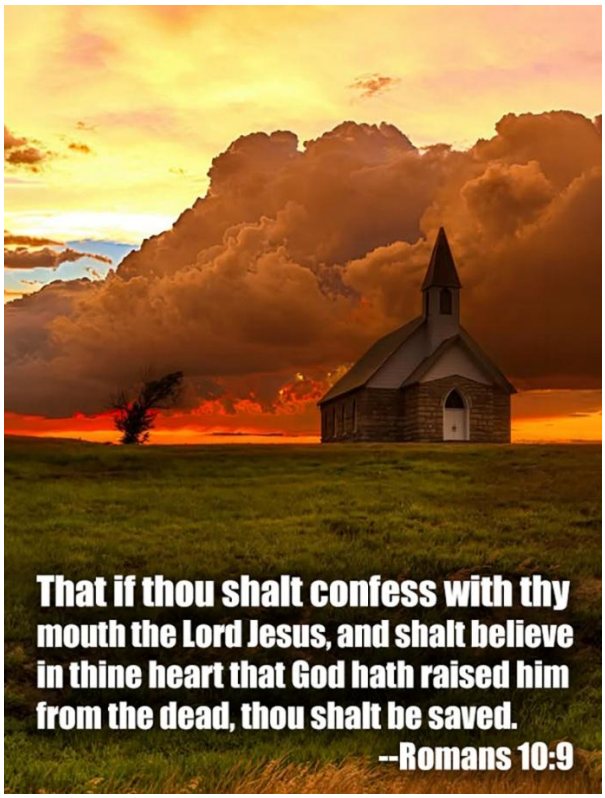

Societies Where Everyone Has Equal Equity, regardless of demand for their products or services are vulnerable to 'equitable return for equitable contribution disorder.' Producers develop a feeling of being used regardless of chants like 'God loveth a cheerful giver.' Slavery hath many faces, all eventually rejected by societies where effort and reward are mutual partners. Cries of equity fall on deaf ears.

"Look not to the politicians; look to yourselves."
~ ***Richard Cobden***

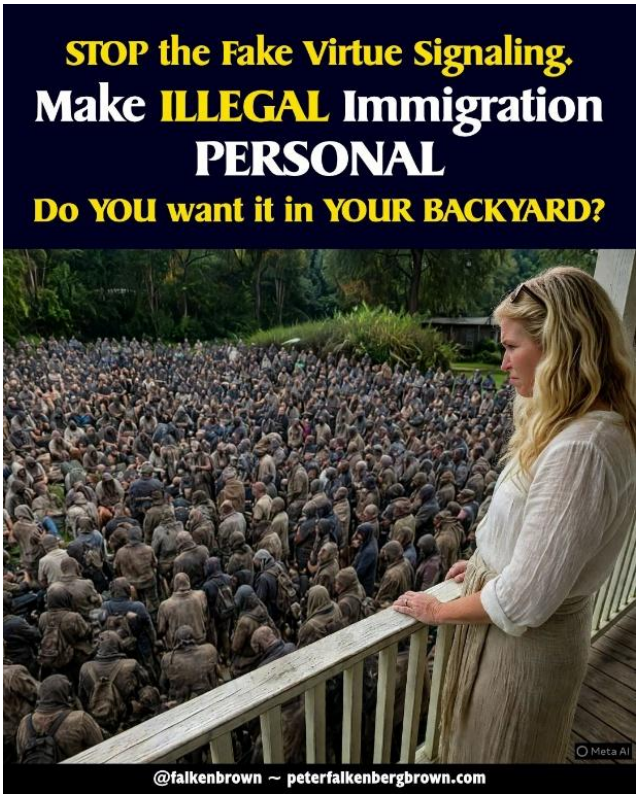

<u>There Is Nothing To Stop "Us</u>, the American People" from offering opportunity for they willing to t

ake risks to deliver needed (or wanted) goods and services for profit. Surrendering equity just because someone claims cause to have equity is another matter. Sooner or later producers find ways to keep fruits of their labor for themselves and part ways with government officials out to confiscate p[roperty.

“Liberty is not collective, it is personal. All liberty is individual liberty.”
~ ***Calvin Coolidge***

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to give quarter to, offer sanctuary to, or negotiate with terrorists. They refuse to live in fear or at risk brought on by "State" policy.

"Democracy is the road to Socialism."
~ ***Karl Marx***

President Donald J. Trump Should Resign January 20th, 2027 as gesture of generational wisdom only great leaders can do to save their party from virtual apocalypse. So it is, says a Trump ex-strategist, Matt Braynard, so says a pertinent media article dealing with GOP's Election 2026 shellacking by voters who ushered in a 'blue wave' likes unseen in decades. One GOP will take into Election 2028.

