It Could Be A Small Step from banning books in public libraries to disallowing private ownership of such books. It could be as small a step to ban those very books from bookstore shelves. "We, the American People" would be smart to cast a jaundiced eye when special interest groups look to courts to limit access to information or things those special interest groups deem not appropriate to have.

Public Libraries, Budgets Accommodating, could limit access to areas where books deemed inappropriate for, say, children under a certain age. No different, essentially, than public theaters having age-restriction access to age-rated movies. Taking steps to stop virtually everyone from accessing information or things amounts to censorship. Someone needs access to censor something.

If Muslims want people to respect Islam as
“A Religion of Peace”
 then these are
THE 4 ACTIONS THAT MUSLIMS MUST DO.

1. Stop ALL VIOLENCE against non-Muslims.
2. Stop raping, beating, & enslaving women.
Grant Equal Rights to All Women.
3. Stop ALL VIOLENCE against anyone who
“Blasphemes” against Islam or Mohammed.
4. Stop ALL VIOLENCE against anyone who
Leaves Islam & Becomes an Apostate.

MUSLIMS, CAN YOU DO THESE THINGS?

If you CANNOT, what does that say about Islam?
 Clearly, Islam is a Totalitarian System

Censorship Power Constitutes A Threat to intellectual freedom Threats to intellectual freedom constitutes barriers to ideas. Barriers to ideas curtail opportunities to advance quality of living. If There is to be censorship-like power in “Our, the American People’s” government hands, we would be smart to assure such censorship is limited to safeguarding our security from despotic aggression.

Editors In Question Point Out so-called “Constitutional chicanery” has been at play since America’s triumvirate governmental began. “Our, the American People’s” three-branch, checks-and-balance system is a great idea - if it works. There are many ways in which our Liberty has been infringed upon or stolen. While Liberty is always in the hands of the people, there are ways in which government officials curtail or suspend our Liberty or our rights. Perhaps its as simple as them providing us benefits through some proposed government program...or perhaps its safety measures after an attack on our homeland, such as 9/11...it could be precautions taken when a pandemic hits our nation...or new mandates to appease the federal departments of bureaucracies for their claimed purposes of cleaner air, land, safety etc.... or maybe it's as simple as the government spending exceeds the incoming revenue, so they increase taxes or look for other ways to make Americans pay.

Regardless of the reasons or their excuses, our government has grown so large it no longer seems to concern itself with Liberty for **We the People**. I would say the concern of bureaucrats is more about how they can take from Americans, with no thought to Life, Liberty and the pursuit of Happiness.

Government bureaucracy is a tool, an ugly tool to limit your Liberty; for the theft of your Liberty.

I began writing down my thoughts after the election this November. There was a great deal of talk and concern over the Islamic-Marxist Mamdani winning the New York City Mayor election, and there were democrats (all Marxists) winning in other elections across the

nation. In my “ponderings” I mention democrats a lot, but be assured I am well aware that many republicans are equally anti-Liberty.

The Ponderings Of An Election

While the Democrat Party speaks of protecting American democracy, they promote policies that are Marxist. Many of them brag about being socialists, yet they pretend to believe in our Constitution, which they do not! **In fact**, our Founding Fathers warned us against a “democracy” form of government; therefore they chose to established this new young nation as a Constitutional Republic, “**Consent of the Governed!**”

Democracy is mob rule, which is the reason the Democrat Party wants to remove the electoral college and both parties continually practice redistricting to benefit the political party and not the people. Is there any wonder as to why they continue their false language of democracy? It’s always about power!

*“A democracy cannot exist as a permanent form of government. It can only exist until the voters discover that they can vote themselves largesse from the public treasury. From that moment on, the majority always votes for the candidates promising the most benefits from the public treasury with the result that a democracy always collapses over loose fiscal policy, always followed by a dictatorship.” **Alexander Fraser Tytler***

It would seem that our elections are about selfish wants and no longer about a better future for our children and grandchildren. No longer are people concerned with independence; they want government assistance, which is dependence.

The average age of the world’s greatest civilizations has been 200 years. These nations have progressed through this sequence:

*From bondage to spiritual faith; From spiritual faith to great courage; From courage to liberty; From liberty to abundance; From abundance to selfishness; From selfishness to apathy; From apathy to dependence; From dependence back into bondage.” **Alexander Fraser Tytler***

“Our real disease...is democracy.” Alexander Hamilton

“The known propensity of a democracy is to licentiousness which the ambitious call, and ignorant believe to be Liberty.” Fisher Ames

Knowing our Founding Fathers were adamantly against a democracy form of government, why do the majority of our elected officials and media, including conservative media, keep speaking of “democracy” as if it is some great American way to freedom?

Marxism, socialism or even a pure form of democracy; none of these forms of government are compatible with our Constitutional Republic. The newly elected mayors, governors and attorneys general are not believers in American government, as it was originally established.

By the way, a top-heavy government run by departments of bureaucrats (unelected), is also not compatible with the original intent of our Constitution of the United States of America.

