## MOTHER OF POLLUTION!

**Motorists In “Our, the American People’s”** Golden States stand to pay \$5.00/gallon for gasoline in 2026. Given media coverage pans out. Golden State legislators/policy makers are out to ban fossil fuel vehicles by 2025, according to media outlet reports. Not surprisingly, refinery operators are shtting down their plants. No reason to produce something consumers will be prohibited from using.

“Laws do not persuade just because they threaten.”

~ ***Seneca***

**For “Us, the American People”** who will be running gasoline powered cars in America’s Golden State in 2026 and beyond, media reports indicate gasoline supplies will drop substantially, causing prices to rise as station owners have to find gasoline sources outside America’s Golden State. Whether Golden State residents tolerate government arbitrarily banning their transportation options remains to be seen.

“Armed people are free.”

~ ***L. Neil Smith***

**“We, the American People”** do not have to accept government policies if we find those policies not in our better interest. Our government is one of consent, not of unilateral force exerted by government dicta. Golden State fossil fuel vehicle ban is, ostensibly, driven by lowering carbon emission pollution. We are not obliged to allow government to force decisions on us, regardless cost or Troublesomeness.

“Let him who would move the world, first move himself.”

~ ***Socrates***

**AI Accurate, Transportation Generates** least of carbon emission pollution among major causes. energy generation and industrial sources outdistance transportation. Why Golden State legislators/policy makers are putting carbon reduction on people with comparatively less carbon pollution contribution gives cause to pause. Election 2026 might shed some light from voters.

“What is ominous is the ease with which some people go from saying that they don’t like something to saying that the government should forbid it. When you go down that road, don’t expect freedom to survive very long.”

~ ***Thomas Sowell***

## DONT WORRY ABOUT ALL THAT AIR POLLUTION

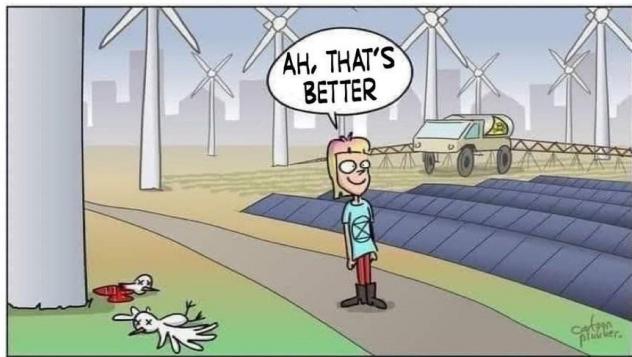

**People Intending To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to overrule Commonwealth/State (10<sup>th</sup> Amendment) Sovereignty as determined and defined by citizens of those respective Commonwealths and States. They uphold limited government without equivocation.

**There's A Media Article Floating** about letting "Us, the American People" know President Donald J. Trump and MAGA groupies, want nothing to do with truth about immigrants. Writer goes on to note immigrant praiseworthiness.

**"We, the American People"** are told, time and time again, we are a nation of laws. There is no point having laws if we're not going to enforce them. Immigration laws included. Moreover, we, if we expect to remain a free country, had better expect and require our government to enforce laws. We pay government handsomely to protect our way of life by upholding laws our Constitutions underpin.

**It Would Be Smart** for us to, as Election 2026 and future elections take place, make sure those we elect to have lawful authority are not remiss in doing so, or, are not caught up in protracted debate and legislative/judicial lethargy over validity of “Our, the American People’s” established and tested laws. It’s not as though we can accommodate unlimited numbers of people depending on public welfare.

“The smallest minority on earth is the individual. Those who deny individual rights cannot claim to be defenders of minorities.”

**There IS No Reason Why** we, a sovereign citizenry, can not assure people who want to live in America ought not be scrutinized for their ability and willingness to be productive members of American society. We would be nuts to open America’s borders to anyone who shows up. One media piece, since President Donald J. Trump is in crosshairs, notes former President Biden deported more illegals.

“The American Dream was not about government’s taking huge sums of money (under the label of “taxation”) from citizens by force. The American Dream was about individualism and the opportunity to achieve success without interference from others.”