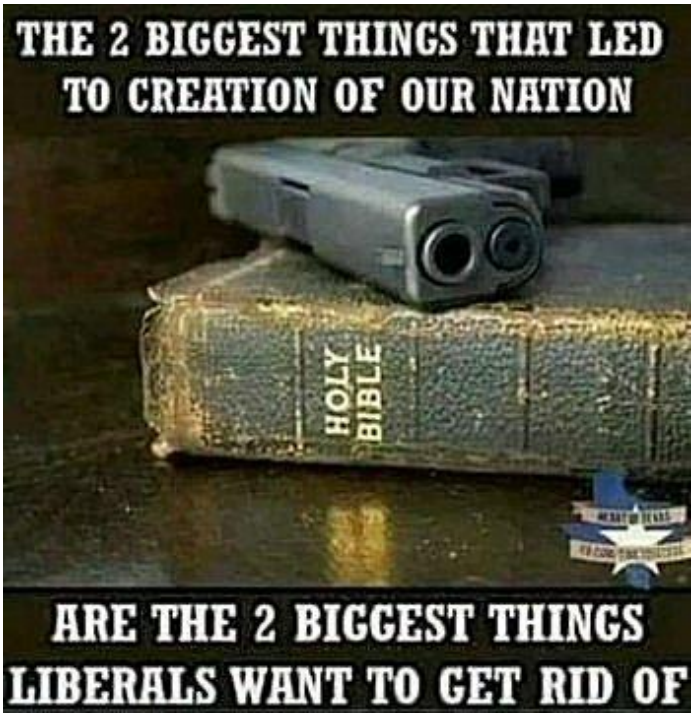

"Simple, clear purpose and principles give rise to complex, intelligent behavior. Complex rules and regulations give rise to simple, stupid behavior."

~ ***Dee Hock***

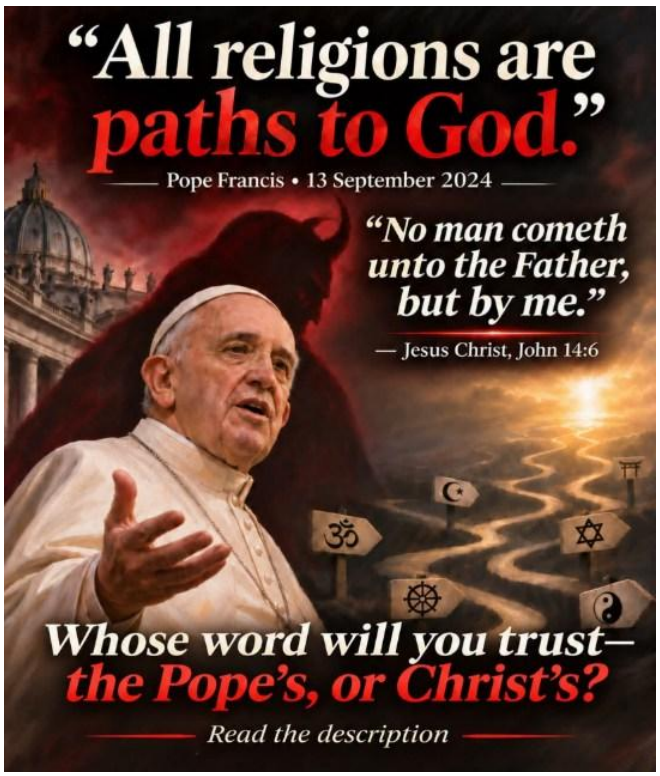

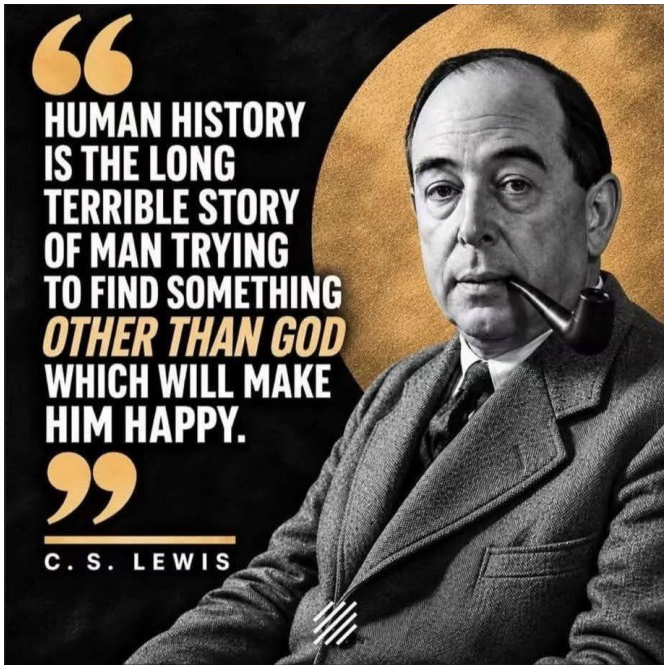

Odds Are Smitten GOP Loyalists will be alive and well after Election 2028 and beyond. "We, the American People" have withstood political pendulums since America cast her first election. People with a thirst for lawful