According to those who prefer Marxism, communism or socialism, they have a belief in the power of large government and not a belief in **“The Creator God.”** They also do not put the needs or the Liberty of the citizens in high regard. **This was never the intent or the vision of America’s Founding Fathers**, for they believed that all our rights came from “Creator God” and that He created all men equally. It is God, as they confirmed in The Declaration of Independence: **We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed...**

Regarding our Republic: **“Republicanism is not the phantom of a deluded imagination. On the contrary...under no form of government, will laws be better supported, Liberty**

and property better secured, or happiness be more effectually dispensed to mankind.” George Washington

What the Marxist Socialist-democrats and yes the globalist RINO republicans too, are proposing and legislating into our American government, ... is following down the line of the communist manifesto, which is the polar opposite of our Constitutional Republic.

Upgrade to paid

The Theft of Liberty also known as the Communist Manifesto

Abolition of Private Property

Heavy progressive income tax

Abolition of all rights of inheritance

Confiscation of property of all emigrants and rebels

A government Central bank

Government control of Communication and Transportation

Government ownership of factories and agriculture

Government control of labor

Corporate farms, regional planning

Government Control of education

Some of these **THEFTS** have already been implemented into our governance. Think about it!

The taking and controlling of private property has been attacked by the demands of property tax, inheritance tax, eminent domain, mandates, and regulations administered by unelected bureaucrats.

For the last 20-30 years America's media has not been honest and trustworthy, as they are controlled and compromised by political bias and even advertising dollars. I've even seen conservative media networks airing commercial time sold to anti-Second Amendment organizations. Money, not Liberty would seem to be their mission statement. A dishonest media is a theft of Liberty.

Public education is now government indoctrination; math scores are less important than pronoun choices. Perverted sex-education has taken the place of the "birds and the bees" biology class.

When government decided to "protect" workers by the enforcement of minimum wage, they hurt small businesses, costing them their livelihoods, and diminished jobs...

The Theft of Liberty

Upgrade to paid

So too are those immigrant communities that prefer to be isolated from our form of governance while they steal from the tax payers. The recent discovery of over billions of dollars of fraud in Minnesota is yet evidence of the theft of Liberty. The fraudulent taking of our tax dollars is a theft of our Liberty – and in reality, it's tyranny against our Constitutional Republic.

The continuance of a national debt is also a theft of our Liberty. If you live in debt, you are subject to the lender(s). Who are these lenders to which our government is in debt? AOC would have us all believe it simply a lack of PAPER, just print more money! Of course she's not the brightest bulb in the box!

The climate change hoax was and still remains a **Theft of our Liberty**. Government programs issuing rebates and subsidies for their "green energy" has cost American tax

payers a bundle. When your neighbor brags about his “almost free” solar panels, he should be thanking you!

The Theft of our Liberty is a wanton attempt to destroy our nation and the American way of life. In order to bring about the “New World Order,” which is world-wide-communism, they must bring America down to a third world status, in which Liberty does not exist.

Once again I assure you that Liberty is always in the hands of the People but first it must be a longing and a lust within their hearts.

Do you want Liberty? Patrick Henry sure did!

*Inside Wrongful Convictions

Hélène Katz

Media Outlets Have An Article in circulation on doing away with Presidential pardons. “Our, the American People’s” Presidential pardon authority is laid out in America; s” federal/U.S. National Constitution. America’s presidents are limited in presidential power to pardon only offenses against America, i.e. ‘The United States.’ Media coverage considers recession in light of exploitation or abuse.

“The conclusion is thus inescapable that the history, concept, and wording of the Second Amendment to the Constitution of the United States, as well as its interpretation by every major commentator and court in the first half-century after its ratification, indicates that what is protected is an individual right of a private citizen to own and carry firearms in a peaceful manner.”

~ ***Subcommittee on the Constitution of the Committee on the Judiciary, United States*** Senate, 97th Congress

We, the American People would not be beyond our authority, as a sovereign citizenry, to, were we to so choose, rescind presidential pardon power. Transgressions against ‘The United States’ are transgressions against Americans, not some legal definition of land mass. It would be arguable there should be no presidential pardons absent consent by America’s citizens. Or, by, say, a jury verdict.

“Experience should teach us to be most on our guard to protect liberty when the government’s purposes are beneficial … the greatest dangers to liberty lurk in insidious encroachment by men of zeal, well meaning but without understanding.”

~ **Louis D. Brandeis**

Presidential Pardons, Regardless Their Constitutional lawful authority, are an example of government through selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). Given presidential pardons apply only to crimes against “Us, the American People,” it is fitting we, not a politically motivated chief government executive ought grant pardons for our harm.

“Tariffs, quotas and other import restrictions protect the business of the rich at the expense of high cost of living for the poor. Their intent is to deprive you of the right to choose, and to force you to buy the high-priced inferior products of politically favored companies.”

~ **Alan Burris**

Justice Is No Easy Critter to cage. Nowhere is there verifiable evidence justice, as a matter of laws(s) is anything other than a product of people's personal attitudes, values, and beliefs (PAVB) having become lawfully compulsory. Were there such a thing as final justice, attendant laws would be concrete, not subject to legislative or judicial whim. And presidential pardons would be only for utter mistakes.

“Perhaps the removal of trade restrictions throughout the world would do more for the cause of universal peace than can any political union of peoples separated by trade barriers.”