~ *Robert Ringer*

**People Deliberate To Live In Liberty** do not allow legislators - or other public officials within These United States of America, to impose direct taxes of any kind. They refuse to allow government to confiscate private property.

I want to make myself perfectly clear, I believe in **Merry Christmas**. There's a part of me, however, that giggles when those who say "**Happy Holidays**" believe they've put Christianity down by using the alternative greeting.

"Holidays" originally stood for "Holy Days." During this part of the season, we celebrate Thanksgiving, Christmas and Hanukkah. Yes, **holiday** is a shortened form of "**holy day**," originating from Old English words meaning "holy" (*hālig*) and "day" (*dæg*).

"Season's Greetings" is a versatile, *inclusive* phrase used to wish joy during the winter holidays (Thanksgiving to New Year's), conveying warmth, peace, and happiness across different traditions, often appearing on cards with general themes like "Happy Holidays," "Warmest Wishes," or "Joy, Peace & Love" for family, friends, or business. While those who prefer to shirk the words Merry Christmas, they never shirk getting a day off work... do they! Christianity is the only true "inclusive" faith or religion.

I will always say “Merry Christmas!” Whether you say Happy Holidays, or even Season’s Greetings, the all-encompassing joy of this time of the year; Love, peace and goodwill toward men, and spending time with family, derives from believers in God.

No matter what others try to do, you can never take Christ out of **Christmas**.

So, when others try to curb the true “reason for the season” by saying Happy Holidays... just smile, wave, and say, “**Happy Holy Days**” to you too.

Happy Holidays

Season’s Greetings

**Merry Christmas**

**Our, the American People's** President Donald J. Trump has a plan to give \$1,000 for every baby born through 2028 to get them started on building their financial security. Media report, by comparison, Elon Musk could come up with \$1,000 bucks, each, for those 'Trump Accounts' and still have 98% of his wealth. Fair play is so elusive, so elusive. Terrible dilemma, who gets to pay for others' ideas.

Mexico only owned California for 27 years. Prior to 1821, there was no Mexico and it was owned by Spain.

Mexico invited the Americans to settle the land, hoping to generate tax revenue from the "useless desert land". But when the Europeans made something awesome out of it, they didn't want to let it go.

So, if you're keeping score, California has been owned by

Spain 52 years  
Mexico 27 years  
US 177 years

PATRIOTPOST.US: ANALYSIS FROM OUTSIDE THE BELTWAY

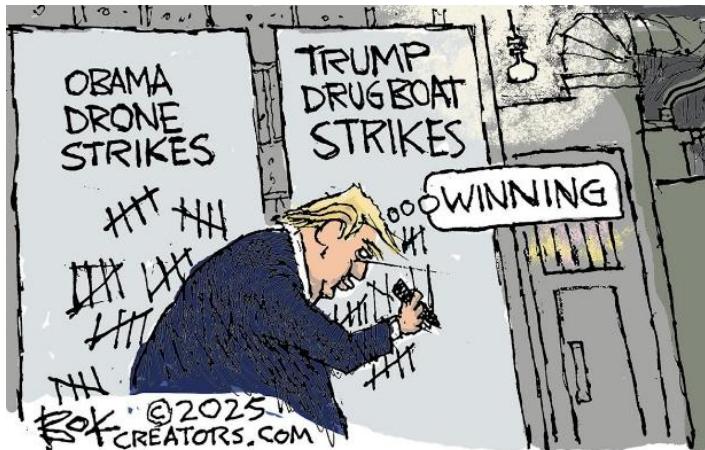

***Whether by 'Trump Account' Or By Confiscating*** Musk property (wealth), forking over a grand for baby bonuses amounts to forced wealth redistribution carried out by people with lawful power who

make their personal attitudes, values, and beliefs (PAVB) lawfully compulsory. Arguably, baby bonus gesture comes down to lawful theft. It would be smart for “Us, the American People” to forbid it.