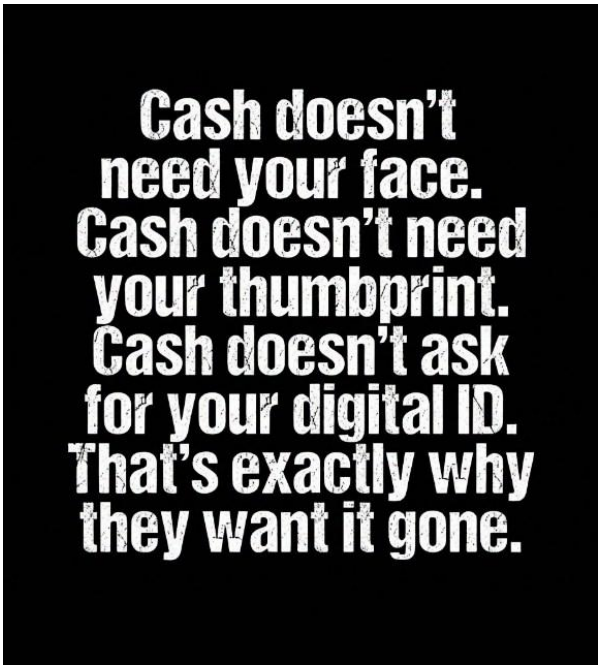

control over their fellow Americans always find a way to step up and convince voters they will turn political winds around after a groundswell defeat of their party's aspirations.

"There cannot be a good tax nor a just one; every tax rests its case on compulsion."
~ ***Frank Chodorov***

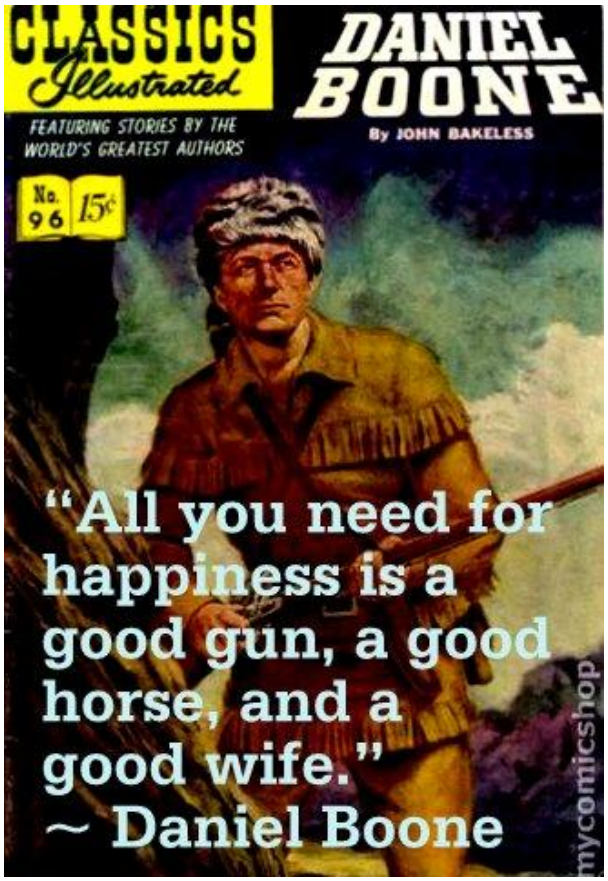

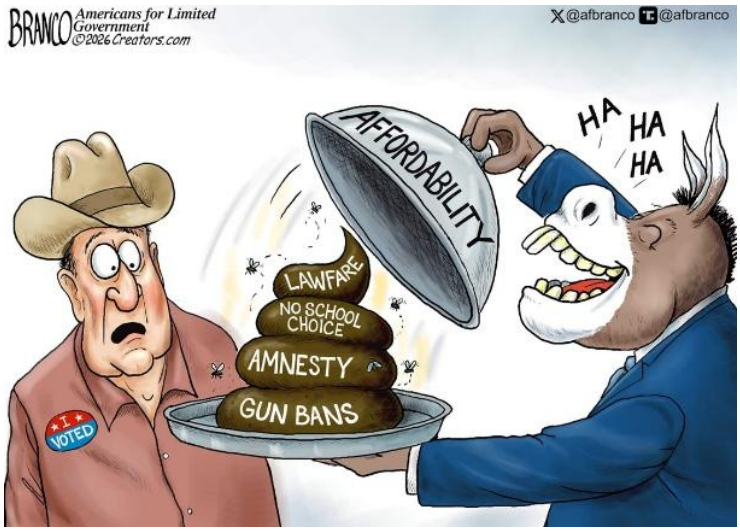

"<u>Our, the American People's</u>" election system, if it does nothing else, offers opportunities to anyone brash enough to think they can outwit fundamentals of economics and basic human nature. And, never failing, enough voters are willing to try them, having set aside their options, as a sovereign citizenry, to exert their self-governing power to keep government astride Liberty's straight and narrow principles.