IN THE WHITE HOUSE BASEMENT

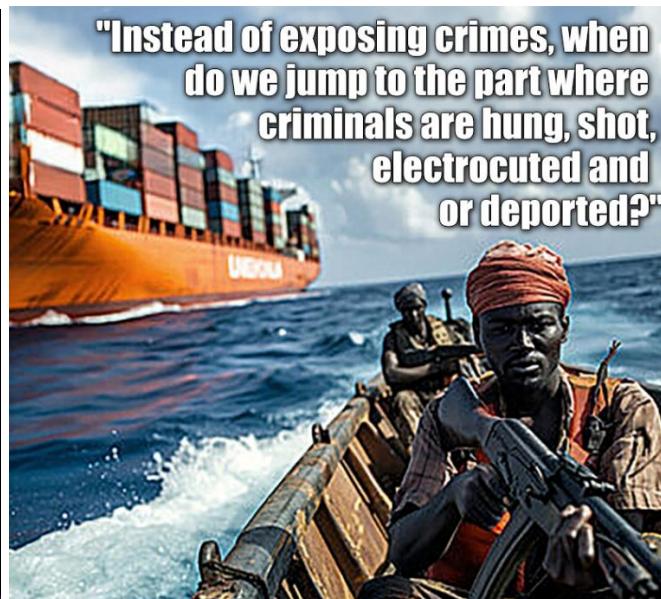

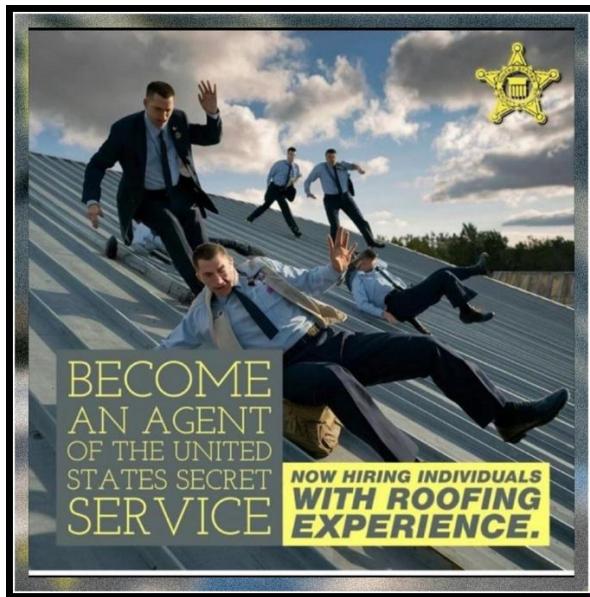

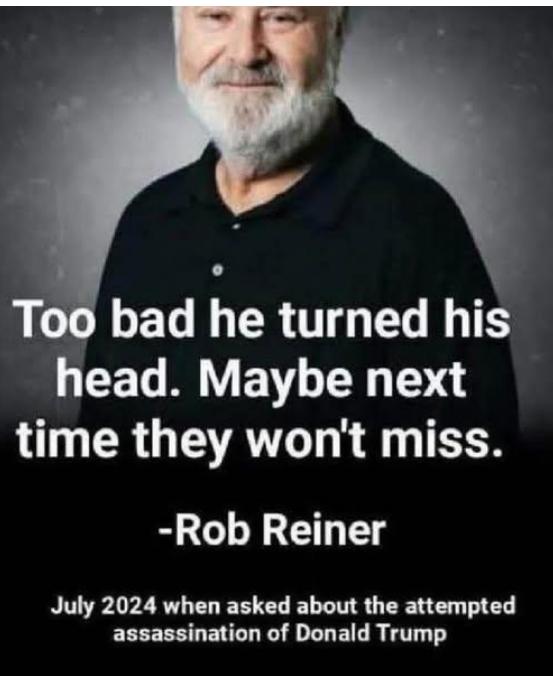

**Helping Others Is A Fine Thing. Forced** to help others by SADLT&R created by people in lawful power making their PAVB lawfully compulsory is forced labor (slavery). America's military has been all-volunteer since early 1973. Takes a tough argument to show America's military is not a crack outfit. No reason, not one, why virtually all govern-sponsored public service could not be all-volunteer.