"The arts of power and its minions are the same in all countries and in all ages. It marks its victim; denounces it; and excites the public odium and the public hatred, to conceal its own abuses and encroachments"

~ ***Henry Clay***

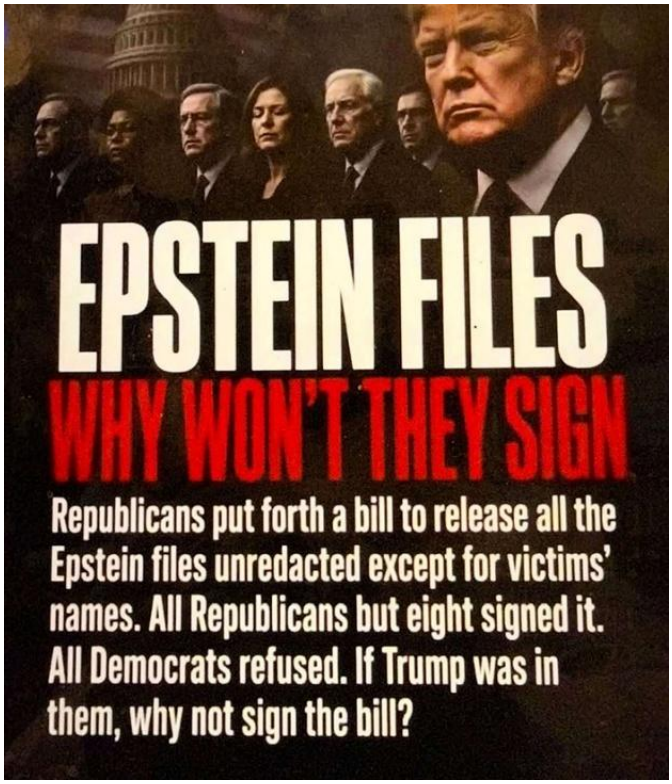

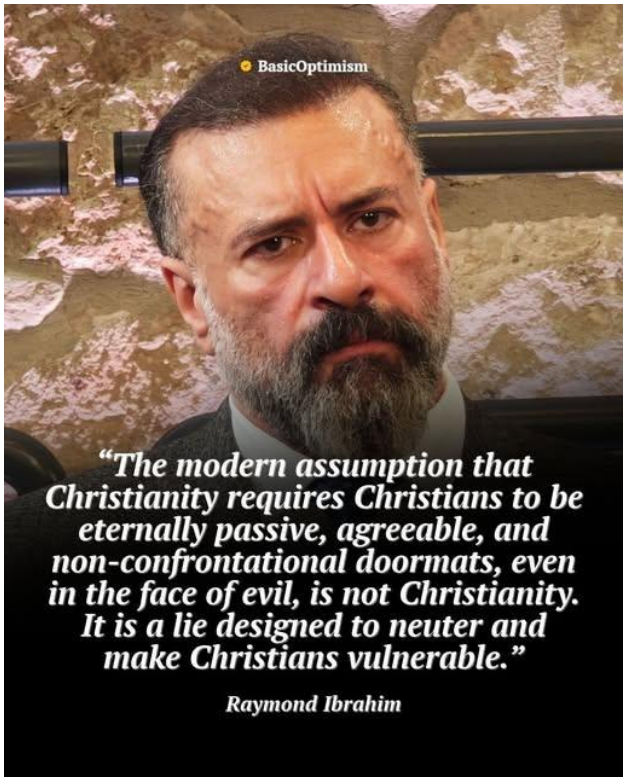

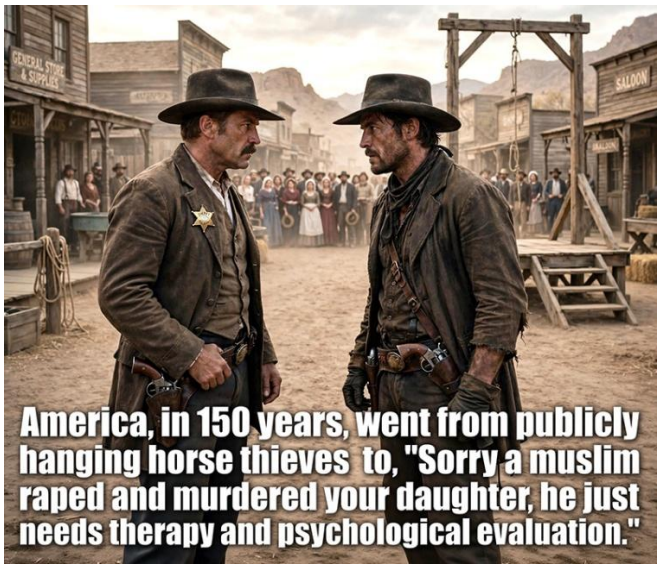

GOP Candidates May Fair Decidedly Well in Election 2028 for one reason over others. Ambitious democrat legislators, judges, and chief government executives face, for all intents and purposes, political reality, namely, affordability (a feature promise of Election 2026 winners) does not happen to "Us, the American People" by decree absent sufficient legislative numbers, then to find it impractical.

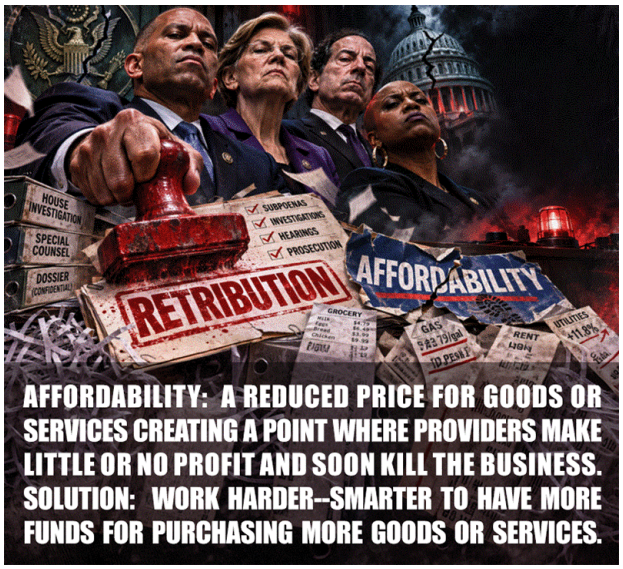

"I feel obliged to withhold my approval of the plan to indulge in benevolent and charitable sentiment through the appropriation of public funds … I find no warrant for such an appropriation in the Constitution."'

~ ***Grover Cleveland***

People Gritty Enough To Live In Liberty do not allow legislators – or other public officials within These United States of America, to permit federal authorities or courts to define or limit their 10th Amendment powers beyond specific Constitutional constraint. They protect their lives and property against "State" intrusion.

"The purpose of government is to rein in the rights of the people."
~ ***Bill Clinton***

When we look around and wonder how America grew so very far away from our foundation of Life, Liberty and pursuit of Happiness, we can only come to one conclusion; We the People allowed it!

If you do not object, then you consent or agree. Silence in the face of evil is evil itself.

At no other time was this more obvious than during Covid! Have you noticed people use the "era of Covid" when chatting about this or that?

During Covid, the American people complied with the most ridiculous rules, regulations and mandates. What on earth possessed us to accept quarantining the healthy and then releasing people from prison? Knowing that our healthy young children were at no risk, we masked them anyway, and of course Pfizer wanted us all (including the young) to be vaccinated. Employers were demanding vaccinations or threatening termination. Mom and Pop stores were forced to close, while big box stores were allowed to stay open. Churches were closed, while liquor stores were considered essential. Grocery stores demanded mask wearing, the floors were marked with arrows telling you which aisles to go up and which aisles to go down. When you checked out there were X's on the floor for all sheeple to remain 6-feet apart. We allowed them to close the schools, and we watched families and children suffer from no person to person contact outside

the home. In fact, the “government” told us not to allow the children to play outside. Our elderly, sick and dying were forced to die alone.

My point is that nearly every American knew the Covid dictators were all wrong; most of us knew these were acts of dictators. We were subjected to absolute despotism: Tyranny, yet we were silent.

Upgrade to paid

Today we see former President Trump being (gagged) silenced, indicted, harassed, fined and bullied by a regime we don’t recognize as American. Yet, for the most part, We the People stay silent.

We are told that November 5, will be the day we speak out, Election Day. I do agree, but shouldn’t we be making phone calls and writing letters to our elected officials,

demanding this rogue Executive Branch, aka the Biden regime, **cease and desist** its totalitarian ways?

It is obvious that the Biden-Kamala-Garland-Mayorkas-Obama-regime hates America just as much as did the Obama-Biden-Susan Rice-Lois Learner-Holden-Hillary regime. Democrats have turned on America, that's assuming they ever really were for America.

Do you remember when President Trump was president and during a press conference, CNN's Jim Acosta refused to give up the microphone; even pushing the away the arm of the assistant in charge of moving the mic to other press people? This is my opinion; Trump should have had Jim physically removed from that press conference, and he should not have ever been allowed back in! Trump only banned him for a short time and Fox News objected (including Sean Hannity) claiming Trump's banning Acosta was an act contrary to Free Speech! Fox News was wrong! **We the People** should have made an issue out of that blatant behavior of Jim Acosta toward President Trump. CNN should have been flooded with mail requesting (demanding) the firing of Jim Acosta.

CNN host Kasie Hunt abruptly ended her interview segment with Karoline Leavitt, a Trump spokeswoman, when Karoline mentioned that Jake Tapper referred to Trump as Adolf Hitler. Why would she do that? Karoline was speaking the truth and pointing out that as we head to this Presidential debate between Trump and Biden, with Tapper as a debate monitor, Trump is very likely to be treated disrespectfully and unfairly. CNN has already stated, as one of the debate rules, that they will cut off microphones. Thursday, we will see, once again, as CNN displays their collaborated bias. During Thursday's debate CNN will not serve the American people honestly, but instead will proceed with their rude, biased, and disrespectful manner, while pushing, protecting and propping up their own candidate choice, Joe Biden.

Note to Fox News – this is not freedom of speech, and Americans need to punish the untruthful behaviors of all "Fake Medias."

Upgrade to paid

Exercise your free speech by choosing who you will spend your dollars with; boycott those who support the tyrannical behavior that we are experiencing in America. Send

letters to those who are in positions to make changes. When you send these letters, make sure you send duplicates to your representatives in your state legislatures and those representing you in D.C. Start petitions, if necessary, make phone calls… do whatever it takes, but do not remain silent!

Have we in America been oppressed for so long that we no longer recognize our oppression? Or do we just casually accept it; oh yeah, well that's just politics…

"All tyranny needs to gain a foothold is for people of good conscience to remain silent. Of all tyrannies a tyranny sincerely exercised for the good of its victims may be the most oppressive. The secret of freedom lies in educating people, whereas the secret of tyranny is in keeping them ignorant." Edmund Burke

Silence is not golden!

As we read in **Ecclesiastes 3:3 To every thing there is a season, and a time to every purpose under the heaven.** In verse three we read, **A time to kill, and a time to heal; a time to break down, and a time to build up.** Again, in the last part of verse seven**…There is a time to keep silence, and a time to speak.**

Our Constitutional Republic has been seized by greedy politicians and their bureaucrats. America seems to have lost its way. It's time to break down the bureaucracy, dispose of the despotism, kick out all the tyrants and Restore our Republic.

We cannot rebuild or restore our republic by staying silent.

"There's a certain enthusiasm in Liberty causing mankind to rise above itself in acts of bravery and heroism." Alexander Hamilton

Wouldn't it be nice to live and breathe freedom in America again?

"There are three things which I do not want the government choosing for me: my doctor, my school, and my God."
~ ***Doug Newman***

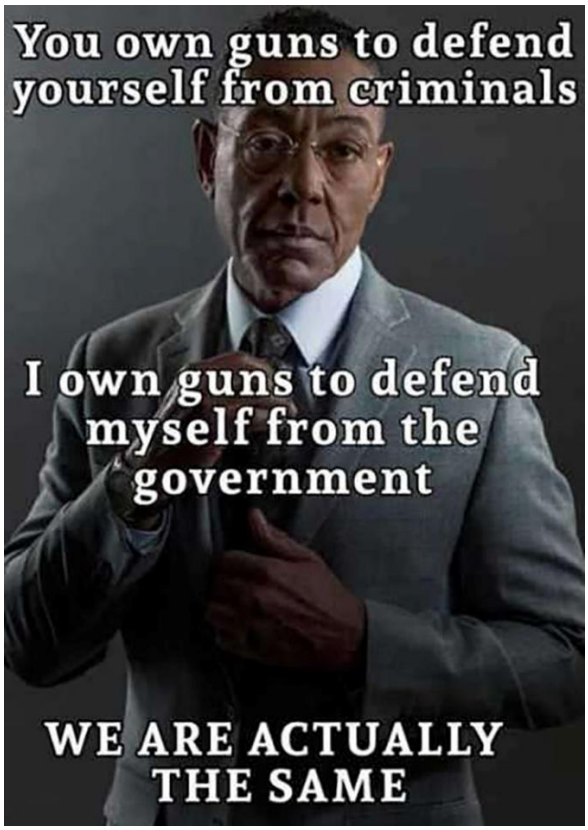

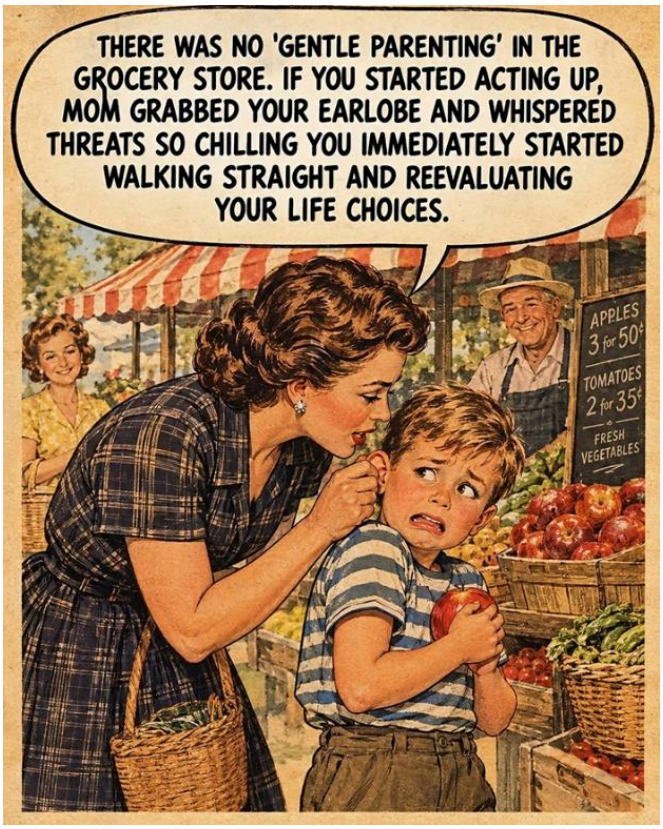

"Our, the American People's" 'Blue Wave' Democrat Congressional majority has not taken office, but Kamala Harris and her former boyfriend mentor-mayor Willie Brown warn (speculate) of a 2028 comeback. Media coverage includes a comment from Willie Bron on Harris's presidential potential: "No Baptist preacher flavor in her soul." Brown added Harris had reached America's level for women.

"Do not suppose that abuses are eliminated by destroying the object which is abused. Men can go wrong with wine and women. Shall we then prohibit and abolish women?"
~ ***Martin Luther***

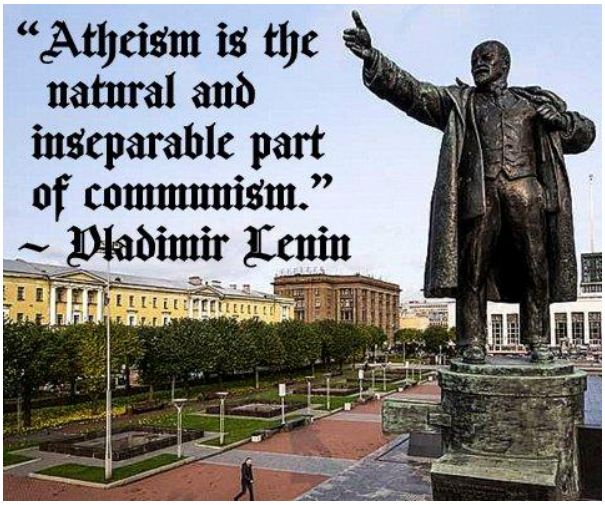

"<u>We, the American People</u>" might wonder should a warning Harris would make a 2028 comeback might mean. Another best accomplishment as VP Candidate would make sense. Democrat mouth-waterings of a 2028

presidential victory is to be determined. Even a strong chance is likely to hinge on democrats living up to their Election 2026 ranking promise, affordability. Dictates won't fly.

"If you feel driven to feed the poor, get your checkbook out and keep your tyrannical mouth shut about it."
~ ***Lew Goldberg***

Newsom Rushes To Murder Scene To Commute Killer's Sentence

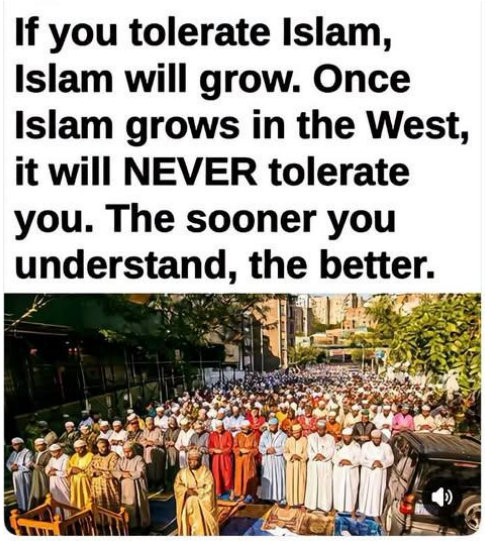

<u>It Might Occur To "Us, the American People</u>" democrat promises of affordability have already been overshadowed by calls for investigations into anyone and everyone associated with Donald J. Trump in any manner. 2027 and 2028 nay well be saturated with two words as political maneuverings play out: "Investigate! Veto!" Public service takes a back seat when thirst for lawful power is unquenched.

“Politics is a clash of interests masquerading as a clash of principles.”
~ ***Anonymous***

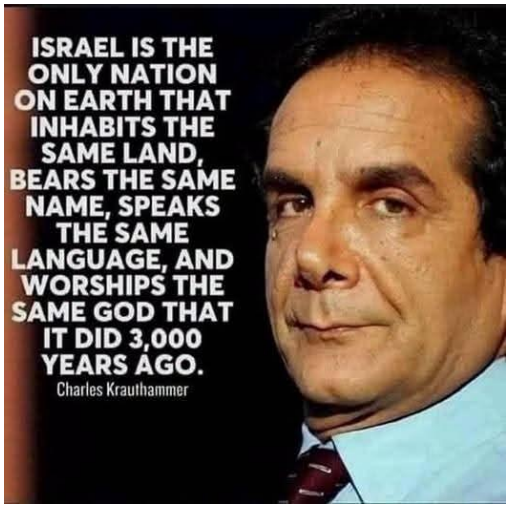

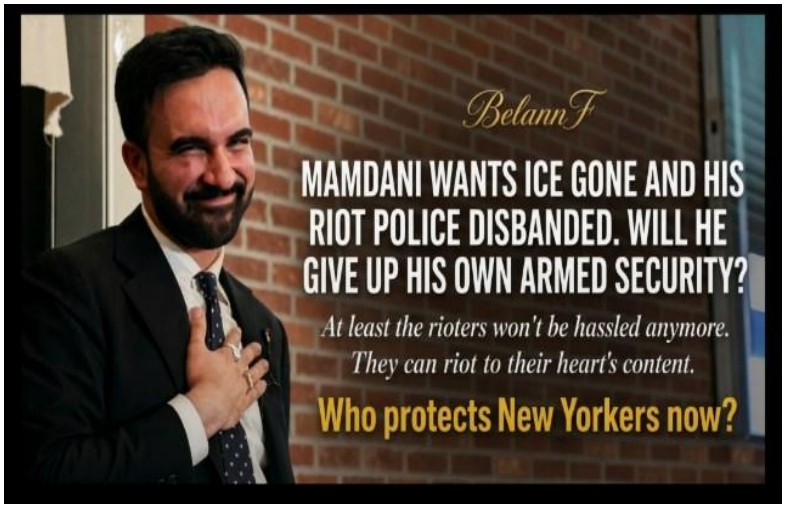

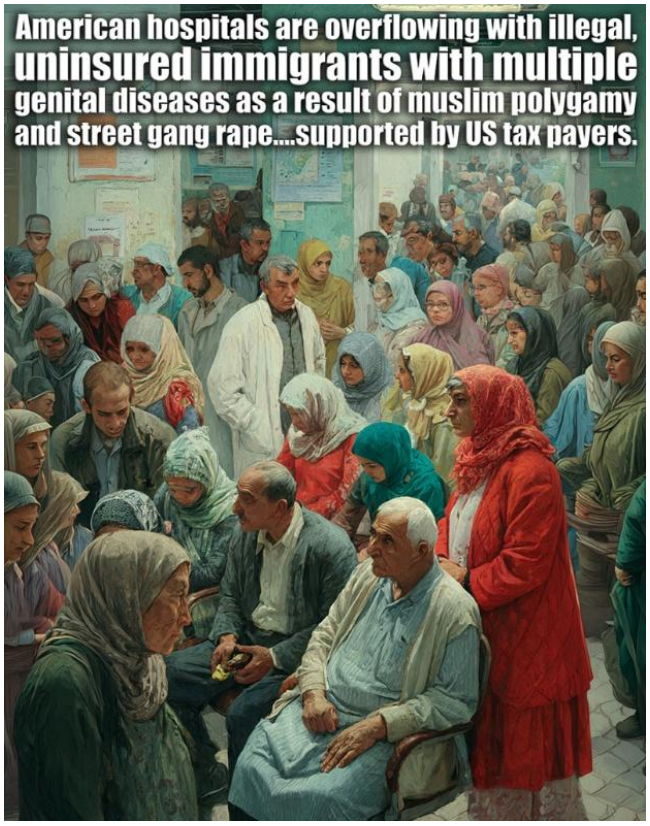

GOP 2028 Hopefuls May Be Smart to get a hold on cost of warmaking and related economical costs to consumers. Consumers pay for everything. Not a bad idea to lay out connection to affordability on a cost of munitions versus cost of basic needs basis. Congressional majority democrats won’t be able to make costs affordably lower sim-ly because Americans wanted republicans to do and they didn’t.
